Jeremy Perkins of Dover, an old and respected citizen, died unexpectedly at his residence in that city on the 12th inst., at the age of eighty-two years. Forty years ago deceased was a wealthy shipowner. Afterward he lost most of his property because of disasters at sea, when vessels he was heavily interested in went to the bottom. Later he had been an extensive hardware dealer, retiring a few years ago. He leaves three daughters.

At a meeting of the city councils of Dover last Thursday night, Maj. Joseph S. Abbott was elected chief engineer of the fire department. Mrs. Charles J. Morrill was chosen a member of the school committee, being the first lady ever elected to that position in Dover.

The stations of the Nashua & Rochester railroad at Windham junction, and of the Manchester & Lawrence road at Derry, were broken into by unknown thieves on the night of the 12th inst.

Mrs. Mary Cilley Knox Fowler, wife of Hon. Asa Fowler of Concord, died at Concord on the 11th inst., aged sixty-seven years, of nervous prostration. She was a great-granddaughter of Gen. Joseph Cilley, who was on Gen. Washington's staff.

The drugged whisky has been let loose for the winter. He should sling together some sweet oil and liquorice and bring out his cough cure at once. Dr. Bull's Cough Syrup does not pay him enough profit.

Col. John A. White, proprietor of the Eagle hotel at Concord, will soon use, for his own use, an elegant summer cottage at Pine cliff, Sunapee lake.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Benson recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters Company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

The one hundredth birthday anniversary of Mrs. Sally Gove Goodrich of Nottingham was celebrated Sunday, October 8th. From five to six hundred people were present, many of whom took the good old lady by the hand and received a cordial greeting from her.

The Safest Way.

The safest and surest way to restore the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

In Deerfield, unassorted apples sell on the trees at $2 a barrel. In Lyndeboro, first quality fruit brings $2.50, and the second quality $1.50.

How She Saved Her Darling.

"I shall not feel so nervous again about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few spoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

Mrs. Gray of Jackson recently drove a bear from a pasture where it was about catching a sheep.

Prof. Will S. Hays, Louisville, Ky., the author of many sweet melodies, says he regards St. Jacobs Oil as the standard cure for rheumatism and kindred diseases.

Rev. H. M. Andrews has closed his labors as rector of the Episcopal church at Littleton.

No Woman

Is beautiful with a bad skin, covered with pimples, freckles, moth or tan. I have been asked many times what will remove these unsightly blemishes. No face paints or powders will remove them, as they are caused by impure blood. The only cure remedy I have ever seen is Sulphur Bitters, and in hundreds of cases I have never known them to fail.—*Editress Fashion Gazette.*

David Manning, twenty-five years old and married, on Thursday morning last met with a sad accident in No. 7 Amoskeag mill, in Manchester, where he was employed. While wiping shafting his sleeve became entangled in waste which was drawn into the shafting, and his arm was torn off at the elbow.

Why be weak? Why not be healthy, robust, and strong, by using Brown's Iron Bitters?

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womanhood. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies with those success, do not be discouraged, but give "LADIES' TONIC" a *single trial.* It must *fail* to give *good and permanent relief.*

If you are troubled with *any* weakness or complaint common to our sex, lay aside the doctor's prescription for once, and try "Ladies' Tonic," which we guarantee will positively *cure you.* **One Bottle is Sufficient.**

Women's Medical Institute is an Association of *Women and Mothers* of years' experience, who give advice and answer letters from that well sex free.

Eyes will be given for any case of Female Weakness or inability which "Ladies' Tonic" will not cure. This is a *home Remedy*, made by *responsible* ladies who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

News and Notes.

Ex-Congressman John A. Slayback of Missouri was shot dead on the 13th inst. by John A. Cockrell, managing editor of the St. Louis *Post-Despatch*, in the editorial room of the paper.

The grand jury at Evansville, Ind., has indicted three of the men engaged in the lynching of the murderer Redmond, and they have been placed under $1000 ball each; the bondsmen represent over $2,000,000 worth of property, and it is said that they could have had the whole of Posey county on their bonds if necessary. Four of the mob who were wounded in the fight with the officers are very low, and it is thought two of them will die.

Friday morning Mrs. Bell, the wife of a colored exhorter in Wilmington, Del., struck her husband a violent blow with a pitcher during a fight with her, upon which he drew a knife and cut her so badly that her life is despaired of.

A boiler explosion in a lumber mill near Petersburg, Ill., last Thursday, killed James Stephenson, proprietor, and James Stohlemer, blowing them to pieces. J. Watkins and F. Lantier were fearfully scalded, and will probably die.

Oscar Wilde was arrested at Moncton, N. B., last week, at the instance of the Young Men's Christian association, for breach of contract to lecture under the auspices of the association. The case was settled on the payment of $100 by Wilde.

Gen. Sir Archibald Alison's committee on the channel tunnel has made a report unfavorable to the project, as dangerous to England, and the report of the committee is supported by still stronger objections to the tunnel from Gen. Wolseley and the duke of Cambridge.

The National Color Printing Co. of Boston has failed, with liabilities of $100,000.

It was at a democratic committee meeting in Ohio that a delegate moved that a bar be set up in the conference room. He insisted that he wanted to prevent so many motions to adjourn.

—We notice one thing—it takes a very rich man to appreciate the blessings of poverty. Solomon was worth about $75,000,000 when he said, "A good name is to be chosen rather than great riches."

An effort existing without a cause is an impossibility; tickling in the throat, huskiness of the voice, violent coughing, etc., are the effects of a severe cold. Dr. Bull's Cough Syrup cures the cold at once and removes its serious effects.

Lawyer Scoville and wife are besieging the courts at Chicago with various bills, etc., directed against each other, and offending the public with the most scandalous counter charges. Scarcely a day passes without one or the other appearing in some new phase in the courts. Their bills are generally of the least possible interest, and their quarrels are actively promoted by officious outsiders.

No one has a right to own a horse without keeping St. Jacobs Oil on hand.

The steamer City of Washington, at New York from Havana, brought the crews of the barks Commodore Dupont, E. D. Picton, and brig Bella, all of which were wrecked at Santa Anna, Mexico, in the gale of September.

Winter finds out what summer lays by. Kidney-Wort cures in winter and in summer. There is scarcely a person to be found who will not be greatly benefited by a thorough course of Kidney-Wort every spring. If you cannot prepare the dry buy the liquid. It has the same effect.

It is said that the Chinese government is about to request that certain intelligent lads be admitted to the naval and military academies of the United States.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

Within a few months nearly a dozen men have been forced out of the insane asylum on Ward's island, New York, by the intervention of the law. These men were all confined as insane patients, and it was with the utmost difficulty that their release was effected. The most recent case was that of Thomas Keating. In the face of strenuous opposition, and despite the superintendent's repeated assertions that the man was insane, he was released after a full hearing before a sheriff's jury, Keating pleading his own case, and declaring that he had been perfectly sane for a year past. Not one of the nearly a dozen others who have been released has since given the slightest evidence of unsoundness of mind. They had all been kept in the asylum at the instigation of interested parties, upon one pretext and another. Such cases as these are horrible to contemplate, and have been altogether too numerous in other states besides New York.

We are in receipt of a letter from our old friend S. Sherson, Esq., at present a resident of the town of Rawlings, in the far-off territory of Wyoming. "Dr. Graves' Heart Regulator has helped me right along," says Mr. Sherson. Glad to hear it, old fellow. Yours was an aggravated case of heart disease. The remedy you mention does the same thing in this section too; and better still, it always cures heart disease.—*Nast's Weekly Letter-Bile.*

The idea of marching the children into school at the tap of the drum was inaugurated at the Milford (Mass.) grammar school last week. The next morning a hole was found in the drum about the size of a boy's foot.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Official List of Patents

Granted to citizens of New Hampshire, for the week ending Oct. 10th.

Wm. H. Abell, Bridgewater, assignor of one-half to H. W. Bowman of Lowell, Mass., stocking. Application filed Feb. 2d, 1882.

Henry A. Hoyt, Wilton, cutter-carrier for wood-working machinery. Application filed Dec. 31st, 1881.

Daring Outrage.

Chas. S. Childs, of Cambridge, Mass., was on Saturday forenoon stopped in the street near several marble shops by two masked men, who cut the reins and other parts of his horse's harness, shot him in the head, fractured his skull with a brick, stole $585, and escaped in their own team. It was supposed on Saturday evening that Mr. Childs was dying. The excitement in Cambridge is great.

West Virginia Election.

The grand victory won over the republicans of Ohio by the "free rum and no Sunday" party has prevented the republican success in West Virginia from attracting the attention it deserves. The elections in the two states took place on the same day. In Ohio the fight was almost wholly on local issues, and the democrats made such gains as to astonish themselves as well as the republicans; in West Virginia the fight was made on national issues,—mainly on the question of protection to American labor,—and the relative gains of the republicans were much greater than the democratic gains in Ohio. In the first congressional district of West Virginia, Mr. Goff, who was for a time secretary of the navy under President Hayes, was elected by nearly 2000 majority; and democratic advices from Wheeling say "the news from the second district looks favorable for the election of John W. Mason, republican, by about fifty majority," though the official count will be required to determine the election. Gibson, democrat, in the third district, and Kenna in the fourth, are elected by largely reduced majorities; and the democratic majority in the state is reduced 7000 or more.

Just What Was Looked For.

A despatch of the 14th inst. from Louisville, Mo., says that "in Hickman, Kentucky, the whites are hunting negroes with shotguns; on Wednesday night six negro mill hands who had fled to the woods owing to threats were hunted down by fourteen white men, under the leadership of a man named Edwards, and one negro named Dixon was killed, and two others badly wounded. The others fled the state. The negroes are well known in Hickman, and have generally been thought of as quiet and peaceable citizens. Reports say that the trouble has only begun, and that serious conflicts are likely to ensue."

This is just what was anticipated by those who have watched the course of political campaigns in the south during the past ten years, when they read the despatch from Hickman dated the 11th inst., announcing the "uprising" of a "gang of negro desperadoes," and that "bloodshed was expected."

AROUND HOME.

The Eastern railroad will run another cheap excursion train from this city to Boston on Thursday, the 26th inst., the tickets being good to return on for that date and the two following days.

The schooner Cook Borden, Lunt master, previously reported as having got ashore on Grand Menan island while on the passage from this port to Calais, Me., was hauled off the rocks on the 12th inst. by the revenue cutter Levi Woodbury, and towed into Eastport on the 13th. She is not so badly damaged as was at first supposed.

Mr. Jas. Folsom, who lives on Church street, broke one of his thighs by a fall last Friday evening.

The manager of Music hall on Saturday received a telegram from the agent of the Park family, saying that one member of the company was too ill to appear in public, so the sacred concert advertised to take place Sunday evening could not be given.

J. M. Tebbetts' fall opening of pattern bonnets and hats takes place on Tuesday and Wednesday of this week, at his stores No. 3 and No. 14 Market street.

That great dramatic success, "Hazel Kirke," which has been presented over 2000 times, will be given at Music hall about Nov. 1st, by a company direct from the Madison Square theatre, New York. The reputation of the theatre is a sufficient guarantee as to the excellence of the company and the manner of the play's presentation.

Miss Laura E. Giddings, of this city, has been appointed one of the teachers of the high school at Somerville, Mass.

Mr. Augustus Mathes, of Durham, who owns three brickyards, has during the past year made over 2,000,000 bricks. He burned at one time, in one kiln of thirty-four arches, 600,000 bricks.

On Saturday we received two seckle pears taken from a tree in the garden of Mr. Oliver Ayers on Melcher street; one of them was quite large for a pear of that variety, weighing three and three-eighths ounces; the other weighed three-eighths of an ounce, and in everything but size was superior to its big brother, being perfectly formed and richly colored.

Extensive repairs on the westerly end of Portsmouth bridge have just been completed. At the first span, the passage beneath which has for some months been obstructed by piles used to shore up the bridge from the bottom, a new hard-pine truss has been put in, and the obstruction removed.

Capt. Charles Mathes, of Durham, went up through the bridge on Saturday with his gondola, having discharged a big load of wood at Newcastle.

Portsmouth six per cent bonds of 1893, to the amount of $2000, were sold at auction in Boston on Saturday, at 115 1-4.

Vennor's weather predictions for the last half of October are as follows: From the 14th to the 21st will be "very stormy, with snowfalls in western and northwestern sections, southern Minnesota and Dakota. Storms on lakes. General snowfalls 17th and 18th. Cold weather in Iowa; severe weather toward Des Moines. A terrible week of storms in all sections. Snow in England 21st to 28th. About Oct. 24th generally stormy weather, with snowfalls in Ontario and marine provinces. Cold, miserable, wet and sleety weather, or snow in New York. An unusually severe October storm in England. Closing days—snow and rainfall in Great Britain, and heavy gales, very severe on the coast of Scotland."

The "Double Uncle Tom's Cabin Co.," which recently gave an entertainment in Music hall, played in Kennebunk one evening last week, and the gamins in the audience were specially delighted with a part of the performance which was not down in the bills,—a grand fight between the two bloodhounds on the stage.

Fires will be lighted this week in a kiln of 410,000 bricks at the yard of Mr. Henry P. Abbott on Sturgeon creek, Eliot.

Mr. William N. Wilson of York, while fishing from the rocks at the beach several weeks ago, about the time of the heavy storms, was struck by a wave of unusual size, and thrown against a rock with such force as to injure one of his legs so badly that he is still quite lame from the hurt. He was mighty lucky not to be carried overboard by the big wave.

Hartley W. Mason is making extensive additions to one of his houses at York harbor, and it is reported will soon commence the erection of a building there for a residence for himself.

Naval Affairs.

Lieut. Charles Seymour is ordered to the receiving ship Wabash, at Boston.

Lieut. William Little is detached from the receiving ship Wabash, and ordered to the Miantonomah.

Lieut. Comdr. Wm. M. Folger is ordered to duty in the ordnance department at Washington.

Paymaster I. Goodwin Hobbs is ordered to the Juniata Oct. 25th.

Asst. Naval Constructor John F. Hanscom is ordered to the Boston navy yard, and Asst. Constructor George F. Mallett to the Norfolk yard.

Naval Constructor Thomas E. Webb is detached from special duty in the bureau of construction at Washington on the 31st of October, and ordered to the Boston navy yard Nov. 1st.

Naval Constructor W. L. Mintoyne is detached from the Boston navy yard, and ordered to the New York yard.

The U. S. S. Wyoming arrived at Hampton roads last week.

—Man proposes and woman diagnoses. More particularly so if it's a plate of vanilla cream.

—Health journals are now asserting that to maintain a sound constitution you should lie only on the right side. The health journals may mean well enough; but what are you going to do if you are editing a democratic paper.

Notice to Mariners.

Notice is given by the Lighthouse Board that on and after November 1st a fixed light of the 5th order will be exhibited from the lighthouse recently constructed at Old Gay rock in Wickford harbor, Rhode Island. The light should be seen in clear weather from the deck of a vessel fifteen feet above the sea twelve nautical miles. The structure is a frame building 1½ stories high, with a square tower attached, standing on a cast-iron pier fifty feet in diameter. The tower and building are painted white, the pier red and the lantern black. A fog bell, struck by machinery, will be sounded, giving the blow at intervals of twenty seconds during thick and foggy weather.

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried most of the advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,
Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.
W. B. WATSON, Lynn, Mass.

A lady writes: "After years of severe suffering from female complaints, nervousness and dyspepsia your Swedish Botanic Compound has entirely cured me."

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

FIRES.

The alarm of fire at three o'clock Saturday afternoon was caused by a slight blaze in the third story of Edward D. Coffin's paint shop on Penhallow street, where some of the painters were at work cleaning paint pots. The fire was soon extinguished, and the damage was trifling.

The house and barn of Mr. J. Everett Brown, at "Little River," North Hampton, were destroyed between ten and eleven o'clock on Friday night last, by a fire supposed to have been caused by an incendiary. A large amount of hay, the farming tools, etc., in the barn, and the furniture in the house, were burned with the buildings, the inmates of the house barely escaping in their night clothes. Loss estimated at $3,500; insured in the Rockingham Mutual Co. to the amount of $2500.

SEWAGE VS. SHIP'S COPPER.

It appears that the cause of the copper sheathing falling off the bottom of the U. S. S. Brooklyn, flagship of the South Atlantic squadron, after being but a few months at sea, has been found to be the corrosion of the copper by the sewage which flows into the East river near the Brooklyn navy yard, and befouls the water,—fairly "eating the life" out of the metal on the Brooklyn's bottom while she was lying there fitting for sea.

This seems to be one of the many reasons why a naval station close to a large city cannot prove either as economical or as healthful as one, for example, like ours, where a swift-running tide purifies every particle of water. Besides, our sewage goes into the mill pond!

Let the commissioners who are to cruise among the naval stations and ascertain which of the yards, if any, might or could be dispensed with, make a note of this little fact; and will Mr. Chandler also cut this out and put it in his portfolio?

FREIGHT ENGAGEMENTS.

Freight engagements to this port, reported last week, were: Two schooners from Perth Amboy, coal, at $1.20 per ton; one schooner from Elizabethport, coal, $1.30 (to discharge at Dover;) one schooner from Port Johnson, coal, $1.35 (to discharge at Newcastle;) one schooner from Elizabethport, coal, $1.20 (to discharge at Dover, discharge and towage paid by charterer.)

THE NORTH MILLPOND.

Mr. Editor: That the north millpond question has attracted a great deal of attention during the past ten or fifteen years is well known; but it may not be so generally known that the pond always was a trouble to the town, (though in a different sense from what it has been of late years) ever since it was made into a pond by the building of a "Damn" across Islington creek.

Some thirty years ago, or more, a gentleman of this city who desired to buy the pond employed an eminent lawyer to investigate the title, and the latter's report was that the title was by no means clear enough to justify the payment of the price demanded—in effect, that the conditions of the original grant had never been complied with, and that about all there was of the title consisted in the fact of uncontested possession.

A glance over one volume of the old town records shows that the "millpond question" was not only much talked about years ago, but that our ancestors did in this matter about the same as our city government does now-a-days, that is, they did nothing *but* talk, appoint committees, hear reports, etc., and let things go at that. A few extracts from the old records may be of interest at the present time.

A town meeting was notified on the 10th of March, 1804, "To know what Measures the Town will adopt respecting the further repairs of Livius's Bridge so called;" and at the "Annual Town meeting held in the West Chamber of the State House 26th March 1804," it was "Voted That the Selectmen be authorized to take such measures as may be necessary relative to Livius's Bridge so called," this record being signed by John Langdon as moderator.

In the town meeting notice of March 8th, 1806, was an article "To know if the Town will widen the Bridge by the Mills at the North part of the Town;" but there is no reference to the matter in the records of the meeting on March 25th.

Under date of April 4th, 1808, appears the following report, which was probably made to an adjourned town meeting by a committee appointed March 25th preceding:

As the present aspect of Public affairs warrants a belief that in the course of the current year, the inhabitants of the Town will be deprived of many of their usual resources, a regard to our common interests dictates that its expenditures should be restricted to objects of primary necessity and that exertions should be made to obtain a speedy payment of all debts owing to it. Among these the Committee were not a little surprized to find a note of hand given by Gideon Walker in the year 1806 for the sum of 108 dollars, not bearing interest, still uncollected, during the whole of which time the town has been paying interest on monies borrowed; the circumstances attending Mr. Walker's debt seemed not to warrant such an extraordinary indulgence, the Selectmen having been compelled to pay that sum in consequence of a judgment obtained against the Town for defects in a bridge which Mr. Walker was obligated to keep in repair, it being the condition on which the priveledge of erecting the north mills was granted & on which it is now enjoyed. This debt with others of a more doubtful compexion added to the uncollected ballance of the last year's assessment will have a considerable influence in lessening the Taxes of the current year.

With these impressions the Commitee respectfully Submit the following resolutions predicated on the annexed Statement.

Resolved, That the sum not exceeding eight thousand Dollars be assessed for the expences of the Town for the Current Year.

Resolved, That the Selectmen be and hereby are requested to adopt the most prudent & efficient measures to obtain the speedy payment of all debts owing to the Town.

JOHN PEIRCE, for the Committee.

In the warrant issued March 4th, 1809, was an article "To see if the Town will adopt Measures for making Wider the north Mill Bridge;" and in the record of the meeting, held March 25th, it appears that it was

Voted That the Article in the Warrant to make wider the North Mill Bridge be postponed until the next annual meeting.

Voted That the Vote passed respecting the North Mill Bridge be reconsidered.

It is evident that there were two millpond parties at that time—one party opposed to, and the other in favor of, the owners or holders of the pond. It is also evident that a committee was appointed to examine into the matter and report at an adjourned meeting, as under date of April 11th is a record of which the following is a part:

At the Annual Town Meeting by Adjournment held this Day at 11 o'clock A. M., in the West Chamber of Court House.

Voted that the Report of the Committee appointed by the last Meeting to Determine on the Propriety of Widening the North Mill Bridge be accepted.

Report as follows Viz.

Your Committee Appointed to take into Consideration the tenure by which the Water privaledge at North Mills (so called) is held & the late & present state of the Bridge Erected over the Creek Near the aforesaid Mills, have the Honor to report respectfully.

On the Eleventh Day of June 1764, in Consequence of previous proposals made to the Town by Peter Livius it was voted in Town meeting that there be granted to the aforesaid Livius the Sole & Exclusive privaledge of Damming up the Water Course in Islington Creek, & of Erecting whatever Mills may appear profitable to him thereon, together with all the profits & advantages that may accrue therefrom to him his Heirs & Assignes forever, on the following conditions, Viz, That Wholly & Solely at his Own proper Cost and Charges he shall erect & forever maintain a Bridge across said Creek for the Passage of the public Toll free, that the said Bridge shall be twenty feet wide, sufficiently strong for Carts & Horses, and that part thereof shall consist of a lifting bridge of thirty feet in length for the Convenience of floating up and Down any Craft, Lumber or Vessel toll free, that there shall be made a pair of flood Gates in the Damn, thirty feet wide under the said lifting bridge, that he be at Liberty to build the bridge & adjoin his buildings thereto, in the Manner that shall appear most Convenient to him, & further than if within Seven Years of this Meeting the above conditions be not complied with the above granted premises do revert to the town, to be regranted, or in case the said bridge should not constantly be kept in good & passable repair by the said Livius or his heirs and assigns then the said privaleges revert to the town as aforesaid, & also to keep two or more Grist Mills on said streem & keep them also in good Repair. (Town Book 2nd folio 193.)

On the Subject of this grant your Committee beg Leave to report that some of the Conditions do not appear ever to have been complied with on the part of the first Grantee or his Assigns, for what reasons is unknown to your Committee.

That there has also at all times existed a porch in front of the Grist Mill, which by encroachment out of two feet on the bridge narrows it in that part to Eighteen feet in breadth; but that in other parts of the bridge it has been & now is of the width required by the original Grant.

On the whole your Committee would recommend that there are four alternatives for the Consideration of the town.

* * * *

The Report which your Committee have the honor to present is Submitted with all due respect & they hope that they may be excused from Subjoining to it a Single Specific resolution for the Consideration of the town, as the best of the plans could not be affected without Some Expence, & whatever might be the individual Wishes or opinion of the Committee, they feel as a body too Sensibly the delicacy of urging on the town the adoption of any plan that in these unprosperous times might be found burthensome or inconvenient to execute.

Signed for & by desire & Direction of the Committee: T. ELWYN, Chairman.

Voted, That the Selectmen be authorized to confer with Mr. Gideon Walker & ascertain from what equivalent he would be willing to pay for the release of the Conditions on which the Mill privilege now Owned by him was granted, and to report at the adjourned meeting May next. That if on Conference with Mr. Walker the Selectmen find that it will be impossible to make an amicable & advantageous agreement with him but that they may be continued Liable to Expensive & harassing Complaints & Suits, that they enforce the Conditions of the Grant on which Mr. Walker holds his privileges to the utmost extremity which the Law may allow.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

HEART DISEASE
IS YOUR HEART SOUND?
Many people think themselves sick and doctor for kidney or liver troubles, or dyspepsia, while if the truth were known, the real cause lies at the heart. The renowned Dr. Cheesbrough, startlingly says "one-third of my subjects show signs of heart disease." The heart weighs about one ounce, and yet man's twenty-pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.
Dr. Graves a celebrated physician has prepared a specific for all heart troubles, for hundred years. It is known as Dr. Graves' Heart Regulator *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' through and exhaustive treatise.* (1)

Potatoes are selling for fifty cents a bushel in the northern part of the state, where a large and excellent crop is reported.

An agent of the post office department visited Rochester, Wednesday of last week, to examine the accounts of Postmaster Osman B. Warren, and discovered, it is said, a shortage of nearly $1,000. On Thursday the sureties on the bond were called upon to pay and make good the loss, which they did. It is expected that Postmaster Warren will be removed at once. His friends claim that the government officer visited the office in his absence in Boston; demanded of a clerk a balance of $800 due the government; that there was no money in the office; that the postmaster was telegraphed for, returned home, and balanced accounts. There is much diversity of opinion on the matter.

—The gilded youth of the present generation is generally lined with brass.

—A fresh article on "Card Etiquette," describing new styles and forms, doesn't inveigh against slipping both bowers and the ace up the coat sleeve, or discovering a misdeal when your opponent has a lone hand. It must have been an oversight.—*Norristown Herald.*

—An Iowa City clergyman has 158 hives of bees, which are arranged around his hen house, and when he hears a thief fooling round the establishment in the darkness he just lies still and waits to hear a hive upset, and then laughs at the sound of wild yells gradually dying away in the distance.

—Score one for the honesty of youth. On a recent occasion in Brooklyn a theatrical performance did not occur as advertised, and the money was refunded the audience at the door. The theatre was $100 out by the presentation of demands by people who were in on free passes, but not a gallery god took advantage of the situation.

—A party of Texan wagoners, after a hard day's pull, were chatting around the camp-fire while they smoked their pipes. "Sambo, mo' bboy," exclaimed Pat, a rollicking Irishman, to a jolly darkey, "tell us what makes your nose so flat." "Dun'no, Mars' Pat," answered Sam, "but I 'spec it's to keep me from pokin' into udder people's business."

Dr. Pierce's "Golden Medical Discovery" has become so thoroughly established in public favor that were it not for the forgetfulness of people it would not be necessary to call attention to its power to cure consumption, which is scrofula of the lungs, and other blood diseases, as eruptions, blotches, pimples, ulcers, and "liver complaint."

At Tifton, Alabama, a small station on the Brunswick & Albany railroad, a serious shooting affray occurred Oct. 12th. Green B. Mayo and Martin Harrell, two turpentine producers, who had quarrelled, met at the court grounds, and when Mayo asked for a retraction of certain things the latter fired. Between the two men and their friends forty or fifty shots were fired. Both principals fell mortally wounded. One of Harrell's supporters, named Jordan, was instantly killed, and a man named Vickers was severely shot and is reported dead.

"If you are a woman and want both health and beauty, remember that all superficial efforts to increase your personal charms are vain. Freshness and beauty, accompany health, and to secure this Mrs. Lydia E. Pinkham's remedies for all female weaknesses offer the surest means of renovation. The highest intelligence loses its lustre when it must find expression through a bilious complexion. Good for either sex.

Bob Taylor, one of the three brothers who last month murdered the sheriff of Hamilton county, Tennessee, was apprehended on a passenger train near Lebanon, Mo., on the 13th inst. Taylor resisted arrest, and was shot dead. A despatch from Chattanooga says another brother was at the same time surrounded near Rockwood, Tenn., and a posse went to capture him. There is a reward of $16,000 for the arrest of the desperadoes.

☞ The wonders of modern chemistry are apparent in the beautiful Diamond Dyes. All kinds and colors of Ink can be made from them.

William Ousten was hung at Lancaster, Ky., Friday, for the murder of his great-aunt, Betsy Bland. He said it was whiskey that caused him to do the murder.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure for* all Female Complaints, Sick and Nervous Headache, Dyspepsia, and self weakness caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or overworked system of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial. It never fails* to give quick and permanent relief.

If you are troubled with *any* weakness or complaint common to our sex, lay aside the doctor's prescriptions for once, and try "Ladies' Tonic," which we guarantee will positively cure you. One Bottle is Sufficient.

Women's Medical Institute is an Association of *Women* and *Mothers of years' experience*, who give advice and answer letters from ladies *free.*

Rent will be given for any case of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is a *bona fide* offer, and we mean it. Ladies, who know *from experience* what "LADIES' TONIC" can do send stamp for circular.

News and Notes.

Nearly all of the mills at and near Pittsburgh, Pa., involved in the recent great strike, paid their employes Saturday, for the first time since work was resumed. It is estimated that nearly $250,000 in cash was paid and will go into circulation at once.

The suit of Miss Annie Maeller to recover damages from Joseph Harvey, the proprietor of the Randolph mills at Philadelphia, which were burned with a great loss of life about a year ago, resulted in favor of the plaintiff, the jury awarding her $4,500. There are a number of similar suits to follow.

Capt. Matthew Webb, champion swimmer of England and the world, last week remained in a water tank in Horticultural hall, Boston, 128 1-4 hours, eating and sleeping in the water, which was over his head when standing on the bottom.

The boilers of the steamer Rhode Island, which went ashore in November, 1881, near Newport, R. I., have been taken out and landed on the beach.

A hack returning from a funeral and containing five passengers, was struck by a train in Boston on Saturday, and all the passengers were severely hurt, one man and two women fatally.

Mrs. John D. Milonee, aged twenty-four years, Mrs. H. B. Conistock and Mrs. Monroe Burgess, two elderly ladies, and Mrs. Milonee's husband, were struck by a train in Syracuse, N. Y., on Friday last, while crossing the track in a carriage; the women were instantly killed, and the man badly hurt.

In Boston, on Saturday, Mrs. Ellen Thorne was divorced from Charles R. Thorne, the actor, on the ground of adultery. Thorne was divorced from his wife in 1872, in Indiana, and married Mary Swift Brown of Philadelphia, who has $500,000 in her own right; but the court held that the divorce was fraudulent, as it was obtained without Mrs. Thorne's knowledge.

An effort existing without a cause is an impossibility; tickling in the throat, huskiness of the voice, violent coughing, etc., are the effects of a severe cold. Dr. Bull's Cough Syrup cures the cold at once and removes its serious effects.

One of the sections of the appropriation bill passed by the last Congress required the secretary of the treasury "to include in his next estimate to Congress, and annually thereafter, a statement specifying in detail the number and class of officers and employes of every grade and nature, with the rate of compensation to each, that may in his judgment be necessary to conduct properly the business of collecting the revenue at each port of entry in the United States, together with an estimate of the amounts required for contingent expenses at each of said ports, and for such additional expenses of the service as cannot be otherwise specifically provided for."

The fact that King Oscar of Sweden and Norway had his life insured for six hundred thouand crowns, or about $162,000, before making his recent tour among his Norwegian subjects, excited much comment by its grim significance. Later accounts show that the disaffection of the Norwegians is steadily growing more and more serious. It is actively headed by no less important a man than Bjornsterne Bjornson, who makes no secret of his determination to overthrow, if possible, the Bernadotte dynasty, and abolish the union between Sweden and Norway.

The Safest Way.

The safest and surest way to restore the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

One of Secretary Folger's most intimate friends, who occupies a prominent position in the treasury department, is authority for the statement that Secretary Folger has not tendered his resignation and will not do so before the last of December, and only at that time in the event of his election as governor of New York. The principal reason given for this belief is that Secretary Folger is desirous of making a report to the president of the operations of the treasury department under his administration, especially in relation to the financial operations of the government in the past fiscal year, before retiring from the treasury.

How She Saved Her Darling.

"I shall not feel so nervous again about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few spoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

Mrs. Dodge's story, "Donald and Dorothy," Dr. Eggleston's "Hoosier Schoolboy," and "The Recollections of a Drummer Boy," which have been running as serials in the volume of St. Nicholas just ended, by special arrangement with the authors will not be published in book form this season, but can be found only in the numbers of that magazine. The bound volumes are now ready.

Why suffer from a state of ill health? Why be troubled with dyspepsia? Brown's Iron Bitters will cure you.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

258th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Parker's Hair Balsam

Satisfies the most fastidious as a perfect Hair Restorer and Dressing. Admired for its cleanliness and elegant perfume. **Never Fails to Restore Grey or Faded Hair** to the youthful color. 50 cts. and $1 sizes at all druggists.

PARKER'S GINGER TONIC

Ginger, Buchu, Mandrake, Stillingia and many of the best medicines known are here combined into a medicine of such varied and effective powers, as to make the Greatest Blood Purifier & the **Best Health and Strength Restorer Ever Used.**

It cures Dyspepsia, Rheumatism, Sleeplessness, all diseases of the Stomach, Bowels, Lungs, Liver, Kidneys, and all Female Complaints.

If you are wasting away with Consumption or any disease, use the TONIC to-day. It will surely help you. Remember! it is far superior to Bitters, Essences of Ginger and other Tonics, as it builds up the system without intoxicating. 50c. and $1 sizes at all dealers in drugs. BOSTON, January 1, 1869. 3tawtjans.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuab'e aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. The True Issue in the First District.

"Look here, upon this picture, and on this"

The Boston *Post* is a very clever newspaper in many respects, and on one day recently seemed to have a very extensive circulation among the republicans of New Hampshire. The man who directed the papers was quite liberal, as in some instances, when there might be doubts as to results from this sort of argument, several copies were sent to one address.

The marked advertisement in the paper was prepared apparently for republican readers. Barring the fact that it abounded in the brag which the conventional democratic Jenkins commonly uses when his candidate is wealthy and has a soft side upon which an impression can be made, it was an advertisement of the many reasons why republicans should not be afraid to vote for Mr. Geo. B. Chandler as a candidate for representative in Congress. The reasons are, in brief, that Mr. Chandler is not democrat enough to hurt him. Like others in Manchester, he is republican in ideas all the year round, save on election day, and then he votes the democratic ticket under silent protest, holding his nose with a gloved hand. It holds that on all subjects, of banks, tariffs, etc., Mr. Chandler's representative and personal interests and instincts are with the republicans; that he fills positions of trust and honor by the aid of republican influence; that he does a clean white shirt daily, and is not of the unwashed democracy, save in name; that he is "all right up to the present time,' and will not be such a bad fellow for the district. Against this it is argued that Haynes is neither nobody nor nothing; his father was simply an operative mason, well enough in his way, but was not the man the Chandler ancestor is, and therefore Haynes should be tabooed, and Chandler taken up.

The writer had probably forgotten, did he care to recall, how Candidate Haynes' father purged the wicked democratic ward four in Manchester of its frauds in 1875, and exposed the rascalities of the Manchester democracy in importing Boston repeaters to vote early and often in that sink of democratic iniquity, which rolled up in that ward whatever number of votes the democracy required to elect certain men on the general ticket.—a service for which every true republican should cherish his memory in gratitude. Nor did the writer think that long service in the field entitled Haynes to the regard of the capitalists of Manchester, whose property he for years defended at the front while enlisted in the cause of the Union, at the time his competitor drew innumerable salaries from the treasurership of banks, railroads, insurance and other corporate positions.

Yes; Mr. Chandler is rich, and wears good clothes, "moves in good society," is an affable, genial, pleasant man, a good financier, an honest bank cashier, and in many respects superior, especially in this calling and pursuits. But that is not the question. Mr. Chandler, if elected to Congress, will doubtless entertain handsomely at Washington, and be obliging and courteous to his constituents; but he will in all things political be under the direct manipulation of the democratic ring. He will vote as this set of men demand him to vote. He cannot be independent of them. In a close House of Representatives, he must carry the flag and keep step to the music of the men who sustain the shot-gun atrocities in the southern states, and in every vote endorsing democratic sin and iniquity, he must be present and accounted for. Should the election of President come into the house, there will be found the representative from the first district, and his vote will count.

Mr. Chandler may be all that is claimed for him by the toadying sketch in the *Post*, but this will not bring flies to the democratic web. The times demand a straightforward man, a fearless advocate of principles, and a man of defined political ideas. Such a man is MARTIN A. HAYNES, the republican candidate, whose humble origin the democratic writer so patronizingly deplores, but whose career may be none the less brilliant because, like other men who have made their mark in Congress, he began life at the lowest round of the ladder.

Lighting Hell Gate With Electricity.

At a regular meeting of the lighthouse board in Washington on the 13th inst., a report was received from the special committee on the lighting of Hell Gate by electricity, recommending Hallett's point as the best available site for the electric light tower; also suggesting that the tower be constructed of iron with a height of 250 feet, and to contain lights of 20,000 candle power, which are to be displayed from sundown to sunrise. The report was adopted, and it was ordered that the necessary plans and specifications for the tower and machinery be prepared at once. Proposals for the work will be advertised as soon as the necessary papers can be prepared.

Yellow Fever.

Sixty-four new cases of yellow fever and three deaths were reported at Pensacola, Fla., on Saturday. The destitution and distress are appalling. White and colored alike are suffering, and alike partake of the relief provided for the distressed. Some sensation has been occasioned by the appearance of an Italian professor or doctor claiming to be able to cure yellow fever effectually in the course of a few hours, without restricting the patients in drink, diet or locomotion. The physicians are very indignant, and some of them propose the immediate expulsion of the professor.

The Ohio Election.

The returns from Ohio, up to the night of the 14th inst., indicated a democratic majority of about 21,000 on the state ticket, and the election to Congress of twelve democrats and eight republicans, with one district in doubt; this is bad enough, but not so bad as the first reports made it out to be—fifteen democratic congressmen, and possibly sixteen, of the state's twenty-one.

New Hampshire Items.

Eliza Whalen, a domestic in the employ of Mr. George L Woods of Manchester, has become violently insane from religious excitement. She belongs in Candia.

Wilby Austin, formerly a schoolboy in Dover, who was recently sentenced to state prison in California through the false representations of a bad companion, has been pardoned. His release was accomplished through the efforts of Postmaster Varney and other kind-hearted men of Dover.

The afternoon train from Nashua to Rochester, on the Nashua & Rochester railroad, met with an accident at North Sandown station, Friday. Rounding a curve it ran into a two-horse team. Both horses were killed, the driver was very severely injured, the baggage car derailed, and the passengers severely shaken up.

Ann Page, a neat looking woman apparently thirty years old, was found in a demented condition hiding behind the cars at the Wales street station in Taunton, Mass., on Saturday. She said she belonged in Raymond, N. H., and was taken to the insane asylum.

AROUND HOME.

The British schooner Dart, Waters master, arrived at this port on Monday from St. Johns, N. B., with a big load of lumber for T. E. Call & Son.

Rev. Charles B. Pitblado, formerly of this city, will lecture in the Methodist church on Wednesday evening, the 18th inst.; subject, "Riding in the cars." It is said the reverend gentleman has more subjects for the lecture room than any man on the rostrum, and that the above lecture, his latest, is the most humorous of his efforts. He has over sixty engagements to lecture during the coming fall and winter months.

There were but twelve coasting vessels in the lower harbor on Sunday, the 15th inst., most of them being light, and bound to the eastward; among them were the schooners Mary Willey and Adeliza, and a brigantine; there were no fishing vessels in for shelter. The long roll which prevailed outside the harbor on Sunday became an ugly-breaking sea on Monday, and the vessels in the lower harbor hung to their anchors.

At Cider hill, York, last week, a number of cellars of which the doors were left unfastened were visited by thieves, who helped themselves liberally to pork, potatoes, butter and other articles; and large quantities of turnips, cabbages and other vegetables have been stolen from the fields in the same locality within a short time.

Mr. John Mathes of Eliot on Saturday afternoon had an old-fashioned "raising," when the frame of a barn twenty-one by thirty-two feet on the ground was erected. A large number of persons were present, and in the evening Mr. Mathes gave a New England supper at his brickyard.

The dead body of an unknown man, apparently sixty years of age, was found upon the track of the Boston & Maine railroad about one mile west of Biddeford, last Sunday. His head was split open across the forehead, both legs were badly cut, and both arms were broken. It is supposed he was struck and run over by one of the night trains while walking upon the track. During the previous week a man, apparently not in his right mind, had created some suspicion in that vicinity by repeatedly calling at houses to enquire the way to Dayton, and this is thought to be the same person.

A telegraphic despatch received at Harvard college observatory, Saturday afternoon, announced the discovery of a number of comets quite close to Cruls' comet. According to Mr. Barnard, there are six or eight comet-like bodies, and their position is about six degrees southwest of the great comet. This position corresponds quite well with that of the comet discovered by Schmidt on the 8th inst., and they are in all probability fragments of Cruls' comet.

I. W. Bliss, a farmer residing at Germantown, Shelby county, Tenn., was assassinated Saturday night by an unknown person, who shot him as he appeared at his window.

6 Per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabaunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and to run from Topeka southwest by a direct line, near the central line indicated, to Delphos, near the central line of Osborne county, a distance of 131 miles, passing through the formerly so called known as the "Great Wheat Belt of Kansas." This particular territory has been one now ill, without adequate railroad conveniences, there being on 15 to 30 miles on each side of the proposed line, raised about 40 bushels of corn, and averaging the population of the eight counties in which the road passes numbered in 1880 one hundred and twenty-five thousand, or one to every acre of land assessable of the R R possession.

This Company will issue six per cent. 30 year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $20,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of 10 miles each, said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company; before the delivery of the bonds and stock for such sections.

The work of construction is progressing rapidly, and it is confidently said by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $500, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or will be in the discretion of the contractor.

Full pamphlets will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Principal Contractor.

$100 Reward!

SOME time in August, 1880, a package marked F. D. ALLES, containing United States Registered per cent bonds, issued under the act of Congress of July 14th, 1870, and other papers, was lost or mislaid. The following is a description of the bonds:

No. 8872, 8823, 55406, 55407, 55408, for $100 each.
No. 6545, for $500.
No. 70600, for $1000.

The above reward will be paid upon return of said bonds to MARCELLUS BUFFORD, Chronicle Office.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and creates a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from scrofula and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually accompanying a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of the nourishing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nutritious ingredients. The genuine preparation bears on the label a fac-simile of Baron von Liebig's signature, and a representation of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE NORTH MILLPOND.

[Concluded from last issue]

Notwithstanding this menacing talk it appears that nothing decisive was done in the premises; the disaster and suffering consequent on the war of 1812—15 probably drove all thought of the mill-bridge out of the heads of the citizens, and it is not till 1819 that we find any further special reference to it in the records. Under date of April 29th in that year is the following:

At the Annual Town Meeting holden this day by adjournment—

Voted, That a Committee of three be appointed to examine into the merits of the Case between the Town and Gideon Walker respecting the North Mill Bridge, and report at the next annual Town meeting.

Voted, That Nathaniel Adams, Esq., John Haven and John Pitman be the Committee for the above purpose.

On the 15th of April, 1820, this committee reported to the town meeting that the condition of the original grant had been broken by the projecting steps, by not keeping the bridge in repair, and by not maintaining a draw, whereby much inconvenience to the public had resulted; that the rights of owners of land along the shores of the pond had been infringed on, and that the pond was filling with mud. This report was accepted, and it was

Voted, That the Committee appointed to Consider the Question between the Town and Colo. Gideon Walker respecting the North Mill privilege be instructed to take such measures as they may deem necessary to enforce the rights of the Town, and also that they be empowered to make such compromise with Gideon Walker as shall appear to them will be for the interest of the Town. That Ichabod Bartlett be added to the Committee on the Subject of the North Mill privilege and bridge.

On the 16th of April, 1821, the committee appointed in 1820 reported as follows:

That they have made a compromise with Colo. Walker on the following terms, namely: Colonel Walker is to pay the town the sum of five hundred dollars in one year, for which they have taken his note, and Colo. Walker is to give the town a strip of land thirteen feet wide on the westerly side of the bridge, and on both sides of the creek, with the stone abutments now built on the same, for the purpose of widening the bridge when the town shall think proper; and they have released to said Walker all claims for repairs on the bridge, and all obligations to repair the same in future, and that the said Walker shall use and occupy the mill privilege without interruption from the town except when it may be necessary for repairing or widening the bridge. The obligations for carrying said contract into effect accompany this report.

NATH'L ADAMS, for the committee.

This appears to have ended the matter; the town had taken off the hands of the holder of the water privilege the obligation to keep the bridge in repair, and guaranteed not to interrupt him in the use of the water except in certain specified cases; but he was not then, nor afterward, released from the obligation of the original grant, to "keep two or more grist mills on said stream, and keep them also in good repair," on penalty of having the privilege revert to the town. There is nothing in the records to indicate that any person was ever granted any right in the pond beyond the right to use the flowage for certain purposes; it is certain that no person or persons were ever granted a right to destroy the pond—and no one ever pretended to have any such right until the Eastern railroad notified the city, a few months ago, that it would lease the pond to the city, "reserving the right to fill the pond" when the road saw fit!

POLICE COURT.

MONDAY, Oct. 16; *Batchelder J.*

John H. Galloway was before the court on a charge of selling liquor to Mary Crowley, who testified that she bought liquor in Galloway's place. The defendant and his wife swore that the Crowley woman entered the place drunk, had a bottle of liquor with her, and that she was refused liquor in the place. Case dismissed.

Mary Crowley, who was arrested for drunkenness, and did not deny that she was drunk when arrested, was allowed to go, the case being placed on file.

NAVY YARD ITEMS.

Mr. Melvin W. Stimson of Kittery, for some time past captain of the navy yard watch, has been superseded by a Mr. Moses of Great Falls. Mr. Stimson will remain on the yard as a watchman.

The navy yard ferry steamer Emerald was hauled out at the yard on Monday, to have her bottom cleaned, and be put in general good order for the winter's work. Two steam launches were put on to take her place until she is ready to resume it.

The schooners Henry Waddington and Hannah E. Shubert, which were last week discharging coal at the navy yard, the first-named for the department of yards and docks and the other for the equipment department, left the yard on Monday.

M. V. B. Edgerly, the democratic candidate for governor of New Hampshire, and Chairman Stone of the democratic state committee, were at the Rockingham house Monday night.

Mr. T. C. Meagher has at his rooms, No. 24 1-2 Market street, a valuable picture belonging to Hon. Marcellus Eldredge which he has just had restored and framed. It is a very old copy of Corregio's "Return of the Prodigal Son," and can be seen at Mr. Meagher's rooms to-day.

Seals in large numbers have been seen sporting in the harbor and river during the past ten days. One of mammoth size was shot near Wood island bar, on the 15th inst., by a Portsmouth gunner. While the steamer Mystic was lying at her landing in Kittery, Monday forenoon, a huge seal came up about two hundred feet away, and frisked around on the surface for some minutes, surveying the prospect with more apparent curiosity than fear.

The CHRONICLE says a flock of three hundred wild geese went into Great bay last Friday. The Shute brothers, who spend all their time in the bay gunning, inform us that not a solitary goose has been seen in the bay this season.—*Newmarket Advertiser.*

The Shute brothers may be right in what they say, but the *Advertiser* is wrong in its statement of what we said—which was that a flock of wild geese "was seen flying toward Great bay," which was a fact.

Careful investors are invited to examine the merits of the six per cent bonds of the Topeka, Salina & Western railroad. Full information of C. G. Patterson, 95 Milk street, Boston.

The many friends in and out of our city will be pained to hear of the death of Mrs. Julia A. Webster, who died in this city Oct. 14th, aged seventy-six years. Her life has been one of happiness, and her amiable disposition won for her a character that will ever be remembered by those who knew her. She had a pleasant smile and kind word for all. For years she has been a great sufferer, yet bore it without a murmur. It is seldom that we find such a lovely character, such a true and faultless woman, and the dearest legacy she has left to her children is the sweet remembance of her unselfish life.

The waters below Wood island were very lively on Sunday last, the cause being the innumerable schools of herring playing around White and Horn islands. A large number of seines were strung out in all directions, attended by scores of dory-men, while the two weirs were fairly bursting, so full were they with fish. The crew of a schooner anchored near Whalesback were engaged all day in salting down herring, while boats of all kinds were pressed into service to unload the weirs and transport the finny freight to Newcastle and Kittery Point. It was estimated Sunday night that 5000 barrels were still hemmed in by the weirs and the contiguous seines.

Mr. Michael H. Gregg, who has been engineer and polisher at the Portsmouth Steam Laundry since its establishment, has left his position there, and will go into the laundry business for himself immediately, in the building at the corner of Gates and Washington streets.

Gilmore's military band, of New York, forty pieces, under the personal direction of P. S. Gilmore, assisted by Miss Emma S. Howe, will give a concert in Music hall on Saturday evening, the 21st inst. The same combination gave a concert in the Boston theatre on Sunday evening last to an immense audience, and the performers were called out time after time by persistent encores. Tickets will be on sale Wednesday morning, at the usual prices.

At the Universalist church on Sunday last the pastor gave a memorial address on the prominent members of the society and congregation who have passed away within the last year; and the hymns were selected with especial reference to their appropriateness for the occasion, which was one of deep interest. The altar was beautifully decorated with flowers contributed by members of the congregation.

A Safe Investment is offered in the six per cent gold bonds of the Topeka, Salina & Western Railroad. Tapping the richest section of Kansas, and with no competing road, a most prosperous future is predicted. Judicious investors are invited to examine the merits of this loan. Circulars and full information of C. G. Patterson, New York Mutual Life Insurance Building, Boston.

Or rich and poor, if you're not won
To brush your teeth with SOZODONT,
You'll one day suffer deep remorse,
For soon they'll crumble in decay,
And soon you'll cry, "Oh, lack-a-day,
That I had never changed my course."

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. Joseph T. Inman, Station D, New York City. eod&gt0ct93

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

HEART DISEASE

IS YOUR HEART SOUND?

Now people think themselves sick and doctor for kidney or liver troubles, or dyspepsia, when it is the heart, and that only, that causes the distress. The renowned Dr. Cleveland, startlingly says "one-third of my subjects show signs of heart disease." The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and it is called the Heart Regulator and can be obtained at your druggist, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise, it is free. F. E. Ingalls, Sole American Agent, Concord, N. H.

Books, Magazines, etc.

"Peterson's Magazine" for November is on our table, ahead, as usual, of all others. The present number has a beautiful steel-plate, "Little Red Riding Hood;" a double-sized colored steel fashion-plate; another exquisite engraving, "The Falling Leaves; a spirited illustration of a poem, "Nearing Home," a ship in a storm on Thanksgiving Eve; about fifty wood-cuts, in addition, of new dresses, bonnets, embroidery patterns, etc., etc. For 1883, the reading matter is to be greatly increased. "Peterson" is but two dollars a year to single subscribers; to clubs, four copies for six dollars and a half, with an extra copy to the person getting up the club. Or five copies for eight dollars, with both an extra copy and the copyright engraving (20 inches by 27,) "Christ Before Pilate," after Muncakay's world-renowned picture. Now is the time to subscribe. Address Charles J. Peterson, No. 306 Chestnut street, Philadelphia, Pa. Specimens are sent, gratis, to get up clubs with.

That excellent and ably-edited health journal, the "Sanitary Engineer," will hereafter publish the more important papers of the National Board of Health, formerly published in the "Bulletin" of the board, now discontinued by act of Congress. The able contributors and correspondents of the Sanitary Engineer will have as much room as before for their articles, the paper having been enlarged to meet the demands of its new venture in usefulness. Office of publication, No. 140 William street, New York city.

Mr. Frank H. Cushing's articles on the Zuni tribe of Indians, with whose people he has lived for several years past, will appear in the "Century Magazine," beginning probably with the December number. The illustrations will be from his own sketches, or from drawings made under his supervision. Mr. Cushing has been contributing to *the Atlantic* two papers on "The Nation of the Willows," the Ha-va-su-pai, a people living near the Zunis.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaint common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free. Send stamp for names of those who have been cured.

—The Chicago *Inter-Ocean* tells of an old bachelor who, on leaving his boarding house for a week's journey, after taking leave of his landlady, stepped up to a salt mackerel on the table, shook him by the tail, and said: "Good by, old fellow. I will see you when I return."

No Woman

Is beautiful with a bad skin, covered with pimples, freckles, moth or tan. I have been asked many times what will remove these unsightly blemishes. No face paints or powders will remove them, as they are caused by impure blood. The only sure remedy I have ever seen is Sulphur Bitters, and in hundreds of cases I have never known them to fail.—*Editress Fashion Gazette.*

—Talk of human pride. Can anything equal the haughtiness of a boarding-housekeeper who has just had two applications for one vacancy?

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

—Many of the newspapers are discussing the question what it costs to live. The cost of living depends entirely upon the kind of a house a man lives in, and what he eats and drinks and wears.

Good Advice.

You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

—A Nevada paper tells of a man who was eaten up while asleep by a bear, whereupon the facetious paragraphist of the Detroit *Free Press* thinks he will be a much astonished citizen when he wakes up and finds out where he is.

Why be weak? Why not be healthy, robust, and strong, by using Brown's Iron Bitters?

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies and failed, despair not, do not be discouraged, but give "LADIES' TONIC" a single trial. It never fails to give quick and permanent relief.

If you are troubled with any weakness or complaint common to our sex, by aside the doctor's prescription for once, and try "Ladies' Tonic," which we guarantee will positively cure you. **One Bottle is Sufficient.**

Women's Medical Institute is an Association of Fifteen and Members of years' experience, who give advice and answer letters from ladies free.

Also will be given for any case of Female Weakness or Debility which "Ladies' Tonic" will not cure. This is a bona fide offer, made by responsible ladies who have from experience, found "LADIES TONIC" can do. Send stamp for circular.

Sold by Druggists. Price, $1.00

The great superiority of DR. BULL'S COUGH SYRUP over all other cough remedies is attested by the immense popular demand for that old established remedy.

CatarrH

DIRECTIONS.

For Catarrh, Hay Fever, Cold in the Head, etc., insert with little finger a particle of the Balm into the nostrils; draw strong breaths through the nose. It will be absorbed, cleansing and healing the diseased membrane.

FOR DEAFNESS, Apply a particle into the ear, rubbing it thoroughly.

Hay-FeveR

—A fair trial will convince the most skeptical—

ELYS' CREAM BALM

Effectually cleanses the nasal passages of Catarrhal virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed will cure Catarrh. As a household remedy for cold in the head and snuffles it is unequalled. The Balm is easy to use and agreeable. Sold by all druggists at 50 cts. On receipt of 50 cts. will mail a pack age. Send for circular with full information.

How Women Would Vote.

Were women allowed to vote, every one in the land who has used Dr. Pierce's "Favorite Prescription" would vote it to be an unfailing remedy for the diseases peculiar to her sex. By druggists.

The secretary of the navy has decided to restore the grade of port admiral at New York, which was abolished when Vice-Admiral Rowan was relieved from the yard. Commodore John H. Upshur, at present commandant at New York, will be assigned to the position, in addition to his present duties. It has not yet been decided which vessel will be the flag-ship, but it is suggested as more than likely that the port admiral will fly his pennant from the Colorado.

A joint debate was held at Omaha, Nebraska, Friday evening, between Miss Susan B. Anthony and Edward Rosewater, editor of the *Bee*, upon the woman suffrage question, before a crowded house. Miss Anthony argued that disfranchisement is degradation, political, social and industrial. Mr. Rosewater argued that there was no inherent right to the ballot, and that women in Nebraska have already all the personal and property rights they could ask. The debate lasted three hours, and the audience alternately applauded and hissed.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. 3taw4aug

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

—At a state photographer's convention it was brought out that a woman's nose generally turns to the left, and a man's to the right. Therefore if a man follows his nose he will be right, and if a woman follows her nose she will get left.

We are in receipt of a letter from our old friend S. Sherson, Esq., at present a resident of the town of Rawlings, in the far-off territory of Wyoming. "Dr. Graves' Heart Regulator has helped me right along," says Mr. Sherson. Glad to hear it, old fellow. Yours was an aggravated case of heart disease. The remedy you mention does the same thing in this section too; and better still, it always cures heart disease.—*Nash's Weekly Letter-Style.*

—"What I want to know is who struck the first blow," said an Austin justice to Jim Webster, who was the principal witness in an assault and battery case. "Uncle Ike, dah, he hit de first lick," replied Jim. "And you are positive that Uncle Ike struck the first blow?" "Ob course I is. Didn't I see him reach out and hit de fust lick, but how many licks he hit befo' dat fust one, or how many licks de udder niggar hit him fust, am more dan I'se willing' to swar ter."

From John F. Wyman, Postmaster, South China, Me.

Too much cannot be said of Adamson's Botanic Cough Balsam, as it is the best remedy for coughs, colds, etc., that I have ever seen, and to its wonderful effects I owe my recovery. It is well worthy of praise, and I would advise all to use it who are afflicted.

Portsmouth Chronicle.

WEDNESDAY, OCT. 18, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

A Leader of Society.

The Boston *Post* contains a sketch of George B. Chandler, the democratic candidate for Congress in this district. The description of the man who was run by Joshua L. Foster to squelch the congressional aspirations of Stilson Hutchins, seems to reckon him as among the "bloated bondholders." The writer pictures an aristocratic democrat or a democratic aristocrat, we can hardly make out which, when he informs us that—

In society Mr. Chandler occupies a high and an enviable position. Coming of good family, he married the only daughter of Col. Martin, a lady of culture and refinement, and naturally took rank at once with such families as the Cheneys, the Livermores and the Currieres, who are the acknowledged leaders of society in Manchester, and all of whom take pleasure in promoting those social conditions which add a charm to existence and relieve the brain from that severe tension which close application to business and a careful attention to financial and commercial affairs impose. Their influence has done much to make the social life of the city so agreeable to those who visit it as their home, or temporarily sojourn in it as guests.

It may be that Mr. Chandler hopes to win votes because he belongs to the "upper ten" of Manchester, but the great inducement in the canvass of this fall seems to be that every democrat shall be in favor of a free sale of intoxicating liquors and the repeal of all laws which seek to have grog shops closed on the Sabbath. But from the *Post's* sketch we infer that Mr. Chandler seeks votes upon his high financial and social standing, rather than by means of his democracy, the degree of which is uncertain.

The Life-Saving Service.

Mr. Sumner I. Kimball, superintendent of the life-saving service, is having a design made for the new decoration for heroism in the rescue of human life from the perils of the sea. Congress, during its late session, passed a law abolishing the first and second-class medals, and substituting the designation gold and silver instead. This was done to remove objections made by many persons to accepting the second-class medal. The new design does not change the device of the medals, nor the metal of which they are made; only the inscription is modified, and an ornamental cross-bar is added, by means of which the medal will be suspended from a broad ribbon. This arrangement is made to conform to the law, which provides also that, for second service worthy of a medal, an additional bar shall be awarded as another decoration, instead of a second medal.

Superintendent Kimball is experimenting with luminous paint upon the tally boards used on the sea coast, which contain instructions to wrecked vessels how to co-operate with life-saving crews on shore. The tally boards are attached to a rope, which is fired across the wrecked vessel's rigging from a mortar. If the experiments are successful all of the boards will be lettered with luminous paint, which can be used as well at night as during the day.

A Rise in Ale.

The brewers of the New York & New Jersey Ale Association, who brew in New York and vicinity, have since the election in Ohio advanced prices on all grades of fresh ale and fresh porter fifty cents per barrel, and on all gradds of stock ale and stock porter one dollar per barrel. Those men want to get back the great assessment which the Buckeye brethren laid upon them.

Not an "Administration" Steal.

For the first time in the history of the government, the postal service is self-sustaining. In these days of reckless disparagement of republican administration it is well to keep in mind such a proof of honest and efficient administration.—*Nashua Telegraph.*

Honest, eh? When by the admission of republican officials $2,000,000 a year of the postal appropriations have been stolen—and now that that theft has been stopped a bigger one has been legalized in the river and harbor bill. The honesty or economy of the present administration, led by Robeson, are not things to brag of.—*Times.*

The less our neighbor says about the river and harbor bill as being an "administration" or republican steal, the better. The bill was vetoed by the republican president, and was passed over the veto by the votes of twenty-two democratic and seventeen republican senators, fifteen republicans and but seven democrats voting to sustain the veto.

The Travellers' Insurance company of Hartford, Conn., has issued a colored lithographic plate presenting in a group reduced fac similes of the first pages of a number of typical American newspapers, with portraits of the editors, each in the centre of his own sheet. It is a really artistic work, and the likenesses of the gentlemen are very well executed. The press of New York is represented by the counterfeit presentment of the veteran Thurlow Weed in the centre, and the *Tribune, Sun, Staats-Zeitung* and *Herald*, with likenesses of Whitelaw Reid, Chas. A. Dana, Oswald Ottendorfer and James Gordon Bennett. Boston is represented by the *Daily Herald*, with R. M. Pulsifer's portrait, and the *Sunday Herald*, with that of E. B. Haskell; Chicago by the *Times* and *Tribune*, with the faces of Wilbur F. Story and Joseph Medill looking out from the pages; the Hartford *Courant*, with Gen. Joseph R. Hawley; the Cincinnati *Commercial*, with Murat Halstead; the Louisville *Courier-Journal*, with Henry Waterson, and the Philadelphia *Ledger* with G. W. Childs, completing the picture. Autographs of the several gentlemen are appended. The work is a credit to Messrs. Root and Tinker of New York, by whom it was executed.

George Cooper, of Germantown, Ky., shot and killed George Insco last Saturday, on the Germantown fair grounds. The two had been rivals for the hand of Mrs. Cooper before she became Cooper's wife. Insco promenaded with Cooper's wife, Cooper met them and commenced firing. Three balls took effect, one in the hand and the others in the head, causing immediate death. A brother of Insco knocked Cooper down, and would have killed him but for the interposition of bystanders.

The six per cent. bonds of the Topeka, Salina and Western railroad offer unusual inducements to investors.

A rare chance to purchase fine goods is offered at the semi-annual sale of the Boston Collateral Loan Co., which begins October 23d.

A Big Fool.

A New Yorker who is largely interested in one of the coast lines of steamers, made a trip to Charleston a few weeks ago, and soon after leaving New York a storm came on and the craft was tumbled about in a manner to frighten many of the passengers into the belief that their last hour had come. The stock owner was the sickest of the lot, and in the midst of his woes he was approached by a friend who is largely interested in New England railroads.

"I understand," began the railroad man "that you are largely interested in this line?"

"Y—yes."

"You own about half of it, don't you?"

"I—I believe I do. Do you own any railroads?"

"Yes, two or three."

"And do you run trains on them?"

"Of course."

"And they stop at stations?"

"Certainly."

"Then you are the biggest f—fool in America for t—travelling on a steamboat, even if I d—do own half the line!" shouted the sick man, and he turned his face to the wall to wait for death to come.—*Wall Street News.*

AROUND HOME.

There was a dance in Brooks hall, Eliot, Tuesday evening, Turner's quadrille band of this city supplying the music.

The schooner Nautilus, Huntington master, which came into this port on the night of the 10th inst. in distress, having sprung a leak on the trip from York to Boston with a cargo of bricks, continued her voyage on the 16th, having been on the marine railway at Kittery and effected temporary repairs.

The office of C. L. Varney at North Berwick was partially burned on the 16th inst.

The steamtug Natmkeag has been hauled up for the winter at Trefethen's wharf, Kittery.

—"Going away?" they asked the man who was closing the shutters of the house and pulling down the curtains. "No," he replied, "but I'm going to put up some stoves, and I don't propose to have any inhuman ghouls look in at the windows and see me and laugh at my misery."

DIED.

DYER. In this city, Oct. 17th, Norman G Dyer, aged 2 years and 3 months, son of John Dyer.

6 Per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabaunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[October Term — Blodgett J.]

The court came in at eleven o'clock. The grand jury, after being sworn, retired to their room without receiving any instructions from the court. The session was occupied in the call of the docket and assignment of cases. The members of the grand jury are as follows:

Jas. M. Davis, Plaistow, foreman; Jeremiah G. Mace, Hampton; Chas. C. Greene, Hampton Falls; John A. Blake, Kensington; Isaac W. Silloway, Kingston; Wm. R. Richardson, Londonderry; Nathan B. Tartlton, Newcastle; Nehemiah Pickering, Newington; Geo. Bartlett, Newton; Simon D. Page, North Hampton; Mayhew P. Knowlton, Northwood; Rufus E. Tuttle, Notingham; Franklin N. Paul, ward two, Portsmouth; Warren Titcomb, Raymond; Daniel M. Foss, Rye; Wm. G. Crowell, Salem; Franklin Hunt, Sandown; Jas. Smith, Seabrook; Frank B. Swain, South Hampton; Jos. H. Wiggin, South Newmarket; John B. Page, Newmarket.

At the afternoon session four libels for divorce were heard.

Case Pickering vs. Frink is in order for trial Wednesday morning, the petit jurors reporting at half-past ten o'clock.

A BOAT EXCURSION.

A newspaper man of this city on Sunday last thought he would like to take a trip down river, and hiring a small rowboat started on a solitary pull. Landing on Gerrish's island, opposite Fort Constitution, at high water, he left his boat on the beach and went for a stroll. Returning some three hours later he found the boat high and dry, with no water within a mile and a half, as he says. [There are only about three hundred feet in a newspaper man's mile and a half, when he has to haul a boat over rocks and mud that distance, unaided.] After herculean labor for an hour, nearly wearing out the oars, which he used for skids, and suffering much damage to boots and temper, he got the boat afloat, and started to pull up the river.

But the boat acted the worst he had ever seen. He thought he could pull fairly well, but do all he could the boat would not go straight, persisting in moving in a small circle; dories loaded down to the gunwales with herring from the weirs went by him as though he was at anchor, the fishermen evidently regarding his eccentric performance with much curiosity. Satisfied at length that something was radically wrong he made an investigation, and found that the boat's rudder, an appendage about the size of a cellar door and fitted so that it could not be unhung, was hard over to one side, and stuck there so firmly that he could not get it amidships by any means at his command. The tide was rapidly carrying him out to sea, and there was nothing for it but to reach the Newcastle shore; so taking off his coat, vest and hat, laying in one oar, and pulling desperately on the other in opposition to the cramped rudder, he at last effected a landing near the fort, and took from between the rudder and sternpost a stone which had got wedged there during the launching operations on the opposite side of the river. He says he could have made the trip across in half the time and with a quarter of the labor, if it had been rocks and mud all the way, the same as the first mile and a half.

Tickets for the grand band concert can be procured at Myers' to-day. See advertisement.

If the weather is pleasant this evening, a harvest supper will be served in the vestry of the Pearl street church.

While a number of men were at work on Friday afternoon of last week blasting rocks from a ledge near Newmarket, they discovered a box in a crevice, which on being opened was found to contain a large number of silver knives and forks, and also a smaller box which contained a number of silver coins, most of which bore the date of 1826.

Large quantities of herring were brought up from the weirs on Tuesday.

There was a heavy sea running outside the harbor on Tuesday, and a dense fog prevailed. No vessels went to sea.

On the 11th inst. four bids were received by Gen. Thom for the removal of about 700 cubic yards of Gangway rock in this harbor. The bids were as follows: Solon S. Andrews, Biddeford, $34,-50 per cubic yard *in situ*; Isaac Hamilton and Gardiner Floyd of Portland, $37; Robt. G. Sylvester of Kittery, $37.47; Geo. N. Townsend of Boston, $42. The contract was awarded to Solon S. Andrews of Biddeford.

Mr. Warren Putney, baggage master during the season of summer travel on Conductor Winn's train, was on Saturday evening presented with a very handsome meershaum pipe presented by the trainmen and other friends, Mr. Wm. P. Burleigh, express messenger for Jackson & Co., making the presentation speech.

The Fabyan wood lot in Newington, belonging to Mrs. Susan DeMeritt of this city, situated near the plains and containing about forty acres, has been purchased by H. Bean of Newington, who has let the job of cutting the timber to Mr. Solomon Schurman of Portsmouth. The logs will be sawed by Mr. J. G. Hubbard, who has just arrived from Canada with a portable sawmill run by a forty horse power engine, and tended by French Canadians. The saw has commenced cutting.

Mr. Morris C. Foye invites the attention of the ladies to his large and varied stock of gloves.

Wentworth Lodge, Knights of Pythias, of Newcastle, will hold a fair on Thanksgiving eve and the two evenings following, in the Newcastle town hall. There will be dialogues, recitations, and vocal and instrumental music, each evening, and the usual refreshments will be provided. There will be guess cakes, a guess pole, valuable presents to be awarded by lot among the holders of season tickets, and other attractions.

A large part of the population of Newington, with many friends from adjacent towns, assembled in the Newington town hall on Thursday evening of last week for a social entertainment and dance. Refreshments were served at ten o'clock, and the happy participants in the affair were just getting into the thick of the fun afterward, when something very like a panic was created by the cry of "fire," which induced many of the ladies to snatch hats and cloaks, (generally the wrong ones,) put them on upside down and hind part before, and crowd frantically to the windows and doorways. The discovery that the fire was many miles away, in Hampton, quieted the tumult, but the pleasure of the evening was gone, and the party broke up.

Mr. Andrew P. Preston advertises Glenn's perfumes in great variety, for sale at twenty-five cents an ounce, just one-half the former price.

A British schooner from a Nova Scotia port, with a cargo of spruce sticks for staging-poles, hauled in to the navy yard near the Franklin ship-house on Tuesday.

Work in the department of yards and docks at the navy yard is almost entirely suspended, owing to the lack of funds.

The Eastern railroad offers $1,000 reward for information which will lead to the arrest of the parties concerned in wrecking the train at Rochester, some time since.

The Boston, Revere Beach & Lynn railroad transported about 15,000 passengers between Boston and Lynn last Sunday, and the Eastern road between 4,000 and 5,000.

Mr. E. C. Spinney of Kittery this year raised on his farm near Portsmouth bridge 130 tons of hay, sixty barrels of apples, most of which would be "extra No. 1" in any year, 100 bushels of fine potatoes, thirty-five tons of mangel wurtzels, thirty-five bushels of corn, forty bushels of oats, and thirty bushels each of wheat and rye; he also has 800 cords of pine wood ready to ship. He employs six men during the season, of whom John W. Stewart is foreman.

Piscataqua Commandery, No. 189, United Order of the Golden Cross, of Eliot, will give a concert and sociable, with supper, at Brooks hall in that town, on Thursday evening, Oct. 19th, if fair weather; should the weather be stormy that evening, the entertainment will take place on the Saturday evening following.

The schooner Eagle, Sinclair master, bound from Franklin for York, sprung a leak, and on the 15th inst. was on the flats at Boothbay; she would discharge her deckload to find the leak.

New York State May be Carried by the Democrats,

but their victory and gain will be of little value as compared to the owner of the lucky ticket which will draw the $30,000 prize in the Commonwealth Distribution Co.'s drawing, which takes place in Louisville, Ky., Tuesday, Oct. 31st. For tickets or information, address R. M. Boardman, Louisville, Ky.

Or rich and poor, if you're not won
To brush your teeth with SOZODONT,
You'll one day suffer deep remorse,
For soon they'll crumble in decay,
And soon you'll cry, "Oh, lack-a-day,
That I had never changed my course."

Arabi Pasha May be Hanged,

Protection or Free Trade

are the questions agitating many minds at present, but they are of little import as compared to the problem of securing wealth and competence at once. Such an opportunity is again offered by the Commonwealth Distribution Co., Oct. 31st. $112,400 given away in prizes. Tickets only $2. Send your order to R. M. Boardman, Louisville, Ky.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of you rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer im mediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

Jay Gould Owns Millions

and is eagerly grasping for more; he is a power everywhere, but he commenced with a much less sum of money than the Commonwealth Distribution Co. offer in their next grand distribution of prizes, at Louisville, Ky., Oct. 31st. Tickets only $2. Address R. M. Boardman, Louisville, Ky.

F. W. A. BERGENGREN, M. D.,
Lynn, Mass. Proprietor.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,
Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

HEART DISEASE

IS YOUR HEART SOUND?

Your

Many people think themselves sick and doctor for Heart or liver troubles, when a few drops of the truth were known, the real cause is at the heart. The renowned Dr. Cardanaing, certainly says "hundreds of my subjects about died of heart disease." The heart might also add, that one pint of man's upward eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention. Dr. Cardanaing has given years of study and made a specific for all heart troubles and kindred disorders. He has known Dr. Graves' Heart Regulator and can be obtained of your druggists, $1. per bottle, six bottles for $5. Send stamp for Dr. Graves' Book upon exhaustive treatise. (1)

A Good Man Gone.

William Macara Sears, a wealthy, benevolent and public spirited citizen of St. John, N. B., died September 24th, after a brief illness contracted at Halifax, N. S., from whence he had recently returned to his father's residence in St. John. Although but thirty-two years of age, Mr. Sears enjoyed a wide and well deserved popularity in his native city. His attention was engrossed in the care of a large estate, but he found time to serve on the board of aldermen as a member from King's ward, with remarkable fidelity and success. He had also become a distinguished member of the Masonic fraternity, and had held the office of master of St. John's lodge in his native city. He was at the time of his death a director in the Society for the Prevention of Cruelty to Animals, of which his father, John Sears, Esq., is president. The elegant and costly drinking fountain for man and beast that ornaments Market square, St. John, stands a lasting monument to his practical benevolence. Mr. Sears was of an old St. John family that has always been identified with the best social and business interests of the city, and his venerable father has the sympathy of the entire community in his bereavement.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free. Send stamp for names of those who have been cured.

A man named Brookshaw has been arrested in London for threatening the life of the Prince of Wales unless he was paid money.

A Chicago exchange refers to the case of Lewis H. O'Conor, Esq., 93 Washington street, that city, who was cured of a very severe pain in the back by St. Jacobs Oil, after the prescriptions of physicians and many remedies had proved valueless.—*Columbus Ga. Enquirer-Sun.*

Colonel Ingersoll publishes a number of affidavits for the purpose of showing that several of the jurymen in the star route trial were corruptly approached by employes of the department of justice, and that these employes regularly reported to the department. The attorney general says on the other hand that several employes will be arrested on evidence showing that they played into the hands of the defendants.

No Woman

Is beautiful with a bad skin, covered with pimples, freckles, moth or tan. I have been asked many times what will remove these unsightly blemishes. No face paints or powders will remove them, as they are caused by impure blood. The only sure remedy I have ever seen is Sulphur Bitters, and in hundreds of cases I have never known them to fail.—*Editress Fashion Gazette.*

The verdict of the coroner's jury in the St. Louis shooting affair was in effect that Colonel Slayback's death was caused by a gunshot wound inflicted by John A. Cockrell, and he has been arrested.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Benson recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters Company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

"The Decorator and Furnisher." This is the title of a new monthly publication to be issued by E. W. Bullinger at No. 75 Fulton street, New York, on the third Saturday of every month. The experiment will be tried to give something practical and sensible, some information as to true art, and not that of the "Wilde" craze. We think there is room for such a periodical, and the general appearance of the initial number of the "Decorator" warrants the belief that it will prove a succes. Mr. A. Curtis Bond is the editor, and the list of contributors and artists contained the names of several prominent persons of taste and discrimination. The subscription price is $4.00 per year, which includes a patent binder which permits the paper to be bound as issued, and protects the publication from injury. Liberal premiums are offered for competitive designs, by the publisher. The design on the first page of the cover is by Bliss of Providence. The editorial and artistic work, as well as the contributions in the October number, induce us to have great expectations in regard to the D. & B., which without turning the heads of its readers the wrong way will doubtless furnish them with much that makes domestic life more enjoyable, encourages the appreciation of the beautiful in nature and art, and makes everyone the better for a more cultivated and refined taste in the affairs of everyday life. The journal may be ordered through the booksellers.

We have received "The Wheelman" for October, No. 1 of Vol. 1 of an illustrated magazine to be especially devoted to the interests of bicycling and bicyclers. It is handsomely printed on good paper, liberally illustrated, and will fill a place in magazine literature hitherto vacant. Published by The Wheelman Co., No. 608 Washington street, Boston, at $2 per year; single numbers twenty cents.

—Somebody has spoken of the parlor lounge as the home stretch.

In the bright autumnal days the temptation to comfortable exposure yields its fruit in a most pernicious cough and irritation of the throat. Dr. Bull's Cough Syrup stands unrivalled as a remedy for throat and lung diseases. 25 cents a bottle.

The grand jury of Monmouth county, New Jersey, have indicted Editor Cook and two of his reporters of the *Red Bank Register*, for libel in circulating reports of fever at that place last summer.

Mr. Haldeman, of the Louisville *Courier-Journal*, was cured by St. Jacobs Oil of a severe attack of rheumatism. His whole family experienced relief from its use in various ailments.

Edward S. Stone, aged fifteen years, a nephew of Marie Stone, the well known singer, was killed in a laundry at Worcester, Mass., Oct. 18th, by being caught in a belt and whirled around a shaft.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free. Send stamp for names of those who have been cured.

Col. Thomas Reynolds, for some years state pension agent at Madison, Wis., has been arrested upon complaint of a government detective, charged with forging pension claims and defrauding the government to the amount of $5,000. Reynolds denies the accusation, and asserts it to be political persecution.

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

As William Joyce was driving a beer team from Salem to Lynn, Mass., on the evening of the 16th inst., he allowed two men to ride with him. Just west of the Forest River house in Salem the men attacked him, threw him from the vehicle, and endeavored to steal his money collection. Joyce had clutched a beer bottle in the meantime, and he belabored them heavily with it, bruising them badly. He was then able to jump into the vehicle and drive off. He was badly bruised and his clothes were torn.

From Major Downs, Military Instructor, Mt. Pleasant Academy, Sing Sing, N. Y.; During the very cold weather I was suffering with catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In two days was entirely cured. W. A. Downs, Feb. 15, 1881.

A gentleman from Orwell, Pa., called my attention to Ely's Cream Balm as a remedy for catarrh, hay fever, &c. He was so earnest in asserting it to be a positive cure (himself having been cured by it) that I purchased a stock. The Balm has already effected a number of cures. P. F. HYATT, M. D., Bordentown, N. J.

John McNally, fifty years old, residing in Brighton, Mass., and employed in the glue works, was instantly killed on Tuesday afternoon, the 17th inst., by being caught in the machinery. One arm was torn off, and he was otherwise mangled.

Good Advice.

You will prevent and cure the greate part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

Sheriff James Woods and a hop dealer whom thieves had despoiled, on reaching Minden, Neb., on the 16th inst., found four of the thieves. The marauders shot Woods dead, killed two citizens who interfered, and then fled.

In fevers, malaria, biliousness, heartburn, etc., nothing is so beneficial as Brown's Iron Bitters.

The significance of the passage, by the common council of Chicago, of a bill to fine minors for drinking in saloons, lies in the fact that it is the saloon keepers' measure, and its effect is to shut off all testimony against saloon keepers which would punish them for selling to minors, which is an offence under the law. Evidently rum rules in Chicago as well as in Ohio.

A lady of this city writes:—"The anxiety of housekeepers for their silverware is relieved by using Electro-Silicon. The most incompetent servant will produce exquisite brilliancy without defacing the finest ware." Druggists and Grocers.

The greenbackers of Sumter, South Carolina, undertook to have a political rally on Thursday, the 12th inst.; but the "red shirts" attended the gathering, going "prepared for a fight or a frolic," as the Charleston *News* humorously remarks, and broke up the meeting. The democrats of South Carolina appear to have lost faith in the efficacy of the tissue ballot, when they are again reviving the rifle-club method of campaigning.

6 Per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Beloit, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Principal Contractor.

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Parker's Hair Balsam

Satisfies the most fastidious as a perfect Hair Restorer and Dressing. Admired for its cleanliness and elegant perfume. **Never Fails to Restore Grey or Faded Hair** to its youthful color. 50 cts. and $1 size at all druggists.

PARKER'S GINGER TONIC

Ginger, Buchu, Mandrake, Stillingia and many of the best medicines known are here combined into a medicine of such varied and effective powers, as to make the Greatest Blood Purifier & the **Best Health and Strength Restorer Ever Used.**

It cures Dyspepsia, Rheumatism, Sleeplessness, all diseases of the Stomach, Bowels, Lungs, Liver, Kidneys, and all Female Complaints.

If you are wasting away with Consumption or any disease, use the TONIC to-day. It will surely help you. Remember! it is far superior to Bitters, Essences of Ginger and other Tonics, as it builds up the system without intoxicating. 50c. and $1 sizes, at all dealers in drugs. None genuine without signature of H. H. COX & Co., N. Y. Send for circular.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Boston Herald, in speaking of the concert in that city by Gilmore's band, says "The famous bands that came from London and Paris at the time of the Peace Jubilee have at last been equalled by Mr. Gilmore's organization." The several soloists are pronounced to be remarkable performers, and the entire concert delightful. Tickets for Saturday night now on sale.

A large and beautiful photograph of the Coliseum at Rome, belonging to Miss A. C. Morgan, has been admired in one of Montgomery's show windows beneath the CHRONICLE office this week.

Mr. Daniel J. Ayers, the cavalryman who had a leg broken on the day the Portsmouth Cavalry was mustering to go into camp at Greenland by being thrown from his horse, is making favorable progress toward complete recovery.

The steamer Acushnet, from Boston, arrived in the lower harbor on Tuesday evening, the 17th inst., but owing to the dense fog did not come up to her wharf until Wednesday morning.

The librarian of the Portsmouth Public Library acknowledges the gift of five volumes from Col. William H. Hackett.

St. John's Lodge, No. 1, F. & A. M., of this city, was visited by the officers of the Grand Lodge of New Hampshire on Wednesday evening, the 18th inst.; work in the third degree was exemplified; after which a banquet in honor of the eminent visitors was partaken of by all the brethren.

During the present year 92,000 tons of coal have been hauled over the Concord & Portsmouth railroad. In 1881 the amount hauled was 100,000 tons, which will be exceeded this year, as there is yet quite a large amount to go forward.

George Hammond, engineer at the gas works at Cambridge, Mass., was run over by an Eastern railroad train at Prison point on the evening of the 17th inst., and shockingly injured. His left leg and right foot were amputated at the hospital.

Mr. Editor: Having read several articles in the *Times* about the school board, and having a curiosity to know the truth, I first asked a republican member of the board concerning it; he replied, "The *Times* lied." I then called upon a democratic member of the board; he said it was a "false report," which appeared to mean the same thing. Both these gentlemen are native born citizens of Portsmouth, whose veracity I never heard doubted, and I for one would much rather believe them than the imported stock from Manchester, who, to judge from their works, ought to have been sent to the city of legislators, lunatics and criminals further up the Merrimac.

"NATIVE."

Five large coops of fancy fowls, from Tecumseh, Michigan, for Capt. R. W. Sargent of Kittery, attracted much attention on the afternoon of the 18th inst. as they were stacked on the sidewalk in front of Frye & Co.'s express office.

Nathaniel Goodwin, Melvin Raitt, Daniel Junkins, and other farmers of east Eliot, have lost within a short time, through the depredations of dogs, about thirty valuable sheep—some killed outright, and others so torn and worried as to necessitate their being killed from considerations of mercy. Mr. Goodwin alone had about fifteen killed or badly torn on the night of the 14th inst.

Mr. Albert D. Mason and wife, of Alamosa, Colorado, are visiting Mr. Mason's parents in Kittery. Mr. Mason keeps a hide, wool and fur store in Alamosa, and is also purchasing agent for the extensive hide, wool and fur dealing firm of B. McLane & Co. of Kansas City, Mo., travelling largely on their account through Colorado and New Mexico.

A REVOLT.

A number of young men of Dover, citizens of Irish birth or descent, all of whom have hitherto acted with the democratic party, met in that city on Saturday evening, the 14th inst., and formed an independent political club—to be independent of both political parties in the future. M. R. Kennedy, who called the meeting to order, said that one reason why they "refused to any longer remain in the democratic ranks was because they were disgusted with the action of most of the democratic local managers, who bragged that they were sure of the Irish vote, and it was not necessary to recognize them at conventions or anywhere else."

It was voted to call the organization the "Montgomery Independent Club," and a committee was appointed to draw up a constitution and by-laws for permanent organization, as follows: J. B. Quaid, Patrick Gorman, Timothy McDonough, Timothy Vaughan, Cornelius Sullivan, Jr. The following-named gentlemen were chosen temporary officers: President, Thomas Kavanagh; secretary, Cornelius Sullivan, Jr.; treasurer, M. R. Kennedy.

—There are three things that the wisdom of the most learned man cannot determine—which way a singed cat will jump, how a petit jury will give its verdict, and what kind of a man a clever woman will take a fancy to.

—Legge, Bishop of Oxford, rashly invited a couple of wits—Canning and Frere—to hear the first sermon after his appointment. "Well," said he to Canning, "how did you like it?" "Why, I thought it rather short." "Oh, yes, I am aware it was short, but I was afraid of being tedious." "O, you were tedious," said Canning.

Notice to Mariners.

The lighthouse board has decided to discontinue the west light at Cape Elizabeth, Me., and remove the revolving machinery in that tower to the east lighthouse.

Also to discontinue one of the two lights on Manitoulin rock, Maine. These reductions are made necessary by the reduced appropriations by Congress for the pay of lighthouse keepers.

The bell boat off White head, Penobscot bay, having been run into by some passing vessel and badly damaged, it has been removed for repairs. Notice will be given when it is returned to the station.

The Nantucket South Shoal lighship was spoken on the 17th inst., under sail between Block island and Montauk, having parted her moorings.

A Cough, Cold or Sore Throat

Should be stopped. Neglect frequently results in an Incurable Lung Disease or Consumption. "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

28th edition, revised and enlarged, just published. It is a scientific medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, and more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestive, sharpens the appetite, invigorates and builds up the entire system, and secures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are baffled in Consumption—will find this preparation exactly suited to their needs. It is agreeable for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The wasting tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably in give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains some but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. TOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

WEDNESDAY, Oct. 18th.

The following-named petit jurors appeared and were sworn:

Allison S. Littlefield, Alva A. Gilman, Lawrence K. Lydston, Jere. Sanborn, Amos H. Twombly, Portsmouth; Joshua G. Hubbard, Derry; Milton S. Lane, Newmarket; Levi W. Taylor, Prescott B. Emerson, Salem; Ruel G. Shapley, Rye; Joshua Currier, Sandown; Abram M. Smith, Seabrook; John C. Evans, South Hampton; Harrison B. Spead, South Newmarket; Sam'l S. Chase, George E. Gowan, Stratham; Geo. N. Dennett, Jas. M. Crowell, Windham; Herman Ayers, Edw. N. Greenough, Atkinson; Richard S. Clarke, Henry Dockam, Auburn; Barnard Goodache, Orin Swain, Brentwood. Messrs. Gilman and Morrill of Exeter, Frank P. Ackerman, Portsmouth, A. A. Pressey of Derry, and Charles R. Haines of Newmarket, were excused by the court.

Case Albert Pickering vs. Elias Frink occupied the day. This is a suit brought to recover a sum of money alleged to be due from Mr. Frink on notes and account for services. The parties live in Newington, and are relatives, Mr. Frink's second wife being a sister of the plaintiff Pickering. The case was once heard before an auditor, who found for Pickering in the sum of about $1900. The amount awarded on the account has been paid, the present question at issue being as to the fact whether certain notes have been paid or become outlawed. The plaintiff offered the report of the auditor, and the testimony of himself and a brother and sister. The defendant and several members of his family testified in his behalf. Evidence closed. Page for Pickering; Emery and Hatch for deft.

THE CHECKLIST SUIT.

In the suit of Willie B. Newton vs. the Inspectors of Checklists in this city, a claim for damages for being wrongfully deprived of his vote in November, 1880, through his name having been left off the checklist furnished by the inspectors to the ward clerk of ward two, Hon. Jeremiah Smith of Dover, before whom as referee the case was heard on the 6th inst., rendered a decision awarding the plaintiff $10 and costs. This finding it is said the plaintiff accepts, and that the inspectors will "chip in" and make up the amount called for.

This decision of the case seems to us to be about the fair thing. There was no question as to Newton's right to vote, nor as to his having been deprived of his right to vote through the omission of his name from the checklist; but in the face of the evidence offered, (reported by us several weeks ago,) only the most narrow-minded partisan prejudice could pretend to believe that the omission of the name was other than accidental. But not even one such inadvertence should be allowed to occur, and the board of inspectors deserved to be mulcted to a moderate amount.

THE CITY CESSPOOL.

The north pond—it can hardly be called a millpond now, as the water is used only to grind bark in Hon. Moses H. Goodrich's mill—the north pond moved itself aright on Tuesday night of this week, and made scores of persons living in its vicinity so sick that they even wished that they were dead. It is stated on good authority that an eminent civil engineer from Boston, brought down by some person or corporation to investigate the matter, reports that all the foul odors arise from that part of the pond between the Eastern railroad roundhouse and the bridge, there being nothing offensive in the western end of the pond, in the vicinity of the breweries; but a good many other eminent civil engineers will have to make the same report before the dwellers near the pond will believe it—and then they won't.

By the way, it is rumored that the Eastern railroad proposes to fill up a good part of what is left of the pond, so as to run tracks from a point at or near the Creek direct to where the old grist mill stands, and thence to Noble's island and a connection with the present tracks at Portsmouth bridge by a gentle curve, thus avoiding the sharp turn between the station and the bridge by the present line; the proposed new route was surveyed by the railroad's civil engineers some weeks ago.

A FALL FIELD DAY.

"O, suns and skies and clouds of June
And flowers of June together,
Ye cannot rival for one hour
October's bright blue weather."

Thus thought a merry party of gentlemen from this city, on one of the recent lovely days, as they stood on the rocky cliffs at Pocahontas point, drinking in the mellow autumnal air, and gazing on one of the most picturesque and lovely of land and water views to be found on the New England coast.

From different walks in life they had come,—clerks, artists, newspaper men, operators—a baker's dozen, all on recreation and fun intent. Watching the creamy billows in long and heavy undulations, as they tumbled grandly on the beaches, tossing up clouds of spray and mist, one could but praise the skill of the doughty oatman who could land such a party in such a surf without wetting man or provender. 'Twas done, however, as the brilliant gloss of Day & Martin's blacking on the number eleven ox-hide ties of our evening contemporary's reporter testified.

The hours, each replete with sixty minutes of rare enjoyment, passed rapidly by, the laughter being longest and loudest when a musket, Queen Anne in style, loaded fourteen fingers deep with blasting powder and yellow-eyed beans, in the hands of a telegraph operator whose station is not a thousand miles away from Conway Junction, aimed at a mark sixty yards distant, went off; when the smoke lifted the gun was in possession of the field, the gunner having taken a header over the cliff, murmuring as he went, "who sent that dispatch." Later in the day he was avenged. The Market street dry-goods perpetrator of the loaded gun, toying with his moustache, was sitting in the stern of a boat that was being gently pushed off the beach, when a sad sea wave—unusually sad was this wave—sadly entwined itself about this sad young man, and after rolling him over in the sad undertow, flung the sad young man in sadder condition high up the sadly-cumbered beach.

Introduced among the diversions of the day was some splendid photographic work of picturesque spots at the point. It occurred to the imaginative and original brain of the humorous photographer that a huge ledge far out in the surf, of which one could get a glimpse through the seething waters about once in five minutes, would form a magnificent basis for a perfect gem of a picture if a few persons, just to give life to the scene, would get upon the ledge and stand up in the spray.

The idea took. First to essay the passage to the rock was the towering form of the foreman of an industrial establishment near the creek. He led the charge grandly; the rocks crumbled and crushed beneath his mighty tread; the waters opened to receive him, the sinuous legs and arms clawed at all parts of the compass like Jules Verne's octopus—but he reached the goal and appeared serene save a ten-degree-below-zero expression on his face. Next a druggist's clerk went in and succeeded admirably, only losing a dozen or two "cachous," pulverized by the dampness of the water. Next the portly form of mine host dashes in, is swallowed up, and finally thrown upon the rocks, graceful as a dead whale. Next a master painter, whose white locks floating on the waves made him appear like a frisky Neptune on a picnic; the waves treated him kindly, and he secured a footing. And so on till all had gained positions, precarious and otherwise, upon the slippery base.

The supreme moment was at hand; and the photographer, firmly planting his stand near the edge of the surf, arranged his focus that nothing but the twelve Crusoes and the waste of waters might show, directed that they assume picture attitudes,—the signal was given, and the cap lifted. Then came the deluge. A huge wave that had been waiting for the occasion came in like an avalanche, enveloping rock and occupants, camera and operator, in the disastrous flood. The correspondent of the "Largest Daily in New Hampshire," doubled up like a twenty-five-cent jack-knife and with a huge mussel shell wedged in between his neck and paper collar, was fished out from between two rocks; the kitten killer was upright in position, his pantaloons having the appearance of gutter-spouts as the water poured through them; the rest, bedraggled in appearance, were in various attitudes on the beach, some resembling huge lobsters as they crawled from beneath the kelp. That plate will never be developed.

What with gunning, fishing and a most excellent oyster chowder and et cetoras—no discount on that chowder—the day rapidly waned; the sun, setting in a perfect glory of gold and purple, gilding far off spire and beacon light with sunlight fire, made a picture of wondrous beauty.

But somehow as the darkness crept up the east the romance faded; the surging, gurgling surf had an "I gather them in" sound, and the phosphorous gleaming of the breakers on Wood island bar and Whalesback rocks had a demoniacal appearance that sent shivers down the weakening spines of the quartette whose fair complexions, wee moustachios, low-cut shoes and tight-fitting trousers, had been the admiration of the ladies. Many were the mythical ten dollar bills that "I would give if only I was safe on Market square;" but the shadows deepened, and the embarkation, already too long delayed, must commence.

The sturdy oarsmen pushed off the tender, and pulled manfully to where the staunch ten-oared boat had tossed and pitched at her moorings all day—only to find that she had disappeared, sunk, gone down—like the foundation of Butler's greenback coalition. A panic ensued, and a stampede was made for the lodge to secure as comfortable quarters as possible for the night.

But disasters nearly always find men equal to them; so on this occasion. A forlorn hope consisting of four water buckets in the hands of four stalwart specimens of the party plunged into the billows, and after an hour's struggle had righted and bailed out the barge, gathered up from the beach the missing oars, and pulled the boat beyond the line of breakers into comparatively smooth water. Embarkation commenced again, and the tender in four trips put on board all of the party save the quartette, who could not be induced to make the attempt, but "would get on board above the bar," where it would be impossible to get within an eighth of a mile of the shore.

But the time for argument had past, and they were left to wearily tramp among the lagoons, bayous and rocks of Gerrish's island. The wanderers could be traced by their cries as they sank in some slough of despond, or by their flickering light as they toiled their way over dangerous rocks. At the upper end of the island, after mighty hallooing, communication was established, and the land force notified that if they could reach Kittery Point, transportation would be in waiting; upon which the four Jumbos plunged into the wilderness to the tune of Pleyel's hymn.

On the arrival of the boat at the point, a relief corps was organized to march to the island in search of the missing party, the reserve bivouacking under the hospitable roof of Safford's hostelrie, where after waiting several hours, the quartette turned up, their nether extremities encased in the slimy deposits of Chauncey's creek. An hour later the searching party returned, disgusted, ugly and hungry; a steaming midnight breakfast, however, was served with fragrant and delicious coffee, which reinvigorated and refreshed the body and drove out the depressed spirits; and all, forgetting their misfortunes, gaily re-embarked and with songs and shouts of laughter glided up the Piscataqua, arriving in Portsmouth just as the tail of Cruls' comet was whisking above the eastern horizon.

Thus ended the October field day of twenty-four hours.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

Yours for Health

HEART DISEASE

IS YOUR HEART SOUND?

Now *Many people think themselves healthy who are not aware of the disease lurking in their hearts. Many have died suddenly who had been under the care of a doctor for kidney or liver trouble, or dyspepsia, while of the heart they were known, the real cause is at the heart.*

The renowned Dr. Clendinning, startlingly says "one-third of my patients above 40 are victims of heart disease."

Dr. Graves a celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained of your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.* (1)

At Cincinnati, Oct. 17th, William Saube, a gardener, sixty years old, shot his son, William Saube, Jr., and then cut his own throat. Both are dead.

A despatch from Chicago says: "It is likely that the three unknown persons drowned at Chicago on Sunday afternoon are the husband and two children of Mrs. Amelia Hanson. They are missing. This drowning was the result of the strange ruling of the supervising inspectors of steamboats, that tugs must not, under a fine of $500 for each person carried, take any passengers on board. Tug owners have humanely insisted on exceptions in cases where they would save drowning persons, but no exception was allowed. Six lives have been sacrified in this harbor as the result of this inhuman ruling." He must be a queer kind of steamboat skipper who would refuse to take a drowning man out of the water, law or no law.

The labor trouble in Biddeford between the shoe manufacturers and employes does not seem to be settled, as many had begun to think, and hoped. Monday morning, the 16th inst., the gang of men working for H. L. Day went out on a fresh strike, and new trouble seems to be brewing. It is reported that Mr. Day has been in Lewiston and secured help, with which he intends to proceed with the work. He says he will never again hire a man who is a member of the Lasters' union. Mr. Day had offered the strikers $13 a week, which they would not accept.

—You cannot compare the stage to an angle simply because it has wings.

Dr. Pierce's "Golden Medical Discovery" has become so thoroughly established in public favor that were it not for the forgetfulness of people it would not be necessary to call attention to its power to cure consumption, which is scrofula of the lungs, and other blood diseases, as eruptions, blotches, pimples, ulcers, and "liver complaint."

An attempt was made to wreck the train from Manchester to North Weare, Oct. 16th, by placing ties on the track near Goffstown Centre. There was no damage done.

If you have rheumatism or neuralgia apply a *Hop Plaster*; it has a wonderful soothing effect and its pain-allaying properties will afford immediate relief. 25 cents at druggists.

Thomas E. Hoagland, travelling agent for H. B. Newhall, wholesale hardware dealer of New York, registered at the American house, Dover, on the 14th inst. He went to bed at the usual hour, but when the porter went to call him next morning he got no answer. Smelling gas he became alarmed, and entering the room through a window, found Hoagland with his head on the floor and legs on the bed, nearly dead from escaping gas. He is now recovering.

The Safest Way.

The safest and surest way to restore the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

"Cedarcroft," Bayard Taylor's homestead, near Kennett Square, Pa., was sold at auction on the 17th inst. for $14,050. The purchaser was a farmer named Isaac Warner of Hatboro.

How She Saved Her Darling.

"I shall not feel so nervous again about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few spoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

Edward Clark, president of the Singer Sewing Machine company, died at his home in Cooperstown, N. Y., Oct. 14th, in his seventy-third year. He is credited with an estate valued at $25,000,000.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to anybroken-down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial. It never fails to give quick and permanent relief.*

If you are troubled with *any* weakness or complaint common to our sex, lay aside the doctor's prescription for once, and try "Ladies' Tonic," which we guarantee will positively cure you. **One Bottle is Sufficient.**

Women's Medical Institute is an Association of *Wives and Mothers* of years' experience, who give advice and answer letters from ladies, *Free.*

Advice will be given for any case of Female Weakness or inability to use "Ladies' Tonic" with our cure. This is a *bona fide* offer, made by *responsible* ladies who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore. Nov. 28, 1881.

I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

"If you are a woman and want both health and beauty, remember that all superficial efforts to increase your personal charms are vain. Freshness and beauty, accompany health, and to secure this Mrs. Lydia E. Pinkham's remedies for all female weaknesses offer the surest means of renovation. The highest intelligence loses its lustre when it must find expression through a bilious complexion. Good for either sex.

The Georgiaville dam, eight or ten miles above Providence, R. I., is reported to be in a very dangerous condition; it is about 500 feet long and forty feet high, built between two knolls, and rests on a morass under which is a bed of quicksand. The amount of water confined is enormous, and should the dam break great destruction must ensue; gangs of men are at work endeavoring to lower the water, which has been drawn off as far as is possible without blasting.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter.

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Parker's Hair Balsam

Satisfies the most fastidious as a perfect Hair Restorer and Dressing. Admired for its cleanliness and elegant perfume. **Never Fails to Restore Grey or Faded Hair** to its youthful color. 50 cts. and $1 sizes at all druggists.

PARKER'S GINGER TONIC

Ginger, Buchu, Mandrake, Stillingia and many of the best medicines known are here combined into a medicine of such varied and effective powers, as to make the Greatest Blood Purifier & the **Best Health and Strength Restorer Ever Used.**

It cures Dyspepsia, Rheumatism, Sleeplessness, all diseases of the Stomach, Bowels, Lungs, Liver, Kidneys, and all Female Complaints.

If you are wasting away with Consumption or any disease, use the TONIC to-day. It will surely help you. Remember! it is far superior to Bitters, Essences of Ginger and other Tonics, as it builds up the system without intoxicating. 50c. and $1 sizes, at all dealers in drugs. Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them at early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

MUSIC AT "THE WENTWORTH."

When it was settled that I was to have charge of the orchestra at the Wentworth house for the season of 1882 (July and August,) I conceived the idea of gathering a few facts concerning the duties of an orchestra at a summer resort, which perhaps would be interesting to the public.

Our orchestra was made up of director, two first violins, one second violin, one viola, one cello, one double bass, two clarionets, two cornets, two French horns, one trombone, one flute, and last, but not least, the drummer, whose hands may truly be said to be full. Really I think he is a performer who is not fully appreciated by the public.

Very few understand the amount of talent and practice that is necessary to make a first-class orchestral drummer. He must be able to play well the snare drum, tympanies, steels and xylophone, besides the innumerable little instruments which he is supposed to give a poke or a shake to as they occur in his music, such as triangle, cuckoo, cricket, castanets, clogs, sleigh-bells, champagne pop, whip, birds, baby cry, rattle, etc. It is plain to see that a man troubled with rheumatism, or joints that are the least inclined to stiffness, would not make a successful orchestral drummer. I am thus particular in speaking of this performer because I think him the least understood, and worthy of an extended notice.

The orchestra gave in July and August 103 concerts, and played for twelve hops. The guests did not seem inclined to dance much, which was not a disappointment to the orchestra, as concert music is more interesting. The whole amount of time that the orchestra was engaged in playing was 216 hours and 40 minutes. At every concert given we had the satisfaction of playing something new; not in every case an elaborate selection, but something that we had not played before, if not more than a galop.

We played 303 different pieces of music 849 times. Minuets, polonaises, cornet solos, gavottes, medleys, horn solos, serenades, flute solos and clarionet solos, 64 in number, we played 230 times; 39 overtures, 135 times; 28 selections from different operas, 96 times; 62 sets of waltzes, 117 times; 31 quadrilles, 47 times; 31 marches, 96 times; 17 galops, 51 times; 4 polkas, 18 times; 7 redowas, 9 times; 18 sets of lancers, 22 times; 1 schottisches, 28 times. The light operas were most in demand, particularly "Patience" and "Olivette," the former taking the lead. Of the overtures, William Tell was the most called for. A particular favorite was the "Danse des Sultanes," by Polak Daniels. But "Dancing in the Barn" stood at the head of the list. A little explanation perhaps would be well here, as it may give the impression that the musical tastes of the guests were not of a very high order.

Before I had been a week at the Wentworth, I found there was an element that asserted itself very powerfully—the children. At first I rather ignored them, but was brought to my senses in short order. My attention was first called to the fact that I must expect trouble if I did not conduct myself carefully, by a small boy dressed in short velvet pants, silk stockings, fancy jacket, nobby cap and stylish sash, who bounced right into the middle of the orchestra in pursuit of a pretty butterfly. Expecting every moment to see him put his head through the bass drum, or his foot through some one of the other instruments, I unceremoniously seized him by the loose part of his velvet pants with one hand, and the top of his jacket with the other, and put him outside the railing. No sooner was the young hopeful recovered from his astonishment then he turned upon me and said, "Look here! You had better not get 'us boys' down on you." It was the means of drawing my attention to "us boys." I noticed that our genial manager, Mr. Thompson, seemed to have solved the problem, for if "us boys" disturbed people in the parlor, he soon had them all in the dance hall as if by magic, and not one of them offended. Talk about being a good general! A man is deserving twice the credit who can manage the boys in a large hotel. Mr. Thompson's assistant, Mr. Emmons, the man of more than good judgment in hotel matters, was always calm on trying occasions; I have seen a boy before him ask one hundred questions as fast as he could get them out, and Mr. Emmons not flinch. Then I remembered the characteristic answer that Mr. Jones gave the gentleman who asked him why he should go to the foolish expense of making a large pond out back of the house, put a little steamer on it, and hire a man to run it, just to please the children? "Why, don't you know that little boys and girls make men and women, and that ten years from now they will remember with pleasure the little pond and steamer back of the Wentworth, and will be more likely to visit us in the future? And what do we live for, if it is not to make all the happiness we can?" After so many good examples I of course saw my way clear, and when a boy or girl came to me (which was quite often) with "Please, won't you play 'Dancing in the Barn?'" in most cases they got it, and everything ran smooth. With more respect for "us boys" since the season of '82, I am yours truly,

H. L. HARLOW.

AROUND HOME.

Notwithstanding the great expense attending the production of a concert such as will be given in Music hall on Saturday evening, the prices of tickets are no higher than for ordinary entertainments seventy-five and fifty cents for reserved seats; to be had at the Congress block bookstore.

The clerk of ward two on Thursday evening drew from the box the names of five gentlemen to report as jurors at the supreme court on the 30th inst.

The surface of the north pond was on Thursday last thickly dotted with dead eels, flounders and other fish, suffocated by the fragrance of the semi-fluid substance of which the pond is composed. Any fish is justified in dying when he finds himself in such a mess.

Mr. Lewis E. Staples has secured the agency for the Dorcas, Saxony, Knitting Worsted and Germantown yarns, which have become so popular throughout the east. The shades and colors are just what are wanted.

More seaweed has been hauled from the beaches in Rye since the September storms than ever before in the same length of time.

The new independent anti-bossism club of Dover—the Montgomery club, composed wholly of citizens of Irish birth or descent who have hitherto acted with the democratic party—effected a permanent organization on the evening of the 17th inst. by the adoption of a constitution, and the election of the following officers: President, Patrick Gorman; vice president, Timothy Vaughan; financial secretary, T. H. Gorman; recording and corresponding secretary, Cornelius Sullivan, Jr.; treasurer, Michael R. Kennedy; committee on finance and investigation, Thomas Kavanaugh, Patrick Cragin, Michael McGuigan, James Murtaugh and Michael F. McCarty.

How They View It.

The democratic papers of the east deny that the democratic success in Ohio was a free-rum victory; but the saloon keepers and whiskey and beer makers of Ohio evidently so regard it. At a meeting of the "Union for Rights," an extensive organization of New York liquor dealers, a day or two since, the following despatch was received from Charles Nussar, president of the Liquor Dealers' Association of Ohio, and was read amid applause:

The liquor dealers of Ohio send greetings to their brethren of New York, and hope that New York will take example from Ohio.

If the result of the Ohio election was not a liquor dealers' victory, it evidently pleases the liquor dealers immensely.

A $20 Biblical Reward.

The publishers of *Rutledge's Monthly* offer twelve valuable rewards in their Monthly for November, among which is the following:

We will give $20.00 in gold to the person telling us which verse in the New Testament Scriptures (not the New Revision) contains the greatest number of words by November 10th, 1882. Should two or more correct answers be received, the reward will be divided. The money will be forwarded to the winner November 15th, 1882. Persons trying for the reward must send twenty cents in silver (no postage stamps taken) with their answer, for which they will receive the December Monthly, in which the name and address of the winner of the reward and the correct answer will be published. This may be worth $20.00 to you; cut it out. Address Rutledge Publishing Company, Easton, Penn.

The court of appeals in New York has decided that there is property in a street which cannot be taken from an owner without compensation, and that elevated railroads cannot be conducted regardless of the rights of real estate owners. It had before been considered that only consequential damages arising from the effects of cinders, etc., were to be awarded, but the court goes further, and as we think correctly considers the rights of property owners in this respect.

There is a "corner" in rubber, and the price of the raw article has gone up, though the crop is not short. A New York broker has bought up all the available rubber in this country and Europe, and got control of the South American production.

Gov. Hagood of South Carolina has appointed the 204 commissioners, who are to act as election judges in the state, and of that number 181 are democrats of the Hamburg-Butler breed. It doesn't take much of a prophet to tell which ticket will be declared elected in that state, no matter how the voting goes.

It is observable that several church conventions at Saratoga somehow happened to get there the week of the great races.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

Solomon Gray, Newmarket, embezzlement.

Odiorne vs. Portsmouth. This was an action brought by Marian L. Odiorne of Rye to recover damages for personal injuries received by falling on the sidewalk on Market street in front of the store of Mr. M. M. Collis and near the building formerly occupied by the Trust & Guaranty Co., on Dec. 8th, 1880. It appeared from the testimony that Mrs. Odiorne was walking with her husband, and slipped on a piece of ice formed from snow melting on the roof the day previous, and running down the gutter and freezing on the sidewalk near the kerbing, where it backed up on the walk a distance differently estimated by various witnesses. The plaintiff's witnesses testified that the walk was very slippery and dangerous; the defendant's witnesses said the ice patch was small, being about two feet square and on the edge of the walk, and that there was no occasion to slip down if due care had been used. The evidence was closed at five o'clock, and the argument for the defence was made by Wallace Hackett; the court then adjourned. Frink & Batchelder for plff.; City Solicitor Hackett for the city.

The plaintiff will argue Friday morning at nine o'clock.

STEAMER "MAJOR" BURNED.

The steamer Major, which formerly ran as a passenger boat between this city and the Oceanic hotel at the Shoals, was burned at Pier 8, Philadelphia, at three o'clock in the morning on the 16th inst. The freight station of the Narrow Gauge railroad, a large frame building, took fire, and burned furiously, destroying the wharf, (which also was covered with freight,) a new steamer valued at $45,000, and the Major.

The engineer of the Major, Mr. William Gerting, who has had charge of the steamer Appledore's engines every season for many years, and has made friends of all who have met him, was asleep in the cabin of the Major, and on being aroused ran to the engine room to try and get the boat out of the dock; he got in through a window, but the fire went in with him, and throwing a woolen shirt over his face he jumped from the opposite window upon the blazing deck, and ran up the wharf with only his shirt and drawers on. The bottoms of his feet and the backs of his hands were badly burned, and his head pained him terribly the next day; but otherwise he was not much harmed. In three minutes from the time Mr. Gerting was roused the steamer was one mass of flames, and very soon she sank in the dock; had the alarm come one minute later he would have perished.

The Major was the best steamer of her size that was ever on this river, being an excellent sea boat, fast, and strong on a tow; she registered 97.25 tons, and hailed from this port. Mr. Gerting owned more than half of her, and every person who knows him will hope she was well insured.

RAILROAD NOTES.

The Eastern railroad has recently received four handsome and powerful engines from locomotive works in Rhode Island, the weight of each being thirty-five tons, and the cost $13,000 apiece. They are adapted to either freight or passenger business, and are numbered 4, 12, 19 and 20, taking the places of old engines. All the numbers are now full up to 105; and No. 106, built at the company's works in East Boston, will go on the road in a few weeks. One of the new engines has been assigned to the Pullman train, and another to the freight train from Boston to this city. Nos. 4 and 12, from the Burnside Co. of Providence, take the numbers of condemned shifting engines; one of them on Thursday morning brought in the Boston freight train, and in the train were two other locomotives from the same company, numbered 55 and 56, for the Chicago & Grand Trunk railway. The motive power of the Eastern is now in excellent condition; its efficiency has been shown during the past summer, when the trains, though carrying an unusually large number of passengers and great quantities of baggage, have been wonderfully punctual in their running time.

The arrangement for the Pullman train from Boston to Bangor is, for the present, that way passengers for the eastward, from stations west of Ipswich, Mass., will take train No. 85, which leaves Boston at 6:40 P. M., reaching Ipswich at 7:45, and there take the Pullman train, which arrives at that station at 7:58. The Pullman stops east of Ipswich only at Newburyport and Greenland, reaching Portsmouth at 8:50, in one hour and fifty minutes from Boston; it runs express between Boston and Ipswich.

George Cook of Burnham, Me., a freight brakeman on the Maine Central road, was run over and killed on the night of the 18th inst. five miles from Bangor, by an express train.

GILMORE'S BAND CONCERT.

The Boston papers, in their comments on the immensely successful concert given in the Boston theatre a few evenings ago by Gilmore's band and Miss Emma S. Howe, praise the performers "way up," individually and collectively. The programme was nearly doubled by encore selections, the audience being too enthusiastic and persistent to be put off. Mr. Bent, the cornetist, is declared a dangerous rival for Levy; while the trombone player, Mr. Innes, astounded even the musical critics by his wonderful performances. The euphonium, piccolo and clarinet solos were all encored; and Miss Howe's vocal selections were "one of the great successes of the programme." The numbers allotted to the full band "were given with a brilliancy and finish that left nothing to be desired."

At Music hall Saturday evening; tickets at Myers'.

On Thursday evening, Oct. 26th, at Music hall, "The Danites" will be performed by McKee Rankin's authorized company, with Miss Lizzie May Ulmer as Nancy Williams and Billy Piper.

The cottage house No. 16 Dennett street, belonging to the estate of the late Elizabeth Ham, was sold at public auction at noon on Thursday last to Daniel D. Waldron for the sum of $450.

Steamer Startled Fawn, which made so many excursions trips to this port during the past summer, has gone into winter quarters at Newburyport.

The road in Rye from "Long John's road" to Foss' beach is being widened and straightened. When completed it will be the finest road in Rye.

The Boston *Traveller* of the 19th inst. says: "Rev. James DeNormandie, of Portsmouth, N. H., has been called by the Unitarian parish of Worcester."

HEART DISEASE!

IS YOUR HEART SOUND?

Many people think themselves afflicted with liver or stomach complaint, when if the truth were known, the real cause is at the heart.

The renowned Dr. Cheesbrough, horribly says "one-third of my patients have symptoms of heart disease."

The heart weighs about nine ounces, and yet man's heart weighs pounds of blood passes through it once in a minute and a half, resting not day or night! Surely this subject should have careful attention.

Dr. Grames, a regular physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained of your druggist, $1. per bottle, six bottles for $5. Send stamp for Dr. Grames' thorough and exhaustive treatise.* (1)

News and Notes.

On the 18th inst., at Baddeck, C. B., Joseph B. McDonald, a barrister of Arichat, fatally shot James Crowdis, a hotel keeper. The assassin was arrested.

River pirates boarded a lighter at the Inman dock in New York on the night of Oct. 17th, tied the captain in his cabin, and stole two tons of pig iron. The captain got loose and fired at the thieves, who in return shot him fatally. A crowd on the wharves allowed the pirates to escape, and the police in explanation say the river thieves have established a genuine reign of terror along the river front.

William Harmon, a leading citizen and business man of Madrid, Iowa, was for a long time very attentive to Miss Hattie Myers, a milliner, and engaged to marry her. Recently he made a trip east, and returned with a bride. On the 16th inst. Harmon and his wife were in a store making purchases when Miss Myers entered, and was cordially greeted by Harmon, who introduced his wife. Miss Myers quietly extended her congratulations, and then drawing a revolver shot Harmon back of the ear, the ball penetrating to his mouth. She then attempted to kill herself by shooting, and afterward tried to cut her throat, but her weapons were taken from her. It is supposed she is insane.

The present comet in the eastern sky, which can be still seen by everyone at early morning, is certainly the most remarkable one of all the modern comets. Prof. Lewis Swift, director of the Warner observatory, Rochester, N. Y., states that the comet grazed the sun so closely as to cause great disturbance, so much so that it has divided into no less than eight separate parts, all of which can be seen by a good telescope. There is only one other instance on record where a comet has divided, that one being Biela's comet of 1846, which separated into two parts. Applications have been made on Mr. H. H. Warner by parties who have noted these cometary offshoots, claiming the $200 prize for each one of them. Whether the great comet will continue to produce a brood of smaller comets remains to be seen.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

203 S. Paca St., Baltimore.
Nov. 28, 1881.

I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.
JOS. MCCAWLEY.

BROWN'S IRON BITTERS is *not* a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.

SULPHUR BITTERS

Political Matters.

There was a prohibitory state convention in Concord on the 17th inst., when the following nominations were made: Governor—Josiah M. Fletcher, of Nashua; railroad commissioners—S. C. Baker of Ashland, Geo. B. Dodge of Hampton Falls, Wm. H. Tasker of Great Falls; congressmen—first district, A. H. Carter of Raymond; second district, S. C. Baker of Ashland.

There was a large republican meeting in Dover on the evening of the 19th inst., when Senator Blair and Capt. Boutelle spoke on the issues of the campaign. Hon. Zimri S. Wallingford was invited to preside, but declined, stating that he "is not in sympathy with the republican party in this campaign."

Porter B. Watson of Littleton, an ex-member of the legislature, has been nominated by the democrats for treasurer of Grafton county, in place of Charles F. Eastman, declined.

The *Herald of Gospel Liberty*, the religious organ of the Christian denomination, published at Dayton, Ohio, under date of Oct. 19th thus refers to the late election in that state: "The Ohio saloon keeper smiles broadly since the election. He never fails to understand when his interests are at issue. Temperance men are often in doubt as to what their duties are, but whiskey men make no such mistakes. The present apparent disaster will not discourage earnest men."

An error in the first reapportionment of Tennessee will, it is said, throw out the whole Tennessee delegation to the next Congress. It appears that through an error three counties were entirely omitted from the apportionment bill, and they are consequently unrepresented.

An exchange says: "Man's average life is 33 years." Dr. Bull's Cough Syrup will always live.

On Sunday, the 15th inst., as two sons of Mr. Alexander Ross of Mapleton, Me., were playing with a pistol, it went off, the charge taking effect upon the breast of the younger, inflicting a very dangerous wound.

"When I publicly testified that I had been cured of a terrible skin humor by the Cuticura Remedies, I did so that others might be cured, and do not regret the time given to answering inquires."—Hon. William Taylor, Boston.

Kiddick Powell, Simon O. Guinn, Joe King, Bob Donaldson and Ella Moore, all colored, were hanged at Eastman, Georgia, Oct. 20th, for the murder of a white man named James Harvard at a camp-meeting in August last.

Catarrh.

Relief in five minutes in every case; gratifying, wholesome relief beyond a many. Cure begins from first application, and is rapid, radical and permanent. Ask for Sanford's Radical Cure. Complete for $1.

A drunken young man, supposed to be Lewis Benway of Holyoke, stumbled in front of a train at North Hatfield, Mass., last Thursday afternoon, and was killed.

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

Mr. White, whose accidental dropping of a lamp caused the recent large fire at Epping, has become partially deranged.

From Major Downs, Military Instructor, Mt Pleasant Academy, Sing Sing, N. Y.; During the very cold weather I was suffering with catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In two days was entirely cured. W. A. Downs, Feb. 15, 1881.

A gentleman from Orwell, Pa., called my attention to Ely's Cream Balm as a remedy for catarrh, hay fever, &c. He was so earnest in asserting it to be a positive cure (himself having been cured by it) that I purchased a stock. The Balm has already effected a number of cures. P. F. HYATT, M. D., Bordentown, N. J.

One of the old and faithful lady teachers in the public schools of Nashua was found to be insane on the 19th inst. She was visiting the grave of the late Rev. J. O'Donnell, and exhibited other peculiar indications of a broken mind. Her ideas are wholly of a religious character. She was taken in charge by friends. Her trouble is the result of overwork.

What Physicians Say.

SAN LEANDRO, CAL.

Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—I have employed your "Pleasant Purgative Pellets" in my practice for the last four years. I now use no other alterative or cathartic medicines in all chronic derangements of the stomach, liver, and bowels. I know of nothing that equals them. J. A. MILLER, M. D.

Mrs. Emma Snow attempted suicide by cutting her throat with a razor, at the house of her father, David E. Hadley, of Laconia, on the 14th inst. She had gone to her room only a few minutes before, and was heard to fall, her friends going to her at once and finding her throat badly gashed, but with no arteries severed. She will recover. Despondency caused the act.

Good Advice.

You will prevent and cure the greate part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

The city of Keene will soon issue $160,000 of bonds in payment of the subsidy to the Manchester & Keene railroad, and $70,000 of sewerage bonds. These, with the outstanding water bonds amounting to $140,500, will make the total debt of the city $570,500. The new bond will bear interest at the rate of four per cent, and it is understood can be sold at a premium.

In fevers, malaria, biliousness, heartburn, etc., nothing is so beneficial as Brown's Iron Bitters.

Some heartless wretch recently put a charge of squirrel shot into a horse belonging to a Mr. Gaffney of Cornish. The horse was badly injured, and will probably die.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free, send stamp for names of those who have been cured.

Thomas G. Chick, of the firm of Chick & Co. of Madison, fell from his team on Thursday, Oct. 12th, dead. Supposed to be heart disease.

The *Hop Plaster* will cure back ache, and all other pains instantly, 25 cts., only, at druggists.

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Parker's Hair Balsam

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration as the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. Stawtjans

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

John Voetsch, a German of Turner's Falls, Mass., fell through a Fitchburg railroad bridge a few nights ago, dislocating both hips. On the 18th inst., in a fit of despondency, he cut his throat with a razor, and will probably die.

Too much cannot be said of Adamson's Botanic Cough Balsam, as it is the best remedy for coughs, colds, etc., that I have ever seen, and to its wonderful effects I owe my recovery. It is well worthy of praise, and I would advise all to use it who are afflicted.

A chimney at the new Acushnet mills in New Bedford, 125 feet high, was undermined by the contractor last Thursday afternoon and overthrown, it having settled in consequence of wet weather.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Benson recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters Company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

A house at New Bedford, 160 years old, is being torn down. No nails were used in the construction, but wooden pegs were employed. An English coin bearing the date 1723 was found in the building.

The Safest Way.
The safest and surest way to restore the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

Thomas Burke of Fall River, Mass., ill of typhoid fever, jumped from his chamber window early Thursday morning last, and ran about the streets without any clothing. He was caught by the police and taken home, but died soon after.

How She Saved Her Darling.
"I shall not feel so nervous again about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few spoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

Philip A. Wilson, twenty-one years old, of Lynn, Mass., bookkeeper for Francis Kenney & Son, fish dealers, is under arrest for stealing $2000 or more from his employers. It has since been learned that he robbed W. F. Goldsmith & Co., carpet dealers, of from $300 to $500, while in their employ, and stole about $1000 from S. N. Breed & Co., lumber dealers.

A lady of this city write:—"The anxiety of housekeepers for their silverware is relieved by using Electro-Silicon. The most incompetent servant will produce exquisite brilliancy without defacing the finest ware." Druggists and Grocers.

A youth escaped from the state reform school at Westboro, Mass., on the 18th inst. After his escape he attempted to assault a Northboro girl on the highway. He afterward stole a team from Nathaniel Kelley of Northboro, and started toward Worcester.

Portsmouth Chronicle.

SATURDAY, OCT. 21, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

Mr. Chandler's Letter of Acceptance.

Geo. Byron Chandler evidently wields a pen which is better adapted to endorsing checks at the Amoskeag bank than in endorsing democratic platforms. He writes a grandiloquent letter of acceptance, overflowing with what sailors term "Big dic.," but barren of ideas; the substance of it however is: "In times of the nation's prosperity the district should be represented in Congress by a swell member; therefore elect me." We spare our readers its high-sounding but empty phrases, which savor more of the schoolboy than the statesman, as far as concerns meeting the questions of the hour, all of which the banker-democrat decidedly dodges. The letter provokes even more of a smile among the Manchester democrats than did the patronizing memoir which so insulted the members of the Grand Army. "Only a private" will be heard from.

A Tennessee Tragedy.

At Knoxville, Tenn., Oct. 19th, Jos. A. Mabry and Jos. A. Mabry, Jr., were shot dead by Major Tom O'Connor, who in turn was shot dead by the younger Mabry.

The affray grew out of a dispute at a fair between O'Connor and the elder Mabry, the latter having notified O'Connor that he meant to "shoot him on sight." On the 19th Major O'Connor was standing in the door of the Mechanics' National bank, of which he was president, and seeing Gen. Mabry on the other side of the street, walking with another man, opened fire on him with a double-barrelled shotgun loaded with buckshot, killing him instantly. Young Mabry, who was within forty feet of O'Connor and unseen by him, then shot the latter with a pistol; and O'Connor, snatching up another gun, fired at his assailant, who fell in his tracks, dead, as also did O'Connor. Not one of the three hightoned ruffians spoke a word from the time the shooting began. Two passers-by were wounded by O'Connor's buckshot, and four others had their clothing cut.

A son of the elder Mabry was killed last Christmas by Don Lusby; and Lusby and his father, Moses Lusby, were killed a few weeks ago by Gen. Mabry and Joe, who were acquitted on a charge of murder, and are now dead themselves. Knoxville, Tenn., must be a nice place for a quiet man to live in.

News and Notes.

A train on the Atchison, Topeka & Santa Fe railroad was attaked at Lskin, Kansas, Oct. 18th, by fifteen drunken cowboys, headed by F. A. Mead, a discharged employe of the road, and scores of bullets fired through the windows; no one was hurt. A posse pursued the ruffians, capturing Mead and two of the cowboys in a short time.

Marie Prescott, the actress, has recovered a verdict of $12,500 against the American News Co., in a suit for libel. The libel consisted of charges against Miss Prescott's character, published by one Ernest Harvier in a paper circulated by the News Co.

At Knoxville, Tenn., Oct. 18th, Fanny Igoie, a pretty miss of eighteen, quarrelled wither h step-father, Frank Dearmond, because he would not let her go to a circus, and he slapped her in the face. Fanny snatched up a bread knife, and stabbed him in the neck fatally. She was arrested.

The associated press despatches of the 19th inst. contained the following: "The whites are organizing, arming and drilling at Annistod, Ala., to resist a threatened uprising of the negroes. The latter are armed and demonstrative. The fire engine at Annistod is fired up for an emergency." Now look out for a report of another terrible "negro riot," in which two or three dozen colored men will be killed or wounded, and nobody else hurt.

The city authorities of Paterson, N. J., have determined on a general revaccination of the inhabitants of the city. It has been discovered that the virus with which the first vaccinating was done was bogus, and that hardly any of the persons inoculated developed any vesicles.

Five indictments have been found against James H. Corey, the landlord of the Hotel Bellevue, at Seabright, N. J., who demanded and received $2,500 apiece last summer from Mr. Field and Mr. Levy for allowing their wives, who had been taken sick in the hotel with typhoid fever, to remain there. The indictments are for robbery, riot, extortion, assault and battery, and maintaining a nuisance.

The other day Mr. Orrin Hoxie, of North Fairfield, Me., was in his shed chamber near the top of the stairs. He got into a barrel to nail something over a hole in the bottom, and in rising up to get out he lost his balance and rolled down stairs in the barrel, dislocating one of his shoulders and otherwise bruising himself.

Thomas Donahue, of Newport, R. I., laid his gun down to tie up his shoe, and, as he did so, it went off, the whole contents of the barrel entering his thigh, lacerating the flesh in a most horrible manner. He is in a critical condition.

John Murphy, a boy seventeen years of age, has been arrested at Lawrence, Mass., and held for trial on the charge of maliciously stabbing two of his playmates, named Robert Bowie and Harry Littlefield. The former received slight cuts on the wrist, and the latter a serious wound across his right wrist. Murphy attempted to throw the Littlefield boy, who is only nine years old, under a heavy team, but the driver interfered and prevented. He shot a boy last June, which at the time was thought to be accidental.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.
NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.
WEAK AND SICKLY CHILDREN, who suffer from lassitude and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.
INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.
DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.
WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.
AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.
THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a PURPLE INK of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

LIFE INSURANCE!
The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.
Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.
Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

FRIDAY, Oct. 20th.

Case Odiorne vs. Portsmouth was argued for the plaintiff by J. S. H. Frink, Esq., at nine o'clock in the forenoon, and given to the jury soon after ten; at noon a verdict was returned in favor of the plaintiff, for $925.

Case Samuel Harris vs. David Brooks, action of trespass for assault and battery, was commenced at 10:30 o'clock. The parties belong in East Kingston, and Harris charged that in April, 1881, he was choked and beaten by Brooks, who made a general denial. E. G. Eastman for pliff.; Hatch for deft.

POLICE COURT.

FRIDAY, Oct. 20; *Batchelder J.*

James Buckley, charged with an assault on Michael W. Murphy, was discharged after a hearing of the case.

The eating saloon on Pleasant street, opposite the post office, recently run by Israel Marden, has been bought out by James W. Goodwin of the Kearsarge house, and it will hereafter be run under the management of Mr. James H. Robertson, a gentleman thoroughly competent for the position.

GILMORE'S BAND CONCERT.

The programme for the concert this evening is as follows:

Overture, "Der Freischutz," band; clarionet solo, polonaise from "Mignon," Herr Stockight; grand fantasie from the "Huguenots," band; trombone solo, "Les Folies Bergere," Mr. Innes; theme and variations, Miss Howe; cornet solo, "Cleopatra polka," Mr. Bent; "Rhapsodie Hongroise, No. 2," by Liszt, band; euphonium solo, "Concerto original," Signor Raffayolo; "American patrol," (new, by a member of the band,) band; piccolo solo, fantasie on "Come back to Erin," Signor DeCarlo; "Lo! Hear the gentle lark," Miss Howe, with flute obligato by Mr. Livain; "Melodies of Scotland," band.

WOMAN'S BOARD OF MISSIONS.

The New Hampshire branch of the Woman's Board of Missions held its annual meeting in Hampton on the 18th inst. It was a large gathering of ladies representing and bringing reports from the auxiliary societies of the counties of the state, and of ladies from the neighboring towns who are interested in the cause of missions.

The exercises were very interesting throughout. There were several ladies among those who addressed the meeting, who had spent many years in missionary work at different points—Mrs. Barrows from Cæsarea, Mrs. Atkinson from Japan, and Mrs. Caswell from the Indian mission in Dakota. They had each much to tell of their respective fields of labor, which interested the audience, and it is hoped will do much good in helping forward the cause of missions among the people.

A fine collation was served in the vestry of the church by the ladies of the place, and entertainment was given to those who wished to remain until the next day.

ROCKINGHAM CHRISTIAN CONFERENCE.

The Rockingham Christian Conference was held on Tuesday, Wednesday and Thursday of this week, with the Christian church of Salisbury Point, Mass. About sixty delegates were present, and the old board of officers were re-elected, as follows:

President, Rev. D. B. Murray; vice president, Rev. Joel Wilson; secretary, Rev. John A. Goss; treasurer, William H. Cate; executive committee, Rev. D. P. Pike, Rev. N. Day, Aaron P. Woodman.

The annual address by the president, the sermons delivered, and the several subjects discussed, were all listened to with marked attention. The denomination was reported to be in a very prosperous condition.

The visiting brethren were hospitably entertained by the resident population, the rooms of the Salisbury Point Yacht club being placed at the disposal of the ladies.

SUNDAY SERVICES.

At the Middle street (Baptist) church, Rev. W. H. Alden, D. D., pastor, services at 10:30 A. M. and 7:30 P. M.; Sunday school at the church at 2:45 P. M.

At the Court street (Christian) church, Rev. J. A. Goss, pastor, preaching at 10:30 A. M. and 2:45 P. M.; prayer meeting at 7:30 P. M. All are welcome.

At the Freewill Baptist church, on Pearl street, Rev. J. Herbert Yeoman, pastor, service at 2:45 P. M.; Sabbath school at 10:30 A. M.; prayer meeting at 7:00 P. M. Prayer meeting Tuesday and Friday evenings at 7:30.

At St. Mary's (Catholic) church, Rev. E. M. O'Callaghan, pastor, children' Mass at 8:30, Solemn Mass at 10:30 A. M.; Sunday school at 3:00 P. M.

At the Advent church, services at 10:15 A. M., 2:45 and 7:30 P. M.

Society of Spiritualists, in Good Templars' hall (over Morse & Ilsley's office;) services at 2:45 and 7:30 P. M.

At the Pearl street church, Sunday evening, Rev. J. Herbert Yeoman will deliver an illustrated lecture on "The life of St. Paul."

Rev. C. P. Smith of Wolfeboro will preach in the Christian church, Court street, morning and afternoon.

Elder S. H. Atkins will preach in the Advent church.

Rev. Dr. Sears of Manchester will preach in the Episcopal church.

The U. S. S. Powhatan, with the Constitution in tow, sailed from the Brooklyn navy yard on the 19th inst. for this port, where the Constitution is to be stationed as a receiving ship. It has been stated that the Constitution will be moored in the berth formerly occupied by the Sabine, off Pumpkin island, but this would seriously discommode the steamboat traffic between this city and Kittery.

So many men from this side of the river are now employed on the navy yard, that the steamer Mystic on her "workmen's trip," Friday morning, had to take in tow a seine-boat loaded with passengers, in order to accommodate all who desired transportation across the river.

An order has been issued on the navy yard that no intoxicated person be allowed to pass on the yard, or receive passage on any of the government boats.

The great success of the concest in the Boston theatre by Gilmore's band, has led to the engagement of the organization to give a sacred concert in the same place to-morrow evening.

The Boston *Post* on Friday made the following statement: "It is now thought that within a very short time there will be no five-cent trains between Boston and Lynn. The Eastern railroad is willing to compromise the matter, and at the last meeting of the Revere Beach railroad directors a committee was appointed to take the subject under consideration."

A newspaper man of this city, after having for three weeks vainly endeavored to rise early enough in the morning to see the comet, last Thursday gave it up as a hopeless job, and decided to stay up all night, or until the comet appeared. The new plan was a brilliant success. He informs us that at half-past four o'clock, Friday morning, he saw a most glorious sight—eleven comets, with their tails all pointing in different directions, and five half-moons, or five comets and eleven half-moons, he is not sure which; he had the correct numbers on a piece of paper in his hat, but having unfortunately lost his hat before reaching home, cannot now verify his statement. In answer to our suggestion that the moon set about midnight, Thursday night, he says he don't care; he saw at least five of 'em Friday morning, and it was the most magnificent celestial display he ever witnessed. Lucky for him he is a single man; had he been married he would have seen stars enough after reaching home to eclipse all his comets and moons.

The schooner Gold Hunter, Weare master, sailed from Kittery for Boston on the 20th inst., with a cargo of wood put on board by Mr. E. C. Spinney, who has 800 cords ready for shipment.

At Berwick a few days ago, a boy named Harry Hillard, playing with a bow, shot the arrow into the eye of his grandmother, Mrs. John Jellison, and it is feared that the old lady will lose the eye.

As Mr. George Muchmore of Kittery, foreman blacksmith in the department of construction on the navy yard, was driving out in that town on Friday last in company with his daughter, his team came in collision with one driven by Mr. George Thompson of York, and both vehicles were badly smashed. Mr. Muchmore and his daughter were thrown out, and the lady badly injured.

The boatmen at Yale are enthusiastic over the new freshman coxswain. The college paper speaks highly of his work, as does the New Haven *Register*. Speaking of the recent race between the freshmen and the scientific school in eight-oared boats, the New Haven correspondent of the Boston *Journal* says: "Contrary to all expectation, the freshmen won their race. The freshman coxswain, W. B. Goodwin of Biddeford, Me., will stand a good chance for university coxswain. He has had some experience at Exeter, and weighs about 100 pounds out of training. He steered remarkably well in yesterday's race. After the experience of last June, Yale will be glad to get a competent coxswain. Mr. Goodwin is the youngest son of Hon. John M. Goodwin of Biddeford, Me. He made a good record at Exeter as coxswain, and also took the highest prizes for individual playing in the tennis tournament."

Naval Affairs.

The Hartford, flagship of the Pacific squadron, Capt. C. C. Carpenter commanding, arrived at Montevideo on the 17th inst.

The Swatraa sailed from Simonstown, Cape of Good Hope, for Hampton roads, on the 19th inst.

Steamer City of Antwerp and ship Constantia were sunk by collision off Eddystone on the 18th inst., and fourteen of the steamer's crew were drowned.

GRAND CONCERT.

Saturday Night, Oct. 21.

Gilmore's
FAMOUS
MILITARY BAND
OF NEW YORK.
40
EMINENT MUSICIANS,
Under the Personal Direction of MR. P. S. GILMORE.

The following eminent soloists will appear at each concert:

Mr. B. C. BENT, in the first rank of Marvelous Cornet Players.

Mr. F. W. INNES, whose wonderful performances on the Trombone have caused the Press of Europe to pronounce him "the Paganini of Instrumentalists."

SIGNOR RAFFAYOLO, without a rival on the Euphonium.

SIGNOR DeCARO, a phenomenal performer on the Piccolo.

The Band will also include a Quartette of French Horns and a Quintet of Saxaphones.

In addition the above great organization, the management has the pleasure to announce the charming young American Soprano

MISS EMMA S. HOWE

Whose splendid voice and marvelous execution have won for her the highest praise of musical critics.

The programme will include the choicest popular and classical gems in the reportoire of the Band.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

HEART DISEASE

Now IS YOUR HEART SOUND?

Many people think themselves sick and suffer for kidney or liver troubles, or dyspepsia, while if the truth were known, the real cause is at the heart. The renowned Dr. Clendinning, startlingly says "one-third of my subjects show signs of heart disease." The above remarks about nine-ones, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, resting not day or night! Surely this subject should have careful attention. Dr. Graves' Celebrated Heart Regulator is a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' Startling and exhaustive treatise.* (1)

CITY OF PORTSMOUTH.

In the year of our Lord one thousand eight hundred and eighty-two.

AN ORDINANCE providing for a temporary loan to meet deficiencies in the appropriation for the year 1882.

Be it Ordained by the City Councils of the City of Portsmouth as follows:

SECTION 1. The Mayor is hereby authorized to negotiate a loan on the credit of the City, for a term not exceeding one year, at a rate of interest not exceeding six per cent., of a sum not exceeding seven thousand dollars, to be applied to the payment of bills under the following accounts, the appropriations for which have been expended, namely:

Streets,	$1000.00
Police,	300.00
Street Lights,	1000.00
Roads out of compact part of city,	500.00
Sewers,	500.00
Sidewalks,	500.00
Contingent,	1000.00
Health Committee,	200.00
Support of the Poor,	2000.00

SECTION 2. The payment of said loan shall be provided for in the next annual appropriation bill.

Passed October 5, 1882.

ALBERT R. JUNKINS,
President of the Common Council.
JOHN S. TREAT, *Mayor.*

[From the Portsmouth Journal.]

—At the ninth annual session of the State Pharmaceutical Association, held in Concord on Tuesday, Joseph H. Thacher of this city was chosen a delegate to the American Pharmaceutical Association, to be held in Washington, D. C., in September, 1883.

—The managers of the Eastern railroad state that in spite of the five-cent fares to Lynn and the comparatively small business done to that point, its earnings for the first week in October were larger, by fully $2000, than those for the corresponding week in 1881.

—The seventieth birthday of Mrs. William Blake of Hampton, which occurred a few days ago, was happily remembered by a large party of relatives and friends, who gave her a surprise party. Supper was served and a "right smart" time generally was the result.

—Chas. N. Healey, Esq., of Stratham, has harvested six acres of potatoes near the Ridge School house the whole crop footing up 480 bushels of marketable potatoes and 120 bushels of small ones. If the season had been an average one he probably would have raised over 1200 bushels.

—George Lane, general baggage master of the Eastern railroad, was at Grand Rapids, Michigan, a few days ago, with his wife, as guests of Mr. Horace A. Lamos, formerly of this city, who is manager of the depot restaurant there. Mrs. Jeff. C. Rowe and child, of this city, also arrived at Mr. Lamos's the same evening.

—Gen. J. N. Patterson, U. S. Marshal, on Wednesday of last week, attached the real estate of Catherine Ryan, at Milford, on a suit in favor of the United States, the writ being returnable to the United States court at Portsmouth on the 8th of May next. This is the woman who, with her husband, have been sent to prison for pension frauds.

—The *National Republican*, of Washington, says, President Arthur and Secretary Chandler, on their recent visit to Portsmouth, N. H., examined the Sagamore property as a site for a United States marine hospital. The Sagamore is a site by itself, containing about fifty acres. The situation is considered the best on the New England coast.

—A tract of tillage, pasture and woodland, comprising 28 acres, belonging to Capt. Ames of and at Hampton, and adjoining Gen. Gilman Marston's mineral springs, has been sold at auction to the latter gentleman. Gen. Marston bought another piece containing about 14 acres a few weeks previous, at private sale, and this, together with what he has owned for some years, makes a tract of 60 acres.

—Rev. William A. McGinley of this city, while making a pedestrian trip over the peaks of mountains in the White mountain region in August last, discovered a spring of pure, ice-cold water, on the Glen side of the path leading over the summits of the Presidential range, and between Mts. Jefferson and Adams. This spring, which was wholly unknown to guides, was reported to the secretory of the Appalachian club, which latter would doubtless see that the spot was properly marked.

—The new degree adopted at the recent session of the Sovereign Grand Lodge of Odd Fellows, at Baltimore, called Camp of Uniformed Patriarchs, has been promulgated at Concord, Camp Wildey No. 1 having been instituted with eleven charter members, Grand Representative John H. Albin communicating the work. Camp Ridgely No. 2 was instituted in Manchester last week, by John E. Colcord, of Portsmouth. Mr. Joseph H. Gardiner, of Portsmouth, was also present and received the degree.

—During the past twenty-five years the Portsmouth navy yard has had twelve commodants, as follows:—

Captain John Pope	1857
Commo. G. F. Pearson,	1860
" T. Bailey,	1864
" Jos. Lanman,	1867
" J. A. Winslow,	1869
" A. M. Pennock,	1870
" J. C. Howell,	1873
" A. Bryson,	1874
" Earl English,	1876
" Jno. Guest,	1877
" J. C. Beaumont,	1879
" C. H. Wells,	1881

Of the above only three are now living, Bryson, English and Wells. The records show that previous to 1857 there were fourteen commandants, as follows: Hull in 1812, Macdonough 1815, Morris 1818, Crane 1823, Bridgeley 1825, Creighton 1826, Henley 1828, Crane (again) 1832, Sloat 1840, Storer 1843, Turner 1846, Wyman 1849, Smoot 1852, and Newton 1855.

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial*. It *never fails* to give *quick* and *permanent relief*.

If you are troubled with *any* weakness or complaint common to our sex, lay aside the doctor's prescription for once, and try "Ladies' Tonic," which we guarantee will positively *cure you*. One Bottle is Sufficient.

Women's Medical Institute is an Association of *Women and Mothers* of years' experience, who give advice and answer letters from ladies, *free*.

$100 will be given for any case of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is a *bona fide offer*, made by responsible ladies who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as "*just as good.*" The genuine is made only by the Brown Chemical Co. Baltimore, Md.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier.

SULPHUR BITTERS. Why suffer with Rheumatism? Why suffer with Kidney and Urinary Complaints? Why suffer with Weak stomach, Indigestion, Dyspepsia, Biliousness and Costiveness? Why let your blood get impure, and allow Humors to fester in your veins, when a few bottles of SULPHUR BITTERS will make you feel like a new person? Why suffer with Nervous Headache, Neuralgia, Sleeplessness, Melancholy, Nervous Prostration or any other form of nervous disease? Why drag along a miserable existence, when SULPHUR BITTERS will restore you to perfect health? Why let your blood become so thick and sluggish that it can scarcely move? SULPHUR BITTERS will make it healthy and active. Why let your liver become torpid, your bowels costive, your digestion impaired, your appetite gone? SULPHUR BITTERS will restore the action of the liver, give tone to the bowels, and a good appetite. Why let your kidneys become deranged, your water high colored, scanty or suppressed? SULPHUR BITTERS will restore healthy action to the kidneys, and make the water clear and in quantity like spring water. Why let your system be poisoned with Malaria, when SULPHUR BITTERS will drive it out? Why let your system be reduced by Diarrhœa, Dysentery, Cholera Morbus, or any other bowel complaint, when SULPHUR BITTERS will cure you in a few days? Why let your system be reduced by Fever and Ague, when SULPHUR BITTERS will remove the cause and restore you to health? Why let your system be reduced by any disease, when SULPHUR BITTERS will restore you to health? Why let your system be reduced by any cause

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Friday morning Patrick O'Connell and Matthew Connors of Lewiston, mason tenders working on Huston's cracker factory in Auburn, Me., were scuffling on the third story when both fell through a window to the ground, thirty feet, and were instantly killed.

From John F. Wyman, Postmaster, South China, Me.

Too much cannot be said of Adamson's Botanic Cough Balsam, as it is the best remedy for coughs, colds, etc., that I have ever seen, and to its wonderful effects I owe my recovery. It is well worthy of praise, and I would advise all to use it who are afflicted.

C. L. Tuttle, a canvasser, is under arrest in Danbury, Conn., charged with fraudulently filling out a check for $500, signed by J. G. Twining, manager of the Waterbury Instalment company. He is said to have procured a blank check of Twining's wife, representing that he wanted to fill it out for $12. The Waterbury national bank refused to honor it, hence the discovery.

Mr. Lewis E. Staples has secured the agency for the Dorcas, Saxony, Knitting Worsted and Germantown yarns, which have become so popular throughout the east. The shades and colors are just what are wanted. eodtjan19

Fatal Collision.

A terrible disaster occurred on the Troy & Greenfield railroad, about half way between North Adams, Mass., and the tunnel, Saturday morning last. The engine Deerfield, pushing a caboose car full of railroad workmen from North Adams, struck an engine which was backing down; the caboose was driven against the front of the engine Deerfield, which was stove in, letting the steam and hot water escape into the caboose. The engineer of the Deerfield, Charles Wells, was bruised and scalded so that he will probably die; the fireman, Joseph Bostley, and C. L. Van Hosen, a telegraph operator, breathed steam and were fatally injured; and twenty-four others were more or less cut, bruised and scalded, and one man had both his legs broken. John Hogan, while crossing the track to look at the wreck, was struck by a Pittsfield & North Adams train, and fatally hurt.

The Boston *Sunday Herald* says that the disaster was more serious than was at first reported; thirty-three men were injured, all scalded, and many of them cut and bruised, and with bones broken; at least nine of them will die.

News and Notes.

Michael Dolan and William H. Leonard were arrested on Friday on suspicion of being the persons who murderously assaulted and robbed Charles S. Childs, foreman of the Cambridge (Mass.) cemetery, on the 13th inst., on the highway; on Saturday they were held in $10,000 each to appear in two weeks.

The construction of the Topeka, Salina and Western railroad is progressing rapidly, and by the middle of next month there will be over a thousand men at work pushing the road to completion. Their six per cent. gold bonds are worthy the attention of investors.

Sheriff Briggs of Waupaca county, Wis., arrested two men Friday for the murder of H. C. Mead, the banker of Wanpaca who was shot through the window of his office. Fears are entertained that the prisoners will be lynched at Waupaca.

In a fight between Mexican custom officers and smugglers near San Antonio, Thursday, four of the outlaws were killed and four were captured. The smugglers had $20,000 worth of jewelry.

J. A. Vail, D. Vandergert and Frank Cornish were on Friday arrested at Philadelphia by Postal Inspector Barrett for illegal use of the mails. Their plan was to write to parties for merchandise or for live stock under the name of Lee & Co., and refer to J. A. Vail for standing. Vail was driven out of New York recently by the police, he having transacted business of a similar character there.

Alexander Kier, the foreman whose carelessness it is alleged was the cause of the horrible accident at Parker's creek, N. J., last June, was arraigned at Freehold, N. J., Thursday. There are two indictments against him, one for having caused the death of D. L. Bradley, and the other for having caused the death of James E. Mallory. Kier pleaded not guilty to both indictments, and gave bonds for $2,500 on each charge to await trial on Dec. 16th.

Opium smoking for years so shattered the constitution of Farmer Francis Fullington of Hudson, N. Y., that enormous quantities of the drug failed to produce the desired effect. Thursday night of last week, while alone in his room, he placed the stock of an old family blunderbuss on the floor, rested his chin on the muzzle, and kicking the lock with his foot, sent the ball crushing through his skull, severing the tongue, and killing him instantly.

A man named George and one of his sons were shot dead by a posse on the 17th inst., at Mineral Springs, Ark.; a young man with the Georges was fatally wounded.

AROUND HOME.

Lieut. William I. Moore, U. S. N., arrived last week in this city, where his wife and son have been for several weeks on a visit to the lady's parents, Mr. Andrew J. Locke and wife. Lieut. Moore was on the 14th inst. detached from duty as superintendent of grounds at the naval academy, Annapolis, Md., and granted six months' leave on account of ill health.

The power of attorney to be signed by the former owners of the ships New Hampshire, Piscataqua, Portsmouth and Governor Langdon, and barque Mary Annah, have been sent to the office of William H. Hackett, where the former part owners of these vessels are desired to sign papers preparatory to a presentation of their claims before the Court of Commissioners of Alabama Claims.

In "making up" the CHRONICLE of Saturday morning, an item in reference to the proposed re-opening of the eating house next C. E. Laighton & Co.'s grocery store appeared under the heading "Police court." Mr. John K. A. Hanson says it was too bad to put the proprietor and manager of the establishment into the police court before they commenced business at all.

The new schooner yacht Coriolla, (she has been variously reported in the papers as the "Caroline," "Caroline New," "Carniola" and "Cornelia," but not as the "Coriolla,") of Boston, which blundered on Hicks' rocks off Kittery Point some weeks ago, came off the marine railway at Kittery on Saturday, having been repaired. The sloop yacht Wayward, of New York, which while trying to run from Boon island light to this port last month first hit the rocks off Bra' Boat harbor and then stuck on Sea point, Gerrish's island, where she bilged and filled, and which has been lying on the beach at Noble's island for several weeks, a dismasted hulk, will go on the ways today. Mr. Daniel Littlefield, who repaired the Coriolla, will also repair the Wayward.

The naval commission appointed to inspect the various navy yards with a view of determining which of the yards can be discontinued without impairing the service, have adjourned to meet at the Portsmouth navy yard on the 26th inst. Engineer E. S. Talcott has been detailed to act as secretary of the commission.

REAL ESTATE TRANSFERS.

The following transfers of real estate in this vicinity have been left for record in the office of the register of deeds:

Portsmouth — W. Alden Brooks and wife of Chelsea, Mass., to Lafayette S. Butler of Portsmouth, land and buildings, $400; Howard W. Akerman of Portsmouth to Nathan W. Tarlton of Portsmouth, land, $600.

Greenland—Elizabeth L. Shepard of Greenland to Mary A. Brewster of Greenland, land, $3000.

Newmarket—John P. Haley of Lee to John A. Wiggin of Epping, land, $15.

Nottingham—Geo. P. Dearborn of Nottingham, to Frederick E. Davis of Nottingham, land and buildings, $2000; Henry F. Savage of Newmarket to Frank H. Dame of Nottingham, land, $100; Henry F. Savage and wife of Newmarket to Frank H. Dame of Nottingham, land, $50.

RAILROAD NOTES.

It was rumored on Friday of last week that the Revere Beach & Lynn narrow gauge road had been leased by the Eastern for ninety-nine years, at seven and one-half per cent on the capital stock. This was on Saturday denied by the officials of the Eastern, who alleged that in spite of the low-fare fight the road had retained most of its regular business between Boston and Lynn, and that the gross earnings increased $2000 during the first week in October, and $1000 the second week.

In compliance with a request from the mayor of Lynn, the Eastern railroad has discontinued the five-cent trains between Boston and Lynn on Sundays. The decent people of the latter city had serious objections to being brought in contact with the dregs of Boston's back slums, which the low-fare trains on Sunday transported in enormous quantity.

Notice to Mariners.

Two spar buoys, painted with red and black horizontal stripes, have been placed in close proximity to, and above and below, the sunken wreck of the steamer Nanklin, which is in about the middle of the Swash channel, New York harbor. The best water will be found to the northward of the wreck. While this wreck is well marked by the buoys placed near it, vessels may be safely passed when the buoys can be seen, navigators are warned that it will be unsafe to use the Swash channel at night.

A spar buoy, painted with red and black horizontal stripes, has been placed to mark the sunken wreck of the schooner Jessie Elizabeth, which is 400 yards E. ¼ N. from red buoy No. 8, off Flynn's Knoll, with Sandy Hook light (east beacon) bearing S. S. W. ¾ W.

Checklist Notice.

THE Board of Inspectors of Check Lists give notice that they will be in session at the City Buildings Wednesday, October 25th, Tuesday, October 31st, and Friday, November 3d, 1882, from 9 o'clock A. LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

In the afternoon a motion in regard to the Raynes estate was heard by the court.

THE GILMORE CONCERT.

We had intended to afford our readers, this morning, a notice at length of the superb concert given on Saturday evening at Music hall, under the management of Pond & Edwards, and conducted by Mr. P. S. Gilmore; but our professional critic who could, in technical terms, so artistically depict the various excellencies of the rare musical entertainment, had not, when we went to press, sufficiently descended from his altisimo of ecstacy to furnish us with the anticipated recital.

The audience were for two hours charmed with the most exquisite playing that has ever been heard in Music hall. To particularize—but there is where we must signally fail in our descriptive powers. While we can struggle with our poverty of expression to remark upon the *tout ensemble*, we utterly break down in our bill of particulars. Indeed all, from the silent oratory and dumb show of the celebrated conductor, to the last note of Auld Lang Syne, was richly enjoyable to the utmost extent, and received continued and repeated tokens of appreciative applause. Never before in Music hall since its opening night in January, 1878, have there been such discriminating manifestations of keen enjoyment, expressed by protracted and apparently heartfelt tho' not boisterous applause, as were shown on Saturday night. Miss Emma S. Howe was received with generous evidence of anticipation, and rewarded with unmistakable tokens of appreciation. [The young vocalist's quiet and ladylike bearing on the stage would have entitled her to one hearty round of applause, even had she not uttered a note.] Each of the instrumental solos, as well, was encored; and a repetition of the "American patrol," by the full band, was likewise insisted on.

The last piece was listened to with much satisfaction by those in attendance, who little thought that they had been seated for two hours since the conductor had made his opening bow and given the signal to commence the overture. We are convinced that all which the programme contains in reference to the reception of the rendering of this selection in the cities of Scotland is true; and as the entertainment ended, there was a general verdict that it was by far the best concert of the kind ever rendered before a Portsmouth audience. It was a rare occasion. Those who failed to be present may count it as a lost opportunity, while for the fortunate listeners there will remain for many a day a pleasant recollection of being "moved with concord of sweet sounds" rarely heard within our borders.

WEEKLY VS. DAILY PAPERS.

The Portsmouth *Journal* has an article in its last issue, designed to show that, as an advertising medium, the weekly *Journal* is better than both the daily papers of the city. Very modest! It represents an advertiser as saying:

"I have just tried an experiment. I advertised one article in the *Journal*, and two others, one in each of the dailies. I haven't heard from the dailies as yet, but I have had a number of calls from the advertisement that appeared in the *Journal*."

The *Journal's* advertiser probably deals only in articles such as are called for by the old fogies that read none but weekly papers. So he just hit a few of that class—who doze through five days in the week, and are roused up a little Saturday forenoon by the clatter of the door-knocker as the carrier boy lays the *Journal* on their door-sill. They then leisurely read over what they call the "news of the week," unaware that any changes have taken place in the newspaper or other business since the days when Miller & Brewster published the *Journal*, or that they are reading over as news the same items that their neighbors who take the daily papers have read day by day as events have occurred through the week, and which the grandson of the printer they suppose still publishes the *Journal* has clipped from the dailies and served up for them on the only day they know that any papers are printed.—*Times.*

We are very much grieved that our brother of the evening daily should allow his wrath to prevail so mightily against his weekly neighbor. "Birds in their little nests agree," as the hymn says. [Birds in their little nests don't agree one bit, for the strong ones bite the weaker, devour all the provisions, and pitch the weak ones out of the nest as soon as possible, as almost every farmer's boy knows.] We are glad to note that the irate *Times* man does not hint that the *Journal's* advertiser is an apocryphal being, and dwells only in an ink bottle; but how does he—the *Times* man—know that the advertiser did not in the *Journal* offer for sale an extra brand of whiskey very cheap, and in the dailies call for a second-hand elephant or brass monkey?

"Children, you should never let
Your angry passion rise;
Your little hands were never made
To tear each others' eyes."

We have not yet wholly forgotten our Sabbath school training, though it is more than ten years since we were a regular attendant on such a school.

THE BRICKERS.

The weather for some time past has been very unfavorable for the movements of the brick-carrying fleet, and seriously interfered with their traffic, some of the schooners having hung to their anchors in the lower harbor day after day, loaded and ready to sail. On Friday last the Satellite, Triton, Emily A. Staples and George W. Raitt were all in Boston; and the D. K. Ham and J. M. Eaton arrived there in the evening on the same day.

The Hattie Lewis arrived at Portsmouth bridge on Friday evening at seven o'clock, from Cohasset, Mass., light, and bound up the river to load. She sailed from Cohasset on Tuesday, the 10th inst., and had her mainsail set for eleven days, the continuous fogs and heavy sea obliging her to run into and out of different ports fifteen times; the last port she entered was Gloucester, whence she sailed on Friday morning, leaving the harbor well filled with fishing crafts. Capt. Brewster says the weather was the worst, all things considered, that he has experienced for many years.

The schooner Nautilus, Huntington master, from York for Boston with bricks, which arrived here in distress two weeks ago, and was subsequently erroneously reported to have effected repairs and sailed for her destination, is still lying at Union wharf; she has been ready to go on the marine railway for some time, but has had no chance to do so, other vessels having had the ways under previous engagement.

FREIGHT ENGAGEMENTS.

From the business reported last week it appears that there was a slight improvement in coastwise freights; ice rates stiffened a little, coal rates were a trifle better from some ports, and more lumber vessels than offered were called for at good rates. Among the engagements made were:

A schooner from Hoboken to this port, coal, $1.20 per ton.

Bark Jennie Cobb, 449 tons, Boston for Aspinwall, ice.

Bark Nineveh, 470 tons, Boston for Port Spain, Trinidad, ice and general cargo.

A REGION OF EXEMPTS.

It is an ancient custom to open the session of the county courts with prayer. In the federal courts of this district of late this ceremony has fallen into disuse, but in the state courts it has always been observed until the session in this city on the 17th inst., when there seems to have been no clergyman selected for the office of chaplain, and the court began without the address usual to the throne of grace. Perhaps the omission was because the high sheriff feared a *faux pas* might happen here similar to a recent occurrence over in York county, Maine, when a young clergyman, not posted or else somewhat overcome by the novelty of the situation, concluded his prayer at a court opening with "And finally may we all be gathered in that happy land where there are no courts, no lawyers, and no judges!"

A few mackerel were brought in from the weirs on Saturday, taken with other fish; the great run of herring is over.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

6 Per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Principal Contractor.

KNOW THYSELF.

THE untold miseries that result from indiscretion, exposure, or infection, are speedily cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, called **THE SCIENCE OF LIFE, OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jeweled medal by the National Medical Institute. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25, by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—Journal.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address,

Political Matters.

Five negroes, four men and a woman, were hanged in Georgia last week for the murder of a white man in a riot at a campmeeting about two months previous, and another colored man is under sentence of death for the same crime; there have not been so many white men hanged in the entire south for the murder of negroes, since the war closed. Some weeks ago there was a "negro riot" in Lancaster, S. C., in which twelve negroes were murdered and twenty-eight wounded by well known white democrats; but not a single one of the murderers has yet been arrested, and not one of them ever will be.

Joseph N. Dolph, republican, was last week elected United States senator from Oregon, to succeed Lafayette Grover, democrat.

J. F. Brown, jeweller, was arrested at Calais, Me., Oct. 19th, at the instance of relatives of Annie Harris, whom Brown took to St. Stephen last spring and married, while he had a wife living. Brown returned to Calais on the 18th, after an absence of several months, with a divorce from his first wife, dated in September last. He claimed at the time of his marriage to Miss Harris that she was dead. He is charged with adultery.

The examination of certain charges made by Gov. Plaisted against the Maine reform school was held at Portland on Friday, and Superintendent Farrington was on the stand. He made a general denial of the charges of Gov. Plaisted, and intimated that the governor had assisted the boys in their wickedness, and thought the boys respected him (the superintendent) more than they did the governor. Being asked if he intended to intimate that the governor had so assisted the boys, he replied that he did not wish to amend his statement.

Four Lives Saved.

Dr. Bull's Cough Syrup relieved four of my children of a most alarming attack of whooping cough, from which their throats and necks became so swollen as to prevent them from swallowing. Nothing would give them even temporary relief until this Syrup was tried. One bottle, in one night, saved their lives, I verily believe. GEO. EARHART, Captain of Police, Baltimore, Md.

Charles A. Sperry of Brookfield, Mass., has been indicted by the grand jury at Worcester on three counts for trying to poison his wife.

***Help yourself and others will help you." But don't fail to use Kidney-Wort for all liver, kidney, and bowel complaints, piles, costiveness, etc. The demand of the people for an easier method of preparing Kidney-Wort has induced the proprietors, the well-known wholesale druggists, Wells, Richardson & Co., of Burlington, Vt., to prepare it for sale in liquid form as well as in dry form.

Mrs. Richard Burns of Longmeadow, Mass., committed suicide with paris green on Thursday last.

No Woman

Is beautiful with a bad skin, covered with pimples, freckles, moth or tan. I have been asked many times what will remove these unsightly blemishes. No face paints or powders will remove them, as they are caused by impure blood. The only sure remedy I have seen is Sulphur Bitters, and in hundreds of cases I have never known them to fail.—*Mistress Fashion Gazette.*

Harwinton, Conn., has a mystery in a human skeleton that has been found lying in the mud of a swamp. A dilapidated coat and a straw hat were found near it.

Create a healthy appetite, prevent malarial diseases, by using Brown's Iron Bitters.

—Some one was one day rallying Congressman Lefevre on his eccentric chirography. "I ought to write better, that's a fact," he replied. "Why; some time ago I wrote to a man thanking him for a clipping cut from a newspaper about me, and asking the name and date of the paper; and he replied: 'I am much obliged for your advice, and will follow it, believing that my claim will go through and I will at last get my pension.'"

—"Did you have anything on exhibition at the fair this year?" asked the farmer's city friend. "Yes, somewhat," he slowly answered. "Did you get any premiums?" "N-o-o, not yet," faintly replied the granger. "Why, what's the trouble?" sympathizingly said the young man. "Wa-al, I'll tell you, sir. You see, I had some fine oats at the fair, and the jockeys took 'em for horse feed; the old woman had a fancy bed-quilt there, but the rascals used it for a horse blanket; Sal had some canned fruit there, and the judges ate it up for dessert one day. I kicked up a row, and the managers said they would give me a diploma; so that's what I'm waiting for."

"What is heaven's best gift to man?" she asked, sweetly smiling on him. "Dr. Bull's Cough Syrup, he replied, with prudence. He had just been cured by it of a bad cold.

From Major Downs, Military Instructor, Mt. Pleasant Academy, Sing Sing, N. Y.; During the very cold weather I was suffering with catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In two days was entirely cured. W. A. Downs. Feb. 15, 1881.

A gentleman from Orwell, Pa., called my attention to Ely's Cream Balm as a remedy for catarrh, hay fever, &c. He was so earnest in asserting it to be a positive cure (himself having been cured by it) that I purchased a stock. The Balm has already effected a number of cures. P. F. HYATT, M. D., Bordentown, N. J.

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(From the Courier.)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

TUESDAY, OCT. 21, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

History Set Right.

Mr. Bainbridge Wadleigh, a successful legal practitioner in Boston, has like Col. Edgerly a nominal residence for voting purposes in New Hampshire. Some years since, while residing in this state, he was a representative in the legislature from the respectable town of Milford, and when a caucus was held to nominate a republican candidate for senator in Congress, the state was somewhat surprised to find that Mr. Wadleigh was the coming man. He was elected, and served a full term, acceptably he thinks to his constituency, and during a part of the time at least gave out that he did not desire a re-election. But as his term tended toward its expiration, the senator like many other men in such positions, concluded that he would like another service in the senate. Again the time for nomination of a candidate came round. It was—though at a warm season of the year—a cold day for Mr. Wadleigh, and he got left, and Mr. Blair was the gentleman selected. Mr. Wadleigh attributed his defeat to the efforts of Mr. Wm. E. Chandler to that end exerted, and since that hour "*hinc illae lachrymae.*" Mr. Wadleigh thinks the present occasion a good opportunity for him to larrup Mr. Chandler over the shoulders of Mr. Hale, the republican candidate for governor, and has advertised that he will make a speech to that end in Keene.

We infer that Mr. Wadleigh is as good a republican as ever, and that his sole purpose is an unselfish one,—to purify his party. Men often have hobbies of this kind, which to a greater or less extent justify extraordinary steps on their part. Mr. Moore, for example, in the Nashua *Telegraph*, has, or at least had, a great horror of seeing men of wealth nominated for office, and not long since wrote with his customary argumentative vigor against this, as he regarded it, impending evil. Mr. Chandler has had his peculiar notions concerning the legal status of the railway management in the state. His ideas were crude and impracticable, showing a lack of thorough study of the economy of the question, but we believe them to have been his sincere sentiments. Mr. Curtis, in New York, has notions as to civil service somewhat at variance with other gentlemen prominent in the councils of the nation, but they are sincerely, ably, and we may add, honestly, maintained.

Now if Mr. Wadleigh seeks to purify the party with which he has affiliated, he should start with correct premises. In fact, there is nothing like the truth for the best hold of a man who seeks to inaugurate a reform. It is stated in the papers (at the same time we disbelieve it) that Mr. Wadleigh wrote that the members of the Portsmouth delegation to the state convention which put in nomination the republican candidate for governor for the present canvass, were changed from Currier to Hale men, at the instance of Mr. Chandler. This is unqualifiedly false. The CHRONICLE was not in favor of Mr. Hale's nomination, and it cannot be charged with a lack of proper zeal in favor of Mr. Currier's selection. Mr. Hale came to Portsmouth early in the summer, and secured the co-operation of the men who largely control the nominating caucuses in the important wards. Mr. Currier came later, and was told that Mr. Hale had been over the ground, and would have the votes of the delegates from this city; and any efforts to change this foregone conclusion would be entirely without avail. This was long before the secretary of the navy announced his contemplated visit to the navy yard at Kittery, and we think Mr. Chandler while in port only saw Portsmouth from the deck of the Tallapoosa, save when he passed through the city to take the cars for Warner. At all events, had he deemed it proper even to express a desire about the delegation, it was too late; the convention was held we think before he came to Portsmouth, or at least before he had returned from his cruise eastward; and the delegates had been selected long before his coming visit was announced, and those selected were understood to be for Mr. Hale, and there was no opposition in the caucuses to their choice.

What may be Mr. Wadleigh's private grievance as to Mr. Chandler we know not, but when the ex-senator, or any one, undertakes to say that the Portsmouth delegation was ever for Mr. Currier and was afterward manipulated for Mr. Hale, he states what was not the fact, and what every man conversant with Portsmouth politics knows is not true. Therefore we beg to say to our former senator, that he should remember the axiom of Col. Crockett of congressional fame, "Be always sure you're right, then go ahead." If there is at issue between the two parties in this state anything which makes it necessary for Mr. Wadleigh to narrate personal reminiscences of Mr. Chandler to the people of Keene, let him with proper candor and a due regard for truth and the proprieties of his position state what he knows to be true, and not what may be reported by irresponsible gossips. If any man has so far imposed upon the confidence of Mr. Currier's managers as to lead them to suppose that the Portsmouth delegation could on that occasion have been induced to carry their votes on the first ballot for the Manchester candidate, and if any such promise was made, it was simply a case where the high contracting party could no more deliver the goods than could Satan show a particle of title to the kingdoms of the earth, when he made his ridiculous and irresponsible offer to the Saviour!

News and Notes.

Michael Dolan, one of the men arrested for the murderous assault on Asst. Supt. Childs of the Cambridge (Mass.) cemetery, is a son of Thomas Dolan, a gravedigger in the cemetery; the other man, William Henry Leonard, belongs in Roxbury, and was formerly a horse-car conductor on the Metropolitan road.

News from the west coast of Vancouver's island, carried to Victoria, B. C., by an Indian courier, reports that a British steamship supposed to be the Wambe, from Hong Kong for Victoria, has been lost at Cloogoot, forty-five miles north of the Fuca straits. Three bodies were picked up, and the ship has gone to pieces. No living persons were seen. It is supposed that several hundred passengers for the railway works, and large amounts of Chinese goods, were on board.

The Philippine islands were visited by a terrible typhoon on the 20th inst. Manila was nearly destroyed, and thirteen ships driven ashore.

In the annual duck-shooting expedition, Saturday, off Branford point, Conn., one of the sportsmen, L. W. Andrews of the senior class of Yale college, was accidentally shot. Mr. Andrews had laid his gun crosswise in his boat, and as he tipped the boat to bail it the gun rolled down, struck on the trigger and exploded, discharging its contents into the young man's abdomen. A physician, who was immediately summoned, pronounced the wound fatal.

At Boucherville, P. Q., a young farmer named Deragon, a bridegroom of eight days, arose early in the morning, walked into the river, and held his head under water until he was drowned.

Edward Robert, commission merchant of Philadelphia, while driving on the Merchantville pike, a short distance from Camden, N. J., Saturday evening, was halted by four masked highwaymen, two of whom held pistols to his head, while the others unhitched his horses and robbed him of his money, watch and jewelry. They then made their escape.

At the Madison Square garden in New York, at five minutes past midnight on the morning of the 23d inst., a six-days' foot-race began between Hazael, Fitzgerald, Vint, Hughes, Rowell, Noremac, Hart and Herty. Of the eight, Herty has the lowest score in a six-days' match, 556 miles.

The board of trade of Portland, Me., held a special meeting Saturday, to protest against the proposed discontinuance of one of the lights on Cape Elizabeth. The general opinion was very strongly expressed that it would be disastrous to both life and property, and a remonstrance was drawn up and signed by all present to be sent to the lighthouse board. Similar remonstrances were prepared to be sent to other New England ports, for the signatures of master mariners and persons interested in shipping.

Another fragmentary comet was discovered Oct. 21st, not far from the big one; it is believed to be one of the pieces which were seen to split off from the big one a week or two ago.

Horace Clark of Hoosac tunnel was injured seriously by the explosion of gunpowder, Sunday.

Andrew Knight of Lee, Mass., is held in $300 for the grand jury for assaulting Patrick Sheridan of Stockbridge, and taking $35 from him.

There is great excitement at Zoar, Mass., at the east end of the Hoosac tunnel, over cases of poisoning which have recently occurred there. There are a great many charcoal kilns, and the gas from them has, it is believed, settled in the valley. Six or seven persons have died, and others are very sick.

Most people who have admired the little song of Hebe in the last act of "Pinafore" do not know that it is not a part of the opera as written by Gilbert and Sullivan. It was composed and the music arranged for Belle Mackenzie by John Cockrell, the St. Louis editor who shot and killed Col. Slayback in the *Post-Dispatch* office, St. Louis.

The secretary of war has directed the chief of ordnance to expend the appropriation of $50,000 for magazine guns in the construction and purchase of the three guns recommended by the magazine gun board, viz., the Spencer-Lee, the Hotchkiss, and Chaffee-Reece guns.

At the Universalist convention in Philadelphia, Friday, resolutions were adopted in favor of the abolition of the death penalty and the prohibition of the manufacture and sale of liquor.

A supreme court rescript overrules the exceptions by defendants in the libel suits by Rev. Charles D. Lothrop against Bowles and others, proprietors of the Springfield *Republican*, and the verdict for $1,000 for plaintiff now stands.

Henry H. Faxon of Quincy, Mass., has been found not guilty of assault upon Kate O'Connor, as charged against him, while executing a search warrant for liquor.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from paucity of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and induces a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of all-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of the engraved likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in **FRENCH** and one in **GERMAN**, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Heuers and Dr. Sauveur will be employed, *no English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

MONDAY, Oct. 23d.

Daniel Sullivan of Portsmouth, indicted for an assault upon Police Officer Shannon, was arraigned, and pleaded not guilty.

State vs. David L. Ramsbottom, trial commenced Monday morning; Edward H. Gilman, of Exeter, foreman of the jury. The respondent was indicted for an assault with intent to kill, made upon John F. Gibbs of Epping on the 6th of April, 1882, with a revolver loaded with shot, etc. Frink and Drury for deft.; County Solicitor Harriman for the state.

THE DANITES.

This deservedly popular drama, which exhibits life in the mining region without descending to coarse vulgarity, as was once thought necessary in such a play, will be produced at Music hall on Thursday evening, the 26th inst., by McKee Rankin's authorized company, with Miss Lizzie May Ulmer as Billy Piper, a character in which she is said to be at least the equal of Kitty Blanchard, the other parts being all taken by competent actors. Tickets at the usual prices can be procured at Myers' bookstore.

Miss Josie F. Prescott of this city was chosen one of the two secretaries of the New Hampshire Teachers' Association, at the meeting in Concord last week.

Mr. Oscar G. Sawyer, commandant's clerk at the navy yard, has arrived back after a month's absence, during which time he has visited most of the stations betwern Norfolk, Va., and this port.

Mr. Frank D. Tarleton, formerly of this city but for some time past clerk with Otis Bros. of Watertown, Mass., has recently returned from a trip to the United Kingdom, during which he visited London, Brighton, Chester, Liverpool, Dublin and other places of note. He sailed from Boston for Liverpool on the 15th of July in the steamer Marathon, and was absent about three months. He has resumed his position with the Messrs. Otis.

Mr. E. C. Stimson of this city has been elected superintendent of an elementary evening school at Neponset, Mass.

Mr. Winslow T. Perkins, station master in this city for the Eastern railroad, arrived home last week after a month's travel through the west. Instead of coming back bubbling over with enthusiastic admiration for the western country, and advising all young men to hurry up and get out there, Mr. Perkins says he never was so glad to get anywhere in his life as he was when he reached Portsmouth, where he could get something fit to eat and drink, and where good people live; no "west" for him. We are glad there is one New England man who can go through the western states without having his head turned.

We are pleased to note that there are no violations of the prohibitory liquor law in this county; at least it would so appear, from the fact that not a single indictment was found at the present term of the supreme court under this law, while the anti-cruelty society secured four indictments.

Supt. J. M. Richardson, of the first life-saving district, which comprises seven stations, one in New Hampshire and six in Maine, was at Rye beach on Saturday afternoon, and inspected the station, apparatus and crew there. The men were exercised with signal flags, rubber suits, boats, line-projecting gun, etc., and the inspection was entirely satisfactory.

Mr. Charles E. Walker (C. E. Walker & Co.) last week bought a very handsome dapple-gray mare weighing 1350 lbs., for service in one of his coal carts; she was brought from Canada by C. W. Cottle of Kittery, and is about as gentle as it is possible for an animal to be.

Prof. Oscar Faulhaber, teacher of French and German in Phillips academy at Exeter, will on Wednesday evening organize classes in these languages at the high school building in this city. Even were he not already well known here as a gentleman and an eminent linguist, the fact that the school board has granted him the use of a room in that building would be a sufficient endorsement. For terms, etc., see advertisement.

The Nautilus went on the marine railway on Monday for repairs, the sloop Wayward having given up her turn.

A pretty little schooner from Vinalhaven, Me., is lying in this harbor, while her captain is scouring the surrounding country in search of apples to buy.

It is reported that Mr. Marshall, proprietor of the Marshall house at York harbor, has purchased twenty-seven acres of land on the top of Mount Agamenticus, and will put up a large summer hotel there. Whether or no there is any foundation for the report, other than the fact that there is a grand site for a summer hotel on the top of that hill, we cannot say; similar statements have been made at various times ever since summer hotels commenced to be put up along the coast in this region, but no hotel has ever ever appeared there. The only drawback to the top of Mt. Agamenticus as a hotel site is, that there is no water there; but there is plenty of it within easy reach of the base of the hill, and big engines and pumps are made now-a-days. Wouldn't a hotel on top of the mountain advertise itself, though! A row of electric lights along its roof would be seen for scores of miles at night, and in the daytime it would be a landmark for every vessel passing within fifty miles of the coast.

A freight train on the New York & New England railroad was smashed near Southport, Conn., Oct. 22d. Thomas Martin, a brakeman, had his head cut off and his body mangled, and two other persons were badly hurt. Eight cars were demolished. It is said that Martin was a native of Eliot.

HAZEL KIRKE.

Mr. R. S. Wires, the business manager of the Madison Square Theatre company of New York, was in this city on Monday making arrangements for the presentation of Hazel Kirke at Music hall on Monday evening, Oct. 30th. No play of these times has won its way to the hearts of the people like the beautiful domestic love story Hazel Kirke, and it richly merits the popular verdict of approval. Unlike many of the pronounced dramatic successes of recent years, it appeals only to the better and purer feelings of human nature. It does not derive its claims from impurity, or pander to a depraved taste. The company that will appear in Hazel Kirke includes many of the leading favorites of the original cast of the play. It brings with it its own elaborate and beautiful scenery, and all its properties, down to the smallest accessories. In short, Hazel Kirke will be presented in Portsmouth in a style worthy of the play and of the Madison Square theatre.

Books, Magazines, etc.

Funk & Wagnalls, Nos. 10 & 12 Dey street, New York, have published in pamphlet form the statement of Mr. Beecher made before the Congregational Association of New York and Brooklyn, printed from the plates of Dr. Lyman Abbot's book, now in press, "The Life and characteristics of Henry Ward Beecher." The pamphlet is for sale by the publishers at the low price of ten cents per copy.

The November number of the "Atlantic Monthly" contains a very interesting and characteristic paper by Charles Dudley Warner, describing "A Ride in Spain." It is one of the best and most delightful of travel sketches. The ninth paper in the excellent and candid series of "Studies in the South" includes additional information on subjects which the people of the country will be interested to know, and by means of knowing which they will be able to act more intelligently and justly toward the south. George S. Wilson furnishes a valuable paper on the Indian question, suggesting what seems to him the best answer to the question "How shall the American Savage be Civilized?" P. Deming writes another of his curiously interesting stories, entitled "Rube Jones." "Domestic Country Life in Greece," by Eunice W. Felton, is an attractive paper describing the rural life of the Greeks of to-day. Mr. Hardy's serial story, "Two on a Tower," and Mr. Bishop's serial, "The House of a Merchant Prince," progress quite rapidly toward their completion, with no loss but rather an increase of interest. The number contains its proper quota of poems, reviews, and the short and engaging essays of the Contributors' Club. The "Atlantic" for 1883 promises to be unusually attractive, inasmuch as very frequent contributions are promised from Dr. Holmes; a dramatic poem entitled "Michael Angelo," which was left completed by Mr. Longfellow, will be given in three numbers; Henry James' "Daisy Miller," rewritten in dramatic form, will be a notable attraction; and essays are promised from Mr. Howells and Mr. Warner, in addition to the other good things which the magazine is sure to have. Houghton, Mifflin & Co., Boston.

"Miss Leighton's Perplexities: a love-story, by Alice C. Hall." New York: Fords, Howard & Hulbert.

The heroine of this story seems to have been embarrassed in the choice of her lover and husband between two kinds of men, both possessing attractions, but of a different kind; while a young friend of her own sex still further complicates matters. The author introduces us to agreeable people, who make the impression of having been drawn from the life, the whole action and growth of the story being singularly natural, not strained, but such as might, and doubtless does, often occur in such a circle of well-bred, pleasant young folk, whose mutual visitings in city and country give variety of scene and freshness of color to the background of the picture. Price $1.00.

KNOW THYSELF.

THE untold miseries that result from inducence, that is early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Estimated vitality, premature and perpetual debility, premature decline of man, or vigour impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Cloth edition, revised and enlarged, now published. This standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample 6c. cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know, but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—Author.

N.B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address,

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Woman. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh roses of life's spring and early summer time.

Physicians Use It and Prescribe It Freely.

It removes dizziness, faintness, dragging all crawling for stimulant, and relieves weakness of the stomach.

That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of humors from the Blood, and give tone and strength to the system, of man, woman or child. Infinite on having it.

Both the Compound and Blood Purifier are prepared at Lynn, Mass., 233 Western Avenue. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

Political Matters.

The Dover *Republican* announces, on the authority of Hon. Z. S. Wallingford, that the gentleman is now, as he always has been, an out-and-out, thorough going, and absolutely unequivocal republican in thought, word, and deed. He intends to give his active personal support in securing the election of the republican members of Congress and representatives to the legislature, and keenly realizes the disastrous results sure to follow their defeat. With the exception of the candidate for governor he will vote and work for the success of the republican ticket, and has had no thought of transferring his influence to the democratic side.

The master of ceremonies and principal (if not only) speaker at the five democratic flag raisings in Dover one evening last week was Wm. H. Dodge, firmerly a lawyer of Dover, and noted for having nearly destroyed the Dover reform club by running it in his own interest while he was its manager. He is a valuable leader for the "reform" democracy.

Naval Affairs.

The Tallapoosa sailed from Portsmouth, Va., for League island, on the 19th inst.

The Juniata has gone into the dry dock at New York.

The Wachusett arrived at San Francisco on the 18th inst., from Sitka, Alaska.

The Marion sailed from Montevideo on the 2d inst., for the United States.

Of the vessels of the north Atlantic squadron which are to participate in the bi-centennial celebration at Philadelphia, the Tennessee, Kearsarge, Enterprise, Alliance and Yantic arrived at the League island navy yard last week. The Vandalia also would have arrived, had not bad weather interfered with her towing the ironclad Montauk from Hampton roads to that point.

Rear Admiral Hugh Young Purviance, on the retired list, died in Baltimore Oct. 21st, at the age of eighty-four years.

Commander George Dewey is ordered to command the Juniata. Lieut. Samuel Belden is ordered to the Juniata as executive. Lieutenants Richard Mitchell and Charles H. Lyman are detached from the Wyoming, and ordered to the Juniata.

Lieut. W. I. Moore is detached from the naval academy, and placed on sick leave.

"Female Complaints."

Dr. R. V. Pierce, Buffalo, N. Y.; Dear Sir—I write to tell you what your "Favorite Prescription" has done for me. I had been a great sufferer from female complaints, especially "dragging-down," for over six years, during much of the time unable to work. I paid out hundreds of dollars without any benefit till I took three bottles of the "Favorite Prescription," and I never had anything do me so much good in my life. I advise every sick lady to take it.

Mrs. Emma Rhoads, McBrides, Mich. 2

The body of Nellie Huntington, drowned at Newburyport some time ago with her parents and three of her brothers and sisters, was found in the river at Rowley on the 21st inst. Mrs. Huntington's body was found near Plum island on the 22d. The only one of the six bodies not found is that of Arthur, the five-years-old boy.

Way Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

William Aldrich, night watchman of the Arnold print works at North Adams, Mass., was dangerously injured Sunday morning, a heavy piece of iron falling, striking him on the head, breaking his chin and badly cutting his face.

Good Advice.

You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a sure cure for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by some irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but procure "LADIES' TONIC" a single trial. It *cannot fail to give good and permanent relief.*

If you are troubled with *any* weakness or complaint common to our sex, lay aside the doctor's prescription (if once, and try "Ladies' Tonic," which we guarantee will positively cure you. One Bottle is Sufficient.

Women's Medical Institute is an Association of *Nurses and Mothers of years' experience*, who give advice and answer letters from ladies *free*.

You will be given for any case of Female Weakness or inability which "Ladies' Tonic" will not cure. This is a bona fide offer, made by *responsible* people who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabaunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties throughout which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road-beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

C. G. PATTERSON,
Principal Contractor.

Lynn, Mass.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greater part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,
Conductor L. & B. R. R.

I consider Swedish Botanic Compound the best Blood Purifier and Spring Medicine in use.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as *"just as good."* The genuine is made only by the Brown Chemical Co. Baltimore, Md.

HER MOTHER'S SECRET

By MRS. SOUTHWORTH,

AUTOR OF "THE HIDDEN HAND," "THE UNLOVED WIFE," ETC., ETC., ETC.

CHAPTER I.

THE MISTRESS OF MONDREEP.

There is a wound in her—'tis a wound
That lies too deep for a sigh and may not be healed,
When all that pound at her heart to save life,
Within her hear... of her ... is sealed.
ISAAC WILLIAMS.

"Mother! Oh, mother! It will break my heart!" wailed Odalite, sinking at the lady's feet, and dropping her head into her hands, face downward to the carpet.

The lady gently raised her child, took her in her arms and tenderly caressed her, murmuring softly:

"*No*, my own! hearts never break, or *one* heart, I know, must have been broken long ago. Besides," she added, in a firmer tone—"*Honor* must be saved, though hearts be sacrificed."

"'Honor, mother, dear? I do not understand. I do not see what honor has to do with it. Or if it has, I should think that honor would be better saved by my keeping faith with Le than by breaking with him! Oh, mother! mother! It will kill me!" moaned Odalite.

"My child, my dear girl, hear me! listen to reason! Leonidas Force has no claim to be remembered by you. You were never engaged to him. You were but a girl of thirteen when he went to sea on his first voyage, three years ago, and you have not seen him since. What possible claim can he have upon you, since no betrothal exists between you?" gently questioned the lady, tenderly running her fair fingers through the dark tresses of the young head that leaned upon her bosom.

"Oh, mother," replied the girl, with a heavy sigh, "I know there was no formal betrothal between Le and myself—but—but—we all knew, you and father and Le and I—*all* knew—and always knew, that we two belonged to each other and would *always* belong to each other all our lives. Le and I never thought of any other fate."

"Idle, childish fancies, my poor little girl! too trivial to cause you these tears. Wipe them away, and look clearly at the higher destiny more worthy of your birth and beauty," murmured the lady, pressing her ripe, red lips upon the pale brow of her darling.

"Oh, mother, I do not *want* a higher destiny! I do not want *any* destiny apart from Le. And these are *not* childish fancies, and *not* trivial to me! Oh, think, mother, Le and I were playmates as far back in my life as I can remember. We loved each other better than we loved any one else in the whole world. You and father used to laugh at us and pretend to be jealous; but we *saw* that you were pleased all the time; for you both intended us for each other, and we knew it, too, for father used to say when he saw how inseparable we two were: 'So much the better; I hope their hearts will not be estranged when they grow up!' and our hearts have *never* become estranged from each other!"

"Oh, yes, dearest, I know that there was some speculative talk when you were children of uniting you and Leonidas, so that the name of Force might not die out from Mondreer. But I never really approved of marrying cousins, Odalite, merely to keep the family name on the family estate."

"But, mother, darling, Le and I never thought of the family name and estate; we only thought of one another. And, besides, we are such very, very distant cousins—only fourth or fifth, I think—that *that* objection could never be raised. Oh, mother! *dear* mother! *do* not compel me to break with Le! I *can* not! I *can* not! Oh, *indeed*, I cannot!" she cried, burying her face in the lady's bosom.

Elfrida Force caressed her daughter in silence.

Presently Odalite lifted her head and pleaded.

"He is coming home so soon now, and so full of hope! He expects to be here by Christmas; and he expects—oh, yes, I know by his last letter that he expects to—to—to—" The girl's eyes fell under the compassionate yet scrutinizing gaze of her mother, and her voice faltered into silence.

"To marry you early in the new year, I suppose you mean, dear."

"Yes, mother."

"He did not say so."

"No, mother, dear, he did not say so, in so many words, but from the whole tone of his letter he evidently *meant* so. Father thought he did, and even tried to tease me about the New Year's wedding—asking me how many hundreds I should need to buy my wedding clothes."

"What was it he said in his letter that leads you to suppose that he has any such expectations? I confess that I saw nothing of such an intention when I read the letter."

"Only this, mother, but it was very significant. He wrote that now he had inherited Greenbushes and all his Aunt Laura's money, he was rich enough to resign from the navy, and he need not go to sea any more, nor ever part with me again; but that he could stay home, repair and refurnish the house, improve the land, and farm it on all the new principles, and make the place a paradise for us to live in. He wrote, mother, dear, as of certain fixed facts."

"He was very presumptuous, my dear little girl, for there is nothing certain in this world of changes," gravely commented the lady.

"But Le's heart has not changed, nor has mine."

"My poor darling," said Elfrida Force, smoothing her daughter's dark hair with a gentle hand, "my precious child! It grieves me to do so, but I must prepare you for what seems inevitable. You must forget all this youthful folly, and think of Leonidas Force only as a cousin. You do not really love him as a betrothed maiden should love her affianced husband. You only fancy that you do. In reality you know nothing of such a love as that. Le was brought up in the house with you. You have no brother. Le has no sister. You therefore love each other as brother and sister. By and by you both may discover—but not for each other—the higher, deeper, stronger love which unites the husband and the wife in a true marriage—such a love as I could wish might crown my darling's life with lasting joy—such a love as you might find in a union with Angus Anglesea, if you would but give him the opportunity of winning your heart."

"Madam!" exclaimed the girl, starting to her feet, and gathering her black brows over black eyes that blazed with indignation. "I *hate* Colonel Anglesea! I *hate* him and I *fear* him! And I would rather *die* this day and never behold the face of Le again, than *listen* to Colonel Anglesea!"

"Odalite! Odalite, my child! You are talking to your mother. Come to my heart again, and calm your excitement," said the lady, holding out her arms.

And the girl fell weeping upon the bosom of her mother.

The lady allowed some time to pass in which the girl's paroxysm of tears exhausted itself, and then caressing her gently, she began, in a soothing tone:

"My precious child, do you doubt your mother's love or truth?"

"Oh, no, no, no! How could you ask such a question of your own child, mother?" earnestly protested Odalite.

"Do you doubt that *duty* is to be held above all other consideration?"

"No! Oh, no!"

"Well, then, I have something to tell you, my darling, which will make you forget all selfish aims, and even also the wishes of your old playmate. Come with me to your own bed-chamber, where we shall be most secure from all interruption. I will tell you of a fatal episode in my own youth, when I was younger even than you are now. *Oh*, that I should have to tell such a tale to my daughter! But, Odalite, when you have heard it you will learn just what you have to do in order to save us all, and especially to save your noble, generous, honorable father from ruin and disgrace. And *then*, Odalite, when you have learned *all*, you shall do exactly as you please. Not one word of coercion, not another word of persuasion, will I utter. I will leave our fate in your hands, and you shall be absolutely free to act. Come with me now."

She took her daughter's arm and they arose from the sofa.

For a moment they stood, quite accidentally, facing a tall mirror between two windows on the opposite side of the room, and that mirror for the moment reflected two beautiful forms, of which it would be difficult to decide which should bear off the palm for beauty.

The elder lady, Elfrida Force—wife of Abel Force, the owner of Mondreer, one of the finest old places on the western shore of Maryland—was a tall, stately blonde, with a superbly rounded form, a rich complexion, and an affluence of golden brown hair, rippling all over her fine head, and gathered into a mass at the nape of a graceful neck. She wore an inexpensive, closely fitting dress of dark blue serge, whose very plainness set off the perfection of her figure and enhanced the brilliancy of her complexion, showing to the best advantage that splendid beauty, which at the age of thirty-five had reached its zenith. Just now, however, the vivid brightness of her bloom had faded to a pale rose tint, and her lovely blue eyes seemed heavy with unshed tears.

Her young daughter, Odalite, equally beautiful in her way, was yet of an entirely opposite type. She was of medium height, and her form, though well rounded, was slender almost to fragility. Her head was small, and covered with a fine suit of rippling jet black hair, which she wore carelessly, partly in a black net, partly escaping down the shoulders. Her eyes and eyebrows were black as jet; her features were delicate and regular; and her complexion was of a clear ivory white. She wore a crimson merino dress, plainly made, closely fitting, and relieved only by narrow white ruffles at throat and wrists.

Only for a moment they paused, and then they walked out of the room, and the pretty picture disappeared.

They went to Odalite's chamber, where, in privacy, the proud lady could tell the daughter HER MOTHER'S SECRET—a secret so terrible that she believed it would compel the poor girl to give up her young dream of happiness with her chosen lover, Leonidas Force, whom she idolized, and accept a life of misery as the wife of Colonel Angus Anglesea, a heartless adventurer, whom she loathed. A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or sink." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. WEDNESDAY. OCT. 25, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

An Open Letter.

WASHINGTON, D. C., Oct. 21st, 1882.

GENERAL SIMON G. GRIFFIN, Keene, N. H.

Dear Sir: My attention has to-day been called to a letter signed by you and other republicans of Cheshire county, inviting Mr. Bainbridge Wadleigh to speak in opposition to the election of Hon. Samuel W. Hale, of Keene, the republican candidate for governor, and to Mr. Wadleigh's reply of acceptance dated October 17th.

These letters make or imply various general assults upon myself personally, which will not now be noticed except by saying that no imputation of dishonor from Mr. Wadleigh is true; and that whenever any specific charges shall be made and my character shall be at issue before the republicans of New Hampshire, I shall, as heretofore, defend myself and assail my enemies. Such is not now the case except in the following particulars.

You and your associates say of Mr. Hale's nomination: "We wish to express our detestation of the improper interference of a member of the president's cabinet in the selection of our candidates."

Mr. Wadleigh says, "To compass his nomination the secretary of the navy * * "stepped from the deck of a war ship into the convention. Fresh from an interview with that official the leader of the Portsmouth delegation was guilty of unwonted treachery, pleading as an excuse the command of a power he could not resist."

These averments as to my personal action I meet with a broad and unqualified denial. I did not in any way aid in the nomination of Mr. Hale, but expressly abstained from so doing, and thereby brought upon myself the complaints of his friends. I did not enter the convention at all, and was not in New Hampshire when it was held, as Mr. Wadleigh well knew when he wrote that I stepped into it. I neither exercised nor tried to exercise any influence over Col. Elbridge G. Peirce, of Portsmouth, in favor of Mr. Hale, but on the contrary, in the only interview I had with him I stated my impression that it would be best for the party, under the excited circumstances of the canvass, to nominate Hon. Moody Currier The widely spread charge that I controlled the action of Col. Peirce or any of the Portsmouth delegates is without the slightest shadow of foundation, and I challenge him or them to the proof if they make it an excuse for their votes.

It may be said that the *Statesman* and *Monitor* advocated Mr. Hale's nomination. Such advocacy was commenced without my knowledge or approval and continued against my vigorous remonstrance. The manager and editors knew that it was my opinion that the paper should never take sides in any contests for nominations among republicans, but should make itself the impartial organ and servant of the whole party. Notwithstanding this, they began to support Mr. Hale's nomination, and persisted therein after I objected in a forcible protest, which I append to this letter. My opinion was clear and decided, and my protest was sincere.

These denials are made only in order that no republican who bolts from Mr. Hale's nomination may have any excuse, however slight, based on any undenied false charges against me. In my belief Mr. Hale was fairly nominated, and he is a man of capacity and integrity and deserving the support of every republican. For the sake of the principles he represents he ought to be elected, and I regret that you and your associates cannot waive your objections and cordially support him. If, as I never believed until I saw your letter, you are unfriendly to me, my wishes will have little influence with you. Nevertheless I appeal to you and to those who are acting with you, and to all friends of mine and to the republicans of New Hampshire, to lay aside personal differences and to unite in securing a victory in November which will be promotive of the best interests of the state and the Nation.

Very respectfully,

WILLIAM E. CHANDLER.

WASHINGTON, Aug. 7, 1882. Edward A. Jenks, Esq.—My Dear Sir: Senator Rollins and I note with regret that the *Monitor* is disposed to take sides in the governorship fight in favor of Mr. Hale, and also with still more regret that there is a disposition to antagonize Concord with Manchester, although Mr. Hale is not a resident of Concord. This fight about the governorship is getting intense, and the result is likely to be very injurious to the party. The leading republican paper of the state, instead of taking part and adding fuel to the flames, ought to be soothing both sides and cautioning the republicans against too much excitement over a matter which is not vital. We do not know whether Col. Stevens has given up the editorship nor when he proposes to do so, but very soon now the tone of the paper, in this particular respect, ought to be changed. Please show this to Col. Stevens, consult with Mr. Coggswell and have such action taken as you think judicious. There is no reason whatever for now making an issue with Manchester. The Manchester people, on the whole, were very fair about the removal of the courts from Exeter to Concord, and about the public building at Concord. It is an entire mistake to make a fight in favor of Mr. Hale, in the way in which it has been made. Mr. Rollins and I wish it understood that we dissent.

Very truly,

W. E. CHANDLER.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

TUESDAY, Oct. 24th.

The arguments in State vs. Ramsbottom, assault with intent to kill, were concluded, and the case given to the jury in the afternoon. A verdict of guilty was returned, and the defendant was sentenced to ten years hard labor in state prison.

Daniel F. Emerson and Ellen M. Bartlett, of Northwood, retracted their plea of not guilty of adultery, pleaded *nolo contendere*, and were sentenced to three months in jail. [Previous to the removal of the prisoners they were married in the court house by Sheriff Kent. Emerson is twenty-three years old, and his wife twenty-nine.]

State vs. James F. Cilley and George E. Felch, both of Seabrook. Respondents were charged with breaking and entering in the night time into the hen house of David A. Whittier of Hampton Falls, and stealing therefrom seven hens, of the value of fifty cents each, and two roosters, of the value of one dollar each, being property of said Whittier. Harriman, county solicitor, for state; Lamprey for respondents. Case unfinished at adjournment.

Before the jury was completed for this trial the panel was exhausted, and Capt. Edward D. Coffin, Zebulon Sanborn, and Samuel Dodge of the *Journal*, were summoned as talesmen. Alderman Martin, invited to serve in this capacity, was let off on the ground that the interests of the general government would suffer if he was obliged to be absent from his official duties at Christian Shore.

POLICE COURT.

TUESDAY, Oct. 24; *Batchelder J.*

William W. Dennett, hackman, was charged with assaulting Samuel K. Batchelder, another hackman, at the Eastern railroad station, and was fined $2, costs being taxed at $9.18; he appealed, and gave bonds in the sum of $100 to prosecute the appeal.

BICYCLING.

Five members of the Harvard bicycle club started from Boston on their wheels at 7:30 o'clock A. M. on the 21st inst., following the Newburyport turnpike as far as Danvers, and thence passing through Wenham, Ipswich, Rowley, Newburyport and Salisbury, then following the main road to this city, where they arrived at eight o'clock in the evening. The visitors spent the night here, and started on their return at 8:30 o'clock next morning, being accompanied as far as Hampton by two members of the Rockingham club.

The Rockingham bicycle club will celebrate the completion by their captain of his ten thousandth mile of road riding by a moonlight run and a supper at the Dover Point house this (Wednesday) evening. The officers of the Manchester, Rochester and Dover clubs are to be present.

RAILROAD NOTES.

Thomas J. Gargan, an eminent lawyer of Boston, was hurt, it is feared fatally, by getting off a train while in motion at the Deveraux station on the Marblehead branch of the Eastern railroad, Oct. 24th.

The Concord railroad has declared its usual semi-annual dividend of five per cent, payable Nov. 1st.

The train due in this city at 6:50 o'clock on Tuesday evening, the 24th inst., did not arrive until about eight, and was then brought in by an engine sent from this city, the one which started from Boston with the train having broken down at Seabrook.

An excursion train from North Conway for Boston passed through this city about noon on the 24th inst.; it consisted of seventeen heavily-laden cars, drawn by engine No. 12, one of the four new machines put on the road within a few days, in charge of Engineer Oliver Goldsmith of this city, who was in charge of the engine wrecked by a misplaced switch at Rochester some weeks ago.

NAVY YARD ITEMS.

The naval board of inspection appointed to examine into the condition of the vessels at this navy yard arrived here on Tuesday, and received a salute. The board is composed of the following-named officers: Commo. A. A. Semmes, Captain Richard W. Meade, Constructor Edward Hartt, Comdr. Henry L. Howison, Chief Engineer James W. Thompson, Jr. The board will inspect the Plymouth, the Omaha, and other vessels in "rotten row," and the Powhatan when she arrives, and decide what repairs are needed and what vessels are beyond repairs. The Constitution will require but little more than housing over to fit her for service as a receiving ship.

Chaplain Wm. H. Stewart is detached from the navy yard Nov. 1st, and ordered to hold himself in readiness for sea service.

The report of the chief of the bureau of yards and docks for the year ending June 30th, 1882, gives the estimate for maintenance, repairs and improvements for the fiscal year ending June 30th, 1884, as about $3,250,000. The principal items are for improvements at the largest yards. The report speaks of the probable abandonment of the yards at New York and Boston, and renews the recommendation of last year for the improvement of the yard at New London, which could be made the leading navy yard of the country in case the two first mentioned should be discontinued. Among the estimates is $600,000 for continuing work on the dry dock at Mare island, Cal., and $100,000 for a boiler shop at the New York yard. The erection of an ordnance building, to cost about $95,000, in the Washington navy yard, is strongly recommended.

"The Danites" at Music Hall Thursday evening, by a strong company; tickets at Myers', at usual prices.

Some little excitement was occasioned on Tuesday evening by the ringing of the nine o'clock bell an hour before the usual time; it was supposed to be an alarm of fire, but it was only a mistake.

Every act in the play of "Hazel Kirke" is embellished by scenery which the company transport from their home theatre—an evidence of their determination to give fine performances.

The Topeka, Salina and Western railroad company offer a safe investment in their six per cent. gold bonds. Circulars of C. G. Patterson, 95 Milk street, Boston.

An entertainment will be given in the Methodist church this evening, consisting of the operetta "Grandpa's Birthday," and "The House that Jack Built." Miss Fannie Hoyt, of Newington, the favorite young violinist, will play some choice selections. Admission twenty cents, children ten cents; performance to commence at 7:30 o'clock.

Subscriptions to the Boston & Little Rapid Railroad Co. of Dakota are offered as a most desirable investment.

The management of the Oceanic hotel at the Isles of Shoals will hereafter be under the exclusive control of Laighton Brothers, Mr. Rymes having retired from the late firm of Laighton Brothers & Co. The immediate supervision of the Oceanic will be under the experienced direction of Mr. Stanton, a gentleman well known to the patrons of the Oceanic, where he has served for several years as steward, clerk, etc.

Death of Ex-Gov. Straw.

Ezekiel Albert Straw, ex-governor of New Hampshire, died in Manchester on the evening of Oct. 23d, in the 73d year of his age.

He was born in Warner, and was educated in the public schools of Lowell, Mass., and Phillips academy at Andover. When nineteen years old he entered the service of the Boston & Lowell railroad, then in process of construction, as assistant civil engineer; and in the same year became engineer of the Amoskeag company of Manchester, a position he held till 1844, when he was sent to England to obtain information and machinery for the manufacture of muslin-delaines.

In 1851 he was chosen agent of the Land & Water-power Co. of Manchester, which position he resigned in 1878. He was largely instrumental in securing for Manchester a water service; was one of the first board of trustees of the city library; was one of the original grantees of the Manchester Gas Light Co., and was chosen president of the corporation in 1858; was president of the Blodgett Edge Tool Co. till 1862; was elected a director in the Langdon mills in 1874; was chosen president of the New England Cotton Manufacturers' Association in 1866, the year of its organization, but resigned in 1878; and was president of the New Hampshire Fire Insurance company from its organization till about two years ago.

He was one of the founders of the First Unitarian society of Manchester; was assistant engineer of the city's fire department from '46 to '51; was sent to the lower house of the legislature for five years, from 1859, and was a state senator in '64 and '65; in 1869 he was on Gov. Stearns' staff, and in '72 and '73 was governor of the state. He was made a master of arts by Dartmouth college in 1865. His mind commenced to fail in 1875, but it was not for several years that he became wholly incapacitated for business.

He married Charlotte S. Webster of Amesbury, Mass., in 1842, his wife dying in 1852. They had four children, of whom three survive, viz.: Herman F. Straw, superintendent of the Amoskeag mills, and two daughters, both of whom are married.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents. BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER. BOSTON, January 1, 1882. 3tawtjan4

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in the prime of early life may be alleviated and cured. Those who doubt the assertions should purchase the very popular work published for the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

250th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 [illegible]; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing which ever that the married or single can either require or wish to know but what is fully explained. (London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION.

is a marvel of art and beauty, warranted to be a better medical book in every respect than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—(Author.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Woman. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh roses of Hope and early summer time.

Physicians Use It and Prescribe It Freely.

It removes faintness, flatulency, destroys all craving for stimulant, and relieves weakness of the stomach. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. **For the cure of Kidney Complaints of either sex this Compound is unsurpassed.**

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of Humors from the Blood, and give tone and strength to the system, of man, woman or child. Indeed on having it.

Both the Compound and Blood Purifier are presented at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They are perfect, mild, and reliable purgative, and torpidity of the liver. 25 cents per box.

Sold by all Druggists.

SHARP PAINS Crick, Sprains, Wrenches, Rheumatism, Neuralgia, Sciatica, Pleurisy Pains, Stitch in the Side, Slow Circulation of the Blood, Heart Diseases, Sore Muscles, Pain in the Chest, and all pains and aches either local or deep-seated are instantly relieved and speedily cured by the well-known *Hop Plaster*, compounded, as it is, of the medicinal virtues of fresh Hops, Gums, Balsams and Extracts. It is indeed *the best* pain-killing, stimulating, soothing and strengthening Plaster ever made. Ask for the *Hop Plaster* at any drug store. Price 25 cents or five for $1. There has been considerable talk in the vicinity of Wells lately, concerning a "mermaid" that was seen at Wells beach by "reliable parties." As Maine prohibits the sale of intoxicants there is of course no room to suspect that the vision of the reliable parties had been stimulated beyond that possessed by other men, so this case must stand as one of the best authenticated instances of a mermaid's appearance on record. But of what earthly use is it for a mermaid or sea-serpent to appear off or on a beach at this time of the year?

The Congregational church at York village will be re-dedicated on Thursday afternoon, Oct. 26th, at two o'clock. Gen. Joshua L. Chamberlain will deliver the address.

Mr. J. H. Wadleigh, who carries on the farm of Mr. Wm. H. Goodwin at Gerrish's island, Kittery, this year raised thirty-five bushels each of corn and potatoes, fifty heads of cabbage and ten bushels of beets, all the labor being done by himself. Mr. George Moore of Gerrish's island gave one of his knees an ugly cut with the corner of an axe while preparing wood for the stove on Saturday of last week.

Disappointment in matters of pleasure is hard to be borne, in matters affecting health it becomes cruel. Dr. Bull's Cough Syrup never disappoints those who use it for obstinate coughs, colds, irritation of throat and lungs, etc.

John Furber, a native of Farmington, but a resident of Rochester since 1854, died in the latter town on the 15th inst., aged eighty-four years. During the war of 1812 he was among the men drafted for the defence of Portsmouth, in which he participated. He had been a trader in Rochester for many years, but lately had lived in quiet retirement.

Young and middle aged men suffering from nervous debility, premature old age, loss of memory, and kindred symptoms, should send three stamps for Part VII of pamphlets issued by World's Dispensary Medical Association, Buffalo, N. Y. 3

The Dover *Democrat* says: "Of the four young men who were arrested for complicity in the alleged murderous assault on Geo. W. Holtt some months since, three have since been before the police court for offences against the law. A bad record for the boys, who should have learned a lesson from their experience in the Holtt case."

"Help yourself and others will help you." But don't fail to use Kidney-Wort for all liver, kidney, and bowel complaints, piles, costiveness, etc. The demand of the people for an easier method of preparing Kidney-Wort has induced the proprietors, the well-known wholesale druggists, Wells, Richardson & Co., of Burlington, Vt., to prepare it for sale in liquid form as well as in dry form.

The stabbing case at the Grafton house, West Thornton, was due to a quarrel about a woman, and may result fatally. Sullivan, the Pemigewasset Valley railroad section boss who was stabbed, had a fight earlier in the evening with Gillespie, who was a shoveller on the road, during the progress of a low dance at the hotel, and whipped him; later Gillespie crept up behind Sullivan, and stabbed him twice with a jackknife, one stab penetrating the windpipe.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Benson recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters Company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

—A musician of note, who had acquired a considerable fortune by marriage, was asked to sing in company. "Allow me," said he, "to imitate the nightingale, which does not sing after it has made its nest."

Rev. C. F. Brooks

says that his little girl is troubled with malaria very severely, and that since he gave her Sulphur Bitters, he never thinks of leaving New York for his summer resort, without a few bottles, for they always cure his family and are far superior to Quinine.

—Senator Sharon has a new barn on his home lot in California which cost over $80,000.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure* cure for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial*. It *never fails* to give *good and permanent relief*.

If you are troubled with *any* weakness or complaint common to our sex, buy inside the doctor's prescription for one, and try "Ladies' Tonic," which we guarantee will positively cure you. **One Bottle is Sufficient.**

Women's Medical Institute is an Association of *Wives and Mothers* of years' experience, who give advice and answer letters from ladies, *free*.

$100 will be given for any case of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is a *bona fide* offer, made by *responsible* ladies who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $500, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as "*just as good.*" The genuine is made only by the Brown Chemical Co. Baltimore, Md.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier,

SULPHUR BITTERS.

Why suffer with Boils? Why suffer with Headaches? Why have Eruptions? Why let your blood become so impure? Why let disease fasten upon you, when a few bottles of SULPHUR BITTERS will make you as pure as purity itself? Why let your friends shun you because your breath is fetid? Why let your children be pinched with Rickets, when SULPHUR BITTERS will make them healthy? Why let your servants leave you because they have Scald Heads on their children? Why let your children be afflicted with Scrofula, when SULPHUR BITTERS will cure them? Why let your wives be pining with Female Weakness, when SULPHUR BITTERS will make them healthy? Why let your husbands be miserable with Dyspepsia, when SULPHUR BITTERS will make them healthy? Why let your children be afflicted with Worms, when SULPHUR BITTERS will expel them? Why let your children be afflicted with Scald Head, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Eyes, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Ears, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Throat, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Nipples, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Legs, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Arms, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Backs, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Heads, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Mouths, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Throats, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Lungs, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Bowels, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Livers, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Kidneys, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Bladders, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Nerves, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Toes, when SULPHUR BITTERS will cure them? Why let your children be afflicted with Sore Fingers

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Political Matters.

A prominent and very much respected clergyman of this state, whose name has been bandied about for weeks as a republican who will oppose Mr. Hale and support Mr. Edgerly, authorizes an explicit and emphatic denial of the story. He says that he served in the legislature with Mr. Hale, knows him to be an excellent man, and will support him. That clergyman is Rev. C. W. Wallace, D. D., of Manchester.

The Mississippi democrats, wherever they can do so, are preventing republican orators from speaking, and the Vicksburg *Herald*, the leading democratic journal of the state, denounces the proceedings as outrageous.

The Washington special of the Boston *Globe* tells the public that Ex-Speaker Randall has distributed $100,000 among the doubtful congressional districts to insure the election of a national house of representatives which will make him speaker. The *Globe* makes no comment respecting this use of money for personal ends by a leading democrat; it is only when money is used by some other political party that the democratic press smells corruption.

Hon. H. D. D. Twiggs, independent democratic candidate for Congress in the eighth district of Georgia, withdraws from the race because, as he says, fair opportunity is not afforded for full and free discussion of public questions.

News and Notes.

The landing of William Penn was celebrated at Philadelphia Oct. 24th, by elaborate ceremonies, procession, fireworks, speeches, etc.

Abner I. Benyon, the president and wrecker of the defunct Pacific bank of Boston, which lost $2,000,000 under his management, has been indicted by a Massachusetts grand jury; the thing to do now is to catch him, he having disappeared. Benyon's connection, while president of the National Exchange bank, with "Rev." Ezra D. Winslow, the forger, by which that bank lost some $73,000; his enforced retirement, the starting of the Pacific bank to "vindicate" Benyon, and other operations of a like nature, are brought to recollection by these latest developments. Possibly Benyon has gone to Buenos Ayers to join his old chum, the reverend thief, forger and adulterer, who is flourishing there as "D. Warren Lowe," editor of a local paper.

The United States supreme court has decided that the Phœnix Mutual Life Insurance company of Hartford, Conn., must pay a policy in the case of a man who was killed on the railway a few days after payment of the premium was due. It was shown that the company had on previous occasions accepted payment after the time had expired, and on this occasion had neglected to send the insured the customary annual notice.

An official despatch from Manila says sixty thousand families were rendered houseless by the recent great typhoon, but the loss of life was relatively small. The other islands of the Philippine group were also devastated. The ship Nearchus, of Newburyport, was one of the thirteen vessels driven on shore at Manilla.

The Topeka, Salina and Western railroad company invite a careful examination of their six per cent gold bonds.

At Plymouth, Wis., Spencer Turner was beaten into helplessness with a poker by Charles Stewart, in the house of the latter's father. Stewart then saturated the clothes of the dying man with kerosene, dragged him out of doors and set him on fire. The murderer and his victim were cousins, and quarrelled about a woman.

A despatch of Oct. 24th from Cairo, Egypt, to the New York *Herald*, reports the "false prophet" of Soudan to have defeated the Egyptian armies, killing 8000 men and capturing many arms; the survivors took refuge in Khartoum, and are besieged there.

Six men had died from the effects of the railroad disaster at North Adams, Mass., up to the evening of Oct. 24th, and three others were reported as rapidly failing. Emerson G. Watson, engineer of the locomotive that backed into the caboose car, has been arrested for manslaughter.

A. Bronson Alcott had a paralytic shock at Concord, Mass., Oct. 24th.

During the pyrotechic display at Fairmount park, Philadelphia, on the evening of Oct. 24th, the "Landing Day" of William Penn, Mrs. Davis Coakley was instantly killed, and five others injured, by the explosion of a bomb; Mrs. Eva McCarrie had both legs fractured by the explosion of a mortar, Henry Borden had his left shoulder nearly torn off, and will die, and his wife was wounded in the breast and arm. Albert Sellers had his arm amputated, and will die. W. Love had his leg injured. Dorothy L. Miller, aged seven years, had her head injured, and will die. Joseph Cohan and Thomas Harrison, a park guard, were also injured.

Ex-Rev. George C. Miln has made his debut at the Chicago Grand Opera house as "Hamlet." He was heartily applauded, and scored a success. One critic said his reading was better than Booth's.

Smugglers attempted on the night of Oct. 23d to run ashore from the steamer Arabic, at San Francisco from China, silks and opium valued at $40,000. A customs officer shot one of the smugglers, and the others threw the goods overboard, and escaped. The goods were picked up by the officers.

AROUND HOME.

"The Danites" will be presented in Music hall this evening. The play has many strong situations, and the company is a good one.

Mrs. Langtry, the famous "Jersey Lily," arrived in New York on Monday, Oct. 23d. She has been called a wondrous beauty, but unless she is vastly better looking than are the photographs of her displayed in the shop windows, there are five hundred women and girls in Portsmouth who are far handsomer than she.

Portsmouth Commandery, United Order of the Golden Cross, will have a supper and entertainment this (Thursday) evening at their hall on Daniel street, for the benefit of the sick fund. Tickets twenty cents, including supper.

The schooner Nautilus came off the railway at Kittery on Wednesday of this week, having effected the repairs needed to enable her to proceed to her destination.

The schooner Charlotte Buck, of New London, Conn., Smith master, arrived at this port some weeks ago with a cargo of coal, and after discharging proceeded to Frankfort, Me., where she took on a cargo of granite for New York. She arrived in the lower harbor Monday of this week, leaking badly, and on Tuesday a diver was sent down to examine her bottom, the result of his inspection being a decision that the vessel must go on the marine railway to repair. She registers 233 tons, and was built at Orland, Me., in 1865.

The weirs at the mouth of the harbor were badly damaged by the sea on Tuesday, the 24th inst. The twine below the water line was to a great extent cut away, leaving not much else than the poles under water.

On Saturday, Oct. 21st, Henry Caverly and Arthur Sanders of Dover went across the river into Maine on a gunning excursion, and while passing through a belt of woods in Berwick saw a wild animal at which they fired together, bringing the creature to the ground. It proved to be a small wildcat, or Canada lynx, weighing twenty pounds. Possibly this animal may have been responsible for some of the depredations on sheep in Eliot and Kittery, charged to dogs.

The striking shoemakers at L. H. Day's shoe factory at Biddeford returned to work on Tuesday, Oct. 24th, at $13 per week, the amount offered by Mr. Day at the time of the strike.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in FRENCH and one in GERMAN, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Ricaurs and Dr. Sauveur will be employed, *no English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

WEDNESDAY, Oct. 25th.

In State vs. Felch and Colley, for stealing fowls from a hencoop in the night, the jury returned a verdict of guilty of simple larceny. Sentence was suspended, owing to the absence of Felch, who was out on bail; the absentee was caught later in the day by the sheriff.

Willie Ritz, of Exeter, having retracted his former plea of not guilty on a charge of assault with intent to commit rape, pleaded guilty of aggravated assault, and was sentenced to three months in jail.

No. 82. Daniel E. Smith vs. Abbie Weeks; suit as to title of land at the Hedding camp-meeting ground. The case was opened, and the jury went to Epping by the noon freight train over the Concord & Portsmouth railroad, to view the premises. Frink & Batchelder for pltf.; Mugridge and Foster for the deft. The trial will proceed Thursday.

DEATH AND FUNERAL OF A NAVAL OFFICER.

Capt. Wm. A. Parker, U. S. N., died at his residence in East Boston, Mass., on Tuesday morning, Oct. 23d, aged seventy years. Funeral services were held at St. John's Episcopal church (of which the deceased was a warden) of East Boston, at two o'clock on Wednesday afternoon, Rev. T. R. Lambert of Charlestown officiating, assisted by the rector of the church, Rev. N. H. Chamberlain. A delegation of officers from the Charlestown navy yard was present, including Capt. Ralph Chandler, in command of the yard. The remains reached this city Wednesday evening in charge of Ex-Alderman Geo. Z. Thorndike, Dr. M. B. Leonard and A. H. Lewis, representing the Citizens' Trade Association of East Boston; Comrades Eben Lincoln and L. E. Jenkins, the commander and senior vice commander of Joseph Hooker Post, No. 23, G. A. R., of East Boston; Rev. Mr. Chamberlain and George H. Plumer, of the church to which deceased belonged. Mr. Wm. E. Brown, undertaker of East Boston, had immediate charge of the remains.

The interment will be made this forenoon at ten o'clock, in Harmony Grove cemetery; services will be conducted by Rev. Mr. Chamberlain, and naval honors will be paid by a detachment of marines from the navy yard.

Capt. Parker was the last to survive of a family well known in naval circles, three of his brothers having been in the service. He was a native of this city, his father being the late Hon. Wm. P. Parker, a well known magistrate many years ago. He entered the navy in July, 1832, and saw considerable active service during the war; his last cruise ended in 1865, but he had since served as lighthouse inspector and on other shore duty. He was placed on the retired list a number of years ago.

HARD TO SUIT.

There are two eras in the life time of our good Brother Hanscom of the *Times*, when he appears to be troubled in the spirit. One is when the democrats are not employed on the navy yard; the other is, when they are so engaged. Just now, in the haste to get certain work done before winter sets in, there are several of the political friends of the *Times* employed on the navy yard, and that paper openly advocates the astounding doctrine that it is better for a democrat to go without work, and get trusted for his rent and grocery bill, than to become demoralized as to his political orthodoxy by working for the government under a republican administration. But on this question very many good democrats differ. Many of these men would prefer to see the family pot boil, than to behold the political caldron simmer.

THE OLD CHURCH AT YORK.

The oldest occupied church edifice in the state of Maine is at York. Built in 1727, it is to Maine what the ancient First Parish (Unitarian) church at Hingham is to Massachusetts, and it has been constantly occupied by the First Parish Congregationalist society, which is the oldest one of that denomination in the state. Like its contemporary at Hingham, it has undergone transformations, but the one just finished is more extensive than any which had preceded it. The venerable structure has been removed from its original foundations, and now fronts the road which passes the ample common, or parish grounds, on which it stands. A remodeling some thirty years ago made the exterior—with the exception of the steeple—of a severe Grecian architecture, and the new work has been designed to harmonize with that.

A new steeple one hundred and twenty feet high, and of much gracefulness and elegance of outline, and richness of detail, has been built in place of the old one; new sashes, glazed with cathedral glass, fill the window openings; new ash pews, with pulpit work and choir gallery of the same material, have been put in, and the interior has been frescoed by Hiram M. Batchelder of Boston in a style of great elegance, yet well becoming the grand old edifice; new furnaces, lamps, carpets and pew cushions, and pulpit furniture, have been provided; the old bell has been recast and increased in size, and the grounds in front admirably graded; in fact, nothing has been omitted that was needful to make a convenient building, and in keeping with the times in which we live. The remodeling has been done under the architectural supervision of Thomas W. Silloway of Boston, and under the immediate charge of Mr. E. B. Blaisdell of York, who has from the first given personal attention to see that the plans of the architect were strictly followed. It has been the aim of the society, and the persistent endeavor of the committee, to do once for all a thorough work, and one that would be an honor to this, the mother of Congregationalist churches in Maine.

This (Thursday) afternoon services appropriate to the re-occupation of the historic building will take place, the sermon being preached by Rev. (Gen.) J. L. Chamberlain, president of Bowdoin college; and so the old parish begins a new chapter in its history, and will not fail to add fresh laurels to its venerable brow. The pastor, Rev. David Sewall, is a descendant in direct line from the Sewall family so distinguished in the early history of New England, and he is a worthy successor of the famed "Parson Moody," so celebrated as a preacher and theologian, and who for forty-seven years was pastor of the society. W.

RAILROAD NOTES.

Locomotive No. 47 on the Eastern railroad, running on the Dover branch, on Tuesday afternoon of this week in some way backed off the turntable at Dover, and tumbled into the pit. A wrecking train went up from this city that day and replaced the engine on the rails, and on Wednesday the tender also was put on the iron and brought to this place.

Thomas J. Gargan, Esq., of Boston, who was reported as having been fatally injured by jumping from a moving train on the Marblehead branch of the Eastern railroad, Oct. 24th, was not so seriously hurt as was stated, though he was senseless for half an hour, and had his face cut. No bones were broken, and his doctor says he will be out in a few days.

The Boston & Maine railroad will pay a dividend of $4 per share on the 15th of November.

RUNAWAYS.

As Mr. Henry Marden of Kittery Point was driving over the Noble's island bridge on Monday, the 23d inst., his horse was startled by the sounding of a steam whistle on the Concord railroad wharf, and springing to one side struck the wagon against the railing, throwing Mr. Marden from the vehicle. He was picked up insensible, and remained so for some time; it was at first supposed he was fatally hurt, but he was able to be out on Wednesday, though considerably bruised and sore. Decidedly the worst yell we ever heard is the one made by a shifting engine in frequent use on the Concord railroad wharf; and any horse that would not get frightened enough to smash wagons and kill people, on hearing such an infernal shriek, could hardly be fit for crowbait. If a decent whistle could be substituted for that horrible thing, it would be a blessed boon to people living within a half mile of the wharf.

On Wednesday afternoon, the 25th inst., as Mr. Jackson Pettigrew was driving from Eliot to this city, his horse when on Noble's island took fright at the directors' train on the Eastern railroad, which was approaching the city from the eastward, and breaking away from Mr. Pettigrew started on a race with the train. The gates at the Noble's island bridge closed the highway, but the frightened animal struck one of them with such force as to swing it across the railroad track, and the other, which swings in the direction from which the horse was coming, he smashed through, and kept on down Market street to near J. Albert Walker's counting room, where he fell and was caught. The wagon was upset and both shafts broken, but otherwise there was little harm done; the horse, a fine-looking animal, it is said was not injured. When the horse started to run the engineer of the train applied the air brakes, and just managed to clear the team. The gate-keeper, Mr. Foote, when flagman at the Vaughan street crossing was quite noted for stopping runaway horses, but he had no chance for a display in that line on this occasion.

Only one night of "Hazel Kirke;" next Monday, at Music Hall; secure your seats at Myers."

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion, sloth, or early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE, OR, SELF-PRESERVATION. Exhausted vitality, Nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Sixth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Splendid beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Read how!

THE SCIENCE OF LIFE, OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book by every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—Author.

N. B.—YOUNG and MIDDLE AGED MEN can have no hesitancy, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address,

PEABODY MEDICAL INSTITUTE, or W. H. PARKER, M. D., 4 Bulfinch St., Boston, Mass.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Is a Positive Cure

For all those Painful Complaints and Weaknesses to women to our best female population.

A Medicine for Women. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It restores the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh rose of life's spring and early summer time.

Physicians Use It and Prescribe It Freely.

It removes faintness, flatulency, destroys all craving for stimulant, and relieves weakness of the stomach.

That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of Humor from the Blood, and give tone and strength to the system, of man, woman or child. Mrs. Pinkham's Cathartic Pills are the best.

Both the Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5, Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

The Great Comet.

Late advices received at Harvard college observatory from Dr. B. A. Gould, at Cordova, South America, show that the honor of the discovery of the great comet belongs to him. It was first seen at his observatory more than a day previous to its discovery by Finlay at the Cape of Good Hope, and five days before it was seen by Dr. Cruls at Rio. Late letters from the cape to a prominent English astronomer show that the comet was observed there upon the day of its perihelion passage; clear up to the edge of the sun, where it suddenly disappeared. This observation has no parallel in the history of astronomy, and is evidence of the extraordinary brilliancy of the comet. Mr. Chandler of Harvard observatory has just computed a new orbit, which is of much greater accuracy than any heretofore obtained, and gives unmistakable evidence of periodicity. By means of this a comparison of the observations of Finlay with the position which the present orbit gives for that date has been made, and the variation between the observed and the computed place is less than the diameter of the nucleus of the comet. From this close agreement it is evident that no sensible purturbation attended the very close approach to the sun.

Frank P. Murray, librarian of the law library at Buffalo, N. Y., on the evening of Oct. 23d thrashed two detectives named Curtin and Watts for insulting a young lady. Both detectives are in the hands of a surgeon.

Charles Ferry, eighteen years of age, serving a seven years' term in the Dorchester, N. B., penitentiary for highway robbery, was shot and instantly killed while endeavoring to escape, Oct. 24th. A companion named Rogers surrendered.

The Dead Cannot Be Raised,

nor if your lungs are badly wasted away can you be cured by the use of Dr. Pierce's "Golden Medical Discovery." It is however, unequalled as a tonic, alterative, and nutritive, and readily cures the most obstinate cases of bronchitis, coughs, colds, and incipient consumption, far surpassing in efficacy cod liver oil. Send two stamps for Dr. Pierce's pamphlet on Consumption and Kindred Affections. Address World's Dispensary Medical Association, Buffalo, N. Y. 1

John C. Lander's hardware store at Gardiner, Me., was entered on the night of Oct. 23d by thieves, who carried away guns, revolvers, etc., valued at $400. Entrance was forced through a back window.

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

J. F. Brown, the jeweler arrested at Calais, Me., on a charge of adultery, was allowed to escape, it is strongly suspected through the collusion of officers and counsel of both sides. His case had been continued, and his bondsmen were released; but at dinner time Brown got into a waiting carriage at the hotel, and drove off, and has not since been seen, no pursuit being made.

Good Advice.

You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

An unsuccessful attempt was made on the night of Oct. 23d to burglarize the safe of the Conway bank at Greenfield, Mass. The thieves were evidently greenhorns at the business.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free. Send stamp for names of those who have been cured.

A terrible storm raged in parts of England, Oct. 24th, and much damage was done. A steamer was sunk in the Thames by collision, and nine persons were drowned.

Reliable help for the weak, nervous, and debilitated dyspeptic sufferer found in Brown's Iron Bitters.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give ease to any broken-down, worn out over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a single trial. *It never fails to give good and permanent relief.*

If you are troubled with any weakness or complaint common to our sex, by addressing the doctor a description for once, and try "Ladies' Tonic," which we guarantee will positively cure you. One Bottle is Sufficient.

Women's Medical Institute is an Association of *Wives and Mothers* of years' experience, who give advice and answer letters free to ladies.

Rest will be given for a cure of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is a *bona fide* offer. *Don't be deceived before trying from experience what "LADIES' TONIC" can do.* Send stamp for circular.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 311 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Daily Chronicle.

Chronicle Correspondence.

PIKE CREEK, MORRISON CO., MINN, Sept. 28th, 1882.

Mr. Editor: This is a town which has recently been taken from the township of Little Falls. It is situated on the west side of the Mississippi—the Father of Waters!—about 100 miles above the falls of St. Anthony. There is no bridge for transportation across the river at this point; it is ferried in summer and crossed on ice in winter. It can also be forded in seasons when the water is low.

Some years ago there were but few settlers in the woods which extend back to the Indian reservation, and were filled with wild games of different kinds, which attracted hunters from the cities and towns farther south during the season in which the laws of Minnesota allow game to be killed.

Now as one follows the roads or paths cut through the woods they find many log houses of settlers who have cut out trees, broken up the land and made homes for their families, and which now are ambitious to be a town by themselves.

A ride of six miles over the stump and broken corduroy, through sloughs and mud holes, in springless wagons, brings a stranger to wonder what there can be to induce any person to think of making a home there. But we find those log houses with only one room, which are plastered between the logs both outside and in with mud to keep out the cold, sometimes hold families of eight or ten, who are happy in the possession of a home, and are ready to share it with any one who is worse off than they are.

There is a fall of sixteen feet in the river in less than half a mile at Little Falls, which is to be utilized very soon by a large stock company, a railroad already having been built for transporting freight for building purposes, and doubtless it will be one of the booming places of the west in a very short time.

If any young man suffering from a western fever is sighing for a homestead which can be had by building a home in those wilds, could look into those houses while still in his home even on the granite hills of New Hampshire, he would need no other prescription to cure him of his malady. Yours, M. A. G.

A cold in the head is one of the best things that can happen to a lady with a lace handkerchief, and Dr. Bull's Cough Syrup is decidedly the best remedy to cure that cold.

Charles A. Busiel, Esq., of Laconia, has been designated by the Society of the Army of the Cumberland as one of the commissioners from this state at the grand national fair and bazaar, industrial and art exposition, which is to be held in the city of Washington commencing Nov. 25th and continuing until Dec. 3d, the proceeds of which are to be used for the purpose of erecting a monument to the memory of the late President Garfield.

*If Mrs. Lydia E. Pinkham has not really discovered the *Elixir Vitæ*, which the ancient Alchemists sought by so much patient research and persistent experiment, her medicine seems, at least, likely to command an immense sale and universal popularity in the future. If rapid progress and eminent success furnish any basis for a correct judgment, Mrs. Pinkham is a most promising competitor for such honorable distinction as the alchemists failed to achieve.

The supreme court of Rhode Island, after a hearing in the matter of the Georgiaville dam, an unsafe structure which holds a large body of water eight miles above the city of Providence, ordered the owners of the dam to forthwith draw down the water in the pond at Georgiaville so as to expose a dry base to the dam throughout its entire length.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

On the night of Oct. 24th, a farmer named Klingbite, of Stillwater, Minn., a desperate character, attacked his sleeping wife with a knife, cutting her horribly. A son, who interfered, was stabbed to the heart and fell dead. Another son informed the officers of the law, who found the murderer in his barn, still clinging to his knife. A desperate fight ensued, Klingbite rushing at the officers like a mad man. An officer shot him through the body, and finally overcame him and lodged him in jail, where he lies dying. He is said to have killed two men previously, and served a term in the penitentiary. The wounded woman is lying in a critical condition.

We are in receipt of a letter from our old friend S. Sherson, Esq., at present a resident of the town of Rawlings, in the far-off territory of Wyoming. "Dr. Graves' Heart Regulator has helped me right along," says Mr. Sherson. Glad to hear it, old fellow. Yours was an aggravated case of heart disease. The remedy you mention does the same thing in this section too; and better still, it always cures heart disease.—*Nast's Weekly Letter-File.*

J. J. Pratt, cashier, E. N. Wells and Alfred Dunkle pleaded guilty at Geneseo, Ill., Oct. 25th, to the Kewanee bank robbery, and were sentenced to six years in the penitentiary at hard labor. Dr. J. L. Scott, an accomplice, was sentenced to four years.

Counsel for Miss Marie Prescott, the actress, has procured a warrant for the arrest of Ernest Harvier, on three charges, viz.: criminal libel, theft, and perjury in the trial of the suit she brought against the American News company. The theft charged is that Harvier broke open her trunks and abstracted certain letters.

"Female Complaints."

Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—I write to tell you what your "Favorite Prescription" has done for me. I had been a great sufferer from female complaints, especially "dragging-down," for over six years, during much of the time unable to work. I paid out hundreds of dollars without any benefit till I took three bottles of the "Favorite Prescription," and I never had anything do me so much good in my life. I advise every sick lady to take it.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

A sad story comes from Melbourne, Australia. A few weeks ago a "super" at one of the theatres there died well-nigh friendless and alone. It was only after his death that they knew at the theatres that the dead man was Frank Lemon, a son of Mark Lemon, the first editor of the London *Punch*.

Mr. Lewis E. Staples has secured the agency for the Dorcas, Saxony, Knitting Worsted and Germantown yarns, which have become so popular throughout the east. The shades and colors are just what are wanted. oedtjan19

Portsmouth Chronicle.

FRIDAY, OCT. 27, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

A Raid on Wilton.

Three burglars visited Wilton on the night of Oct. 25th. They broke into the savings bank and drilled into the safe, but got only $12; they then entered Geo. Wallace's dry goods store and damaged his safe, but failed to open it; broke into George A. Carter's dry goods store, burst his safe, and stole $50 and some papers; and in A. O. Barker's grocery store they did some ransacking, but got nothing.

Dr. A. H. Powers when returning home met the thieves, who fired a number of shots at him, one bullet wounding him in the arm; they then ran away, dropping burglars' tools as they went, and escaped. A valise containing extension bits, powder, etc., was found near by next morning.

Reaching Milford, the burglars stole a team from C. C. Shaw, and drove to Manchester, where they abandoned it, and probably took the cars early in the morning.

Ex-Gov. Straw's Funeral.

The funeral of Ex-Gov. Ezekiel A. Straw took place at Manchester on Thursday. There were services at his residence at eleven o'clock A. M., where were present, besides the family of the deceased, Ex-Governors Smythe, Weston, Prescott and Cheney, Col. T. L. Lawrence, Phinehas Adams, Jr., John B. Clark, B. F. Martin, Geo. B. Chandler, William H. Hackett, Chas. L. Richardson and other friends of the deceased ex-governor. At one o'clock public services were held in the Unitarian church, where the city government, Ex-Gov. Head, Hon. Asa Fowler of Concord, Judge I. W. Smith, Col. W. H. Sise of Portsmouth, and many leading citizens of Manchester, were present. Rev. Henry Powers, who officiated, gave a touching eulogy upon the life and character of Mr. Straw, and in fitting terms referred to his broad charity, and his thorough and faithful labor and its results in the city of his adoption. The pall-bearers were Hon. Daniel Clark, Ex-Governors Smythe, Weston and Cheney, Hon. Moody Currier, and Charles F. Warren, Esq. The attendance at the church was quite large, business being suspended in the stores, and the mills closed. The flags on the city hall and other prominent buildings were displayed at half-mast. The citizens of Manchester always held the ex-governor in high esteem and appreciated his loyal devotion to their interest, and the mourning at his loss is general and heartfelt.

News and Notes.

Dr. Oliver Wendell Holmes has resigned the Parkman professorship of anatomy in the medical school of Harvard university. At the request of the officers of the board of government the resignation will be permitted to remain in abeyance until satisfactory arrangements can be made for a successor.

While Thomas Mann and Edward Dunn, two boys, were at work inside a kier in the bleachery of the American Print works at Fall River, Mass., Oct. 25th, a valve was accidentally turned and boiling water let into the kier, badly scalding both.

Mr. E. Dwyer Gray, the American newspaper correspondent some time ago imprisoned in Ireland as a "suspect," has been released.

During the great gale in England on Oct. 24th a barque was wrecked off Great Yarmouth, and her crew of thirteen men were all lost.

Prof. Yerkes, who has charge of a private school at Paris, Ky., for boys, received a painful pistol wound in the right arm, Oct. 24th, from one of the students, fourteen years of age. The professor had given the lad a little shake by the collar for tardiness in attendance and failure in studies, and requested that a written excuse be handed in. The lad brought the excuse, and, as he handed it to the professor, said, "Take this, too," and fired a revolver.

A despatch from Cairo to the London *News* says the whole of Egypt south of Khartoum is in possession of the "false prophet."

Emily Lucy Laurent, who has been confined in the lunatic asylum on Blackwell island, New York harbor, since the 14th of last July, has been declared sane by a commission appointed by the supreme court, and released from the asylum. Miss Laurent owned property in Brooklyn, bequeathed her by her father, and she charged that since she came into possession of this property her brother had continually persecuted her.

Advices from the Arctic signal station at Point Barrow state that Lieut. Ray has made a sledge journey fifty miles inland, and one hundred miles eastward. On the latter he discovered a large, unknown river, apparently as large as the Missouri, but could not judge of its depth, owing to the ice. The Indians near the signal station were showing signs of discontent, but the party are well able to take care of themselves. Several whalers have been spoken, and report the catch very small. The body of Bishop Nestor, drowned from the fur company's steamer some months ago, has been recovered. The season is very open.

Henry A. Blake, a briefless, penniless lawyer of Bridgewater, Mass., married a rich lady who supported him in idleness until he went on an extensive tour which lasted over a year, during which Mrs. Blake kept him provided with a bountiful supply of money. A few weeks ago he wrote her that he was going into a rough mining district where there were no postoffices, and she would not hear from him for some months. But a few days afterward she saw a marriage notice in a Providence newspaper, which said that he had become the husband of Caroline Hale, who recently inherited $125,000 from her grandfather, the late Congressman Artemus Hale. He had used his wife's money to get a western divorce, in order to marry a wealthier woman.

Westfield, Mass., boasts a woman hunter who is as skillful at snap shooting as her husband, who is a noted local sportsman. They frequently sally forth together, and the wife generally bags as many partridges, woodcocks or squirrels as her companion.

"Poems of Thomas Bailey Aldrich: Holiday Edition, illustrated by the Paint and Clay Club." Boston; Houghton, Mifflin & Co.; price $5.00.

This is a complete edition of the poems of Mr. Aldrich. The book is printed from new electrotype plates. It contains twenty-eight illustrations designed by the Paint & Clay club of Boston, which includes many of the leading artists of that city, each artist having been permitted to select the subjects most to his taste and in the line of his professional work. There can be naught but commendation as to the manner in which the work has been designed and produced. It has flexible covers.

Mr. Aldrich's poems have been largely read by many of the readers of our paper, who recall the beauty and pathos of "Baby Bell," the boyhood memories of "Piscataqua River," and the jolly episode which followed the tour of the journeying Sultan. Now with other and later-written lines, the poems of the early days come to us richly clad in the best array the Park street establishment affords, and everybody will wish to possess a copy. This is a most choice and tasteful book for a holiday present, and it can be found at Mr. Myers' bookstore.

An unoccupied cottage belonging to John Hooper, situated on Ocean avenue, just above the camp-ground at Old Orchard, was set on fire early in the morning on Oct. 24th, and totally destroyed. The unknown incendiary used kerosene to start the fire, and tracks were found leading from the burned house to another unoccupied one a short distance from it, and other indications were discovered which indicated that the villain had intended to fire that also, but for some reason or other had refrained; probably the fire already kindled blazed up so quickly as to frighten him away.

—It's too provoking. After all the thousands it has cost the government and the great amount of costs and time and one thing and another, this star route prosecution hasn't yet settled the question whether we should say "star rout" or "star root." It begins to look as though we never would know.—*Burlington Hawkeye.*

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

THURSDAY, Oct. 26th.

Case Daniel E. Smith vs. Abbie Weeks, one of the "Hedding camp-ground cases," by agreement of counsel was taken from the jury, and assigned for trial hereafter by the court as referee.

James Cilley of Seabrook, one of the chicken thieves who violated the hen-coop of David A. Whittier of Hampton Falls, and who was convicted on Wednesday of simple larceny, was sentenced to six months in jail, and to pay costs of prosecution. His "pal," George E. Felch, who was not on hand when wanted on Wednesday, but was captured later in the day by Sheriff Kent, it was announced would be tried on Friday.

State vs. Charles Rayburn and George Howard. Indictment for breaking and entering the store of William A. Kimball at Salem depot on the night of Oct. 7th, and stealing therefrom $200 in bills and $50 in silver. It appeared in evidence that the thieves blew open the door of Kimball's safe, and that the respondents were captured in Maine after a long chase; the jury brought in a verdict of guilty, sentence being deferred. Attorney-General Mason W. Tappan, and County Solicitor Walter Harriman, for the state; John S. H. Frink and Wallace Hackett for the defence.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, Oct. 26th, Mayor Treat in the chair:

Present the full board.

Records of last meeting were read and approved.

The board had a session of nearly three hours, which was occupied in discussing the suits of Daniel Mason against the city; and after several motions had been voted on and lost, on motion of Ald. Hackett a committee of five (the mayor, and Ald. Martin, Stavers, Green of ward four, and Sampson) were appointed to confer with Mr. E. C. Spinney, understood to be authorized to act for Mr. Mason, to see if a satisfactory settlement can be reached.

Adjourned.

CAPT. PARKER'S FUNERAL.

The funeral of Capt. William A. Parker, U. S. N., took place on Thursday forenoon as previously announced. A detachment of marines from the navy yard, under command of 1st Lieut. I. H. Washburne, performed escort duty; and the body was followed to the grave by the gentlemen who came down with it from Boston, and Commanders Bartlett J. Cromwell and A. R. Yates, from the navy yard, in carriages. Rev. Mr. Chamberlain, rector of St. John's Episcopal church of East Boston, read the service of the church at the grave, and the Masonic and Grand Army services were conducted by members of the two orders, the exercises closing with volleys by the marines. The delegation from East Boston returned in the evening.

THE INSPECTING AND ENQUIRING BOARD.

The board appointed under the provisions of the naval appropriation bill, to inspect the several navy yards and take testimony as to the advisability of dispensing with any of the yards, and if so, what ones, arrived at the Portsmouth yard on Thursday of this week, and received a salute of eleven guns. The composition of the board is as follows: Commodore Stephen B. Luce, president; Chief Engineer Charles H. Loring, U. S. N., and Mr. A. D. Mullett, members. Mr. Mullett was formerly supervising architect for the United States treasury department.

The sessions of the board were commenced on Thursday, and will continue as long as there is any information offered likely to be of value in arriving at a proper decision as to the advisability of maintaining or abolishing this yard. The sessions are open to the public, and persons having information or advice to give on matters coming within the cognizance of the board are invited to attend and be heard.

FRENCH AND GERMAN LESSONS.

There was a good attendance of ladies and gentlemen at the high school building on the evening of the 25th inst., when Prof. Faulhaber held his first session for the formation of classes in French and German. In accordance with the wishes of the class, the sessions will be held on Saturday forenoons at eleven o'clock, instead of Wednesday evenings; and all are invited to witness the method of instruction, whether they join the class or not. The next session will be Oct. 28th.

A REMONSTRANCE.

At a special meeting of the board of trade of Portland, Me., held on the 21st inst. to protest against the discontinuance of one of the two lights on Cape Elizabeth and one of the two on Matinicus rock, copies of the remonstrance were drawn up to be sent to other seaports for signatures, and one of them was received in this city on Tuesday of this week by Messrs. Rider & Cotton. It reads as follows:

We, the undersigned citizens of New Hampsire, hereby respectfully protest against any change being made in the present system of lighthouses on this coast, believing that no change can be made, especially in long-established head-land-lights, without endangering life and property for years to come.

This remonstrance should be, and no doubt will be, signed by every person having any interest in shipping, direct or indirect. The discontinuance of an important light is a matter of grave concern, and might easily cause the loss of lives, and of property many times greater in value than the sum ($25,000) which Congress proposes to scrimp from the wages of the lightkeepers of the country. A ship master unaware of the change of lights, making the coast at night from a distant port and relying on his charts and sailing directions, on finding but one light where his papers said two would be "all at sea" in his reckoning, though he had made the best landfall possible. About 1856 several vessels were actually lost from this cause on Arrowsic island, Me., one of the Cape Elizabeth lights having been extinguished in a fit of "economy" on the part of Congress.

See notice in another column of great bargains in gentlemen's wool hose at M. C. Foye's.

A. H. Lewis, Esq., editor and publisher of the East Boston *Advocate*, was one of the delegation from the Citizens' Trade association of East Boston which accompanied to this city the remains of the late Capt. Wm. A. Parker, U. S. N.

Mr. Valentine Doane was on Thursday of this week removing his household effects to Harwich, Mass., where he will in the future reside. It seems a pity that the premises near Newcastle formerly occupied by Harding & Doane, and for some years past by Mr. Doane solely, as a fish curing station, should not be continued as such; no business in that line has been conducted there for the past year, however, and we fear is not likely to be again, though it appears to be a favorable situation for its prosecution.

There is no need to dilate upon the merits of "Hazel Kirke." Every year this play, instead of diminishing in interest, seems to be additionally attractive to the public. The company which will present this play here shortly is sent from the Madison Square theatre. The 1750th performance of this great drama was celebrated by the company in San Francisco on September 18th. Special new scenery will be brought by the troupe.

Rev. Franklin Davis, pastor of the Congregational church at Tamworth for the past six years, and for four years previous to that pastor at Newington, died suddenly of heart disease on Thursday morning, Oct. 26th, in the 66th year of his age. He was on the morning train from Boston, and fell dead in the cars as the train entered the station at Ipswich, Mass.

Masons are this week repairing the front of the Atheneum building.

Mr. Wm. H. Gardiner, clerk in the bureau of education at Washington, D. C., arrived home this week on a visit.

Mr. Leander Garland, late of Newcastle, has removed to Haverhill, Mass., to live. He came to Newcastle from Haverhill twenty-seven years ago, on a visit to some friends, and prolonged his visit until the present time. For seven years past he has been employed at the Isles of Shoals, at the hotels there.

The schooner Charlotte Buck was on the 26th inst. discharging at the navy yard her cargo of stone paving-blocks, preparatory to going on the marine railway to repair damages and stop a bad leak.

The U. S. S. Powhatan, with the sailing ship Constitution in tow, arrived at this port at noon on the 26th inst., a week from New York. The Constitution came to an anchor off the fort of the same name; the Powhatan anchored nearer Clark's island.

Five schooners of the brick fleet arrived at the draw of Portsmouth bridge on Thursday afternoon last, from Boston.

The gentlemen who came down from Boston to attend the funeral of the late Capt. Parker, U. S. N., after the interment on Thursday drove to the Wentworth at Newcastle, and afterward went to the navy yard, where they were handsomely entertained by Comdr. Bartlett J. Cromwell.

Hiram Gove of this city was in Dover on Tuesday of this week, and got into a drunken row in a den kept by Ann Pierce on "the landing." As the police were taking Gove to the station the woman made a savage attack on the officers, and she too was put in the "cooler," notwithstanding the opposition of a son of Gove's, who attacked the policeman who had the woman under arrest, and was raced some distance by the officer, but escaped. Gove was fined $2 for drunkenness, and the Pierce woman a similar sum for disorderly conduct, in the Dover police court next day, with costs, which they paid.

The original and only E. S. Washburn's Last Sensation will appear in Music hall on Wednesday evening, Nov. 1st. The Winchester correspondent of the Keene *Sentinel* says: "Mr. E. S. Washburn, of 'Last Sensation' fame, who on account of sickness has been living here in retirement for the last five years, has taken the road again with the ambition of having the best show of the kind to be found anywhere. His entertainment, here, on Saturday evening, was first class. He has about thirty performers and musicians, many of them well known in their particular lines."

A Card.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup." It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan82

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored to health and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and Chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND,

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Woman. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh rose of life's spring and early summer time.

Physicians Use It and Prescribe It Freely.

It removes faintness, flatulency, destroys all craving for stimulant, and relieves weakness of the stomach. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. **For the cure of Kidney Complaints of either sex this Compound is unsurpassed.**

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of Humor from the Blood, and give tone and strength to the system, of man, woman or child. Insist on having it.

Political Matters.

Politics makes strange bedfellows. The *Whig*, of Richmond, Va., has in its columns the following exhortation, conspicuously placed: "Ex-Confederates! Rally to Mahone and Wise!"

Col. Martin Van Buren Edgerly, who says he has heard of such a thing as corrupting voters, is understood to have sent his check to the Democratic State Committee for a liberal amount. The democratic press, in and out of the state, will please howl in chorus.—*Concord Monitor.*

Ex-Senator Bruce, who has stumped Mississippi, predicts a republican gain of four congressmen from that state and Louisiana.

The ticket to be supported by the prohibition party of this section of the state is as follows: For governor, Josiah M. Fletcher; railroad commissioners, William A. Springer, Geo. D. Dodge, William H. Tasker; congressman, Alba B. Carter; councillor, Charles H. Harvey; senator, Chas. T. Wiggin; county commissioners, Abraham A. Towle, John A. Dow, James Sanborn; solicitor, John Hatch; sheriff, Thomas Wiggin; treasurer, James Janvrin; register of deeds, Daniel Rowe; register of probate, Chas. E. Sleeper.

The Laconia *Tocsin* makes the following sensible remarks: "There is no doubt that the republicans can carry the state, if they are only diligent, but it is foolish to shut our eyes to the obvious fact that the democrats are making herculean efforts to secure a repetition of the victories of 1871 and 1874. Let no one be deceived by the fact that there are no rallies, no enthusiasm, and but little talk, among the democrats. They have never been successful in campaigns in which there was much discussion and open battle, and no one knows it better than they do themselves. Their safest policy has always been a 'still hunt'—an appearance of inactivity and indifference expressly designed to delude republican voters into staying at home. This is their policy in the present campaign. Let no republican be deceived by it. It is certain that the democratic vote will be one of the fullest that has been cast in many years."

Naval Affairs.

The training ship Saratoga has sailed from Aspinwall for the United States.

Assistant Naval Constructor F. T. Bowles has been detailed to duty as secretary of the naval advisory board, now in session in the navy department at Washington.

"Help yourself and others will help you." But don't fail to use Kidney-Wort for all liver, kidney, and bowel complaints, piles, costiveness, etc. The demand of the people for an easier method of preparing Kidney-Wort has induced the proprietors, the well-known wholesale druggists, Wells, Richardson & Co., of Burlington, Vt., to prepare it for sale in liquid form as well as in dry form.

Walt Whitman was on Thursday reported to be dangerously ill at Camden, N. J., with little hope of recovery.

Look sharp when your skin breaks out in pimples, and use Glenn's Sulphur Soap. Hill's Hair Dye, black or brown, 50 cts. Colden's Liquid Beef Tonic is admirably adapted for females in delicate health. Colden's; no other. Of druggists.

John Q. Mason, a drover, was accosted near Lynchville, Me., on the evening of Oct. 25th, by two men, one of whom threw pepper in his eyes. He was then tied, and robbed of $1061 and a watch.

"Ladies' Tonic,"

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free. Send stamp for names of those who have been cured.

Hopkinsville, Ky., had a $300,000 fire Oct 25th. A large part of the business portion of the place was destroyed.

Rev. C. F. Brooks

says that his little girl is troubled with malaria very severely, and that since he gave her Sulphur Bitters, he never thinks of leaving New York for his summer resort without a few bottles, for they always cure his family and are far superior to Quinine.

Two of the men charged with attempting to bribe the jurors in the star route case are under arrest.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

"Ladies' Tonic" is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully for ladies for years. It is a *sure cure* for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by these irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended; knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial*. It *never fails* to give *quick* and *permanent relief*.

If you are troubled with *any* weakness or complaint peculiar to our sex, by all the duties by prescription of nature, and try "Ladies' Tonic," which we guarantee will positively *cure you*. **One Bottle is Sufficient.**

Women's Medical Institute is an Association of *Writers* and *Mothers of years' experience*, who give advice and answer letters from ladies, *Free*.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $30,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

New Life

is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disarms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and *insist* on having it. Don't be imposed on with something recommended as "*just as good.*" The genuine is made only by the Brown Chemical Co. Baltimore, Md.

SULPHUR BITTERS

THE BEST AND GREATEST MEDICINE

It will drive the Humor from your system, and make your skin clean and smooth. *Those Pimples and Blotches* which mar your beauty are caused by impure blood, and can be removed in a short time, if you are wise and use the great blood purifier, SULPHUR BITTERS. Why suffer with Boils? Why rack with that terrible Headache? Why lay and toss on that bed of pain, with Rheumatism? Why nurture and nourish Sick Nerves, and all manner of nervous ills? Why let your excretory organs become so clogged as to cause a foul Breath? It is because your blood is not healthy. What makes you tremble so? Your nervous system is out of order. Use a gentle soothing tonic to assist nature to repair the damage which has taken place. Use other preparations which stimulate only to DESTROY. It is SULPHUR, combined with the choicest Roots, Herbs and Berries, composed in such proportions as to make it NATURE'S GREAT NERVINE.

SULPHUR Bitters

The Dose is small—only a Teaspoonful. It is the *best and cheapest* medicine. Try it and you will be satisfied. Get it of your druggist. DON'T WAIT, GET IT AT ONCE.

Political Matters.

The *Post* biographer of Mr. Chandler says that Comrade Haynes did not accept a commission in the army because he was afraid the war would last ten years, and he didn't want to stay in service so long. My dear man, if you had served in Uncle Sam's army fifteen minutes at the time when *men* were in demand, you would have known that the moment a man was commissioned he had it in his power to resign and come home—thus obtaining a decided advantage over any man in the ranks who didn't want to stay but had to. You have evidently got something to learn yet, but we will give you the credit of being a master hand to make republican votes.—*Manchester Times.*

Friday, Oct. 20th, as Mr. J. H. Haskell of West Gardiner, Me., was getting ready to attend his mother's, funeral he was missed from the house, and when found was in one of the outbuildings dead. As he had not been well for some time, it was supposed he died of heart disease.

Advices from Christian county, in southwestern Missouri, say that Daniel Stephenson, a young son of a widow lady, was enticed or forced from his home on a recent night by two men, named Bill Wilson and A. J. Inman, and murdered on the roadside, his head being crushed with a wagon stake. No cause is assigned for the deed. A posse of enraged citizens is scouring the woods for the murderers.

How the hearts of a crowd swell and throb with pitiless hatred against the man who coughs during the performance at a theatre, when they know he is too stingy to invest twenty-five cents in a bottle of Dr. Bull's Cough Syrup.

Capt. Royal P. Brown of Calais, Me., about sixty years old, a fish peddler, has not lived with his wife for some time. Oct. 26th, while trying to sell her some fish they got into a dispute, when he assaulted the woman with a knife, inflicting a serious, but not fatal, wound. He was arrested.

The Safest Way.

The safest and surest way to restore the youthful color of the hair is furnished by Parker's Hair Balsam, which is deservedly popular from its superior cleanliness.

Frank McDonald, a switchman on the Boston & Lowell railroad, was run over at South Lawrence, Mass., Oct. 26th, by several loaded cars, and his body cut in two.

From Major Downs, Military Instructor, Mt. Pleasant Academy, Sing Sing, N. Y.: During the very cold weather I was suffering with catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In two days was entirely cured. — W. A. Downs, Feb. 15, 1881.

A gentleman from Orwell, Pa., called my attention to Ely's Cream Balm as a remedy for catarrh, hay fever, &c. He was so earnest in asserting it to be a positive cure (himself having been cured by it) that I purchased a stock. The Balm has already effected a number of cures. P. F. HYATT, M. D., Bordentown, N. J.

Jeremiah Aldrich, son of Rev. Jeremiah Aldrich of Wellfleet, Mass., was severely stabbed in the side, Wednesday evening, Oct. 25th, by Alfred Hall. The youths were engaged in a street fight.

How She Saved Her Darling.

"I shall not feel so nervous again about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few spoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

E. L. Williams of Fitchburg, Mass., a barber, committed suicide by hanging in a cell at the police station in that city, Oct. 26th. He was put in for drunkenness, and hung himself by a blanket to the door.

"When I publicly testified that I had been cured of a terrible skin humor by the Cuticura Remedies, I did so that others might be cured, and do not regret the time given to answering inquires."—Hon. William Taylor, Boston.

Maggie Barry, daughter of Mary Barry of Blackstone, Mass., attempted to get on a grocery wagon, Oct. 25th, when her right leg was caught in the wheel and broken. Drs. Hill and McCaffrey amputated the limb, and left it, as they supposed, in good shape, but the girl died before midnight. Her age was thirteen years.

Burglars vs. Servants.—It matters little whether silverware falls into the hands of burglars or servants who use acid preparations for cleaning—both lead to total loss. Electro-Silicon is the only harmless silver polish. Druggists. Jewelers.

Ed. Cummings of Phillips, Me., aged twenty-eight years, was drowned in Dead river Oct. 25th.

The *Hop Plaster* will cure back ache, and all other pains instantly, 25 cts., only, at druggists.

George Murray, a colored man employed in a provision store in Providence, R. I., Oct. 25th, suddenly discovered that his apron was on fire, and the fire communicating to his trousers he became frightened and ran into the street. The consequence was that he was seriously burned before the flames could be extinguished, and he was sent to the hospital.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts.

AYER'S HAIR VIGOR is colorless; contains neither oil nor dye; and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous, imparting an agreeable perfume.

For sale by all druggists.

Thomas McDonald, thirty-five years old, a car repairer of the New York & New England railway, was fatally crushed at Providence, R. I., Oct. 25th, by a car on which he was at work on a side track.

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases; and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. 3taw1m&o

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

The Assessment System.

A Concord despatch to the Boston *Globe* gives the following illustrative case of the brazen importunity and coarse heartlessness of the Hale managers in raising their blood money for use in the coming election. The *Globe* correspondent says: A peculiarly hard case in connection with their compelling "voluntary assessments" is that of Major John K. Stokes, janitor of the state house in this city. Major Stokes was a good soldier in the war, and is a member of the Grand Army of the Republic. He has lately been unfortunate; has a sick wife, and a few weeks since his dwelling, uninsured, was destroyed by fire. His situation and condition enlisted the heartfelt sympathy of all his friends and neighbors. His salary as janitor amounts to $650, and this committee steps up to him with its highwayman's demand and requests him to contribute $32.50 to help elect Samuel W. Hale governor. It is just such robberies as this of Major Stokes to secure a corruption fund with which to debauch voters that has aroused the people of this section to rise up and denounce this whole practice of political assessment and vote buying.—*Times*, Oct. 26th.

That is a very good item to fire the democratic heart; the only "out" about it is that it is a flat-footed lie, and was contradicted in the Boston papers twenty-four hours before it appeared in the *Times*, by Major Stokes himself, who under date of Oct. 25th writes to the *Statesman* as follows:

Messrs. Editors: The Concord correspondent of the Boston *Daily Globe*, in Tuesday's issue says the republican state committee has made "its highwayman's demand" on me "to contribute $32.50 to help elect Samuel W. Hale governor." I desire to say in reply, that I have not had any such demand made upon me, by the republican state committee or anybody else; that I have not paid one cent of assessment for campaign uses, nor have I been called upon to contribute a cent in the present campaign. It is true I had the misfortune to be burned out a few months ago, and have had much sickness in my family this year, but notwithstanding my misfortunes, had I the means I should certainly insist upon contributing voluntarily my mite towards the necessary expenses of conducting a campaign for the election of Hon. Samuel W. Hale for governor, and the success of the republican ticket generally.

J. K. STOKES, Janitor of State House.

A Fish-Buying Monopoly.

The fish-dealers of Boston have formed an association or monopoly for regulating the fish business in their interests. It proposes to establish a close corporation, which will be represented by a clearing house, where all the fresh fish that comes to Boston will be bought by an agent, at a price established by the association. No single member will be allowed to trade with the fishermen on his own account, and any fisherman selling to an outsider will be "boycotted" by the association; so the fishermen will be compelled to sell their catch at whatever price the association may choose to pay. The following pledge and "rules of the trade" have been agreed to and signed by all the leading dealers of Boston, and favorably considered at a meeting of the New York dealers:

That no dealer or employee shall buy or cause to be bought, any fish of any kind, between the hours of six o'clock P. M. and six A. M., until the first day of May, 1883; we further agree that we will not, or allow any one in our employ, to leave the wharf to meet vessels or fishermen coming up the harbor, to buy fish; that we will not, or allow any one in our employ, to board any vessel or boat arriving at the wharf, to buy fish, but wait until such boat or boats are made fast and the captain or salesman has come ashore on the wharf; that we will not, or allow any one in our employ, to take or receive any fish, by whomsoever bought, between the hours above named; and that we will not, or allow any one in our employ, to buy any fish between six o'clock P. M. on Saturday night, and six o'clock A. M. on Monday morning, during the time above specified; that we will not, or allow any one in our employ, to buy any fish of any kind from any boat that sells any fish to any person between the hours of six P. M. and six A. M. during the time before mentioned, after they have been duly notified; that our stores shall not be opened to transact any business between the hours of six P. M. and six A. M.; that no employer shall permit any of his employees to buy bake sounds; and we do further agree that whoever shall break any of the foregoing rules, shall be ignored by every other dealer in all business transactions. We shall neither buy of him, sell to him, or loan any article he may wish to borrow.

The proclaimed object in forming this Fish Exchange is to increase the profits of the fish-buyers, which are alleged to have been cut down to a ruinously low point by competition; in other words, the fishermen have been able to get for their fares prices too nearly equal to the prices in the retail market. How the new plan will work so far as the fishermen are concerned remains to be seen.

AROUND HOME.

The city officials have got out of one scrape in connection with the Vaughan street extension, by paying for it; now let them get rid of the Wilson house obstruction in the same way, which they have got to come to at last.

Mr. Thomas S. Gay, who sailed from New York for Yokohama something over a year ago in the ship Grandee, arrived home in this city on Thursday last.

The republicans of Newcastle, at a largely attended caucus on Wednesday evening, Oct. 25th, nominated Frederic Bell for representative to the state legislature. Mr. Bell is young and popular, and one of the most intelligent gentlemen of that town.

A new brick sidewalk is being laid in front of the residence of David Dearborn, No. 2 Middle street.

On Wednesday evening, Oct. 24th, Moses F. Souther of Seabrook got drunk and assaulted his father, Moses D. Souther, stabbing him in the left shoulder, making a wound about an inch deep, but not dangerous, a bone stopping the further penetration of the weapon. The assailant was arrested by Policeman Thomas Souther, after a hard chase, and locked up. He was taken before Justice Robie on Thursday afternoon, and bound over for the grand jury. In default of sureties he was brought to this city on Friday, and lodged in jail.

Work has actively commenced on the summer residence at Newcastle of Jacob Wendell, Esq., of New York.

The wharves at the north end, which have been quite bare of vessels for some time, owing to the bad weather, are beginning to look lively again. One coal vessel was discharging at the Eastern railroad wharf on Friday, several schooners were at the Concord railroad wharf, and a big schooner was putting out coal at E. F. Sise & Co.'s.

The Portsmouth Shoe factory has been connected by telephone with the central office.

Messrs. Wm. Downs & Son have shipped off 600 barrels of apples this year—the only shipment of apples from this city that we have heard of so far. Most of them went to England by steamer, and the first ones sent brought good prices, though they are now much lower both in England and the home markets.

Two well dressed and intelligent looking Chinamen attracted considerable attention on Market street, Tuesday afternoon of this week, by walking up and down a number of times and closely scanning the stores. Nobody knew who they were, where they came from or what they proposed doing.

Alderman Sampson this week killed a hog eight months old which weighed 520 pounds.

Three fifty-foot telephone poles were put up in Warren street on Friday, and a number of others on private grounds.

Sneak thieves, probably landing from boats, made a little raid on Gerrish's island, Kittery, within a few days, and stole all the flower pots and plants, and several new planks, from the grounds of Sea-Side Lodge at Pocahontas point.

The Golden Cross Knights of York had an entertainment and supper in the town hall of that town on Thursday evening, Oct. 26th. The attendance was large, and the affair was greatly enjoyed.

At the re-opening of the ancient Congregational church at York for public worship, on Thursday afternoon, Oct. 26th, the principal address was delivered by President Chamberlain of Bowdoin college, as had been previously announced, and brief remarks were made by several former pastors of the church. The choir and organist of Rev. Dr. Spalding's church in Dover, N. H., supplied the musical portion of the exercises. The old church was filled with the people of York, and visitors from this city and Dover, Kittery, Eliot and other places.

The U. S. S. Constitution was towed up to the navy yard at high water slack on Friday, from the lower harbor, by the government tug Leyden.

—Sportsmen never object to hanging hare.

SUNDAY SERVICES.

Elder D. T. Taylor will preach in the Advent church on Sunday.

Rev. E. W. Jacob will preach in the Episcopal church.

Rev. Dr. A. P. Peabody will preach in the Unitarian church.

A letter from Cooperstown, N. Y., says that the late Edward Clark, who graduated at Williams college, and was such a friend to the institution, has divided his property by giving $50,000 to Williams college, $10,000 each to his agents, Bunyan and Meeker, $50,000 to two nephews, $250,000 to his daughter-in-law, a like sum to her four sons, and the remainder of his property, estimated at $30,000,000, to his son, Alfred Corning Clark. Mr. Clark was one of the leading members of the Singer Sewing Machine company, and a director in the Jersey Central railroad company.

AND

Country Gentleman.

THE BEST OF THE

AGRICULTURAL WEEKLIES,

THE COUNTRY GENTLEMAN is the LEADING JOURNAL of American Agriculture. In amount and practical value of contents, in extent and ability of correspondence, in quality of paper and style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of

Farm Crops and Processes,

Horticulture & Fruit-Growing,

Live Stock and Dairying,

while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grounds, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and much attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and When to Sell.* It is liberally illustrated, and is intended to supply, in a continually increasing degree, and in the best sense of the term, a

LIVE AGRICULTURAL NEWSPAPER.

The Volume of THE COUNTRY GENTLEMAN for 1882 was GREATLY ENLARGED by increasing its size from 16 to 20 pages weekly, but the terms still continue as follows, when paid strictly in advance: ONE COPY, one year, **$2.50**; FOUR COPIES, **$10**, *and an additional copy for the year free to the sender of the Club*; TEN COPIES, **$20**, *and an additional copy for the year free to the sender of the Club.*

☞ *All NEW Subscribers for* **1883**, *paying in advance now*, WILL RECEIVE THE PAPER WEEKLY, *from receipt of remittance to January 1st, 1883*, WITHOUT CHARGE.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

FRIDAY, Oct. 27th.

In case Greenleaf C. Bartlett vs. Caroline E. Morse a jury was impanelled, but the case was continued without being brought to trial. George B. Chandler, the democratic candidate for congressman from this district, was one of the witnesses in this case, but was not called on.

George E. Felch of Seabrook, one of the hen-roost thieves who robbed the chicken-coop of D. A. Whittier of Hampton Falls, pleaded guilty of simple larceny, and was sentenced to eight months in jail, with costs. His mate, James Cilley, sentenced the day before, got off with six months in jail. The extra two months were probably given to Felch to pay him for the extra trouble in catching him.

The jurors were dismissed for the term, and all jurors summoned to appear on Oct. 30th were notified that they would not be required to attend.

In every case, civil or criminal, brought before the court at this term, the defendant has either pleaded guilty or been cast by the jury.

George Howard, one of the Salem burglars convicted on Thursday, was sentenced to five years in state prison at hard labor. Rayburn's sentence was postponed.

In case Hiram Williams vs. Olive Williams, divorce has been decreed. Harriman for libellant.

The court will come in on Tuesday at 10:30 A. M., when cases to be tried by the court will be heard.

POLICE COURT.

FRIDAY, Oct. 27th.

Stephen Murphy, a bootblack, was fined $2 and costs for discharging firearms within the compact part of the city. It is said that Murphy on Sunday night, Oct. 22d, fired several shots from a revolver at Dennis Harrington on the Concord railroad wharf, and then flung the pistol overboard; but Harrington did not appear against him, so he was not punished either for his wicked intentions or his wretched marksmanship.

SUITS ADJUSTED.

The suits of Daniel Mason against certain city officials, and of the city of Portsmouth against Mason, as well as all other claims and causes of action arising from the filling of the dock, etc., in extending Vaughan street, between Daniel Mason and E. C. Spinney, Esq. on the one hand, and the city of Portsmouth on the other, were amicably adjusted on Friday by agreement between the parties.

The suit of Mason was to recoved damages for personal injuries and loss of time and property incurred during the so-called "Anti-Masonic War" of last fall. The suit of the city of Portsmouth was to recover possession of certain land formed by filling the dock formerly at the foot of Vaughan street, and damages for the destruction of a sewer located thereon.

The claim of Mr. Spinney (who had not yet brought his suit) was for damages for filling in the dock, and destroying the approach to his wharf by filling in a part of the dock owned by him as proprietor of the Sherburne wharf, and for other injuries in connection with the same premises.

The compromise was effected by the committee of the board of aldermen appointed on Thursday evening last to investigate and act in this matter, and was of the following purport, as we understand it:

The city releases to Mr. Spinney the land formed by filling the dock, reserving sufficient to make a rounding corner at the entrance of Green street and to locate a sewer trap and a reservoir for fire purposes, the piling of which is to placed in position by Mr. Spinney. Mr. Spinney is to drive a set of piles longitudinally by the side of his wharf, and place timbers in position, and the city is to fill in back of the timbers with gravel, ashes or street *debris*, thus forming a solid wharf with an accessible frontage where the place is now unavailable for marine uses. The city is also to pay Daniel Mason the sum of two hundred dollars for personal damages and expenses incurred, and to release its suit against him. Mason and Spinney are to release their several claims and causes of action in consideration of these stipulations on the part of the city.

In view of the acknowledged disadvantages under which a municipal corporation is placed in all legal controversies with individuals, this adjustment of much vexatious litigation must be considered a wise and economical measure on the part of the city government.

JUVENILE THIEVES.

About two months ago the hardware store of Messrs. A. P. Wendell & Co., on Market square, was broken into and a revolver and large number of knives stolen. On Thursday night of this week the store was entered again; and the extensive grocery and boot store of Mr. John J. Laskey, on Pleasant street, was also burglarized the same night. On Friday two boys, named George Parks and John Smart, aged fifteen and seventeen years, were arrested by City Marshal Entwistle and Asst. Marshal Gray, on suspicion that they were the criminals; and on their persons and in their houses was found a large amount of plunder, the proceeds of their raids. Among the goods found were revolvers, knives, boots and shoes, canned goods, confectionery, cigars, money and other articles. They confessed to twice breaking into Wendell & Co.'s store, and also to entering Mr. Laskey's place of business. They were locked up to await examination before the police magistrate on Saturday.

RAILROAD NOTES.

Mr. Superintendent Furber, of the Boston & Maine railroad, writes to Mr. A. J. Hackett of the Laconia *Tocsin* that he believes "that the building of the Lake Shore road will furnish an outlet from Belknap county to Portland and the sea." That is, the Boston & Maine will take the freight of the Belknap county people either to Boston or Portland over the iron of the Maine road; but when you ask Mr. Furber to connect at Dover, and allow the people of the lake region to come direct to Portsmouth,—for doing which by the Concord road there is but one passenger train a day,—Mr. Furber will say "We want this road to help ourselves, and no one else." However, if the Boston & Lowell railroad persists in the ancient policy of running but two passenger trains a day between Manchester and Portsmouth when the summer visitors from the interior want to reach the coast from above Concord before the evening, there is a probability that the Lake Shore will meet with more encouragement than it had two years ago. What the public want to know is, whether it is the management and the stockholders, or simply Mr. Furber, that is to make the promises next summer.

A large number of passengers went to Boston on the half-rate fare on Thursday. Complaint is made that the railroad ticket office was not seasonably opened for the sale of tickets. Many passengers were obliged to purchase tickets in the cars, and some had the trouble to arrange for return tickets at the office in Boston. This has been an annoyance heretofore; when a cheap rate is established there should be an abundant supply of tickets sent to the office, which should be opened seasonably for their sale, and an extra man put in the place as salesman, or else such a ticket seller as can attend to the wants of an impatient crowd. If there is to be a rush, why not have tickets on sale the day before, so that passengers may not be compelled to stand around the office for a long time, and even then not be able to secure their bits of pasteboard before the train starts?

At Salem, Mass., on Thursday afternoon last, a boy named Peter Regan, ten years old, had his left leg crushed between the knee and ankle by an Eastern railroad train, necessitating amputation. The boy has been noted for stealing rides on the trains, and has often been driven off by the railroad men.

A freight train of forty-five cars, drawn by two engines, started from this city for Conway at nine o'clock Friday morning. Three extra freight trains, all heavy ones, passed through this city for the westward on the previous night. Two of the new freight engines on the Eastern road it is said broke down in Boston on Thursday.

Mr. Nathan S. Morse, husband of the defendant in the case Bartlett vs. Morse, called in the supreme court Friday forenoon, met with a terrible accident at Newmarket junction in the evening of that day, when on his way home to Chester. He left the cars at the junction, and on returning boarded the train for this city; just as the cars started another passenger told him he was on the down train, when he jumped off, and fell in such a way that his right arm was caught under a wheel, being crushed its entire length in such a manner as to necessitate amputation close to the shoulder. The unfortunate man was pinned down for about an hour by the car, until it could be raised by jacks. His recovery is considered very doubtful.

A gang of Eastern railroad track repairers were at work on the northerly end of the Noble's island bridge, Friday.

The Maine Central railroad wharf property at Bath, Me., is being extended. The freight business at all points is increasing rapidly.

H. F. Wendell will have an auction sale of parlor and other stoves, with articles of household furniture, at his auction store on Congress street at ten o'clock this morning. See advertisement.

Manning, at No. 5 Market street, is selling a bankrupt stock of boots and shoes bought by him for cash, at prices to astonish purchasers. Try him.

The Vienna pressed yeast has become a necessity in every household where the difference between good bread and an inferior article is appreciated. Bakers, hotel cooks and heads of families—the wife is the true head of the family—all use it, and all proclaim its superiority.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who desire these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE, OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or children impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Hundreds have read and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 350 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND,

Is a Positive Cure

For all those Painful Complaints and Weaknesses so common to our best female population.

A Medicine for Women. Invented by a Woman. Prepared by a Woman.

The Greatest Medical Discovery Since the Dawn of History.

It revives the drooping spirits, invigorates and harmonizes the organic functions, gives elasticity and firmness to the step, restores the natural lustre to the eye, and plants on the pale cheek of woman the fresh roses of life's spring and early summer time.

Physicians Use It and Prescribe It Freely.

It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach.

That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use.

For the cure of Kidney Complaints of either sex this Compound is unsurpassed.

LYDIA E. PINKHAM'S BLOOD PURIFIER will eradicate every vestige of Humors from the Blood, and give long and strength to the system, of any woman or child. Indeed on having it.

Both the Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c. stamp. Send for pamphlet.

No family should be without LYDIA E. PINKHAM'S LIVER PILLS. They cure constipation, biliousness, and torpidity of the liver. 25 cents per box.

Sold by all Druggists.

SHARP PAINS

Crick, Cramp, Stitches, Rheumatism, Neuralgia, Sciatica, Pleurisy Pains, Stitch in the Side, Slow Circulation of the Blood, Heart Throbs, Sore Muscles, Pains in the Chest, and all pains and aches either local or deep-seated are instantly relieved and speedily cured by the well-known *Hop Plaster*, compounded, as it is, of the medicinal virtues of fresh Hops, Gums, Balsams and Extracts. It is indeed *the best* pain-killing, stimulating, soothing and strengthening Plaster ever made. Ask for the *Hop Plaster* at any drug store. Price 25 cents or five for $1. A Fragrant Gang.

Edward Hanley, Thomas Gourivan and William Platt have been arrested in New York on a charge of attempting to blackmail Walter Malley, of Jennie Cramer infamy, on letters written to him by his worthy associate, Blanche Douglass. On the examination the woman testified that her real name is Annie Zimmerman, though she now calls herself Annie Maxwell, a name given her by Walter Malley. She said she had lived with Hanley as his wife, had been intimate with a large number of men, and is now supported by Walter Malley, who sends her $25 or $30 a week.

Ocean Lodge of Odd Fellows, of Gloucester, Mass., dedicated their handsome new hall in Hough block last Thursday evening, according to the ritual of the order. The grand officers were received at the depot by uniformed patriarchs, their first appearance in public, and 100 Odd Fellows, in uniform, accompanied by the Gloucester Cornet band, and escorted to the headquarters at the Gloucester house. The dedicatory services were followed by a banquet, speaking and dancing.

The peculiar action on the kidneys and urinary organs of asparagus is frequently noticed during the season. Prof. Benson recently proved in the case of the Emperor William and others that in combination with malt and quinine it is an absolute specific for diseases of the liver, kidneys and urinary organs. His method has been adopted by the Malt Bitters Company, and this great German food is now composed of malt, hops, quinine bark and asparagus.—*Medical Times.*

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a *sure cure* for all Female Complaints, Sickness, Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Medicine*, but is prepared, after years of experience, and recommended, knowing that it will give any lady to whom it may be shown, or who may call over worked members of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a *single trial*. It *never fails* to give *quick and permanent relief*.

If you are troubled with *any weakness* or complaint common to our sex, lay aside the doctor's prescription for awhile, and try "Ladies' Tonic," which we guarantee will positively cure you. **One Bottle is Sufficient.**

Women's Medical Institute is an Association of *Fifty Ladies and Mothers of years' experience*, who give advice and answer letters from ladies, *free*.

Advice will be given for any case of Female Weakness or sickness which "Ladies' Tonic" will not cure. This is a *home folks* offer, made by *responsible ladies* who know *from experience* what "LADIES' TONIC" can do. Send stamp for circular.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

"Flip, and Found at Blazing Star:" by Bret Harte. Boston; Houghton, Mifflin & Co. Little Classic Style, 18-mo.; price $1.00.

These are two new stories by Mr. Harte, and like his occidental romances are full of interest; his works are read perhaps by a greater number of persons of varied tastes in literary productions than are those of any writer of similar repute at the present day. W. G. Myers, Congress street, has this attractive little volume on his counters.

The "Art Amateur" for November contains twelve pages of designs for plaques, panels and tiles, for embroidery and lace, for monograms and names, and for fret ornaments, borders and medallions. Notable among this profusion are china-painting designs of lilac, honeysuckle, and seckel pears, and a beautiful screen-panel design of myrtles from the South Kensington School of Art Needlework. Among other features of this number are a capital portrait of the artist Henry Bacon, with a biography and a number of his clever sketches, a valuable article on boudoirs, a very curious one on "roundels," a vivacious London letter, and some exquisite Christmas card designs, besides the usual miscellany of attractive illustrations and useful hints for home-decoration, artistic dress, and art-work of all sorts. No one who takes a practical interest in art can afford to be without this magazine. Price, $4 a year; single copies, thirty-five cents. Montague Marks, publisher, No. 23 Union square, New York.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

The six-days foot-race in New York ended Saturday night, with Fitzgerald first, Noremac second, Herty third, and Hughes, "the lepper," fourth. Hazael and Rowell, the noted English pedestrians, dropped out early in the race. Financially the race was a failure, and the best score was lower than at any previous long-time race.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Wadleigh's Speech.

The Republican State Central committee of New Hampshire call attention to the fact that "the long-talked-of speech of Ex-Senator Wadleigh has at length been delivered, and is now the property of the state. In not one single particular does it sustain the claims that were made concerning it. The principles of the republican party and the character of our candidates are alike unassailed. It is a tirade against a gentleman who holds a high official position in Washington, and who has not, by voice or influence, undertaken to direct, in any way, the present campaign. It is also an endorsement and eulogy of the democratic candidate for governor. Under the pretence of reform, Mr. Edgerly is urged upon the people of the state as an exponent of purity and honesty in politics, in the very face of the well-known fact that at the last election he was the agent and disburser of the immense corruption fund of the democratic party. It is needless to say that the utter absurdity and inconsistency of Mr. Wadleigh's support of Mr. Edgerly cannot fail to be understood by the intelligent people of the old Granite state. Mr. Hale has been misrepresented and abused as no other candidate for office has ever been in New Hampshire. His friends have challenged his enemies to produce a single specific charge against him. That they decline to do; that Mr. Wadleigh dared not undertake. It now remains for the honest, fair-minded people of a state distinguished for its integrity, to set the seal of condemnation upon this wicked attempt to assassinate the character of a gentleman called to bear the standard of a great political party, and to render a verdict in accordance with the principles of truth, justice, and honesty. If that is done, we will be content."

Plain Talk.

Josiah M. Fletcher of Nashua, the candidate for governor of the prohibition party, writes the following letter to George D. Dodge of Hampton Falls, chairman of the prohibition state committee, accepting the nomination:

Dear Sir: While personally disinclined to be the nominee for governor of the prohibitory party, I am glad to be in favor with the staunch friends of temperance, and accept the nomination. I approve the resolutions, and am glad to have woman suffrage included in the platform. We not only propose to exercise the right we possess of voting as we think best, but to be aggressive, and arraign existing parties as not only lacking in the elements of progressive reform which the age demands, but knowingly indulgent to corrupt methods and practices which defeat the true purposes of a free government.

The reforms that they attempt to inaugurate at the demands of the people as often go backward as forward, from the inherent corruption in the spoils system which they both adopt, a result of their poverty of principles.

We arraign the democratic party as unmistakably siding with the liquor interest, and being in its preponderating elements the friend of the liquor traffic, willing to trust the welfare of the country to open dram-shops, with but cobweb restrictions upon liquor selling. Its showing in other respects is in keeping with the statesmanship that permits an alliance with the rum power. It can barter its principles for nothing lower. At the same time we credit it with a measure of honesty in stating its position, far preferable to holding it in disguise. Its shibboleth is "No sumptuary laws, no restriction on personal liberty," meaning the liberty to drink. These are high-sounding words, but as empty as air in this case. We deny that the prohibition of any business as a business is sumptuary enactment. It is the making and selling intoxicating beverages,—the mere business of the thing that is prohibited, in consequence of its tendency to sumptuary degradation. But were ours a strictly sumptuary law there could be no more objection to it than to any law seeking to overcome evil passions, appetites and desires. If a sumptuary indulgence is a public calamity it is the duty of the lawmakers to forbid it, and of the law officers to enforce the enactment. It is sufficient for us, however, to seek to suppress that part of the system which is merely a business, and turn its present waste to beneficent productiveness. As for any infringement of personal liberty, let the matter be understood. Liberty is a misunderstood word by wrong-doers. One might as well plead for liberty to directly rob, impoverish and slay, as to do the same thing through the dram-shops. All law is restraint, for in no other way can liberty be secured. Doing wrong is subversive of liberty. It is robbery of some one's rights, and can never be a personal liberty. Drinking, on its merits, if adjudged wrong to the drinker or harmful to the community, can never be rightfully seized as a liberty. This awful cry of "No sumptuary laws, no infringement of personal liberty," is raised by men whose appetites prompt them to barter sense for sophistry, in excuse for their own indulgence.

We arraign the republican party as nourishing the sentiment of prohibition to the hope, and deliberately false to its practical application. We arraign it as not favoring the methods in enforcing prohibition that it freely employs in enforcing all other laws. One of its county commissioners said "He did not believe it a wholesome law," and so its operations are killed in the house of its friends. This does more harm than open enmity. With a large rum as well as temperance element to be conciliated, the party is ever throwing sops to both sides, and is true to neither. The wheels of justice are blocked and the obligations of law disregarded to an appalling extent by republican officials, it seems to us who have pushed the enforcement of the law. This dilly-dallying has been going on for twenty-five years, and we have asked again and again, "How long shall it be?" If a quarter of a century is not sufficient for its opportunities it is probable that it never will take higher ground, certainly not unless forced to by a threatened third party. For true friends of temperance to longer give it their support is a weighty problem for them to solve. Success seems never to work its purification; defeat may, and it is not to be dreaded, for the advancement of principles is of vastly more importance than the holding of power, until the principles are practically sustained. The honors and emoluments of office and patronage are the blinding influences which prevent this party from eliminating such rank corruption. It is "The beginning of the end" when thoughtful well-wishers of humanity refuse a longer alliance with this party.

The liquor interest antagonizes every good thing known to man. It weakens the nation's arm of defence, fosters national degredation, wastes untold millions of wealth, cripples education, destroys health and happiness, breeds vice, misery and crime. It is unwise, unpatriotic and unchristian. It is a deceit to the liberal and hospitably inclined, and a devilish snare to the unwary. The mildest drinks ever devised with intoxicating qualities, and the mildest forms of indulgence known to society, are recruiting agencies, and terribly successful ones too, for the baser forms of indulgence which produce these calamities. We are infinitely better off without the dram shops. We go against the whole of them, and when men learn to vote straight and directly for a right state of things, and not toady to one devil in fear of his more awful namesake, party defeat, then will men of like principles, who are now separated, march shoulder to shoulder to a final success. Victory can be had by the temperance men of New Hampshire for the asking. At present they fritter away their strength in division when they should act together. We have made temperance subservient to party when the reverse should be the case. Let us appreciate the gigantic importance of this issue and place it in front, for no other reform can be a complete success without it. Let us estimate the sacred power of the ballot, thank God for it, and use it so that it shall exactly express our principle. There is no call whatever for choosing the least evil of two where both are so rank. The support given to a cause in the day of small things, and in the hour of its greatest need, is the support that counts most and receives the greatest benediction.

Respectfully Yours for the Cause,

J. M. FLETCHER.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestive, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from insomnia and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and rousing lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Communities—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily received on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, MD., Sole Agents for America.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in **FRENCH** and one in **GERMAN**, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Henern and Dr. Sauveur will be employed, no *English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

RAILROAD NOTES.

It is now stated that as the prospect of union between the Eastern and Boston & Maine railroads has diminished, the next move will be the leasing of the Eastern and its leased roads, by the Maine Central. Legislative consent for this will be obtained at the coming session of the Maine legislature. The Boston & Maine railroad will at the outset resist this sought-for consent, and will have a formidable lobby under the direction of Wm. J. Copeland, Esq., of Berwick, Me., who comes from the eastern part of the state and knows the members from the back towns; but this opposition will be scaled down by a promise or a proviso to lease also the Boston & Maine road at a fair rental. This, it will be demonstrated beyond all cavil to the assembled wisdom at Augusta, will be the more economical process of adjusting the competitive rivalry of the roads between Portland and Boston, and will be of great advantage to the freighters of Maine. The Eastern stockholders will have a small dividend, and the Boston & Maine shareholders will be sure of a fair guaranty for their investment. The acceptance of this lease will at first be resisted by the Boston & Maine shareholders, who may wish to contemplate for a while the effect of a lease of the Eastern before "giving themselves away," but it will ultimately come, even if as on former occasions a raid should have to be made among the stockholders of the Boston & Maine road, and a meeting carried even against the wishes and projects of the administration in the corporation.

On Friday evening last the express train from Portland on the Boston & Maine railroad met with an accident near the crossing of the Eastern road in Somerville, Mass. Owing to a misplaced switch the express ran into the rear end of a stationary freight train, smashing the caboose and throwing it bottom up across both tracks, and breaking or throwing from the track about a dozen freight and coal cars; the caboose took fire from its own stove, and the express engine was badly damaged, but no person was hurt. The train was pushed to Boston by a switching engine, arriving a half hour late.

The train from Boston on the Eastern road, due in this city at 6:50 o'clock P. M., was detained forty minutes on Saturday at Hampton Falls, by reason of a freight engine having become disabled.

A strong gang of Eastern railroad track-repairers were at work Sunday renewing the sleepers and planking of the crossings at Vaughan street and Railroad avenue, near the station in this city.

Mr. George W. Twombly, for fourteen years past employed at the Eastern railroad station in this city—seven years as depot baggage-master, and seven as night yard-master—received notice on Friday last that a change would be made Nov. 1st, by which he would be relieved from duty as yard-master. During this long period of service Mr. Twombly has been absent from his station but fourteen days all told—Sundays, vacations and days of illness included—and but two days during the last seven years. Included in the fourteen days are twelve days that he was laid up from a jam received while on duty. Why Mr. Twombly is to be superceded we do not know; but we do know that whoever takes his place will have to be a very efficient man to give to the merchants of this city, doing business over the road, the same satisfaction that Mr. Twombly always has.

NAVY YARD ITEMS.

The usual monthly false alarm of fire was sounded on the navy yard at one o'clock last Saturday afternoon, to exercise the yard fire department.

The U. S. S. Tallapoosa arrived at the navy yard early on Saturday afternoon, with stores for the yard. She arrived at the Boston yard on Friday, leaving there Saturday morning, and will take a lot of freight from that station to New York on her return. Comdr. A. G. Kellogg being on leave of absence, Lieut. John F. Merry, the executive officer, is in command.

The navy yard inspecting board went down the river on Saturday afternoon, accompanied by Postmaster Peirce, Collector Howard and other prominent citizens, to inspect the quarantine station and anchorage at Wood island.

Commodore Clark H. Wells, commandant of the navy yard, visited the U. S. S. Powhatan, at anchor in the lower harbor, Saturday afternoon, and received the regulation salute.

"Washburn's Last Sensation" will be at Music hall on Wednesday evening, when lovers of first-class variety entertainments will have a rich treat offered them.

Neil Burgess, supported by the "Widow Bedott Co.," will present in Music hall on Friday evening the new comedy, "My Opinions, by Josiah Allen's wife."

One hundred shares of Eastern railroad stock sold in Boston on Saturday at $38.50 per share; $500 of state bonds, 6's of 1903, brought 124.

The Boston *Post* of Saturday, under the heading "New Hampshire," says: "A race for a purse of $100, in which there were four entries, was begun at Portsmouth, Thursday, and finished Friday. The br. g., owned by Natt Jenkins of Concord, won. Best time, 2:40." Nobody in this city seems to have heard of this race.

In the Boston *Sunday Herald* of Oct. 29th appeared a notice signed by thirteen ale manufacturers, informing the trade of a general advance in prices on Nov. 1st. Among the signers were Frank Jones, the Eldredge Brewing Co. and the Portsmouth Brewing Co., of this city, Carney, Lynch & Co., of Manchester, and Jones, Cook & Co., of Boston.

Rev. Andrew P. Peabody, D. D., preached in the Unitarian church on Sunday, and notwithstanding the unfavorable state of the weather, had a large audience. Dr. Peabody was ordained as pastor of this society in 1833, and was succeeded by Rev. James DeNormandie, the present minister, in 1862. But few of those who were members of the parish when the former pastor was ordained are now living. The morning sermon was one of Dr. Peabody's able efforts in which the beauties of the autumn of life were happily and eloquently portrayed. Tasteful bouquets of flowers on the font and desk greeted the good doctor, who was beloved not only by the members of his large parish during his long pastorate, but by the whole community. This was Dr. Peabody's first sermon in Portsmouth since his return from his visit abroad. The discourse was listened to with the closest attention. Many were in attendance from other parishes.

A teacher in one of our schools, just after the day on which a half-fare train ran to the Hub, enquired of one of her pupils, "What is culture?" She was somewhat taken aback when the answer was returned, "Something what you buy at the household art store in Boston."

The schooner Celia came in on Saturday evening with 12,000 lbs. of fish.

A large number of coal vessels arrived at this port on Saturday and Sunday.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Fifty edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 120 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE, OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing whatever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as none of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of sufferings. As a specimen from it, Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Fibroids, all Displacements and the consequent weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1, per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as the testimony shows.

"Mrs. Pinkham's Liver Pills," says one writer, "are *the best in the world* for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All most respect her as an Angel of Mercy whose sole ambition is to do good to others.

HEART DISEASE

Now IS YOUR HEART SOUND? *Many people think themselves healthy who are ripe for kidney or liver trouble, or dyspepsia, which if the truth were known, are the real cause of our disorders. The renowned Dr. Clendinning, startlingly says "one-third of my subjects show signs of heart disease." The heart weighs about nine ounces, and yet man's strongest muscle, the heart, is supposed to do more in a minute and a half, resting not day or night! Surely this subject should have careful attention. Dr. Graves a celebrated physician has prepared a specific for all heart troubles and nervous disorders. It is known as* **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.* (1)

AROUND HOME.

One member of the navy yard investigating board which arrived at this yard last week is Hon. A B. Mullett, formerly supervising architect for the United States treasury department. This gentleman during a number of years was about as roundly abused by a certain section of the press as any public man we know of, though the democratic talk about Ben Butler, ten or fifteen years ago, and the present abuse of Hon. Wm. E. Chandler, may equal what was said of Mr. Mullett; but though the eminent architect supervised the expenditure of over $50,000,000, and the erection of many of the finest public buildings in the country, none of the public funds stuck to his fingers, and he is to-day a man of less than moderate means. Not a bad record for such a "shocking bad man" as he was at one time made out to be by the New York *Tribune.*

The house, barn and other buildings belonging to Alvin Libby, who occupies the old Philbrook place on the Cutts road in Kittery, were destroyed by fire shortly before midnight on Friday of last week, with most of their contents, though some of the furniture was saved from the house. The barn was a new one, and well filled with hay, which Mr. Libby had just commenced to press; and the hay press, a cider press, horse, cow, yoke of oxen, pigs and fowls, were all consumed. The house was very old and dilapidated, and about 25,000 feet of lumber was on the ground for the erection of a new one; this lumber was burned with the buildings. The loss is estimated at from $2500 to $3000, with no insurance.

—Among the guests at a recent clam bake there was a young lady whose appearance and manners attracted no little attention. A gentleman seated by a plain-looking woman called her attention to the fair guest, and observed, "There is something very admirable about her. Can you tell me just what it is?" "Well, no, not exactly," was the reply, "unless it is her appetite for clams."—*Brooklyn Eagle.*

The violation of any of nature's laws brings its warning by the feeling of discomfort. Exposure will induce colds, throat diseases, consumption, etc., all of which give warning by a troublesome cough. Use Dr. Bull's Cough Syrup in time, and remove both the cause and effect of your discomfort.

Arad S. Baker and wife, of Hinsdale, and John O. Cilley and wife, of Pittsfield, celebrated their golden marriages a few days since.

***"Unbidden guests are often welcomest when they are gone." Disease is an unbidden guest which Kidney-Wort almost invariably "shows the door." Here is a case in point: "Mother has recovered," wrote an Illinois girl to her eastern relatives. "She took bitters for a long time but without any good. So when she heard of the virtues of Kidney-Wort she got a box and it completely cured her, so that she can do as much work now as she could before we moved west. Since she got well every one about here is taking it."

Two boys in Keene were playing with a loaded revolver on Sunday, Oct. 22d, and one of them, named Elmer Stiles, was shot in the back of the head by his companion, Edward Sumner. The ball was extracted, and the boy will probably recover.

Indications of consumption are allayed by Hale's Honey of Horehound and Tar. Pike's Toothache Drops cure in one minute. Chills, fever ague and weakness are cured by Colden's Liquid Beef Tonic. Ask for Colden's; of druggists.

The people of Franklin have presented Rev. O. J. Wait of that place, who will soon assume the duties of the presidency of Antioch college, and his wife, a beautiful silver service as a testimonial of respect.

Accidents

and how to deal with them, and other valuable medical information will be found in Dr. Kaufmann's great medical work; elegant colored plates. Send two 3 cent stamps to pay postage to A. P. Ordway & Co., Boston, Mass., and receive a copy free.

John Donovan was run over by the night express up, in the yard at Keene, Friday night, and instantly killed. He leaves a widow and three children.

Reliable help for the weak, nervous, and debilitated dyspeptic sufferer found in Brown's Iron Bitters.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $200, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Political Matters.

The only valid reasons yet adduced by the democrats why George B. Chandler should be elected to Congress are, that he "comes of excellent family" and is "a leader in the best society of Manchester."

It is telegraphed from Concord that the republican state committee are assured, from the canvass of the state, that Mr. Hale will be chosen governor by at least 2000 majority, and that both republican candidates for Congress will unquestionably be elected. This is cold comfort for the democrats; the republican canvass in this state is not guess-work, as they well know.

It took three columns of fine type for Bainbridge Wadleigh to tell the people of New Hampshire just how mad he is with Wm. E. Chandler, and how much he reprobates the hideous corruption which failed to re-elect Bainbridge Wadleigh to the United States senate. His long yarn could have been summed up by saying, "Bainbridge Wadleigh is not senator, and I am mad way through about it." The gentleman is what the Scotch call "a mouth."

The only objections the democrats have been able to find against the election of Martin A. Haynes to Congress are, that he is "merely the son of a mason"—an honest mechanic—and was "only a private" during the war.

Naval Affairs.

Master Charles J. Badger is ordered to duty at the Boston navy yard.

Boatswain John J. Killin is ordered to the training-ship Minnesota.

Acting-Boatswain John Sutton is detached from the Minnesota, and ordered to the Portsmouth.

Boatswain Andrew Milne is detached from the Portsmouth, and placed on waiting orders.

Commodore Upshur is ordered to assume the position of post admiral at New York, in addition to being commandant of that navy yard.

Capt. J. E. Jouett is detached from command of the Wyoming, but is continued in command of the naval station at Port Royal, S. C.

Lieutenant Fletcher S. Bassett, Surgeon E. C. Vermuilen and Passed Assistant Engineer John J. Bissett have been placed on the retired list.

Lieut. A. M. Thackara, Gen. Sherman's son-in-law, has resigned.

James Bell of Hyde Park, driver of a baker's cart, was dragged from his team in Milton, Mass., on the evening of Oct. 28th, by three masked men, who beat him, gagged him, tied him to a tree and started the horse along. The thieves got $17 belonging to Mr. Bell, and some small articles. The horse found its way home to Hyde Park, and Mr. Bell managed to work loose after a time.

A United States officer arrested Deputy Sheriff F. D. Humphrey of Great Barrington, Mass., and took him to Boston, Saturday, for trial, on a charge of breaking open the distillery of Albert Curtis, at Sheffield, Oct. 18th, and seizing liquors in bond. Other sheriffs who participated in the raid will also be arrested.

A Lady Wants To Know the latest Parisian style of dress and bonnet; a new way to arrange the hair. Millions are expended for artificial appliances which only make conspicuous the fact that exhaustion, nervous debility, and female weakness exist. From Major Downs, Military Instructor, Mt Pleasant Academy, Sing Sing, N. Y.: During the very cold weather I was suffering with catarrh. My head and throat ached so severely that I was obliged to give up everything and keep quiet. Ely's Cream Balm was suggested. Within an hour from the first application I felt relieved, the pain began to subside. In two days was entirely cured. W. A. Downs, Feb. 15, 1881.

A gentleman from Orwell, Pa., called my attention to Ely's Cream Balm as a remedy for catarrh, hay fever, &c. He was so earnest in asserting it to be a positive cure (himself having been cured by it) that I purchased a stock. The Balm has already effected a number of cures. P. F. HYATT, M. D., Bordentown, N. J.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

A Brave Lady.

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(*From the Courier.*)

Mrs. Schoonmaker, of Creek Locks, Ulster Co., N. Y., had the misfortune to entirely lose the sight of one of her eyes, through an accident, and endured painful inflammatory action therein for two long years; the other eye finally becoming sympathetically affected, her general health seriously suffering; indeed she was a mere wreck, a walking skeleton. In this terrible strait she consulted Dr. David Kennedy, of Rondout, N. Y., who told her at once that the injured eye must be removed. She quietly but firmly said: "All right, Doctor, but don't give me chloroform. Let my husband sit by my side during the operation, and I will neither cry out or stir." The work was done, and the poor woman kept her word. Talk of soldierly courage! This showed greater pluck than it takes to face a hundred guns. To restore her general health and give tone and strength to the system, Dr. Kennedy then gave the "Favorite Remedy," which cleansed the blood and imparted new life to the long suffering woman. She rapidly gained health and strength, and is now well. The "Favorite Remedy" is a priceless blessing to women. No family should be without it. Your druggist has it. If not send to Dr. David Kennedy, Rondout, New York.

PATENTS

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent published by remitting one dollar. Assignments recorded at Washington. *No agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. 2awtjan

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

TUESDAY, OCT. 31, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

How Much Each Will Promise.

Rev. W. R. G. Mellen and other gentlemen of Dover, some time ago, sent to Martin A. Haynes and George B. Chandler, candidates for Congress from this district, a series of questions as follows:

1. Are you in favor of such a civil service reform as will take all the minor appointive offices wholly out of politics?

2. Are you familiar with the provisions of the Pendleton bill now before the Senate, and would you, in the absence of any worthier measure, vote for it, provided you should be elected, and the said bill should be brought before the House?

3. If not in favor of this bill, will you please to indicate what measures you would approve looking to the reform of the civil service?

4. Would you, if elected, at not later than the second meeting of the [Congressional] caucus—in case no other had done so before you—introduce a resolution condemning the principle of political assessments as now practiced by the congressional committee, and prohibiting the same hereafter?

To this the "son of a mason" replied that he was in favor of all possible reform of the civil service; that he was not very familiar with the details of the Pendleton bill, and that he therefore could not tell whether all of its provisions would meet his approval or not; neither was he conversant with the workings of the congressional caucus, so that he could not make an absolute promise that at any given date he would introduce any specified measure; but he would steadfastly support, as a matter of principle, any measure which would bring about a real reform—which was certainly all that anybody could reasonably expect of a "mere private" whose father died "leaving only a small property." His reply to the questioners was the manly, frank response of a man who is not willing to pledge himself blindly to perform impossibilities or absurdities, merely to catch voters by such promises.

Mr. Chandler's reply was much more "promising" then that of Mr. Haynes. The "leader in the best society of Manchester" it is safe to say knows less of the Pendleton bill and of the workings of the congressional caucus than does Mr. Haynes, but he does not hesitate to say that he will support the bill, and introduce his resolutions. And he further says:

I should like to see the whole internal revenue system abolished, and the thousands of men at present engaged in, and living upon that service, put to work as producers in some shape, thus adding their labor to the wealth of the country. I think all taxes required could be collected by stamp or some simple process so as to relieve the country of the present great expense to that department.

Just how much of a "producer" Mr. Chandler has been while "adding to the wealth of the country" by his "labor" as a bank cashier, we are unable to say. And just how internal revenue taxes are to be collected "by stamp or some simple process" after they are all abolished is not altogether clear; but until they are wiped out they certainly can be collected by stamps, as they have been (with the exception of bank taxes) for the last ten years, the province of the department officers being simply to sell the stamps and see that they are used according to law, a fact which the Manchester statesman seems not yet to have learned, notwithstanding the democratic boasts of his "intimate acquaintance with business." His letter throughout bears the plain stamp of being the production of a man who is willing to promise anything to catch votes; and the entire correspondence would be an excellent campaign document for the republican managers to print and circulate.

Needless Attention.

At Keene, one evening last week, Hon. O. C. Moore addressed a large audience in answer to Ex-Senator Wadleigh's tirade against Mr. Hale and Secretary Chandler. In the course of the evening he read statements by Thomas P. Cheney and Mr. Hale, flatly denying the assertions of Wadleigh concerning them; and also the following, signed by J. Horace Kent and other members of the Portsmouth delegation to the republican state convention:

We, the undersigned, members of the Portsmouth delegation to the late republican state convention at Concord, N. H., severally declare that Hon. William E. Chandler never at any time, by word, act, deed or any other means, attempted to influence us individually or collectively to support Hon. Samuel W. Hale of Keene at that convention as a candidate for governor. As it is our desire to make this denial as explicit as possible, we further declare that the above statement is true without any qualification, evasion or mental reservation whatever.

Why the republicans should bother their heads about Wadleigh or his speech is beyond our comprehension. He is a dead cock in the political pit, however the election might go; the democrats have no use for him, any further than he may advance their partisan ends, and the republicans had had all they wanted of him years ago, as was evidenced by the way they dropped him. As to his speech, it was so permeated all through with personal spite and palpable misrepresentation that it is its own all-sufficient antidote.

News and Notes.

Mrs. John Stone, of Palmer, Mass., died last week, it is alleged from a beating received from James Cook and wife in a drunken quarrel. Cook and wife recently served a sentence in the county jail for stealing, and are known as tough customers. They were arrested.

Clark's drug store in West Brookfield, Mass., was broken into on the night of Oct. 27th. The safe was blown open and $150 taken. While at work the robbers were surprised by clerk John McEvoy, and got away by a side door. In the pursuit pistols were used, and McEvoy received a slight wound in the abdomen. The burglars took the early east-bound train, intimidated the trainmen with revolvers, stopped the train at Charlton, and escaped.

A boy about fifteen years old, named William Ward, was found Saturday evening between the rails of the Old Colony road, near Wier Junction, Mass., in a frightfully mangled condition.

Oliver S. Wilbur of Raynham, Mass., while hunting at that place on Friday afternoon in company with his uncle, Edward Wilbur, was accidentally shot in the hip by his uncle. The wound is serious, but not necessarily fatal.

Shepard E. Knapp, son of S. F. Knapp, the millionaire carpet dealer of New York, was drowned in the Hudson river on Saturday, while fishing from a small boat. He was twenty-six years old.

The surgeon-generals of the army and navy have made a report to Secretary Lincoln recommending a plot of five acres in the southwest corner of the Hot Springs mountain, Arkansas, as the site for the proposed army and navy hospital, for the construction of which an appropriation of $100,000 was made at the last session of Congress.

The barque Melville, of Freeport, Me., has been lost with all hands on the coast of British Columbia. She was from Shanghai, and is supposed to have had about seventy-five persons on board. Several dead bodies, among them two elegantly dressed ladies and a German military officer, were picked up by Indians.

Much excitement was last week caused in Chicago by the discovery of the Texas fever among forty car-loads of range cattle which arrived on Thursday from Kansas City. They were forwarded by L. B. Doud for New York city, but arriving after banking hours, payment was withheld, when it was found that several of the animals were dead, and the sale was declared off. It is said that part of the lot was shipped to Boston, and the remainder sold to local butchers.

A letter received in New Bedford from Capt. Crapo, of the lost sealing schooner Surprise, of that port, dated at Basket island, near Punta Arenas, Straits of Magellan, gives particulars of the loss, and also states that a boat's crew that he left at the island were subsequently massacred by the natives, with the exception of a Portuguese boy. He also states that a boat's crew belonging to the British bark Rosenath, foundered at sea, containing the mate and four men, were also murdered by the natives excepting the mate, who afterward was rescued by some friendly Indians and dispatched to Valparaiso, where he has arrived. A third boat's crew had also been massacred by the natives at or near the same point.

Charles Schwartz, an employe of the Third Avenue railroad company in New York, fired two shots on Friday afternoon at his uncle, Lewis Lyons, the president of the company, and then blew out his own brains. Lyons was not hurt. No cause is assigned for the act, and Lyons thinks the man must have become suddenly crazy.

No fragrant wild flower of the heath
Is sweeter than my JuNa's sigh;
No pearl is whiter than her teeth,
While her soft lips the roses dye.
For S ZODONT is her delight,
It keeps those charms so pure and bright.

A Cough, Cold or Sore Throat Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption "Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the **few simple remedies of the age. Sold at 25 cts a box everywhere.** eod&wtjan27

"Rev." Edward H. Ellis, who some time ago deserted his wife and three children at Neponset, Mass., has been fined $400 or two years in prison at St. John, N. B., for adultery with Mrs. John E. Rose of Thomaston, Me., whom he induced to run off with him. He is not an ordained minister, but a tramp evangelist. The Rose woman still sticks to him.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Impotence, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and ensures a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It renovates the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining, aiding and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are instructed to "Commence—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of Nourishing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and retains some but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile of the signature of Baron von Liebig, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
October 31. 12:00 A. M.

Probabilities for New England:—

Fair weather during the day followed by local rains, winds shifting to east and south with falling barometer, stationary or slight rise in temperature.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 39 degrees above zero.

Sky clear.

FIRE.

The house and barn of Col. Jerome C. Butler, corner of Lafayette and South roads, were burned early Monday evening. The fire was first seen in the barn, and word was telephoned in from Alderman Caswell's residence; the alarm was sounded and the department mustered, but the flames spread with such rapidity that the buildings were quickly destroyed. The furniture was mostly removed from the house. The loss is estimated at from $4000 to $5000, with partial insurance.

POLICE COURT.

MONDAY, Oct. 30; *Batchelder J.*

John Green, a boy between ten and eleven years of age, was charged by his father with stealing $18, and was sent to the Industrial school for two years.

A DESERVING CHARITY.

There is no way that we know of in which the charitably disposed can do more good, and with less trouble to themselves, than by generously contributing to the "Poor Children's Sewing Mission." The city authorities having very properly granted the upper room in the court house for the use of the mission, the meetings will be held there on the afternoon of each alternate Wednesday during the winter and spring. Miss Lydia A. Nutter, president of the mission, writes:

"We appeal to our citizens for contributions of money, materials to make up, and cast-off clothing for distribution among the poor the coming winter. * * We have received (and are very grateful for) very generous donations of money, woollen and cotton flannels from prominent citizens during the past four years, and trust that we may be generously remembered this season. Our first object is, to teach sewing to those children not otherwise taught; our second object is the distribution of all work to such as are needy."

The first meeting will be held on Wednesday afternoon, Nov. 1st. A committee of ladies will attend in the upper room from noon to five o'clock, to receive any articles which may be sent in.

This modestly-heralded charity is a most meritorious one, and thoroughly judicious in its plans and their execution; and the benevolent ladies who give their time and personal efforts to it should be encouraged in the work by the substantial contributions of all who have means but not time which they can devote for such a purpose.

A TRIBUTE.

The East Boston *Advocate* of Oct. 28th closes an extended notice of the life, death and obsequies of the late Capt. Wm. A. Parker, U. S. N., of this city, with the following tribute to his worth:

Of a remarkably sweet and gentle disposition, he was beloved by all who knew him. Unostentations in his charity, he was one of the most liberal of men. One half his income he gave to the poor, and no demand on his charity was ever unheeded. He was a frequent contributor to the police fund for local distribution, and Capt. Wilkins has on numerous occasions been the almoner of his bounty. He was a public spirited citizen, and deeply interested in local improvements; was an earnest member and has repeatedly been an officer of the Citizens' Trade Association; was a patron of the Associated Charities, and a liberal donator to the numerous benevolent operations of St. John's Episcopal church, of which he was a warden.

"None knew him but to love him;
None named him but to praise."

Cultivated and courteous, he will long be remembered by our citizens at large, but by those who have been his beneficiaries he will never be forgotten.

Capt. Parker in his will directed that his body be buried in the family lot in the cemetery in this city; that all his property be sold at auction, and the proceeds invested as a fund for the support of his sister, Hannah R. Parker, now in the McLean asylum at Somerville, Mass., during her life; and that said fund at her death go to St. Luke's Hospital for Convalescents.

CRUELTY PUNISHED.

John Leroy Hutchings, of Cape Neddick, Me., was arraigned before Trial Justice Alexander Dennett of Kittery last Saturday, on a charge of cruelty to a horse at Ground-nut hill, York. The prosecution was conducted by Hon. T. E. O. Marvin of this city, in behalf of the Biddeford Society for the Prevention of Cruelty to Animals; and Moses Safford, Esq., of Kittery, appeared for the defence.

From the testimony of the witnesses it appeared that the horse was used with the utmost severity to urge it along the hilly road between Cape Neddick and Mt. Agamenticus, in the forenoon of Friday, Oct. 26th; and that still greater violence and abuse were resorted to on the way back, later in the day, though the cruel driver knew that the poor animal was in a sick and suffering condition, and entirely unfit for use. It could be made to go only by the most cruel and incessant application of the blows. When at last, under the combined influence of disease and torture, its strength gave out, its cruel master unharnessed and led it into the woods, where he attempted to destroy the remnant of its life by beating it over the head with a cord-wood stick until it fell to the ground stunned and bleeding, and was left to die an agonizing death in the swamp.

Though the strokes of the cudgel were sufficient to fracture the skull, destroy an eye and break the nose of the hapless creature, they did not end its misery by death. The next day, Oct. 21st, the horse was seen staggering blindly along the road a quarter of a mile away from the place of its torture, in a condition to excite the liveliest emotions of indignation in the community living at the foot of Mt. Agamenticus. The owner was immediately sent for to come and end the suffering creature's misery. His father led the horse back to the swamp, and after pounding its mangled head with another club, left it for dead.

Late in the afternoon of Oct. 22d two young men passing the place heard the feeble "wicker" of a horse in distress, and hastened to its relief. The woful appearance of the agonized brute aroused their pity, and one of them obtained a suitable knife, and with a single well-directed thrust ended the long agony of the abused creature.

The isolated community at Agamenticus would not suffer such monstrous acts of barbarity to be perpetrated in the street of their village without a protest, and an agent of the S. P. C. A. was sent for to prosecute the offender. Justice Dennett gave the case a patient and impartial hearing at his house in Kittery, held the accused guilty, and sentenced him to pay a fine and costs amounting to $50, by way of a reminder that dumb animals have rights under the laws of Maine which brutal drivers are bound to respect.

"Washburn's Last Sensation" at Music hall to-morrow evening. See advertisement.

The new schooner Annie F. Conlon, Seaward master, of this port, at Alexandria, Va., from Gardiner, Me., had her foremast, sails and rigging damaged to the amount of $1000 by fire on the afternoon of the 26th inst. Some of the owners of the schooner have their shares insured, but it is not known that all are thus protected.

The democrats of ward one will have a meeting in the ward room on Thursday evening, Nov. 2d, at 7:30 o'clock.

The democrats about town were jubilant on Saturday over a rumor that the Concord railroad had contributed $30,000 to the democratic purity-of-elections fund, to help carry the state against Hale.

One of the best audiences of the season greeted the Madison Square Theatre Co. at Music hall on Monday evening, in "Hazel Kirke."

The new main tower of the hotel Wentworth, at Newcastle, is to be fifty feet square at the base, and nine stories high —190 feet, without the crest. It will be guarded on the top by such a railing that no person can fall or jump off, and surmounted by a lofty flagstaff.

Mr. Henry T. Hutchings, of the firm of Hutchings & Pryor of South Boston, Mass., last week paid a visit to his native place, Kittery, in company with his wife, —their first visit to their former home for several years.

The trial at the October term of the supreme court of two men for breaking and entering a building, and stealing therefrom, caused to be brought to our notice some queer provisions of the criminal laws of this state. It seems that while breaking and entering a building with *intent* to steal is punishable with ten years in state prison, the maximum punishment for the crime of breaking, entering and *stealing* is five years! So also if a man steals a horse he can be sent to prison for seven years; but if he is charged with also stealing a halter, or a carriage and harness, the maximum penalty is five years. Apparently our New Hampshire legislators can do some first-class bungling when they set out.

The Boston & Maine railroad has given the Laconia Car Co. an order to construct fifty freight cars of peculiar pattern, for the express purpose of carrying pressed hay.

Nearly all the stock in the Old Orchard & Ferry Beach railroad has been purchased by the Boston & Maine road, there being now but two private holders of the stock, R. F. C. Hartley and Menzies L. Smith, both of Saco, Me.

Twenty-two coils of nine-inch Manila rope, each coil weighing about 2300 lbs., were brought to the navy yard last week by the Tallapoosa, to be used as falls for hauling out the U. S. S. Plymouth.

A navy yard workman named Haley had an ugly fall on Friday last, owing to the giving away of a patent block while engaged in lowering a boat from the Constitution. One end of the boat dropped, pouring the man overboard, and tumbling the oars and other gear down on top of him. His back was badly wrenched, and he was sent to his home.

The U. S. S. Tallapoosa on Monday took on board a lot of knees and other timber to be transported from this yard to Boston, the furniture of Chief Constructor Wilson, to be taken to Washington, and a quantity of material for the Washington navy yard.

Eight colored people were poisened, Oct 28th, on the Wallace plantation, in Bossir parish, La., by mistaking arsenic for yeast powder and using it in their bread. All were very sick at last accounts.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be blotted out and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled THE SCIENCE OF LIFE; OR, SELF-PRESERVATION. Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Such edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can seize much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

ANGELS BUT UNTITLED WOMAN.

[From the Boston Globe.]

Boston, Dec. 30, 1881.

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily comes to upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. Unlike many other nostrums, it does not contain a single grain of alcohol, which adds to its popularity. It will cure entirely the worst form of leaning down, causing pain, weight and backache, in almost permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the laws that govern the female system.

Bottles only $1, per bottle or six for $5, and sent by express, free, on receipt of price, or sold by druggists. Any price required as to special cases, and thousands of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed, as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are perfect in the world for the cure of Constipation, Biliousness and Torpidity of the Bowels." Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All such respects her as an Angel of Mercy whose sole ambition is to delight to others.

HEART DISEASE

IS YOUR HEART SOUND?

Many people think themselves laid down for Kidney or liver troubles, or dyspepsia, while it is the truth nevertheless, the real cause is at the heart.

The renowned Dr. Cheesebrough, startlingly says "nine-tenths of my patients suffer from Heart disease."

The heart impedes the action of the lungs, and yet man's fresh air is pumped through it even in a volcanic gas atmosphere, even at sea, or on the mountains, and yet, strange, it is not so.

Dr. Graves celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as Dr. Graves' Heart Regulator and may be obtained of druggists, price $1 per bottle or 6 bottles for $5, express. Send stamp for Dr. Graves' thorough and exhaustive treatise. (1)

Another "Reformer" Shown Up.

Gen. Simon G. Griffin, in a letter in the Keene *Observer* of Oct. 26th, in reply to Mr. Chandler's letter to him of the 21st, reiterates the charge made in his letter to Ex-Senator Wadleigh, that Mr. Chandler interfered to secure the nomination of Mr. Hale for governor. But he adds no proof of his false charge, which Mr. Chandler has so emphatically denied. He also says as follows:

I am friendly to you, and it overwhelmed me with sorrow to know, years ago, that Congress passed a law, aimed directly at you as was generally understood, forbidding thereafter any ex-assistant secretary of the treasury from practising in the United States court of claims, because it was believed that you had been guilty of crookedness in regard to certain cotton claims, and accumulated fraudulently a large amount of money by the operation.

How grieved Gen. Griffin was to "know" this, as he said he did "years ago," can be imagined when it is known that the law he refers to was passed in 1872, *five years after* Mr. Chandler left the treasury department; and that Mr. Chandler has never prosecuted, before any court, any such claim as Griffin "knew" about "years ago."

Further, Gen. Griffin's "sorrow" over Mr. Chandler's "crookedness" was not so "overwhelming" five years after the passage of the law he refers to, as to prevent him (Griffin) from appealing to the man he now slanders to aid him in getting appointed minister to Belgium! The reformer's letter to Mr. Chandler, begging his aid, is published, and reads quite amusingly when scanned by the light of his recent epistles.

A family named Reger were all poisoned Oct. 27th, by eating pancakes. The mother and one child died that night, and the father and another child were reported to be dying next day.

The tug Wetzel blew up, Oct. 28th, twelve miles north of Racine, Wis., while racing with the tug Sill for a tow. The vessel was completely demolished. F. F. Lovell, the captain and owner, William Kelly, engineer, and Pat White, fireman, were killed.

The Governor of North Carolina said to the Governor of South Carolina: "Sir, the best remedy in the world is Dr. Bull's Cough Syrup" and the latter seconded the assertions.

Henry Clark, aged fourteen years, was caught burglarizing the Boston & Maine ticket office in Dover, Sunday morning. He was armed with a revolver and bowie knife. His father is serving eight years in state prison for larceny.

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

The following resolution was passed in the last state convention of Young Men's Christian associations and Evangelical churches: "Resolved: That we endorse the recommendation of the international executive committee to the effect that the second Sabbath in November be observed as a day of prayer for young men, and that the pastors of the evangelical churches in our state be invited to preach, on that day, sermons especially adapted to young men; and that each church take a collection, one half of which shall go to the state work, the other half to be forwarded to the international committee."

Good Advice.

You will prevent and cure the great part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

On Sunday, in Dover, fire destroyed the sash, window and blind factory of Washington P. Hayes & Son. The loss is estimated at $37,000; insurance, $19,000. The factory was stored full of doors, blinds, windows, mouldings, etc., and their value alone was $18,000. The machinery was of the most improved kind, valued at $9,000. The buildings were valued at $10,000. Fifty men are thrown out of employment. Thirty mechanics lose kits of tools, valued at from $70 to $150 each, on which there is no insurance.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unencumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $500, twelve shares of stock (par value, $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Principal Contractor.

Naval Affairs.

Commander Barker, commanding the ironclad Montauk, reports to the navy department the arrival of that vessel at League Island navy yard on Oct. 29th. He further says: "The sea-going qualities of the vessel have been quite thoroughly tested since she was placed in commission. I find that under the most favorable circumstances the vessel cannot steam for twelve consecutive hours more than four knots per hour, as the boilers are too small for the engines, and the engines too small for the ship."

It is rumored that all the vessels of the training fleet at Newport, R. I., are to be ordered to the West Indies for the winter.

A remedy resting on the basis of intrinsic worth demands the confidence of all. Dr. Bull's Cough Syrup is known and used most satisfactorily throughout the land, as is attested by its great sales. Your druggist keeps it.

Col. Tom Buford, who some years ago won notoriety by the assassination of Judge John M. Elliott of the Kentucky court of appeals, and was acquitted on the ostensible ground that he was insane, but really because he belonged to the "best society," has escaped from the lunatic asylum in which he was confined.

We are in receipt of a letter from our old friend S. Sherson, Esq., at present a resident of the town of Rawlings, in the far-off territory of Wyoming. "Dr. Graves' Heart Regulator has helped me right along," says Mr. Sherson. Glad to hear it, old fellow. Yours was an aggravated case of heart disease. The remedy you mention does the same thing in this section too; and better still, it always cures heart disease.—*Nast's Weekly Letter-File.*

Edward Wright of Worcester, Mass., shot himself because his father refused to let him have $10. He is not dangerously wounded.

***"Unbidden guests are often welcomest when they are gone." Disease is an unbidden guest which Kidney-Wort almost invariably "shows the door." Here is a case in point: "Mother has recovered," wrote an Illinois girl to her eastern relatives. "She took bitters for a long time but without any good. So when she heard of the virtues of Kidney-Wort she got a box and it completely cured her, so that she can do as much work now as she could before we moved west. Since she got well every one about here is taking it."

"When I publicly testified that I had been cured of a terrible skin humor by the Cuticura Remedies, I did so that others might be cured, and do not regret the time given to answering inquires."—Hon. William Taylor, Boston.

Joseph Rivet, while repairing a bridge at Cohoes, N. Y., Oct. 30th, fell into the Courtland street canal. He was carried over a weir twenty-five feet high, and dropped into a raceway running at right angles at a rapid rate. He was then whirled along to a dam fifty feet high, over which he was carried, and rushed through a wild gorge into the Mohawk river. His efforts for life were witnessed by 1,500 people. His body was recovered. Rivet leaves a widow and five children.

At Columbia, S. C., on Friday night, Oct. 27th, the safe belonging to the county treasurer of Hampton county was opened and robbed. A quantity of valuable papers and bonds, and between $8,000 and $12,000 in money, were secured by the burglars.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

The board of trade of Bangor, Me., on Oct. 30th passed the following: "Voted, that the board concur in the action of the Portland board of trade taken at their meeting of the 21st inst., protesting against any change in the present system of light-houses on the coast of Maine, and that we recommend that the same remonstrance be signed by our ship owners and merchants and be forwarded to Hon. Charles J. Folger, secretary of the treasury."

"When the fountains of life are not corrupted and embittered by suffering; when the functions of womanhood are strictly normal, woman life is like music, with no discord to jar her delicate sensibilities and break the vital and organic harmony. But many who suffer from vital and functional disorders have found immediate relief and a permanent cure by using Mrs. Lydia E. Pinkham's Vegetable Compound.

Mrs. Mary Austin, who lately died at Washington, had forty-four male children, eleven of whom survive. She was a doctor of medicine and a surgeon, and served through the war with the rank of major. Dr. Mary Walker is small potatoes indeed as compared with this lady, never having even had twins, while Mrs. Austin had triplets six times.

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians, but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Political Matters.

It is possible that the democracy may succeed in electing George Byron Chandler to Congress on the strength of his aristocracy; but it doesn't look that way at all now.

A Washington despatch says that the Republican National committee estimates the republican majority in the next house at from fifteen to twenty. Some do not put the figures quite as high, but it is claimed by all at the republican headquarters that a republican majority in the house, notwithstanding the declarations of the democrats, is assured.

The footings of the republican canvass in this congressional district indicate almost to a certainty that Mr. G. Byron Chandler will be allowed to keep his place as "a leader in the best society of Manchester" for the two years commencing next March, while the "son of a mason" represents the common people in Congress.

News and Notes.

The Park theatre, New York, took fire in the proscenium box on the afternoon of Oct. 30th, and was totally destroyed. Only the stage men were in the building, and all escaped unharmed except two, who were badly burned, and also injured by jumping from a window, one having a leg broken. Mrs. Langtry, who was to have appeared there in the evening, watched the fire from her hotel near by. Mr. Abbey's loss on the theatre was $100,000; insured fully. C. H. George, who occupied a store under the theatre, lost $97,000; insurance $45,000. Parson & Scarlett, tailors, loss $30,000; partially insured. A fruit store and drug shop, loss $1000 each; building, $40,000. A late report announced that John Leo, a stage carpenter, was missing, and supposed to have lost his life.

A storm of hail on Monday afternoon in the region of Davenport, Iowa, did damage to the amount of $40,000. Three houses and some barns were blown down. Mrs. Fenno was killed in the destruction of her house, and other persons were injured. Some of the hail stones were irregular in shape, and eight inches in circumference by half an inch in thickness.

The finest portion of Kansas will be reached by the Topeka, Salina and Western railroad. Their six per cent. gold bonds are a safe investment.

The Mt. Kineo house, a noted summer hotel at Moosehead lake, Me., has been burned; loss total; insurance $50,000, in Boston offices.

The four men who covered distance enough at the late walking match in New York to share in the receipts, received the following sums: Fitzgerald $3,649.-24, Noremac $1,149.62, Herty $599.76, and Hughes $99.89. The "leg mania," which was such an unmitigated nuisance a few years ago, is happily "played out."

Richard K. Fox has deposited with Harry Hill of New York $1,000, and has issued a challenge offering to back Tom Allen, ex-champion pugilist of America, to fight any pugilist, John L. Sullivan of Boston preferred, for the championship of the world and $1,000 to $2,500 a side, within one hundred miles of New Orleans, and within three months after signing articles.

At Charlotte, N. C., Oct. 30th, a lot of negroes had a battle with razors, nearly every one being more or less injured. Mose McMullen had his head cut nearly off, George Miller was fatally slashed in the neck, and Zeke Taylor was so gashed about the body that he cannot live.

Mrs. Scoville, with her little daughter Bertha, arrived in London, Ont., Oct. 29th, from Chicago.

The Gainsborough hat began to disappear from the theater before the end of last season, and now scarcely any are to be seen, but the "Poke" bonnet has been enlarging its borders until its practical diameter is almost equal to that of the Gainsborough. To sit in a theater behind a large "Poke," under which is a lady short enough to keep her head continually in motion so as to see the stage from one side or the other of the "Poke" in front of her, is to pray for the speedy adoption of the fashion which requires ladies to appear at places of amusement with uncovered heads.

Lieut. N. J. Coffin leaves for Washington, D. C., going as far as Boston in the steamer Acushnet, this (Wednesday) morning. He may go as far south as Florida to spend the winter, but has not fully decided upon it.

The farmers of York and some parts of Kittery are making large quantities of cider this fall. Most of their apple crop this year, while excellent for cider, is worth but little for market or home eating, the fruit being very small.

Mr. Timothy Young of York has contracted to supply a Boston piano manufactory with 40,000 feet of boards, and has already delivered 23,000 feet, sawed at Woodworth's mill. The lumber is hauled to this city, and forwarded from here by rail.

The county commissioners of York county will shortly have a hearing on the petition of Mr. Huntress, (who drives a stage between South Berwick and York,) and others, asking for the straightening, repairing and improving of the road from South Berwick to York beach; an application for a new road through the Brixham district of York is understood to have failed, in consequence as is supposed of the probable granting of the other petition. Many farmers of York complain earnestly that they are taxed heavily to build roads which are of but little benefit to the town at large, the neighboring inland towns, and the dwellers and property owners at the beaches, being the only ones to receive any decided advantage therefrom.

The annual meeting of the York, Kittery & Eliot Mutual Fire Ins. Co. was held in South Berwick on Monday, Oct. 30th.

The hay press burned at the destruction of Alvin Libby's buildings in Kittery last week was owned by Samuel Junkins and Lemuel Mitchell. Mr. Libby, among the other property which he lost, had twenty barrels of cider, just made. It has been supposed by his neighbors that Mr. Libby was much stronger, financially, than farmers usually are, but it is now said that the loss of his buildings, live stock, tools, new lumber, etc., is one which he can ill bear; at any rate it is a hard blow to a man who has practised industry and economy all his life, in the honest endeavor to accummulate a competence.

Mr. Charles Blaisdell, who keeps a grocery and flour store at Sewall's bridge, York, and also conducts business as an undertaker, has already shipped over 200 tons of pressed hay to Boston this fall, loading it on schooners at the wharf near his store. Mr. Charles C. Barrell, of Beech ridge, is now pressing fifty tons of hay for Mr. Blaisdell, who pays $16 a ton for it. Mr. Barrell kept fifty-six sheep through last winter, and in the spring they produced fifty-nine lambs, every one of which lived.

A drover named Lane, of Hampton, on Monday bought of Joseph Moulton of Beech ridge, York, a fine yoke of fat cattle, paying $160 for them, and of Samuel McIntire another yoke at the same price.

A semi-annual dividend of four per cent has been declared by the York Manufacturing Co. of Saco.

Thursday evening of last week, while George Miller of Kennebunkport was at supper, some thief went into his store by way of the cellar, took from the drawer a large pocket-book containing about two hundred dollars, and made off with it. There is no clue as to who committed the deed.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. eod&wtjan22

The Result of Perseverance.

A representative of the *Times Democrat* was present at the office of The Louisiana State Lottery Company when Mr. D. P. Blair of Columbus, Miss., received a check for $15,000, as the lucky holder of one-fifth of the capital prize of $75,000, on ticket No. 42,101, and asked: "Did you not feel elated when favored by fortune?" "No, not at all. I had an idea I would win. I had been taking tickets—well, now it must be for nearly two years, and I was biding my time, for I felt my turn would come soon. I never hurried the Lottery Company up, but waited, taking my tickets regularly every month, and now I've hit them." "What do you intend doing with the money?" "Well, the night I believed I had won, I mentally distributed it. I have children, and I propose to invest a portion of the money for them. The plans I made on that night I intend carrying out. I felt on that occasion by intuition, it would almost seem, that I had won. The feeling, of course, is impossible to describe." Thus he sided his time. The next drawing will occur November 14th, and any information I can be had on application to M. A. Dauphin, New Orleans, La.—*N. O. Times-Democrat Sept. 15.*

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic as an invaluable Food and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine Baron von Liebig's signature is a fac-simile of his Signature, as well as that of A. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in FRENCH and one in GERMAN, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Roncoroni and Dr. Sauveur will be employed, no *English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

WASHBURN'S "LAST SENSATION."

This evening, at Music hall, Mr. E. S. Washburn's first appearance in this city for five years will be made. He has not been before the public as a manager for the period named, but the superior excellence of the shows he used to offer is well remembered by all theatre-goes; he never presented a second-rate entertainment in his line, and it is asserted that his present company is the best he ever travelled with. See advertisement.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

TUESDAY, Oct. 31st.

Charles Rayburn, previously convicted of burglary at Salem, N. H., was sentenced to four years in state prison at hard labor.

In Berry vs. Whidden, the court heard a motion to dismiss the plaintiff's bill in equity for an accounting for certain rents and profits, defendant maintaining that plff. has a plain and adequate remedy at law. Page for plff.; Emery for deft.

Daniel M. Lenigan vs. Eastern Railroad Co. Action to recover damages for injury to plaintiff's property caused by the running away of his horse, frightened as is alleged by a stationary steam engine negligently allowed by the defendant company to remain in a public highway, Elm street. [The engine referred to was the one used for pumping or drilling at the deep well on Railroad avenue.] Tried by the court. Hodgdon and Call for plff.; Frink and Hatch for deft.

POLICE COURT.

TUESDAY, Oct. 31; *Batchelder J.*

Agnes Ledden, a girl between twelve and thirteen years old, charged with stealing several articles of clothing from the line of Mrs. A. J. Trefethen, was sentenced to sixty days at the county farm, and to pay $6.90 costs, the sentence afterwards being changed to one year in the Industrial school. She was in custody about a week before for a similar offence, but begged so hard and promised so earnestly that she was let off without a trial. She has been a stubborn, headstrong child, would not attend school, and has given her parents a good deal of trouble.

"MY OPINIONS."

On Friday evening, at Music hall, Mr. Neil Burgess will make his first appearance in this city in his new comedy, "My Opinions," supported by the excellent comedy company which has become so well known as the "Widow Bedott" troupe. As the husband-hunting, garrulous "Widow," Mr. Burgess has always been a decided favorite here; and his new play is said to admit of far better stage effects, and to be even more amusing, than the sketchy affair in which he has been so long and favorably known. If any person doubts this, the only way we know of to satisfy the doubt is to go to Music hal on Friday evening.

PORT OF PORTSMOUTH.

During the month of October there were seventy-seven arrivals of vessels at this port, exclusive of fishing craft. Of this number seventy-five were from coastwise ports, and two from foreign ports; sixty-four were sailing vessels, and thirteen steamers. Forty-four cargoes of coal, three of lumber, two of lime, one each of bricks, stone paving-blocks, cement and pig-iron, and eight cargoes of assorted merchandise, were in the list; the brick and paving-block cargoes were brought in by vessels in distress. The amount of coal brought in was 23,882 tons; fourteen schooners brought in over 500 tons each, and four steamer cargoes of about 1660 tons each were landed.

The total receipts of coal at this port for the six months ending Oct. 31st amounted to 124,778 tons.

THE BRICKERS.

The schooner Satellite arrived at Portsmouth bridge on Monday evening from Boston, bound up the river to load. The J. M. Eaton, D. K. Ham and Emily A. Staples passed down the river about an hour before the Satellite's arrival, bound for Boston. The Triton arrived at Boston on the previous Saturday; and the George W. Raitt arrived here on Monday, this time from Rockland, bound to Dover with a cargo of lime. The brickers expect to make about three more trips this season, though they will make more if possible.

SCHOONER "ANNIE F. CONLON."

The damage to the schooner Annie F. Conlon was much less serious than the telegraphic reports made it out to be. The circumstances were as follows:

The schooner was lying at the wharf in Alexandria, where she had just finished discharging a cargo of ice from Gardiner, Me., and at about 4:30 o'clock P. M. on Oct. 26th a kettle of pitch which was being heated in the galley boiled over and took fire, and before the accident was discovered the flaming pitch had reached the foremast, which with the foresail was soon a blaze. The fire department was called out, but the flames were soon extinguished by the use of the vessel's pump and buckets, not, however, until considerable damage was caused. The cook-room was badly burned, and will have to be almost rebuilt. About half of the foresail, the hoops, fore halyards and a good deal of other rope will have to be replaced. The foremast was badly charred in one place a short distance from the deck, but as it was of extra large size originally a new one will not be required; it will, however, need a good deal of scraping. Capt. Seaward estimated that he could repair the damages for about $200. She was towed to Messrs. J. P. Agnew & Co.'s ship yard on the morning of Oct. 27th, to effect the necessary repairs, after which she was to take in a cargo of coal for an Eastern port.

A REJOINDER.

ELIOT, ME., Oct. 27th.

Mr. Editor: Not many weeks ago an account was published in a York county paper, of two ladies—one who had died but a few days previous—whose home is in north Eliot. Seeing that no one has replied to the same, (or, if they have, it has gone to the waste basket,) permit me, in justice to the dead as well as living, to refer to it.

These ladies, by provisions of their father and brother, had ample pecuniary means at their command,—besides, which no one cares to deny, inherited peculiarities, not the least of which was to *care for their own affairs*, or, when they deemed it needful, entrust them to those in whom they had entire confidence, and to dress also in their own way. If they left fine porcelain with the dust of years upon it, and rolls of carpeting in the merchants' wrapping, the "why" was known to themselves and their Judge.

Their business transactions with the merchants of your city we are told were exceptionally square; and that they did not offend, as those without the "faculty of keeping themselves decent," (a quotation from the above-mentioned ghoulish article,) finds emphatic contradiction in the fact that one or both of these ladies were proffered the hospitalities of one of these noble-hearted merchants' homes, and often accepted them.

Their family physician and his wife probably knew their real condition better than any persons living. Dr. Wentworth of Kittery not only attended to them professionally, but for a long time had the ordering of their table supplies, which is a sufficient guarantee for quality as well as quantity.

Most cruel of all it was that the stricken survivor of the two sisters should read such an item as that I am speaking of. May Heaven forgive its authors, and grant that their last needs may be supplied by persons as thoughtful as whoever cared for Miss Shuah Shapleigh. H.

A TRIBUTE.

NEWINGTON, N. H., Oct. 30th.

Mr. Editor! We ask permission to occupy a small space in your columns that we may render a word or two of tribute to the memory of the late Rev. Franklin Davis of Tamworth, whose death occurred last Thursday morning on board the railroad train at Ipswich, Mass. About the year 1864 Mr. Davis settled among us and became our minister, remaining with us twelve years. His quiet demeanor and Christian-like character won for him the love and esteem of the entire community, regardless of creed or belief, and he was, in every sense, a gentleman, a scholar and a Christian. While here he re-organized the congregational church, and was a faithful and diligent worker in the Master's cause. Many there are who call to memory the kind and sympathetic word uttered by him at the grave of a beloved relative or friend, and on several occasions has he been summoned, since living in Tamworth, to conduct the funeral services of our deceased townsfolk; but now the scene is changed, and he it is who lies in death's embrace. And now, in behalf of the many friends residing here, we tender their sympathy to the mourning widow and son to whom his sudden demise is an irreparable loss.

Respectfully, J. M. HOYT.

If you enjoy a first-class variety entertainment, go to Music hall this evening.

The benevolent are reminded that the first meeting of the Poor Children's Sewing Mission will be held in the upper room of the court house this afternoon, and that a committee of ladies will be there from noon to five o'clock, to receive any articles which may be sent in.

On Monday, Oct. 30th, the dead body of a baby, apparently about two months old, was found by Alfred L. Brooks on the border of Great bay, half a mile south of Thomas' point, Newington, and was properly buried by the selectmen of the town.

At a meeting of the officers of the High School association on Tuesday evening of this week, the majority were in favor of having a promenade concert in place of the usual literary exercises. The meeting was adjourned to Friday afternoon, to await the reports of various sub-committees.

A small tin box, the property of Chas. A. Barth, the jeweller who recently absconded from this city leaving behind a large and select assortment of disconsolate creditors and patrons, has been secured by Sheriff Kent; in it are about thirty watches or parts of watches, some of them quite valuable, which had been left with Barth by various persons for repairs.

The custom-house sailboat "Hawley" has been hauled up in the boat-house at the navy yard.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt their manhood should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

25th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

is a marvel of art and beauty, warranted to be a better medical book in every respect than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—[Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as one of her correspondents loves to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. (See says) "It works like a charm and saves much pain. It will cure entirely the worst form of Leucorrhea of the uterus, Leucorrhea, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the testimony of those who have received benefit to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply at her home in Lynn, Mass.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 183 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company, before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

Rules for Girls' Love-Making.

First catch your lover.

Hold him when you have him.

Don't let go of him to catch every new one who comes along.

Try to get pretty well acquainted with him before you take him for life.

Unless you intend to support him, find out whether he earns enough to support you.

Don't make up your mind he is an angel.

Don't palm yourself off on him as one either.

Don't let him spend his salary on you; that right should be reserved till after marriage.

If you have conscientious scruples against marrying a man with a mother, say so in time, that he may either get rid of her to oblige you, or get rid of you to oblige her, as he thinks best.

If you object to secret societies and tobacco, it is better to come out with your objections now, than reserve them for curtain lectures hereafter.

If your adorer happens to fancy a certain shade of hair, don't color or bleach to oblige him. Remember, your hair belongs to you, and he doesn't.

Be very sure it is a man you are in love with, and not the clothes he wears. Fortune and fashion are both so fickle, it is foolish to take a stylish suit for better or worse.

If you intend to keep three servants after marriage, settle the matter before hand. The man who is making love to you may expect you to do your own washing.

Don't try to hurry up a proposal by carrying on a flirtation with some other fellow. Different men are made of different material, and the one you want might go off in a fit of jealousy and forget to come back.

He Forgot.

A popular young printer in Augusta, Me., who until recently has always resided beneath his father's roof-tree, indulged in matrimony a few weeks since, and leased apartments in another part of the city. The other evening, after completing his day's work, he left the office, went up street and purchased his Boston paper, and then climbed the hill to his father's house. Entering its familiar precincts he marched to the washroom, made his toilet, and then presented himself at the table. The family, who had been watching his operations, eyed him with amazement, and at last his mother softly inquired, "My son, have you procured a divorce thus early in your wedded career?" A pale crimson flush suffused the young man's face, which rapidly deepened into cardinal, until his countenance looked not unlike a crustacean just out of the boiling kettle. Then he gasped, "forgot all about being married." Leaving the table amid a roar of laughter the young man put on his overcoat, hurried out into the October air, and walked hastily home to where his young wife was impatiently awaiting his coming.

—Pedestrian, who has dropped a penny in front of "a poor blind man"—"Why, you humbug, you're not blind." Beggar—"Not I, sir. If the card says I am, they must have given me the wrong one. I'm deaf and dumb."

Only Two Botties.

Messrs. Johnson, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both the officers and the wife of Gen. John C. Fremont, Gov. of Arizona, had been cured of catarrh by the two bottles of Ely's Cream Balm.

Messrs. Ely Bros., druggists, Owego, N. Y.—A few days ago I saw a lady who had used your Cream Balm for catarrh, and had found more relief in one bottle than from all other remedies she had tried. I enclose $1 for two bottles. Yours respectfully, JAMES HITCHEN, M. D., Providence, R. I.

Isadore Cassatt, who was recently discharged by Master Mechanic Richardson of the St. Louis & Iron Mountain railroad, committed suicide Oct. 24th at Argenta, opposite Little Rock, Ark. His son, to revenge his death, called at Richardson's office and in the latter's absence fatally shot George G. Barnes, Richardson's clerk. At the inquest Mrs. Cassatt testified that she heard her husband and son make an agreement some time ago that the former should commit suicide and the latter kill Richardson.

To Consumptives.

"Golden Medical Discovery" is a concentrated, potent alterative, or blood-cleansing remedy, that wins golden opinions from all who use it for any humor, from the common pimple, blotch, or eruption, to the formidable scrofulous swelling, or ulcer. Internal fever, soreness and ulceration, yield to its benign influences. Consumption, which is but a scrofulous affection of the lungs, may in its early stages, be cured by a free use of this God-given remedy. See article on consumption and its treatment in Part III of the World's Dispensary dime series of pamphlets, costs two stamps, post-paid. Address World's Dispensary Medical Association, Buffalo, N. Y. a

In 1864, while Gen. Sherman was "marching through Georgia," the Kings, a wealthy family of Roswell, Ga., owned a factory worth about $50,000. In order to keep Sherman from burning it, they transferred it without consideration to Theophile Roche, a Frenchman employed in the factory, whereupon the Frenchman raised the French flag upon the property, and claimed protection of the property under it. Sherman disregarded the flag, burnt the factory and put Roche under arrest. Roche now sues the United States for $50,000 and interest, damages for destruction of property, and $20,000 damages for his arrest and imprisonment; interest and all aggregating about $125,000.

How She Saved Her Darling.

James Henry Bond of Walpole, Mass., while trying to save the life of another man on Oct. 31st, met with a terrible misfortune. A man was in danger of being run over by the New York & New England train, and in rescuing him Bond was run over by the train and had both feet cut off. He was twenty-seven years old and has a family. He was taken to the Massachusetts General hospital, and died that night.

The best medicine of the age for quickly curing indigestion, nervousness, etc., is Brown's Iron Bitters.

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary alnayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1846, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

"Satan Rebuking Sin."

Generally speaking, the conclaves of the New Hampshire democracy on the eve of election have been solemn in the extreme. The ancient democrats have regretfully surveyed the ground, and sorrowfully deferred their hopes to the next campaign without a semblance of hilarity. But on Tuesday evening of this week the democrats assembled at Concord had their little joke about using money at elections. They resolved to be virtuous. As the proposition was read in meeting it is said the late democratic candidate for Congress in this district slyly winked to the late democratic candidate for governor, as he thought of the sinews expended in recent campaigns, and a smile of grim recollection ushered in a loud guffaw of hilarious applause at this new departure,—and while the signatures were being placed to the advertisement, one of the ardent reformers suggested that there be added the significant warning, "No Irish need apply."

Shocking Tragedy.

Mrs. Seguin, aged thirty-six years, wife of Dr. Edward C. Seguin, a noted specialist in diseases of the brain, shot her three children, two boys and a girl, aged respectively six, five and four years, and then herself, in New York on the 31st ult. She had evidently enticed the children into an upper room in the house under pretence of playing blind-man's buff, they all being blindfolded and having their hands tied behind them when found; mother and children had all been dead some hours before the tragedy was discovered. Mrs. Seguin had been despondent for some time, and was undoubtedly insane; her domestic life had always been happy, she and her husband having abundant means, and moving in the best society. It is feared that Dr. Seguin will lose his reason.

News and Notes.

Hiram E. Delio of Bennington, Vt., cleaned and loaded his gun Oct. 31st, and started to go out doors, leading his four-year-old son. His gun hit the casing and discharged, the charge entering his head, instantly killing him. Delio was aged twenty-eight, and highly esteemed.

The low rate of the six per cent. gold bonds of the Topeka, Salina and Western railroad, and the brilliant prospects of the road, render them a very desirable investment.

The Vermont fruit evaporators are shipping large quantities of apple skins, seeds and cores to Chicago, where the stuff is manufactured into jelly. A large price is received for the refuse of the operators in this way, and one firm claims that the profits pay their regular expenses.

In a suit in equity brought by Lotta Crabtree, the actress, against B. F. Randall, a cotton broker of Fall River, for money loaned him for business purposes, argued in the supreme judicial court at Taunton, Mass., the auditor, Simeon Borden, clerk of the courts, makes an award for the plaintiff of $17,000.

The gaslight company at New Orleans informs the city council that, on account of the non-payment on the part of the city for months and with no prospect of pay, the company will stop lighting the city on and after Nov. 8th.

A construction train on the Ohio Central railroad ran into a flat car, near Charleston, West Va., Oct. 30th, killing William Copeland, James Smith and Andrew Snyder, and seriously injuring William Brown.

The city architect of the city of Mexico reports 2,000 houses inside the corporation limits as being built or undergoing repairs. Several parties are speaking of constructing a large American hotel.

The British steamer Gulf of Panama, from the Mediterranean for London, has been wrecked off the Texel, with the loss of twenty-five lives.

The wreck of a large vessel, apparently of English build, was passed Oct. 26th about twenty miles south of Matinicus rock, Me.

J. A. Archuletta, a justice of the peace and a prominent banker and merchant at Corejos, Col., shot and killed Deputy Sheriff Blancett at Farmington, New Mexico, a short time ago. On Sunday night, Oct. 29th, a crowd of Mexicans took Archuletta from jail and lynched him.

Sea Bathing in California.

"Sinc" Barnes tells a racy story of his experience at Santa Monica, the new summer resort of southern California. "I was flown in that section a few months ago," said "Sinc," "and pretty nearly busted when I fell in with Jones, the senator, and told him my condition. He fell right up abreast of the situation and told me he could give me a job. 'I want a lot of men to keep in the water all day to show visitors how delightful surf bathing is. You see these people from the east have acquired a sort of prejudice against the Pacific ocean, and I want to counteract the feeling. I want you to toss eight men and keep 'em tumbling around in the billows, the sport of the laughing sea, in striped costumes—men who can run out on the beach every ten minutes and tell how warm the water is.'

Well, I caught the idea, and agreed to furnish the crowd for $20 a day, and we closed the bargain. I hired eight men at $1 a head to bathe there all the afternoon, and I pocketed the balance. I got a green and blue striped suit, with the flag of the Union across the stomach, and rushed about keeping the gang alive. The second day they struck for $20 because the water was so cold." I tried to explain about the trade winds and the harvest-moon tide, but they wanted the money all the same. Then three quit, but Jones didn't miss 'em, and I kept even financially. Then two froze to death right on the beach, and I had to get a coroner's jury to find a verdict from over-heating in the water. The balance of the gang left, and I had to go it alone. I got so inured to the cold that I could rush out of the water, skip up to the English tourists and tell 'em it was just lovely and keep my teeth still all the while. I got my $20 every night, and spent it all for warm drinks. Then I quit, as my constitution was giving way. When I left he had eight Irishmen off the railroad doing the bathing for the hotel, and they had a fire going all the while back of some rocks, where the men could warm up between swims. That is a great climate down there."—*Carson City (Nev.) Appeal.*

Editorial Expressions.

An expression common in these days of nominations is, "While a portion of the ticket is not such as we should have nominated, we shall give it our hearty support." This means that the editor's most bitter enemy, who will give the printing to the other paper if he can, is on the ticket, and the editor hopes that the low-down reptile may be beaten out of sight. In the case of distinguished orators, the remark, "The Hon. Mr. Blank was attacked with a sudden indisposition and did not speak" means that the venerated statesman was too drunk to hold his head up. The observation means the same thing when applied to the lights of the American stage. "We failed to catch the last words of the speech" means that eloquence at the critical period was drowned in "budge." "We regret that we have not space to publish the gentleman's eloquent effort in full" means that, in the editor's opinion, the speech would have made a reflective mule leave his oats, and that it would be an outrage on the public to print it. "We may refer to the address hereafter" means that the newspaper man feels happy at getting out of it this time, and trusts that perdition may seize him if he ever mentions the matter again. In obituary notices "congestion of the brain," when applied to a gentleman of easy views in regard to drinks, means delirium tremens, and "he was his own worst enemy" means that the deceased was a drunkard, and the worst enemy of the people who loaned him money. "He had his faults, who of us had not?" is an equivalent expression. In regard to performances, dramatic and otherwise, "those who failed to be present missed a rich treat" means that everybody "failed." "The audience was small but appreciative" means that nobody was present except the holders of complimentaries. "Owing to the inclemency of the weather the audience was not what it would have been," means that nobody would have been there had the sky been as clear as crystal, and the neighborhood been fanned by "spicy breezes" that, according to the hymn book, "blow soft o'er Ceylon's isle." In the way of dramatic criticism, "Mr. Montgomery shows some crudity and inexperience, which will doubtless disappear with time and study," means that Mr. M. is a hopeless and irredeemable stick. Finally, "a scandal in high life has been brought to our notice, of which we will have more to say in a few days," that means—well, that means "business."—*Atchison Champion.*

—It is now fashionable for young ladies to be square-shouldered, a la Mrs. Langtry. Gymnastic appliances are still selling below cost, but the cotton market is booming.

—Sir Fletcher Norton, whose want of courtesy was notorious, happened, while pleading before Lord Mansfield on some question of manorial right, to say, "My lord, I can illustrate the point in an instant in my own person. I myself have two little manors." "We all know it, Sir Fletcher," the judge interposed with one of his blandest smiles.—*London Society.*

—The process of whitening sugar was discovered in a curious way. A hen that had gone through a clay puddle went with her muddy feet into a sugar house. She left her tracks on a pile of sugar. It was noticed that wherever the tracks were the sugar was whitened. Experiments were instituted, and the result was that wet clay came to be used in refining sugar.

—Dr. Skelton was distinguished for his satirical and severe turn. He one day, in a sermon, enlarged on the position that "everything which God made, was well made." "This is an assertion," said a man exceedingly deformed, who had attentively listened to the doctor's discourse, "which rather staggers my belief." When the sermon was finished, he followed Dr. Skelton to the door of the church, and said to him: "Sir, you preached that God had made all things well; see how I am made." "My friend," answered the doctor, surveying him from head to foot, "you are very well made for a cripple."

—Miss Ida Gray, a blooming school teacher of twenty-three summers, at Dansville, N. Y., and one of her pupils, a bucolic lad of eighteen, named John Henderson, became victims of the grand passion, and ran away and were married, the knot being tied at Rochester just in time to thwart the interference of the schoolmarm's father, who had followed close in pursuit.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestive, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pals upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are confined to Counting-rooms—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Field Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simiyed likeness of Baron von Liebig, and a fac-simile of his Signature, as well as that of J. VOGELER & CO., Baltimore, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

HORSE RACE.

A race for a purse of $200, mile heats, was trotted at the Granite State park in Dover on Wednesday afternoon, Nov. 1st, between the gray mare "Moxey," owned by Henry French, and the horse "John W.," owned by H. R. Stoddard. Moxey was driven by her owner, and John W. by Edgar D. Stoddard; the latter won in three straight heats, time 2:41, 2:42, 2:46. The winning horse has been bought by Mr. Dennis J. Lynch, for $300.

SUCH IS FAME.

From the Boston *Post* of Nov. 1st we clip the following item of personal news:

Mullett, once United States supervising architect, to whose genius there are monuments of stone and brick in New York, Boston, Philadelphia, Chicago, Cincinnati, St. Louis and all the notable cities in the country, is to-day wandering about the streets of New York, looking for work, while his wife, a noble little woman, is keeping a boarding house to support the family.

This is news indeed—sad news, too—to Mr. Mullett's friends. The gentlemen of this city and vicinity who a few days ago met him on the navy yard, where he was present as the civilian member of the board appointed to enquire into the feasibility of discontinuing one or more of the government yards, or who enjoyed his hospitality at the Rockingham house on the 29th of October, just before he started for Boston to visit the yard there on the same commission, little thought that within three days he would be wandering around the streets of New York looking for work, while his wife was taking in boarders to support the family! It was known that he left office, after having supervised the expenditure of over $50,000,000, as poor as when he entered it; but it has been supposed that his acknowledged eminence as an architect would suffice to procure him at least a decent living. He'll be sorry enough when he finds out how much worse off he is than he ever suspected.

IMPORTANT DECISION.

In the suit of Norton against the city of Dover, entered in the United States circuit court in October, wherever the writs were made returnable Oct. 8th, which day was Sunday, and the defendants' counsel moved to quash on that account, Judge Lowell holds that such writs are amendable without injury to the parties against whom such process issues; and as these writs if amended will not prejudice the defendants who, having due notice to appear on Sunday, did appear under protest on Monday, the judge holds that the plaintiff can amend within thirty days if he chooses, upon the terms of taxing no costs up to the time of amendment.

This is the opposite of a decision made several years ago by Judge Shepley, and is not in accordance with the intimation of Judge Clark, who however, as one suit entered at the October term was against the city of Manchester, preferred to confer with Judge Lowell rather than to decide the question at the court at that term, when he (Judge Clark) presided.

The republicans of ward four hold their caucus this (Thursday) evening at 7:30 o'clock.

To-morrow evening, in Music hall, Neil Burgess and his dramatic company will present the new comedy, "My Opinions." Tickets now on sale at Myers' bookstore.

The schooner Charlott Buck, which arrived at this port in distress on the evening of Oct. 23d, leaking badly, landed over four hundred tons of stone paving-blocks on the navy yard wharf before she went on the marine railway at Kittery for repairs. On being hauled out it was found that ten feet of her keel was gone, and her wood-ends badly started. Two things about this vessel have caused astonishment among the sea-faring men; one is, how a vessel of only 233 tons register could stow away such a pile of rocks as she landed; the other is, how a vessel with such a cargo and in such a condition as she was, kept from going to the bottom like a deep-sea lead.

The U. S. S. Tallapoosa, Lieut. John F. Merry commanding, sailed from the navy yard about eleven o'clock on the 1st inst., bound for Boston, New London, Conn., and Washington, D. C.

A band of Indians, eight in number, arrived in this city on Wednesday of this week. Included in the party are Thunderbolt and Red Cloud, mighty warriors of course, and Prairie Flower and Sparkling Eyes, ladies of the brunette style. They come with the intention of giving free entertainments in Franklin hall every evening, and selling Indian medicines to the audience during the intermissions, so long as it can be made to pay.

While J. Horace Kent has been sheriff of this county, from October 28th, 1876, to the present time, there have been committed to the state prison at Concord from the county fifty-two prisoners, their sentences varying from two years to life. For the same length of time prior to Col. Kent's incumbency, the number of commitments was thirty.

In the report of the meeting of the democratic state committee at Concord on the 30th ult., it is said that "stirring addresses were made" by Hon. Frank Jones and Hon. Daniel Marcy, and others, "all expressing the feeling that it is only necessary to counteract the influence of republican bribe money" to insure a democratic victory Nov. 7th. There is nobody we know of better acquainted with the means "necessary to counteract the influence of republican bribe money" thax the eminent opposed-to-the-use-of-money-at-elections democrats named.

About forty gentlemen, including representatives of the press, legal profession, city government, etc., sat down to a choice bird supper in the upper room of the Central Eating House on Wednesday evening of this week, as guests of Mr. J. H. Robertson, who thus signalized the formal re-opening of the premises as a first-class dining room. His patrons can depend on being promptly and courteously attended to.

Mr. Nathaniel H. Clement, the democratic candidate for city court judge in Brooklyn, N. Y., was born in Tilton, in this state. He graduated from the Portsmouth high school in 1859, and the same year entered Dartmouth college, from which he graduated in 1863.

Any one having a copy of the "New Hampshire Annual Register" for 1840, can dispose of it advantageously by sending to this office.

The auditor's office of the Eastern railroad company has been removed from the office of the treasurer in the Boston station, and rooms have been taken in the office in the Boston & Lowell railroad station, recently vacated by the Massachusetts Central railroad. This will relieve the treasurer's office, which has been much crowded of late years. A new arrangement of desks and counters is now being made.

"The Booley Grandchildren, and their Journey in Holland:" by Horace E. Scudder, author of the "Booley books." Boston; Houghton, Mifflin & Co.; price $1.50.

In this volume, which is the sixth of the Booley series, Mr. Scudder carries his little readers to Holland, going by way of England, giving a good view of Dutch cities and customs, and showing the famous places familiar to tourists. The illustrations are decidedly good; that of the road from the Hague to Scheveningen, the beach at the latter seaside resort, and the church at Haarlem, the great hall in the palace at Amsterdam, and many others, will be recognized by those who have seen them as quite accurately done. Indeed the illustrations, so numerous and correct, afford with the description capital ideas of Holland. While the book is attractively written, not only for the younger readers, it is full of information which older heads will be glad to acquire. For sale by W. G. Myers.

"Doctor Zay;" a novel by Elizabeth Stuart Phelps, author of "The Gates Ajar," etc. One vol., 16-mo. Boston; Houghton, Mifflin Co,; price $1.25.

Doctor Zay is a lady physician who has a good practice in an inland town in Maine, whither goes a young Beacon street lawyer, whose only practice in his profession was the matter-of-course loss of his only case, a libel for divorce. He comes under treatment for the recovery of injuries caused by an accident, and in proportion as his bodily recovery is assured his heart becomes affected by his homeopathic physician. The doctor, Miss Phelps shows us, steadily sought to overcome inclination with duty; she told the Boston limb of the law that he was not in love, but nervous; the lover, like all men, insisted that he knew what he was about, and the doctor gave way to the plea of the lawyer. While this story has been produced in the columns of the *Atlantic Monthly* its similarity in some respects to Mr. Howells' "Dr. Breen's practice" has been discussed, what we admire in the story is the skillful manner in which the author takes her heroine through her professional difficulties and discouragements, as well as through the love-making in the remote and unromantic region of Sherman. It is one of Miss Phelps' best efforts. The book is sold by all booksellers.

We are reminded that the year 1882 is drawing toward its close by the appearance of "Kate Sanborn's Sunshine Calendar for 1883," issued by James R. Osgood & Co. of Boston. The calendar is ornamented with the emblem of the new year, Young Hope striving to catch a butterfly, while on the other side sits the declining season, Consolation resting from her Bible reading, spectacles in hand, and engaged in retrospection. Each day has liberal poetic or prose extracts from writers of acknowledged fame, and the whole makes a beautiful and fresh companion for every day in the year. On the reverse is a table of foreign and domestic postage, calendar, etc.

—Coleridge was descanting, in the presence of Charles Lamb, upon the repulsive appearance of the oyster. "It isn't handsome, Coleridge," said Lamb, "but it has the advantage of you in one thing." "What is that?" said Coleridge, who was an exhaustless talker. "It knows when to shut its mouth," was the reply.

—An ankle bone twenty-one inches in circumference was recently dug up by some workmen near Paris, Ky., and somebody labelled it "Remnant of a St. Louis girl," and sent it to Louisville. Later the rest of the skeleton was unearthed and it proved to be that of a mastodon. From the head to the tail-bone it measured forty feet, and the teeth weighed from two to three pounds each.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from Indiscretion in early life may be alleviated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhaustedness, Debility, Nervous and Physical debility, premature decline of man, or, Vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Tenth edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings, 350 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25; by mail, postpaid, on receipt of price, illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—London Lancet.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION.

is a marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—Author.

N. B.—YOUNG and MIDDLE AGED MEN can save much time, suffering and expense by reading the Science of Life, or conferring with the author, who may be consulted on all diseases requiring skill and experience. Address

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors —

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who shows all other human beings may be truthfully called the "Dear Friend of Woman" in sense of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a **success** for good and not evil purposes. I have personally investigated it and am satisfied of the truthfulness of the claims made for it.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the womb, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to **No Change of Life.**"

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headache, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

For Kidney Complaint of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity."

All must respect her as an Angel of Mercy whose sole ambition is to do good to others.

Philadelphia, Pa. (3) Mrs. A. M. D.

Good Advice.

You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in perfect working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See other column.

Frank Welles, about twenty-one years old, was accidentally shot by his brother Henry, aged about twenty-five years, in the woods near his home at Plymouth, Oct. 31st. About half a dozen shot entered his body and limbs, one passing into the abdomen, making a serious and possibly fatal wound.

The universal verdict, "The *Hop Plaster* is the best porous plaster ever made." Only 25 cts.

Political Matters.

The Nashua *Telegraph* of Oct. 31st says: "A strong reaction in Cheshire county has set in in Mr. Hale's favor since the great demonstration of last Friday evening in Keene. Men heretofore opposed to Mr. Hale have become convinced that the crusade against him is unjustifiable and wicked. They will support him hereafter heartily and actively. Cheshire county will do better than has been feared, and there are sharp men on the spot who predict that Mr. Hale will have the usual majority in Cheshire. Let other sections do their duty, and Cheshire will not detract from a sweeping republican victory."

The attention of those estimable gentlemen who fancy that the introduction of British rules in the civil service of the United States would do away with all abuses and make everything pure in elections, is invited to the following despatch from St. Johns, Newfoundland, under date of Oct. 31st: "Advices from the western part of the island state that the steamer Merlin, which left here a few days since on election business for McKay, one of the candidates for the house of the assembly, was wrecked near Burgo. She had a large quantity of fancy groceries, presumably for gratuitous distribution among the voters." Dear, dear!

It takes over one hundred pairs of gloves to assuage the grief of the Brooklyn officials over the death of an alderman, whose life might have been saved by a single bottle of Dr. Bull's Cough Syrup.

A lot of confederate bonds, amounting to $145,000, was sold at auction in Charlestown, S. C., last week, for $12.50 per $1000. The bidding was quite spirited.

William Poronleau, superintendent of the Gunnell mine, Col., was attacked by a huge bear on Sunday, Oct. 29th. He killed the bear, but not until the bear had torn him in a frightful manner. His nose is torn out by the roots, and it is thought he cannot recover.

Why Welcome.

What makes Floreston Cologne welcome on every lady's toilet table is its lasting fragrance and rich, flowery odor.

The house of Capt. Gideon L. Sanwood, of Gorham, was entered Oct. 31st while the family were at home, and about $50 cash and a certificate for a $2,000 registered United States bond, with notes and other papers, were stolen.

HEART DISEASE

Now IS YOUR HEART SOUND?

Many people think themselves sick and sue for kidney or liver trouble, or dyspepsia, while 90 in the truth were known, the real cause is a diseased heart.

The renowned Dr. Cheadingham, startlingly says "one-third of my subjects show signs of heart disease."

The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a-half, "every minute, day or night." Surely this subject should have careful attention.

Dr. Cramer a celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Cramer's Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottles for $5 by express. Send stamp for Dr. Cramer's thorough and exhaustive treatise.* (1)

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. P. W. A. BERGENGREN—Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Beloit, near the center of the last of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date o sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

A Telegraph War.

A majority of the stock of the Mutual Union Telegraph company having been placed in the hands of George F. Baker, George Wm. Ballou and Asa Patten, to be held in trust for five years, Jay Gould has secured a temporary injunction against the execution of the trust on the ground of the existence of a previous "pool."

Mr. Chapman, general superintendent of the Mutual Union, says however that no pool was ever formed in the stock of the company until the present one. It was supposed some months ago that a pool would be formed, Gould having agreed to put in his stock, and the company was thenceforward to be run in the interest of its own stockholders as a competitor to the Western Union. Without notice to the holders who had agreed to join in the movement, Gould suddenly sold his stock to the Western Union company, and sought to get the control of the Mutual Union into his own hands; but finding himself thwarted in his efforts, and the control in the hands of the friends of the company, he now, in connection with his telegraphic partner, the Western Union, goes into court and seeks to prevent the consummation of the scheme, alleging a former pool, which he himself really prevented by selling his stock. Mr. Chapman says the friends of the Mutual Union need have no fears as to its future, for a majority of its stock is now safely located in the hands of three trustees, where neither Mr. Gould nor the Western Union can buy or control it.

Lesautnier was arrested and admitted to bail in $5,000. The girl's mother is insane from grief over the scandal, and the girl's father goes about with a shotgun.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

About a mile north of Newport, Vt., the line of the Southeastern railroad runs through the farm of Thomas Farrant, who claims that he has never been paid for the damage done his farm by the road. Therefore, a week ago, when the company began to set posts for a wire fence along the line, encroaching, as he claims, still farther upon his land, he sent his men to cut down the posts. This continued for three days, until the corporation were obliged to withdraw their men, for the present at least. It remains to be seen whether they will be beaten by a private individual, even if the right is on his side.

The Bangor *Commercial* says that during last spring a Frenchman by the name of Goodenough left Greenville, Me., for the woods at the head of Moosehead lake. Nothing was subsequently heard from him until last week, when a skeleton, which was supposed to have been his, was discovered with both hands caught in a bear-trap. The unfortunate man in some way caught his hands in the jaws of the trap, and, being unable to remove them and no assistance near, died from starvation. A more terrible death is beyond conception.

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills, with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

FRIDAY, NOV. 3, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

A Work for Both Parties.

Thirty-six prominent citizens of Laconia, including both democrats and republicans, have united in an offer of $200 reward for the arrest and conviction of any person guilty of hiring any citizen of the town to vote or refrain from voting at the ensuing election. * * Heretofore no organized attempt has been made to purify the ballot in New Hampshire, but now that good men of both parties are a unit in working for the desired reform, there ought to be good results.—*Boston Post.*

When the "good men of both parties" work for the "desired reform," it will be accomplished; and not till then. No essential progress in that direction will ever be made by resolutions of conventions or state committees, or labored editorials, aimed *at the opposite party* instead of at the disgraceful abuse referred to. The democratic editor who talks loftily of republican corruption is laughed at by the voter who two or four years ago received democratic money for his vote; and the man who at the same election received a republican "gift," treats with similar derision a republican tirade against democratic corruption. Concerning this matter a clergyman of Dover in a sermon recently said:

And I am assured by men whose word I would accept as quickly as that of any one now before me, that in Newmarket, Portsmouth and Dover, they have seen men of both parties alike standing near the polls on election day with rolls of bills, buying votes, and sometimes one man bidding against another as if buying swine and sheep at auction.

This abuse is getting a good ventilation, and we are not without hope that we shall yet live long enough to read denunciations by democratic editors of vote-buying by democrats, and by republican editors of vote-buying by republicans. Should we live so long, we shall certainly see the practise abandoned.

"Reform Is Necessary."

The republicans attempt to cry down the reform which is so imperatively demanded in the conduct of our elections. All the more shame to them for trying to make light of this vital question which directly affects the very existence of our government.—*Times, Nov. 2d.*

We would suggest to our neighbor, who for some time has been posing as one of the apostles of the pretended movement of the New Hampshire democracy in opposition to corruption in elections, that deliberate and intentional misrepresentation is not a good send-off for the reform. The *Times* is perfectly aware that the republicans neither "attempt to cry down" nor to "make light" of the matter, and that what they do sneer at is the brazen pretence of some of the most notorious vote-buyers in the democratic party, that they are opposed on principle to anything of the kind. If the *Times* was half as earnest in opposing corruption as it is to make capital for the democratic party out of the cry against it, it might do some good; as the matter stands, its shouting simply excites contempt.

A Democratic Ananias.

Editor Chronicle: The *Times* of Thursday evening contained an editorial relative to the proceedings of the republican state committee at Concord on the previous Monday night. I was present at the committee meeting, and pronounce the article in the *Times* false from commencement to end—except that there *was* a meeting, and Senator Rollins was present as well as Major Huse; the rest is a lie, and the author would take rank with Baron Munchausen, Lemuel Gulliver and Ananias.

Bro. Hanscom, you have been deceived.

J. HORACE KENT.

Political Matters.

Gen. Simon G. Griffin bolted the republican nominations because he feared money was to be used in the election. In 1878, when Gen. Griffin was a candidate for Congress on the republican ticket, (he was beaten out of sight, by the way, by the democratic candidate in a strongly republican district,) he wrote to Wm. E. Chandler a most agonizing appeal to be supplied with "the sinews of war," as something was "absolutely *necessary* to save the state" from the democrats. The bran-new "reformer's" letter has been published, notwithstanding he marked it "confidential."

Temperance people complain that posters having the name of Calvin Page printed thereon are being sent into the towns of this county with a view to decrease the vote of John Hatch, Esq., the temperance nominee for county solicitor. This is not fair, and any attempt to deprive Mr. Hatch of any portion of his unsolicited votes should be frowned upon.

The *Statesman* urges voters to see to it that Col. J. L. Pickering is re-elected sheriff of Merrimac county, as he is an excellent officer, experienced in the discharge of his duties, and has an efficent corps of deputies. This will apply with equal force to the republican candidate for sheriff in Rockingham county; he received the re-nomination without solicitation on his part; he has made a good officer, and as the Concord paper remarks, any change would be likely to lead to some confusion and delay in the transaction of legal business, and the county cannot afford to take any risk from a change. We are not aware who is to run on the opposition ticket for sheriff against Col. Kent, but it will be safe for him, whoever he may be, not to promise any one to appoint him deputy, as he will have no showing to keep his contract.

Democrats who propose to vote for Col. Kent are reminded that their tickets must read "John Horace Kent," and not "J. Horace" or "John H." Kent.

A despatch of Nov. 1st, from Keene, says: "Abel T. Ward was arrested this forenoon and brought before Justice Farrar of Keene, on complaint of John S. Collins of Gilsum, for attempting to buy the vote of John Prior, a democrat of Gilsum, for the Hale republican ticket. At the request of defendant's counsel, Messrs. Faulkner and Batchelder and C. H. Hersey, the examination was postponed to Saturday at two o'clock P. M., and he was bound to appear in the sum of $500, and furnished bail."

A Chinaman who two years ago made his preliminary declaration for naturalization, has been refused citizenship by Judge Nelson, of the United States court, after consultation with Judge Lowell, on the ground that by the provisions of the Chinese bill there is no jurisdiction in the court to grant the application.

The collection of the original portraits of the Winslow family, that have for a long time been held by the Massachusetts Historical society, was on Nov. 1st deposited in Pilgrim hall, at Plymouth, by Isaac Winslow and other heirs. The collection consists of a portrait of Gov. Edward Winslow, painted in London, in 1650; the portraits of Gov. Josiah Winslow and wife, painted at the same time as that of Gov. Edward; the portrait of Gen. John Winslow, commander of the British troops at the expulsion of the Arcadians, and Mrs. Alice Winslow and her husband, Dr. Isaac Winslow, the three latter being scions of the Winslow family. With the pictures were deposited also the sword of Gov. Edward Winslow, and the family coat of arms.

RYE BEACH, Oct. 31st.

Mr. Editor. I recently saw in a western paper an item referring to ventilation. Invalids as well as persons in health should ventilate their sleeping-rooms by having the windows raised during the night *throughout the year*. In cold weather it is best when practicable to have a slacked or low fire in the sleeping-room, and as this is constantly carrying air out of the room it will suffice to raise the window an inch or two; but when no fire is available the windows should be opened freely during the night, and warmth secured by sufficient coverings on the bed. The plan of leaving the door of the bedroom open at night is bad, as all the air in the house is unfit to breathe while sleeping. ATLANTIC.

—"Generous to a fault" may be said of men—at least they are generous enough to their own faults.

—Oscar Wilde says we should beautify our kitchens. That is all very nice in theory, but if one has a pretty cook there is apt to be trouble in the family. Better let the kitchens alone.

—The post-office department has ruled that a husband has no control over the correspondence of his wife. But this decision will not prevent a man from carrying his wife's letter in his coat pocket three weeks before mailing it.

—The chief surgeon of the Swiss federal army declares that the Swiss examining surgeons are compelled to reject every year 800 recruits—the strength of a battalion—for malformation of the foot resulting from badly fitting shoes.

—"Nye's Boomerang" gives notice that subscribers who find cross-bones and skull with crest of metallic burial casket drawn in blood on the wrapper of their paper will know that their subscription has expired, and that something has got to be done.

—Old Chief Pocotullo, now at the Fort Hall agency, in answer to an enquiry relative to the true Christian character of a former Indian agent at that place, gave in very terse language the most accurate description of a hypocrite that was ever given to the public: "Ugh! too much God and no flour."—*Laramie Boomerang.*

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of "Mrs. Winslow's Soothing Syrup. "It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere Twenty-five cents a bottle. ced&wtjan82

LIEBIG MALT EXTRACT,

RECOMMENDED BY PHYSICIANS of the highest reputation on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestive apparatus the most sluggish, invigorates and builds up the entire system, and renders a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining the sick and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pains upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restoratives—and especially those who are inclined to Consumption—will find this preparation invaluable. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of the ordinary foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the emaciated frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fac-simile signature of BARON VON LIEBIG, and a fac-simile of his Signature, as well as that of A. VOGELER & CO., BALTIMORE, Md., Sole Agents for America.

LIFE INSURANCE !

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in FRENCH and one in GERMAN, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Honey and Dr. Sauveur will be employed, no *English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

MUNICIPAL AFFAIRS.

In Board of Mayor and Aldermen, Thursday evening, Nov. 2d, Mayor Treat in the chair:

Present the full board, except Ald. Stavers.

Records of last meeting were read and approved.

Application of Abner Hall for permission to hold religious meetings in the south wardroom on Sundays, a work in which he suggested that he hoped to be aided by the Lord, was referred to the committee on city lands and buildings.

The committee on school-houses were authorized to sell the stoves heretofore in use at the Cabot street school-house, a furnace having been substituted.

Supervisors of election were appointed as follows:

Ward one, Samuel Rowe, Charles H. Bessellievre;

Ward two, Benjamin M. Parker, James L. Parker;

Ward three, Frank W. Rand, Henry H. Ham, Jr.;

Ward four, Edwin Smith, Oliver H. Locke.

The city solicitor was authorized to inform the board relative to any cases pending in which the city is a party.

The mayor reported regarding the settlement of the Mason suits.

Adjourned.

SUPREME COURT.

[OCTOBER TERM—**Blodgett J.**]

Case David Flynn vs. Eastern railroad was heard by the court. This action was brought to recover for the price of a chest of tea (ninety pounds valued at twenty-eight cents a pound) alleged to have been sent over the railroad by a Boston firm and sold to Flynn, who contended that it never was delivered to him. The railroad attempted to prove by the employees at the Portsmouth station that it had been received by the plff. The case was submitted without argument; decision reserved. Call and Hodgdon for plff.; John Hatch for the railroad.

E. P. Kimball and al., executor of H. L. Penhallow, vs. James T. Drown and other appellants. Hearing as to certain facts required to be ascertained by the decision of the full bench, was had on Wednesday afternoon, 1st inst. Marston & Eastman, and Page, for plff.; Frink & Batchelder, and John Hatch, for Kimball. Decision reserved.

Michael Norton vs. Derry National Bank. Question as to notes discounted for J. S. Lamprey. Heard on motion for rehearing sent from the law term; decision reserved. Wiggin for plff.; Bartlett for bank.

The court finally adjourned at 9:30 o'clock Wednesday evening.

In case of Sarah E. Locke vs. Laura A. Knowlton of Rye, the motion to amend made by plaintiff was allowed, terms to be settled.

In cases heard by the court the orders will be sent to the clerk, and announced hereafter.

RAILROAD NOTES.

The Dover freight train, on the night of the 1st inst., ran into a drove of five cows; four of the animals escaped injury, but the fifth one was struck and fatally hurt. One of the train men jumped off the cars, and with a knife put the mangled creature out of her misery.

The Pullman express from Bangor was two hours and a half late in arriving at this city on the morning of the 2d inst., owing to the breaking down of a freight train near Biddeford.

Arthur Pike, son of John S. Pike of Newburyport, who has been employed as a brakeman on Conductor Sawyer's freight train on the Eastern railroad since August last, was run over and killed at Lynn, Mass., at three o'clock Thursday morning. He was twenty-two years old, and unmarried.

The Maine Central railroad in one day recently delivered to the Eastern railroad 134 loaded freight cars, bound west. The largest number ever previously delivered in one day was 112.

It was stated on Thursday, the 2d inst., that the man who succeeded Mr. Twombly as yard-master at the Eastern railroad station in this city had resigned after a three days' trial of the position, finding the work more than he was capable of carrying out with satisfaction to himself.

REPUBLICAN NOMINATIONS.

WARD FOUR.

The republicans of ward four held their caucus on Thursday evening, Nov. 2d, and nominated the following ticket:

For Representative, Ezra H. Winchester;

Inspector of checklists, George M. Ayers;

Moderator, Edward E. Vaughan;

Selectmen, Thornton Betton, George Humphries, Chandler M. Hayford;

Clerk, Oliver H. Locke.

DEMOCRATIC NOMINATIONS.

WARD ONE.

The democrats of ward one put the following ticket in nomination on Thursday evening, Nov. 2d:

For Representatives, John E. Locke, Wm. E. Littlefield, John S. Magraw;

Clerk, Dennis J. Carroll;

Selectmen, Freeman H. Pearson, Chas. H. Foote, Herbert K. Sheldon;

Moderator, Nathan Whalley:

Inspectors of checklists, Albion Littlefield, Frank M. Dennett.

A resolution in favor of electing the school board by the citizens instead of by the city government, was passed.

INSTALLATIONS.

The following officers of Strawberry Bank Lodge, No. 54, I. O. G. T., were installed on Wednesday evening, Nov. 1st, by Deputy Annie E. Leach, for the ensuing quarter:

W. C. T., James T. Gammon;
W. V. T., Mrs. Irene Wallace;

This evening, at Music hall, Neil Burgess' new play, "My Opinions," will be presented by the well known Widow Bedott Co. It is claimed that this piece is more amusing even than Mr. Burgess' old old; if so it is amusing enough. See advertisement.

The regular monthly meeting of the Board of Instruction was held Wednesday evening, Nov. 1st, but no business of importance was transacted.

The Boston Theatre company will reappear in the spectacular drama of "The World" at Music hall the last of this month.

A paper of Washington, D. C., says: "Mr. Israel Kimball, Jr., who has for a long time been superintendent of the census office building, has been appointed private secretary to Senator Blair, and clerk of the senate committee on education and labor. 'Kim' is a thoroughly accomplished gentleman, and will be found fully at home in the new duties he will be called upon to perform."

Farmers in the adjacent country report the improvement in the condition of their cattle, since the ending of the long drought of the summer, to have been remarkable; oxen that had been worked down thin are in good condition for beef, and cows are quite as fat as it is profitable to have them.

As the steamer James Sampson was making her landing on this side of the river on the evening of the 2d inst., the wheelrope parted when the wheel was hard over, allowing the rudder to swing back with much force, the cross-head or yoke striking Mr. William B. Colly, of No. 17 Elm street, on the back of the leg just above the heel, cutting a gash several inches long and in to the tendons. Dr. Sherburne was called to dress the wound. Had not Mr. Colly's shoe been a partial protection, the tendons would probably have been severed.

Winter is coming; Geo. T. Vaughan & Co. have already received a large invoice of snow shovels.

Mr. Wm. T. Frye this week shipped to Boston 200 barrels of alewives, per steamer Acushnet, and will ship to the same destination from South Newmarket, by rail, 400 barrels.

The navy yard ferry steamer Emerald, while recently hauled out at the navy yard, was fitted with a keel condenser, and now runs with much less noise than formerly.

The U. S. S. Powhatan, which had been lying in the lower harbor for a number of days, since arriving at this port with the receiving-ship Constitution in tow, sailed for Boston on Thursday evening of this week, to go into the dry dock at that navy yard for repairs. The U. S. S. Shenandoah, which had been docked there for two weeks, was floated out on Wednesday, the 1st inst., to make room for the Powhatan.

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be ameliorated and cured. Those who doubt these assertions should purchase the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled **THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.** Exhaustion, debility, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

Fifth edition, revised and enlarged, just published. It is a manly medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jewelled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of disease, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1 25; by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION.

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that the married or single can either require or wish to know but what is fully explained.—[London Lancet.

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe.]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who above all other human beings may be truthfully called the "Dear Friend of Woman," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is enabled to keep six lady assistants to help her answer the large correspondence, which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a source of great good and evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. She says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1, per bottle or six for $5, and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. Pinkham, as above, with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaints of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills" are now written, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and little fail to equal the Compound in its popularity.

All most respect her as an Angel of Mercy whose sole ambition it is to do good to others.

HEART DISEASE

Now IS YOUR HEART SOUND?

Many people think themselves sick and doctor for Kidney or liver troubles, or dyspepsia, while it is the heart sore heavens, the result cause is at the heart.

The renowned Dr. Greenough, startlingly says "one third of my subjects have signs of heart disease." The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute and a half, resting not day or night! Surely this subject should have careful attention.

Dr. Graves a celebrated physician has prepared a specific for all heart troubles with hundred disorders, it is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1, per bottle, six bottles for $5 by express. Send stamp for Dr. Graves' thorough and exhaustive treatise.* (1)

A Kentucky Tragedy.

William Neal and Ellis Craft, two of the three men (the third was hanged by a mob several months ago) who ravished two young girls at Ashland, Ky., about a year since, then murdering their victims and a boy brother of one of the girls, and setting the house on fire to conceal the crimes, were taken from Catlettsburg to Lexington for trial on the 1st inst., under guard of several hundred militiamen. The prisoners and guard embarked at Catlettsburg on the steamer Granite State, and on the way to Lexington were intercepted by a ferry boat from Ashland having on board a party of half-drunken men and boys; one of the latter fired a pistol at the Granite State, when the soldiers fired a volley at the ferry boat, the bullets piercing her boiler, the escaping steam badly scalding many of the mob; three persons were wounded, but none killed. By this time a large crowd had gathered on the bank of the river, and the soldiers fired upon them, without provocation as is alleged; four men were shot dead, as was also an infant in its mother's arms, and six men and a woman were seriously wounded; thirteen other persons, including one woman, were hit by bullets but not dangerously hurt.

the latest Parisian style of dress and bonnet; a new way to arrange the hair. Millions are expended for artificial appliances which only make conspicuous the fact that emaciation, nervous debility, and female weakness exist. Dr. Pierce's "Favorite Prescription" is sold under a positive guarantee. If used as directed, art can be dispensed with. It will overcome those diseases peculiar to females. By druggists.

A singular fatality seems to have compassed the lives of a part of Richard Bailey's family of ten children, who were born and have generally lived at Townshend, Vt. Henry, aged ninety-three, dropped dead in his own yard at that place, Oct. 30th; Hubbard, seventy-nine, dropped dead in Montgomery; Dana, seventy-four, fell from a load of corn and broke his back; Abisha, seventy-two, fell from a load of corn at Saratoga and broke his neck; Mrs. Polly Bailey Franklin was taken suddenly ill, and died before the doctor could be summoned. The family, all of whom are now dead, were universally respected.

BRIGHTON CATTLE MARKET.

For week ending Wednesday, Nov. 1.

[Reported for the Boston Journal.]

Amount of stock at market—Cattle 2600; Sheep and Lambs 30000; Swine 18,758; Veals 190; Horses 64; number of western cattle 1705; eastern and northern cattle, milch cows, etc., 895.

Prices of Beef—Extra, 100 lbs, live weight—Extra quality $7 50 @ $ 00; first quality $6 50 @ 7 00; second quality $5 37½ @ 6 37½; third quality $4 50 @ 5 25; inferior grades of coarse oxen, bulls, etc., $3 25 @ 4 12½.

Brighton hides, 10c ⅌ ℔.

Brighton tallow 8¼c ⅌ ℔.

Country hides, heavy ones 8½c ⅌ ℔; light ones, 7½c ⅌ ℔.

Country tallow 5c ⅌ ℔.

Calf skins 12½c ⅌ ℔.

Sheep skins $5 @ $1 62½ each.

Lamb skins $5 @ $1 12½ each.

There were more good cattle brought into market this week than have been last, and prices realized for them have not been much different from those of our last quotations. The larger portion of western cattle consisted of Colorados, some of a very good quality, one firm purchasing nearly 250 head. The trade for large lots of cattle has been quite active, most of the sales being made out early in the day on Tuesday. The retail trade has not been so good, most of the drovers calling it a very dull market, and there were but a few buyers around the yards looking for small lots of cattle.

Working Oxen—There has been a fair demand for a few pairs of working oxen. We note sales of 1 pr, gth 6 ft 7 in, live weight 1900 lbs, $140; 1 pr, gth 6 ft 6 in, live weight 2200 lbs, $125; 1 pr, gth 6 ft 2 in, live weight 2300 lbs, $1 15; 1 pr, gth 7 ft 2 in, live weight 2300 lbs, $150.

Store Cattle—Yearlings $8 @ 15; 2-year olds $18 @ 26; 3-year olds $25 @ 45 ⅌ head. Prices of small stock depend upon their value for beef. Only a light call for small stores.

Veal Calves are in good demand at 5 @ 7½c ⅌ ℔, live weight.

Milch Cows and Springers—Most of the cows brought in are good to common grade. Good cows sell better than common grades. We note sales of 2 new milch cows at $37 each; 2 do at $50 each; 3 springers at $35; 2 new milch cows at $33 each; 1 do $45; 3 springers at $45 each.

Sheep and Lambs—Those from the west were owned by G. W. Holt & Co, sheep coming landed at the yards, ⅝ @ 6¼c, lambs 5 @ 6c ⅌ ℔ live weight. Eastern sheep and lambs were sold to some extent at a concession.

Swine—Fat Hogs—Prices 7¼ @ 8¼c ⅌ ℔, live weight. Store Pigs sell at 6 @ 8c ⅌ ℔, live weight, or from $1 50 @ 7 ⅌ head.

F. W. A. BERGENGREN, M. D., Lynn, Mass. Proprietor.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Popsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest part of the time unable to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

Conductor L. & B. E. R.

I consider Swedish Botanic Compound the best Blood Purifier and strengthening Medicine in use.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date o sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

A Powerful Temperance Lecture.

Ex-Senator Merrimon of North Carolina, in a recent prohibition meeting in that state, said: "I have never meddled with liquor! I have never drank it, have hardly kept it as medicine in my family; and yet it has meddled with me, has made my boy a wandering vagabond, has broken my wife's heart. Yes; when I was thinking him at home in the house, he was being made a drunkard in the barrooms of Raleigh."

By Universal Accord,
AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use, and being sugar-coated, they are pleasant to take. In intrinsic value and curative powers no other Pills can be compared with them; and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.

"The Longfellow Calendar for 1883" has many features which commend it to special popular favor. It has a portrait, which is pronounced excellent by those who knew Mr. Longfellow most intimately. On one side of the medallion containing it is a view of Mr. Longfellow's Cambridge home, and on the other the Belfry of Bruges. Below, on the right, is a picture of Evangeline standing on her father's vine-clad porch; on the left a picture of Priscilla in the snow carrying food to the poor. A band of golden daisies, with panels bearing the names of Mr. Longfellow's most famous works, incloses the whole.

The selections from Mr. Longfellow's writings for each day of the year are carefully chosen, and form a series of passages of great beauty and excellence. The calendar is printed in twenty colors, so blended and distributed as to produce a very rich and tasteful effect. The multitude of Mr. Longfellow's readers will value this calendar as a daily reminder of one whom they prize so highly, and of whom this is so beautiful a souvenir. The price is one dollar, and it is published by Houghton, Mifflin & Co., Boston.

THE COUNTRY GENTLEMAN is the LEADING JOURNAL of American Agriculture. In amount and practical value of contents, in extent and ability of correspondence, in quality of paper and style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of
Farm Crops and Processes,
Horticulture & Fruit-Growing,
Live Stock and Dairying,
while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grapery, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and much attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and When to Sell.* It is liberally illustrated, and is intended to supply, in a continually increasing degree, and in the best sense of the term, a

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result; "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

Testimonials.
I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.
"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration as the Patent Office." EDMUND BURKE, Late Commissioner of Patents.
BOSTON, October 19, 1870.
R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, billiousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

"The Emerson Calendar for 1883" has for its leading decoration a gigantic pine-tree, its branches bearing a scroll with the words "The Emerson Calendar, 1883." At one side of the design is a vignette of Mr. Emerson's home at Concord. A deep orange glow of the setting sun rises over the tree-tops, throwing them into bold relief. The coloring of this calendar is peculiarly pleasing, since it is wonderfully rich, including twenty colors, yet without any approach to tawdriness or glaring effects. The selections from Mr. Emerson's writings for each day of the year form a series of remarkably wise and suggestive sentences. Admirers of the singular wisdom of Mr. Emerson's writings, and of the striking elevation and charm of his character, will welcome this beautiful calendar. The price of it is one dollar, and it is published by Houghton, Mifflin & Co., Boston.

Why suffer from that cough when Adamson's Botanic Balsam will speedily and surely cure you? Children like it. Sold by all druggists and dealers at 35 cts. Trial size, 10 cts.

Portsmouth Chronicle.

SATURDAY, NOV. 4, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

AROUND HOME.

Mr. George A. Jackson on Saturday, Oct. 28th, picked from a pear tree in his garden on Dearborn street several large and handsome bunches of fully developed blossoms.

The schooner Annie F. Conlon, damaged by fire at Alexandria, Va., Oct. 26th, had completed her repairs Oct. 31st.

A sea turtle, about ten inches across and beautifully marked, was captured at the Eastern railroad wharf on Friday by Mr. George W. Bailey, who after inspecting the creature all he wished put it in the water again, and allowed it to depart.

The Federal Fire Society sat down to their annual supper on Thursday evening of this week, at the Rockingham house.

The schooner Xylon, Mitchell master, arrived at the Concord railroad wharf on the 2d inst. from Rockland, Me., with a cargo of lime. She is an old boat, registers 27.51 tons, and hails from Machias, Me. She is of the "pink-stern" model, once so popular for fishing vessels, and deservedly so, as the wreck records of the old-time fishing fleets prove, but now wholly abandoned; and something like forty years ago she was engaged in the fishing business out of this port, at one time being owned in Newcastle, and later at Kittery Point. Her history, could it be correctly written out, would undoubtedly be an interesting one.

The receipts from internal revenue in this district during the month of October, 1882, were $28,873.30, against $26,613.76 for the corresponding month in 1881.

The number of names on the checklists of the several wards is as follows: Ward one, 769; ward two, 897; ward three, 263; and ward four, 379; total, 2308.

The National Mechanics & Trader's bank has declared a dividend of three dollars and a half per share, payable on the 15th inst.

Mr. Elvin Newton came in from the Shoals, where he has conducted the fishing business since last spring, on Tuesday of this week; he will close up his operations there at once, and by the time the winter fishermen get under way will be ready to buy their fares, the same as last season. He reports the weather, taken all through the summer, as more favorable for fishing than for many years past; but there has been a marked scarcity of cod and haddock, though hake have been more plentiful than usual.

Free clam chowders, prepared by G. S. Leach, professor of gastronomy, are served every Saturday evening at M. Garrity's, Daniel street.

Ladies about building their winter's apparel may find something to interest them in the advertisement of M. C. Foye.

The store of J. E. B. Whitehead & Son, of South Berwick, was broken into on the night of Nov. 2d, presumably by a gang of tramps, the clothes left behind by them having a decidedly tramp-like look and smell. The thieves fitted themselves out with new suits throughout—the finest underwear in the store, stockings, calf boots, white shirts, linen collars and handkerchiefs, silk neckties, cuff buttons, scarf pins and shirt studs, fine hats, great coats, and extra nice vests, trowsers and undercoats; they also took away a quantity of goods more than they could wear, and left in the store about the worst collection of old duds the proprietors of the establishment ever saw.

Mr. Warrington Paul, of Kittery, was tripped up by a rope at the navy yard on the 3d inst., and had a leg broken.

Mr. Edward S. Marshall, of York, on the 2d inst. had surveyed a road four rods wide from the base of Mt. Agamenticus to the summit; three routes were run over before one was decided on. It is rumored that he will erect on top of the big hill, in time for next season's travel, a hotel capable of accommodating about one hundred guests, to be carried on in connection with the popular Marshall house at York harbor. The surveying party it is said discovered fine water in good quantity within easy carrying distance of the top of the hill.

News and Notes.

The bonds of the Topeka, Salina & Western railroad, which promises to be one of the most profitable roads in the country, are for sale by C. G. Patterson, 95 Milk street, Boston.

A loaded coal car broke loose, Thursday evening, Nov. 2d, on the inclined plane at the McIntyre coal mine, twenty-five miles from Williamsport, Pa., on the Northern Central railway, and rushed down at a fearful velocity. A number of men were on the car, three of whom were killed, and two so badly injured that they are not expected to live.

Advices to Oct. 17th from Yokohama, Japan, report that the mikado is seriously ill. The cattle plague is alarmingly prevalent in the southwestern provinces. Heavy floods in the central provinces have caused great loss of life and property; small villages have been swept entirely away, and thousands of persons are reported drowned.

Wednesday night, Nov. 1st, Frank Allen, a young man of twenty years, was found dead near the Methodist church in Warren, Mass. It is supposed he fell from a carriage and broke his neck, but Thomas Roach, Jr., who was with him, cannot tell exactly how the accident occurred. The circumstances will be investigated by the medical examiner, and an inquest ordered if necessary. Both Allen and Roach were drunk.

Joseph Butler of North Adams, Mass., arraigned on the charge of outraging Bertha Noel, his niece, was held in $800 for the grand jury. Warrants have been issued for additional indictments against him for indecently assaulting two other girls.

The majority of the house committee on the bill to commute the death sentence of Almon L. Meaker of Waterbury, Vt., the child murderer, reported against a commutation. The committee stood six to three against the bill.

The body of Bridget Scanlon, a child missing at Lawrence, Mass., since Oct. 20th, was found in the Merrimac river Thursday morning, Nov. 2d.

H. K. Shafhirt of Westfield, Mass., who went to New York on business the middle of October, is missing, and his friends fear that he has been murdered in that city.

—A woman has to settle a man's coffee with the white of an egg, but she can settle his hash with a look.

—The resolution to prevent ladies from teaching in the Chicago schools after marriage has been defeated, probably through the influence of prospective husbands.

—Lord Chelmsford was walking down St. James street, when a stranger accosted him, saying, "Mr. Birch, I believe." "If you believe that, sir, you'll believe anything," the ex-chancellor replied as he passed on.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

REPUBLICAN NOMINATIONS.

WARD ONE.

The ward one republican caucus, on the evening of the 3d inst., attracted many more voters than could find comfortable quarters in the Elm street ward room. There were four tickets in the field for representatives, but a choice was made on the first ballot. The following were the nominations:

For Representatives, William E. Hadley, Thomas J. Mitchell, Willard J. Sampson;

Moderator, Robert E. Rich;

Clerk, James A. N. Rugg;

Selectmen, William H. Lovell, John P. Tibbetts, Ira Brock;

Inspectors of checklists, Richard H. Waldron, James A. Waterhouse.

WARD TWO.

The republican caucus of ward two, held in the court house on Friday evening, Nov. 3d, was very largely attended, nearly four hundred votes being thrown, the check list being used. The nominations made were as follows:

For Representatives, William H. Sise, Joseph D. Ackerman, Joseph H. Gardiner;

Moderator, Charles E. Batchelder;

Clerk, Samuel H. Kingsbury;

Selectmen, Benjamin F. Winn, John W. Prior, Thomas Kennedy;

Inspectors of checklists, Daniel L. Randall, Horace A. Martin.

DEMOCRATIC NOMINATIONS.

WARD FOUR.

The democrats of ward four held their caucus on Friday evening, Nov. 3d, and nominated the following ticket:

For Representative, David Urch;

Clerk, William S. Hazel;

Moderator, Charles W. Norton;

Inspector of Checklists, Geo. S. Leach;

Selectmen, James Janvrin, Horace Mudge, Joseph R. Holmes.

GOOD PLACE TO BEGIN.

Col. Martin Van Buren Edgerly, the Massachusetts gentleman nominated by the democrats as their candidate for governor of New Hampshire, in his letter accepting the nomination said:

"The most dangerous feature in the public affairs of our state at this time is the illegal corrupt use of money in elections. * * I accept the nomination, relying upon the plain, outspoken pledge of the party to take the lead in a reform of this abuse. If, with the aid of the people, I shall be able to inaugurate such a movement, I shall esteem it a greater honor than any other which could come to me from the citizens of my native state."

We can tell Col. Edgerly just the time and place to begin this desirable reform, viz.: In this city, Nov. 7th, with the democratic party. If he can manage to prevent the democratic buying of voters in Portsmouth this year, he will not only materially reduce the vote for himself, but will also be fairly entitled to claim that he took the lead in a crusade against corruption at elections.

GOLD MINING ON THE PISCATAQUA.

For some time past the Boston *Traveller* has had occasional reports from its special correspondent in this city, relative to a party of gold hunters reported as being engaged in prospecting the bed of the Piscataqua at little harbor for a fabulous amount of wealth. Supposing that the idiots who used to dig for the buried treasures of pirates were all long ago dead, we paid no attention to the reports; but the Portsmouth *Journal* of the 4th inst. says:

The "treasure trove" Boston party, which has for some time past occasionally been making various soundings and other preparations at Newcastle, in the river between the new bridge and the Charles E. Campbell island, to recover alleged buried wealth, have now evidently commenced work in earnest. On Wednesday of the present week, the parties interested made a contract in this city with Mr. Thomas Simonds, the well known dredger, to begin operations immediately at the spot designated, and he was expected to arrive on Thursday at Newcastle, with dredges and scows from the chain bridge near Amesbury, where he has lately been engaged in government work. It has now been divulged that the first revelations concerning this alleged hidden wealth came from an aged resident of Newcastle, who died some years ago, but who, previous to his death, stated that a document would be found in the lining of one of his vests, giving particulars concerning the burial and location of three chests containing gold, a barrel filled with silver, and a box containing coins. This paper was found as stated, and carefully preserved, but the information it contained had for various reasons been kept quiet until now. One of the individuals concerned in bringing to light, if possible, this treasure, states to the *Journal* representative that several mineral and other tests have lately been applied by experts to the place designated, every one of which has "marked" exactly the same spot, and as the company interested have plenty of means at their disposal the work will, he says, be vigorously prosecuted, as each member thereof is confident of finding something rich. It is needless to say that the work which now begins under the direction of Mr. Simonds will be watched with considerable interest by outsiders, and it is already hinted that if anything of real value is brought to light, law suits will result in order to determine on whose land or shore the prize was buried, and hence to whom it belongs.

We wish to inform these treasure seekers, in strict confidence, that they are on the wrong tack; there never were any chests of gold buried at little harbor, and if there had been the "aged resident of Newcastle" would have dug them up himself, instead of waiting to have the job done by a patent dredging-machine after his death. The real site of the treasure's interment was the upper part of the north mill-pond, to which point they should at once take their dredge and scows.

SAILING HOUR CHANGED.

The sailing time of the steamer Acushnet from this city for Boston has been changed, and instead of starting every Wednesday and Saturday morning at five o'clock—most villainous hour—she will hereafter until further notice leave the Gas Co.'s wharf every Tuesday and Friday night at midnight, arriving in Boston early in the morning on Wednesdays and Saturdays. The change is a great improvement so far as the convenience of passengers is concerned, and the new arrangement will accommodate shippers of freight quite as well as the old one.

RAILROAD NOTES.

The locomotives on the Concord & Portsmouth railroad will hereafter take coal at Raymond. An attempt was made by the Concord railroad to purchase land upon which to build a coal shed in Portsmouth, but without success. A large bin has been constructed at Raymond, adjoining the wood-shed east of the passenger station, and coal is to be sent there from the wharf in this city.

The Eastern railroad will run an excursion from this city to Boston on the 8th inst., for $1.50 the round trip; tickets good to go on that day only, and to return to and including the 10th.

A westward-bound freight train on the Eastern railroad ran off the track somewhere between Kennebunk and this city on the night of the 2d inst., and the engine and several cars were badly damaged, causing considerable delay.

A lot of about 700 tons of soft coal for the Winnepiseogee paper mills at Franklin is being carried over the Concord & Portsmouth railroad. The tonnage of coal sent over the road this year is largely in excess of that of former seasons.

It was reported on Friday that Ezra H. Winchester, Esq., would decline the nomination of the republicans of ward four for representative to the legislature.

Candidates or others wanting election "stickers" for use next Tuesday had better procure them beforehand. Mr. Richard I. Walden, job printer, Exchange Buildings, over Montgomery's music store, has a large quantity of ready-gummed stickers on hand, and will print them to order. Procure them at once.

The democratic caucus of ward two, called to meet in the common council room at 7:30 o'clock on Friday evening, did not excite any great interest; only five of the faithful mustered at the start, and after waiting awhile an adjournment was taken till nine o'clock, to see if a few recruits could be drummed up. The republican caucus in that ward, the same evening, was the largest and most earnest ever held in the ward.

Mr. Freeman Pearson, nominated by the democrats of ward one as a candidate for selectman, has no middle "H" in his name, as has been printed in the daily papers.

The big caucuses of the republicans in wards one and two, Friday evening, did not look much like letting the election go by default, so far as this city is concerned. If the rest of the state does as well next Tuesday as Portsmouth will do, the democrats next day will not know there has been an election.

The democrats of ward four on Friday evening last made a very good selection of a representative to the legislature—for a democratic nomination in that ward is of course equivalent to an election. Major Urch belongs to the progressive wing of the party, and is an active and enterprising young man, with a practical knowledge of what work is.

It keeps those charms so pure and bright.

A Cough, Cold or Sore Throat
Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption 'Brown's Bronchial Troches' do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

A NOTED BUT UNTITLED WOMAN.

[From the Boston Globe]

Messrs. Editors:—

The above is a good likeness of Mrs. Lydia E. Pinkham, of Lynn, Mass., who shows all other human beings may be justifiably called the "Dear Friend of Women," as some of her correspondents love to call her. She is zealously devoted to her work, which is the outcome of a life-study, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at release from it. Her Vegetable Compound is a medicine for good and not evil purposes. I have personally investigated it and am satisfied of the truth of this.

On account of its proven merits, it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhœa, Irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Life."

It promotes healthy portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bloating, Headaches, Nervous Prostration, General Debility, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system.

It costs only $1. per bottle or six for $5., and is sold by druggists. Any advice required as to special cases, and the names of many who have been restored to perfect health by the use of the Vegetable Compound, can be obtained by addressing Mrs. P., with stamp for reply, at her home in Lynn, Mass.

For Kidney Complaints of either sex this compound is unsurpassed as abundant testimonials show.

"Mrs. Pinkham's Liver Pills," says one writer, "are the best in the world for the cure of Constipation, Biliousness and Torpidity of the liver. Her Blood Purifier works wonders in its special line and bids fair to equal the Compound in its popularity.

All want respect her as an Angel of Mercy whose sole ambition is to do good to others.

HEART DISEASE

IS YOUR HEART SOUND?

Now

Many people think themselves cured of disease for kidney or liver trouble, or dyspepsia, while if the truth were known, the real cause is at the heart.

The renowned Dr. Cheesbrough, startlingly says "one-third of my subjects show signs of heart disease."

The heart weighs about nine ounces, and yet man's twenty-eight pounds of blood passes through it once in a minute while asleep, resting not day or night! Surely this subject should have careful attention.

Dr. Greene a celebrated physician has prepared a specific for all heart troubles and kindred disorders. It is known as **Dr. Graves' Heart Regulator** *and can be obtained at your druggists, $1. per bottle, six bottle for $5 by express. Send stamp for Dr. Greene' thorough and exhaustive treatise.* (1)

The Kentucky War.

Maj. Allen, commanding the Kentucky troops sent to Catlettsburg from Lexington to furnish safe conduct to the Ashland murderers, makes a detailed report of the proceedings. After stating all the operations to guard the prisoners before embarking, and reciting the fact that the leaders of the mob which went to Catlettsburg avowed their intention to take the prisoners from the military, he narrates the departure of the troops on the steamer Granite State for Ashland, the mob leaving on the train at the same time, the railroad running along the bank of the river. When the boat arrived within a mile of Ashland it was frequently fired at from the train, but no shots were fired by the troops from the boat.

A ferry boat with about 100 armed men met the Granite State at Ashland, and fired at the troops, wounding several. The command was then given for the troops to return the fire, which they did. A quick and spirited conflict ensued for four or five minutes. The smoke stack and hurricane deck of the Granite State were well perforated by the bullets from the mob. Four or five soldiers were wounded, though none seriously. The fire of the troops was directed entirely at the ferry boat containing the mob, not at the crowd collected on the bank, which was very large and apparently very enthusiastic in supporting the mob on the ferry boat. If persons standing on the bank were injured it was through carelessness in being so near to a lawless mob attacking state troops, and not because the troops fired at them. The ferry boat was soon silenced, and after the mob on her ceased to fire, not a single shot was fired by the troops.

The commanding officer, while regretting that he was compelled to take such strong, deadly measures, feels that they were forced upon him and that the responsibility for the unfortunate result rests entirely upon the men who attempted to take the law in their own hands. Many shots were fired before and during the conflict by persons on the opposite side of the river at short range, but by individuals and not by organized bodies, and their shots were not returned by the soldiers.

When others are suffering, drop a word of kindness and sympathy. If they are suffering from a cold, give them Dr. Bull's Cough Syrup; a few doses of this valuable remedy will afford instant relief, and a twenty-five cent bottle will cure the worst cough.

In the suit of Patrick Carey, a New York longshoreman, against the Cunard Steamship company, to recover $30,000 damages for injuries sustained Nov. 3d, 1880, on the steamer Batavia by the falling of a coal tub, on trial before Judge Shipman in the United States circuit court, the jury returned a verdict on Nov. 2d for $15,000 for the plaintiff. Carey was at work in the lower hold assisting in unloading coal, and by the fall of the tub, occasioned by the breaking of a rope, had his leg crushed.

Only Two Bottles.

Messrs. Johnson, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both the officers and the wife of Gen. John C. Fremont, Gov. of Arizona, had been cured of catarrh by the two bottles of Ely's Cream Balm.

Messrs. Ely Bros., druggists, Owego, N. Y.—A few days ago I saw a lady who had used your Cream Balm for catarrh, and had found more relief in one bottle than from all other remedies she had tried. I enclose $1 for two bottles. Yours respectfully, JAMES HITCHEN, M. D., Providence, R. I.

Andrew Flood, a Scotchman twenty years old, while jumping from a platform car at the Cape Ann Granite company's quarry at Bay View, Mass., Nov. 2d, fell under the car wheel, which crushed his right leg and severely injured his left foot. He was also injured internally. His leg was amputated below the knee. It was deemed expedient to send him to the Massachusetts hospital, but he died before reaching Boston.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, the Swedish Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and renew my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofulous Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the greatest cripple of the time un able to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. Since taking it I have been feeling like a new man, and been able to attend to my business. You are at perfect liberty to publish this letter. WM. E. KIMBALL,

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln, and Osborne counties, and is to run from Topeka southwesterly and westerly, as have indicated, to Delhi, near the eastern line of Osborne county, a distance of 181 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

The Greatest Blood Purifier ON EARTH.

This Great German Medicine is composed of Yellow Dock, Mandrake, Gentian, Dandelion, Juniper Berries, etc., combined with the Extract of Sulphur, which makes it the Greatest Blood Purifier known. Do not ever take BLUE PILLS or arsenic, they are deadly. Place your trust in SULPHUR BITTERS, the purest and best medicine ever made.

Is Your Tongue Coated with a yellow sticky substance? Is your breath foul and offensive? Your stomach is out of order. Use SULPHUR BITTERS immediately! Its your Urine thick, cloudy, ropy, or high-colored? IT IS Dyspepsia.

Your Kidneys are out of order. Use SULPHUR BITTERS. If you are sick, no matter what ails you, use Sulphur Bitters! Don't wait until you are unable to walk, or are flat on your back, but get some at once, it will cure you. Sulphur Bitters is The Invalid's Friend. The young, the aged and tottering are soon made well by its use. Remember what you read here, it may save your life, it has saved hundreds. Don't wait until to-morrow, but get Sulphur Bitters to-day.

Try a Bottle To-Day!
PRICE, ONE DOLLAR.

Only a Huckster.

"Three yellow crooknecks and a peck of pearmains," said Miss Bella Balsamapple, smoothing down a stray wrinkle in her jauntily-ruffled pink-plaid apron, as she handed up her wicker basket to the broad-shouldered, brown young farmer who brought into Crabsboro each morning the village supplies of fresh fruit and vegetables.

"Yes, miss—all right," was the brisk reply, as he executed the order with much alacrity; "and better crooknecks you never cooked, I'll bet a cabbage. I knew you'd be wanting crooknecks Saturday, and I picked out the three sweetest I could find and saved them particularly for you. And the pearmains—I could have sold every last one away back here; but thinking you might want some, I wouldn't let 'em go for love nor money."

Miss Balsamapple grew very rosy and smiled a sparkling little smile away back in the shadow of her provokingly deep sun-bonnet; and the roses under its crimped frills grew very deep, indeed, as upon lifting her basket down she discovered a great bunch of yellow and white and purple chrysanthemums nestled down amid the crooknecks and pearmains.

"You've dropped your flowers into my basket, sir," said Bella, innocently, scooping them out and holding them up before him.

The young farmer looked guilty of having committed a highway robbery at the very least.

"I—I—they—I just kind of pitched them in for good measure;" he stammered. "I wanted to get rid of 'em; there's an everlasting lot at home. Do keep 'em, please."

He gave the lines a twitch and rattled off without waiting for her to reply.

So Miss Bella, finding herself left in the lurch with the flowers on her hands, carried them into the house, to the disgust of Miss Aurora Balsamapple—a tall, skim-milk blonde, in a blue calico wrapper, who had witnessed the proceedings from the window, and was much scandalized thereby.

"I'm shocked at you, Bella," she remarked in a tone of personal injury, "for keeping them a minute."

"I couldn't help it," answered Bella, "unless I had shied them at his back; and then they would only have fallen in the mud."

"No killing matter if they did," said Miss Aurora; "and you better take my advice and throw them out there now."

"I won't!" said Bella, flatly; and Miss Aurora, being well acquainted with her sister's characteristics, shrugged her shoulders and said no more, but revenged herself by being so exasperatingly sulky that Bella, after a few ineffectual efforts to establish harmony, found it necessary for the sake of her nerves to make an errand to a neighbor's.

Miss Aurora, taking deeper and more deadly vengeance for this by declining to cook any dinner in Bella's absence, was lunching on pickles and cold herrings in the kitchen when her sister popped in, in much excitement, with her bonnet-cape floating wildly in the air like a pink banner.

"What do you reckon, sis?" cried the young lady, gleefully. "He was there! and Mrs. White introduced us. He's a friend of the family, and his name's Robin Russet; and Mrs. White says a better or steadier or good-tempereder young man never lived. He's got a farm and a lovely orchard, and is really intelligent, and Mrs. White thinks lots of him, and says—"

"If you'll just have the goodness," interrupted Miss Aurora, impressively emphasizing her words with a herring, "to explain what under the sun you're talking about, I would be extremely enlightened and much obliged."

"Why, he—him," said Bella, "that sells the crooknecks and things, and gave me the flowers."

"The huckster!" shrieked Miss Aurora, dropping a pickled onion to clasp her hands tragically.

"He ain't a huckster! And I don't care if he is," asserted Bella, with astonishing logic, "he's nice."

"Oh, Bella—Bella!" murmured Aurora, "that the pride of the Balsamapples should have fallen so low as this!"

"Bother the pride of the Balsamapples!" cried Bella, stamping her foot. "Who are the Balsamapples that they should tower above everybody that's as good and smart as they are? Selling crooknecks ain't a sin! The Balsamapples haven't got any sense, and I won't be a Balsamapple a minute longer than I can help. Now!"

"And, oh, what will Cousin Amasa say when he comes to Crabsboro," continued Aurora, despairingly, "and one of his relations loosing her head about a man that peddles crooknecks? These rich old fellows are always so ultra-fastidious! It'll spoil all my chances."

Aurora flung her herring into a corner, and burst into tears.

"Dear sakes! Don't cry, honey!" said Bella, who was soft hearted, with all her faults. "It won't matter a pin. Cousin Amasa is too distant a relation to build hopes on, if we wanted to. He's got lots of kinsfolks nearer than we are—nephews and nieces, and things we never even heard of. Not likely he'd leave us anything, anyway."

"Bella Balsamapple, are you a dunce?" asked Aurora, sharply. "Who expects a forty-second cousin to leave them anything on that account? Cousin Amasa hasn't any wife. Now do you understand?"

"Oh," said Bella, with a jump, "that's the game, is it? But how do you know you'll like him, Ro? You never saw him?"

"I'm mighty certain to like his bank account," answered Aurora; "and that is the point just now. And I could help you to a good settlement, too, if you wouldn't encourage this—"

Rev. C. F. Brooks

says that his little girl is troubled with malaria very severely, and that since he gave her Sulphur Bitters, he never thinks of leaving New York for his summer resort without a few bottles, for they always cure his family and are far superior to Quinine.

On the night of Nov. 1st the house of Charles Burleigh in Exeter was entered through a second-story window, and $200 in money, a gold watch and chain, and a shawl, stolen, the shawl being thrown away outside. The house of Mrs. J. L. Cilley was burglarized the same night, and a diamond ring and other articles carried off. An unsuccessful attempt was made to enter the house of Judge Stickney.

Indications of consumption are allayed by Hale's Honey of Horehound and Tar. Pike's Toothache Drops cure in one minute. Chills, fever ague and weakness are cured by Colden's Liquid Beef Tonic. Ask for Colden's; of druggists.

In the police court at Dover, Nov. 4th, a white woman named Lizzie Mahoney was charged with stealing $40 in money, and papers to the value of $300, from Wm. B. Lyman; and John Andergeo, a negro, was charged with receiving the same. Andergee and his wife keep a vile den in Dover, and the Mahoney woman is an inmate of it; Lyman owns the ranch, and says he went there to collect his rent; the defendants give a different account of his errand.

*Lydia E. Pinkham's Vegetable Compound is a positive cure for all those weaknesses so common to our best female population.

The house and barn of Mrs. Lydia Perley, in Dunbarton, was burned by an incendiary fire on the night of Nov. 1st. Loss $800; insurance $300.

The well in the State house yard at Concord has been closed by order of the board of health.

***Skill and patience succeed where force fails." The quiet skill and patient research which brought forth Kidney-Wort illustrates the truth of the fable. Its grand success everywhere is admitted. Disease never comes to us without a cause. Ask any good physician the reason and he will tell you something interferes with the working of the great organs. Kidney-Wort enables them to overcome all obstructions, and preserves perfect health. Try a box or bottle at once.

Rev. B. F. McDaniel, pastor of the Unitarian church in Exeter, has tendered his resignation, having accepted a call from a church in Salem, Mass.

The best medicine of the age for quickly curing indigestion, nervousness, etc., is Brown's Iron Bitters.

In Danville, Nov. 3d, Elbridge G. Philbrick was killed by being thrown from his carriage. He was fifty years old.

"Ladies' Tonic."

The Great Female Remedy is prepared by the Women's Medical Institute of Buffalo, N. Y., and is their favorite prescription for ladies who are suffering from any weakness or complaints common to the sex. It is sold by druggists at $1.00 per bottle. Ladies can obtain advice free, Send stamp for names of those who have been cured.

The house and barn of Albert R. Reed, in Plainfield, were burned on the night of the 3d inst. Loss $2500.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

THE BEST OF THE **AGRICULTURAL WEEKLIES.**

THE COUNTRY GENTLEMAN is the LEADING JOURNAL of American Agriculture. In amount and practical value of contents, in extent and ability of correspondence, in quality of paper and style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of

Farm Crops and Processes, Horticulture & Fruit-Growing, Live Stock and Dairying,

while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grapery, Vetinnary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and much attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and When to Sell.* It is liberally illustrated, and is intended to supply, in a continually increasing degree, and in the best sense of the term, a

LIVE AGRICULTURAL NEWSPAPER.

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1870.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Trade-mark. Charles Mindt, Lisbon; application filed Sept. 25th, 1882. Shoe pegs: "The letters 'M M' and the representation of an anchor."

The Estimates.

The Chicago *News* on the 3d inst. published despatches purporting to be from the chairman of the several state central committees, republicans and democratic, in all the states of the Union, giving their estimates of the results of the election for members of Congress on the 7th.

The republican estimates give the probable complexion of the next house as follows: Republicans 169, democrats 127, doubtful thirty-one.

The democratic estimates claim 179 democratic members, giving the republicans 128, with twenty doubtful.

Political Matters.

George Byron Chandler is a man "of excellent family," and "a leader in the best society of Manchester." Of course he will be elected to Congress to-morrow, rather than Martin A. Haynes, who was only "the son of a mason," and a "mere private" in the Union army during the war.

The selectmen of Natick, Mass., in getting ready for the election, made some very superior blunders. In the warrant for the town-meeting, as first posted, they left out about half the officers to be voted for; so on the 3d inst. they posted a supplementary warrant, but instead of calling the voters to deposit their ballots on the 7th of November instant, they called for a ballot in November of 1883!

George Byron Chandler once gave notice in the Manchester papers that "no Irish need apply" to him for work. Wonder if he wants any Irish to apply on election day? What will the Irish say about it?—*Dover Republican.*

Mr. George Dudley Dodge, of Hampton Falls, last week wrote to every clergyman in the state, urging them to "vote as they pray," and calling upon every prohibitionist to stand up and be counted for Fletcher (the prohibition candidate for governor) and moral reform, regardless of consequences to either democratic or republican parties.

News and Notes.

By the blowing up of Chapman's metallic cap factory in Suffield, Conn., Nov. 4th, seven men out of twelve employed in the place were injured, probably fatally. The explosion was plainly heard in Hartford, eighteen miles distant.

Two trains on the New York & New England railroad collided near Pomfret, Conn., Nov. 4th. An engineer and a fireman were killed.

On the morning of the 31st ult. a mob broke into the St. Francis county jail at Forrest City, Ark., and rescued Ex-Town Marshal Apperson, recently sentenced to four years in the penitentiary for the killing of Tate Wallace, a brakeman on the Memphis & Little Rock railroad. Apperson has not since been found. He was to have been carried to the penitentiary next day.

In the United States district court at St. Louis, Mo., Nov. 3d, Ex-United States Senator John B. Henderson and Henry A. Cunningham, opposing counsel, got into a dispute, the lie was passed, and Henderson struck Cunningham three terrible blows in the face, knocking him against an iron column and injuring him severely. Judge Treat characterized the proceeding as the most disgraceful he had ever witnessed, and fined Henderson $20.

The Boston Harness Lug company of Lynn, Mass., has taken a charter to manufacture for sale, with a capital of $100,000, thill or harness lugs, harness mountings and all harness makers' supplies. Amos Holbrook is its president; Joseph A. Hurd its treasurer.

Major Phillip Speed, a prominent merchant of Louisville, Ky., died Nov. 1st, aged sixty-three years. He served during the war as paymaster in the United States army, was an intimate friend of President Lincoln, and after the war was collector of internal revenue for the Louisville district; he was a brother of James Speed, attorney-general in Mr. Lincoln's cabinet. Major Speed married a niece of Keith, the noted English poet. His son, John G. Speed, is managing editor of the New York *World*.

Charles W. Glidden, forty years of age, a native of Pittston, Me., put up at the American house in Boston on Tuesday, Oct. 31st. Next day his door was locked all day, and several attempts to enter were made by employes of the house without success. Early in the evening suspicions were aroused that something was wrong, and an entrance was effected, when it was found that he was dead. An empty laudanum bottle by his side showed that he had committed suicide.

Mrs. George H. Wells of Central Falls, R. I., went out driving last Friday, when her horse ran away. After a run of several miles Mrs. Wells fell from the phaeton in a swoon, and soon died, apparently of freight or heart disease, no bodily injury appearing.

Albert L. Carpenter was shot in the side Friday, by the accidental discharge of a gun while in a boat on Watson pond in Taunton, Mass. The muzzle was so close as to burn the flesh, and the charge carried a portion of the clothing one-fourth of an inch into the wound.

Letters of administration have been granted by the register of wills on the estate of the late Frank Queen, publisher and proprietor of the New York *Clipper*, to the widow, Rebecca H. Queen. The personal estate is valued at $150,000.

Mr. Henry L. Clapp of the firm of Fairbanks & Co., New York, left his home on the morning of Saturday, Oct. 21st, to be absent a few days, with a considerable amount of money in his possession. Nothing has been heard from him since. His accounts are entirely correct, and he has a large balance at his bank.

Joseph H. McDonald of Lowell, Mass., cashier in the local telephone office, was accidentally shot in the face on Friday while examining a breech-loading gun. The charge was small birdshot, and his injuries are not dangerous.

Jeremiah Buckley, a brass finisher, was fatally injured at Waterbury, Conn., Nov. 3d, being caught and drawn into the shafting. His right leg was torn off, his left leg broken and an arm crushed.

Dr. D. F. Collins of Minneapolis, Minn., has made some severe allegations concerning the fatal voyage of the Jeannette. Dr. Collins is a brother of the late Jerome J. Collins of the Jeannette expedition, and he alleges against De Long and Melville that the former treated Collins shamefully, and that Melville got drunk when he should have gone on the search for De Long and his party. All these charges are denied, and the investigation will show whether they are true or not.

The wreck of the British steamship Nankin, sunk in the middle of the Swash channel, New York harbor, was raised on the 2d inst., and towed up the harbor.

It was reported on Saturday that Mr. Chauncey Dean, clerk in the Boston custom house, had been missing for some days. When last seen he was intending to take a short trip down the harbor on one of the pilot boats, which he however failed to do. Much anxiety is felt, as it is known that he had with him $200 in gold.

The cider mill of John W. Lunt, at Kennebunkport, was burned Nov. 2d; loss $400; insurance $250.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE PISCATAQUA GOLD MINE.

The dredge and scows engaged to work the Piscataqua Gold Mine at little harbor arrived last week, and the mud-digger commenced operations on Saturday. This is the same dredging gear which was used in deepening several of the small streams emptying into Great bay, and has for some time past been working in the Merrimac river, near Amesbury, Mass., on the foundation of a bridge. It would seem that the matter has been sufficiently advertised now to warrant putting the stock of the company on the market at once.

[The above was put in type Saturday evening, from "information" furnished that afternoon; but persons who went to little harbor on Sunday failed to see a dredge, or a scow, or even a barrel of gold, afloat anywhere in the vicinity.]

"BOSSES" AND "RINGS."

The shrewdest, most energetic and most persistent political workers exercise the most influence in the councils of their party. This has always been so, in all parties and in all places; and it always will be so. It not unfrequently happens that the successful and consequently influential political worker gets office, either for himself or friends, or both; and then, when some other political worker wants those offices for *himself* or friends, and can't get them, the first man becomes a "boss" and his supporters a "ring," while the other one is a "reformer."

The *Times* has had a good deal to say for a week or two past, about "bosses" and "rings" in the republican party of this city, and voters have been urged to vote the democratic ticket, if they desired to get rid of both. The following paragraph was clipped from one of its issues early last week:

We understand that the republican slate in ward one has already been made out, and that the citizens will be called in on Friday evening to ratify the nominations of the "ring" in the same manner as they were in the case of nominating the delegates to the gubernatorial convention.

The *Times* was unfortunate in its selection of a ward to particularize as being ring-ridden by the republicans. In that ward, on the evening named, there was a sharp contest in the republican caucus, every member of the party in the ward *having an opportunity to vote* for the candidates he preferred. But in the democratic caucus in that ward not a ballot was cast, the democratic voters being simply allowed to "ratify" the nominations of the democratic "ring," as read off from a paper.

The *Times* also refers to "the manner of nominating the delegates to the gubernatorial [republican] convention." Those delegates were voted for in open caucus, this year as always, by the republicans. Possibly the democrats were allowed to vote in their caucuses to nominate delegates to their state convention this year; on this subject we are not informed; but will the *Times* assert that a single vote was cast in a democratic caucus in this city two years ago, for delegates to the state convention? Was not, in every caucus, a list of names previously prepared read off, announced as the selection of the party leaders, and the several caucuses allowed to respond by voice only to the question "Shall the gentlemen named be your delegates?"

There may at some time be some way devised by which the energetic political worker shall be debarred from exercising any more political influence than the man who growls about corruption in politics but does not attend the primary meetings; but the elevation to power of the democratic bosses who hold the party in this city in the hollow of their hands is certainly not the way.

Rev. Joseph May of Philadelphia, formerly pastor of the Unitarian society at Newburyport, preached in the Unitarian church on Sunday.

Capt. Samuel Elwell, master of the school Commonwealth, from Rockland, Me, with lime to J. Albert Walker, had one of his legs broken below the knee on Saturday at about noon, by the falling upon him of a barrel of lime as the schooner was discharging her cargo at the Concord railroad wharf. The injured limb was set by Dr. Potter.

Candidates or others wanting election "stickers" for use next Tuesday had better procure them beforehand. Mr. Richard I. Walden, job printer, Exchange Buildings, over Montgomery's music store, has a large quantity of ready-gummed stickers on hand, and will print them to order. Procure them at once.

There were many people in from the neighboring towns on Saturday, and Market square was filled with teams loaded with hay, wood and farm produce. On the tongue of one of the carts was a pair of cattle four years old, of native stock, that measured seven feet nine inches in girth; they belong to William Adams of Kittery.

To-morrow evening the election returns from all the states will be received by Mr. Robertson at his dining saloon on Pleasant street, opposite the post-office, for the benefit of his patrons. The returns from New Hampshire and Massachusetts will be displayed in the windows.

The annual reunion of the High School alumni will take place in Franklin hall on Thanksgiving night.

Among the freight engagements for this port reported last week was that of a schooner from Elizabethport, to discharge at Exeter, coal at $1.35 per ton, and discharged.

The work of paving with stone blocks the hack stand near the Eastern railroad station in this city, was commenced last week.

The schooner Charlotte Buck, having completed her repairs and left the railway, on Saturday commenced reloading her cargo of stone paving-blocks at the navy yard.

The question as to the advisability of selling the Charlestown navy yard will be argued in writing before the commissioners, who met a number of Boston merchants at the rooms of the board of trade in that city last week.

Mr. Charles Shapleigh of Eliot was in town on Saturday, trying to get up a race between his $500 horse and some one of the fast nags of Portsmouth.

The York County Educational Association will hold its annual session in South Berwick on Friday and Saturday of this week.

Mr. Henry P. Abbott has this season made about 1,700,000 bricks at his steam brick-yard in Eliot, using between seven and eight hundred cords of wood in burning them.

The cost of remodelling and renovating the ancient church at York village was about $7500, according to the report of the committee.

Mr. Wm. H. Grace and wife, of Kittery Point, will spend the winter on the Burnham place at Gerrish's island as guests of Mr. Porter R. Emery, manager of the farm. Their son, Willie J. Grace, is in Rochester, N. H., working in Wallace Brothers' shoe factory.

In August, 1855, Patrick Brown of Pontoosuc, R. I., an old man who supported himself and wife by boarding two or three factory girls, found on his doorstep a female infant. He adopted her and christened her Nellie Brown. After Brown's death in 1867, Nellie engaged as a nurse girl with a wealthy New York lady who has a summer house in Berkshire. She is now Mrs. John P. Dowd of New York, and her husband is worth $1,000,000.

A tramp named Plum murdered a man named Ronan in Newark, N. J. The trouble was that Ronan refused to give Plum a chew of tobacco.

Rev. L. W. Bacon of Norwich, Conn., is to give up preaching. It is supposed that he wishes leisure to finish the biography of his father, the late Dr. Leonard Bacon.

The Salem, Mass., police on Friday arrested Daniel Bray on a charge of setting fire to James N. Averill's house, burned in the morning of that day, at a loss of $500. Bray, it is said, had threatened to burn the building.

—A neighbor complained to a man that the latter's little boy was throwing stones at the neighbor's house. "I don't know what to do with that boy. The devil himself can't break that boy of throwing stones. I've tried faithfully."

KNOWLEDGE IS POWER.

READ!

KNOW THYSELF.

THE untold miseries that result from indiscretion in early life may be alleviated and cured. Those who doubt their condition cannot do better than consult the new medical work published by the PEABODY MEDICAL INSTITUTE, Boston, entitled "THE SCIENCE OF LIFE; OR, SELF-PRESERVATION. Exhausted vitality, nervous and Physical debility, premature decline of man, or vitality impaired by the errors of youth, or too close application to business, may be restored and manhood regained.

62th edition, revised and enlarged, just published. It is a standard medical work, the best in the English language, written by a physician of great experience, to whom was awarded a gold and jeweled medal by the National Medical Association. It contains beautiful and very expensive engravings. 300 pages, more than 125 valuable prescriptions for all forms of diseases, acute and chronic, the result of many years of extensive and successful practice, either one of which is worth ten times the price of the book. Bound in beautiful French cloth, embossed, full gilt. Price only $1.25, by mail, postpaid, on receipt of price. Illustrated sample six cents. Send now.

THE SCIENCE OF LIFE; OR, SELF-PRESERVATION,

is beyond all comparison the most extraordinary work on Physiology ever published. There is nothing what ever that can be married or single can either require or wish to know but what is fully explained.—Louisville Leader.

THE SCIENCE OF LIFE; OR SELF-PRESERVATION,

A marvel of art and beauty, warranted to be a better medical book in every sense than can be obtained elsewhere for double the price, or the money will be refunded in every instance.—Argus.

[Concluded from 1st page.]

"I will," cried Bella, before her sister could pronounce the objectionable "huckster." "I don't want any settlement. I've liked him ever since we first bought things of him, and I know he likes me. And now that we've been introduced he's coming to see me; and he's a gentleman and I wouldn't treat him mean for all the cousin Amasas that could be raked up, if they were so rich that they couldn't walk straight."

In evidence to the platform she had chosen Bella appeared at the Crabstore church festival in the company of Robin Russet.

"Entirely against my wishes," confided Miss Aurora Balsamapple to her friend Miss Cyrilla Dumps. "I very much disapprove of Mr. Robin Russet, and I must say I think he's a presuming, bad mannered creature!"

"What, ma'am—what?" exclaimed a fiery looking old gentleman, with red whiskers and snapping little black eyes, who, being immediately behind the two ladies, had overheard the remark. "You are very free with your tongue, ma'am—outrageously so. Do you know Robin Russet is my nephew, ma'am?"

Miss Balsamapple scrutinized the peppery interrogator with critical calmness.

"Sir," she said, "I didn't know whether the gentleman in question was your nephew or not, and permit me to add I don't in the least care. Still further, allow me to remark that you have no manners whatever—that you are a ridiculous old goose, and your nephew probably resembles you."

"Ma'am—what?" began the old gentleman, almost strangling in his fury.

But Aurora swept away in calm disdain, and left him floundering in a storm of wrath.

"My dear," said Mrs. White, sailing down on her as she passed that lady's stand, "isn't Bella the slyest little piece ever born? Here she is snugly engaged to Robert Russet, and the rest of the girls are going wild because they've just discovered that he's got a terrifically rich old uncle, who arrived the other day from some mysterious place. I met him once. I'd introduce you if I could find him—oh, here he is! Mr. Amasa Higginbotham—Miss Balsamapple."

Aurora took a glance at him and turned pale. Cousin Amasa and the peppery old gentleman were all one. He appeared to have recovered his temper, and was chuckling quite jovially.

"I—I'm sure, Cousin Amasa," began Aurora, with sweet womanly meekness. "you won't mind what I said to you, I know—"

"Not at all—not at all!" interrupted the old gentleman, with a chuckle. "It's all right, cousin."

"And you know I wouldn't have said a word against Mr. Russet if I had known he was your nephew. I only—"

"Of course not — of course not!" chuckled Cousin Amasa. How could you know a man that worked for a living wasn't a villain? Quite pardonable, I assure you. But Bob Russet's got to earn his living while he's young. Don't hurt these young fellows to work—the making of 'em! But don't feel at all uneasy about Bella's future, Cousin Aurora. I shall leave all of my property—every nickel—to Rob at last. For, of course, I ain't such an old fool as ever to get married myself."

The old gentleman chuckled more than ever as he walked off.

And Aurora felt that she would have sacrificed her new silk umbrella cheerfully if she could have mashed it on Cousin Amasa's head.

Snakes As Life Destroyers.

The loss of life in India due to the ravages of venomous snakes is almost incredible. Yet consumption, which is as wily and fatal as the deadliest Indian reptile, is winding its coils around thousands of people while the victims are unconscious of its presence. Dr. R. V. Pierce's "Golden Medical Discovery" must be used to cleanse the blood of its scrofulous impurities, for tubercular consumption is only a form of scrofulous disease. "Golden Medical Discovery" is a sovereign remedy for all forms of scrofulous disease, or king's-evil, such as tumors, white swellings, fever sores, scrofulous sore-eyes, as well as for other blood and skin diseases. MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a sure cure for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to women. Ask this in any Patent Medicine, but is prepared, after years of experience, and recommended, knowing that it will give new life to any broken-down, worn out or overworked member of the sex.

If you have tried other remedies without success, do not be discouraged, but give "LADIES' TONIC" a single trial. It will cost little to give good and permanent relief.

If you are troubled with any weakness or complaint common to our sex, lay aside the doctor's prescription for awhile, and try "Ladies' Tonic," which we guarantee will positively cure you. One Bottle is Sufficient.

Women's Medical Institute is an Association of Doctors and Makers of years' experience, who give advice and answer letters from ladies, free.

Tone will be given for any case of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is a bona fide offer, made by responsible ladies, who know from experience what is needed. "LADIES' TONIC" can be found stamp for circular.

6 per Cent. Gold Bonds.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 184 miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line, unencumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty year bonds, **Principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $80 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully givan to those who may call at the office, or any inquiry by mail will be promptly answered.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

SULPHUR BITTERS

The Greatest Blood Purifier ON EARTH.

This Great German Medicine is composed of Yellow Dock, Mandrake, Gentian, Dandelion, Juniper Berries, etc., combined with the Extract of Sulphur, which makes it the Greatest Blood Purifier known. Do not ever take BLUE PILLS, or anything else, while there is a bottle of SULPHUR BITTERS in the house. Your Kidneys are your best friends. Place your trust in SULPHUR BITTERS and ward off disease. Use SULPHUR BITTERS if you feel out of order. It is the best medicine ever made. Use SULPHUR BITTERS if you are sick, no matter what ails you. Use SULPHUR BITTERS with a yellow sticky substance? Is your water thick, cloudy or high-colored? Use SULPHUR BITTERS! Are you dyspeptic? Do you have a bad breath foul and offensive? Your stomach is out of order. Don't wait until you are unable to walk, or are laid down on your back, but get some at once, and use SULPHUR BITTERS immediately! Is your water thick, cloudy or high-colored? Use SULPHUR BITTERS! Are you bilious? Use SULPHUR BITTERS! Are you costive? Use SULPHUR BITTERS! Are you troubled with Dyspepsia? Use SULPHUR BITTERS! Are you troubled with Urine thick, cloudy or high-colored? "Under the Sun," by Phil. Robinson, author of "In My Indian Garden," "Under the Punkah," etc., with a preface by Edwin Arnold, author of "The Light of Asia;" price $1.50. Boston; Roberts Brothers.

This book is better enjoyed than described. It is full of delightful humor and keen wit, and as Arnold in his preface says, two classes of readers will be chiefly interested: the one comprising these who know—what at present is not found in books—the out-of-door ordinary themes in India; the other class being of those who, knowing India well, will easily fill up the slight and pleasant outline of the author's sketches, and renew many a bygone happy hour. The book, divided into paris, contains Indian Sketches, the Indian Seasons, Unnatural History, and Idle Hours Under the Punkah. The London press has been profuse in its praise of this work, while the Indian press echoes the commendatory notices of the home reviewers. It is one of the most attractive volumes which this house has of late published.

"The Season" for November is more than usually attractive, its illustrations being numerous and elegant, particularly the colored plates. The magazine contains all that a lady need wish to know regarding the details of the toilet, being adapted to the plainest and cheapest as well as to the richest and most elaborate costumes. "The Season" is for sale by all booksellers and newsdealers.

Only Two Bottles.

Messrs. Johnson, Holloway & Co., wholesale druggists of Philadelphia, Pa., report that some time ago a gentleman handed them a dollar, with a request to send a good catarrh cure to two army officers in Arizona. Recently the same gentleman told them that both the officers and the wife of Gen. John C. Fremont, Gov. of Arizona, had been cured of catarrh by the two bottles of Ely's Cream Balm.

Messrs. Ely Bros., druggists, Owego, N. Y.—A few days ago I saw a lady who had used your Cream Balm for catarrh, and had found more relief in one bottle than from all other remedies she had tried. I enclose $1 for two bottles. Yours respectfully, JAMES HITCHEN, M. D., Providence, R. I.

AND

Country Gentleman.

THE BEST OF THE

AGRICULTURAL WEEKLIES,

THE COUNTRY GENTLEMAN is the LEADING JOURNAL of American Agriculture. In amount and practical value of contents, in extent and ability of correspondence, in quality of paper and style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of

Farm Crops and Processes, Horticulture & Fruit-Growing, Live Stock and Dairying,

while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grapery, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and much attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and When to Sell.* It is liberally illustrated, and is intended to supply, in a continually increasing degree, and in the best sense of the term, a

LIVE AGRICULTURAL NEWSPAPER.

The Volume of THE COUNTRY GENTLEMAN for 1882 was GREATLY ENLARGED by increasing its size from 16 to 20 pages weekly, but the terms still continue as follows, when paid strictly in advance: ONE COPY, one year, **$2.50**; FOUR COPIES, **$10**, *and an additional copy for the year free to the sender of the Club*; TEN COPIES, **$20**, *and an additional copy for the year free to the sender of the Club.*

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy, sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

LOUISIANA STATE LOTTERY COMPANY.

Incorporated in 1868 for 25 years by the Legislature for Educational and Charity purposes—with a capital of $1,000,000—to which a reserve fund of over $550,000 has since been added.

By an overwhelming popular vote its franchise was made a part of the present State Constitution adopted December 2d, A. D., 1879.

The only Lottery ever voted on and endorsed by the people of any State.

Its Grand Single Number Drawings will take place monthly. It never scales or postpones.

A Splendid Opportunity to Win A Fortune. Eleventh Grand Drawing, Class L, at New Orleans, Tuesday, November 14th, 1882—150th Monthly Drawing.

Look at the following Scheme, to be under the exclusive supervision and management of Gen. G. T. BEAUREGARD, of Louisiana, and Gen. JUBAL A. EARLY, of Virginia, who manage all the drawings of this company, both ordinary and and semi-annual, and attest the correctness of the published official lists.

PATENTS

R. H. EDDY,

No. 76 State St., Opposite Kilby, Boston,

SECURES PATENTS in the United States; also in Great Britain, France and other foreign countries. Copies of the claims of any Patent furnished by remitting one dollar. Assignments recorded at Washington. *No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.*

R. H. EDDY, Solicitor of Patents

Testimonials.

I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 19, 1876.

R. H. EDDY, Esq.—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

BOSTON, January 1, 1882. 3aw1jan83

Perhaps no medicine is so universally required as a good cathartic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

Portsmouth Chronicle.

TUESDAY, NOV. 7, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

A "Reform" Counterfeit.

The republican state committee on Monday telegraphed that spurious ballots, purporting to be the genuine republican ballots sent out by the state committee, had been printed at the *Union* office in Manchester, and distributed to the republican committees in the various towns—a queer commentary on the grand howl for "honesty and purity in elections" which the *Union* has for weeks been keeping up. The counterfeiting is said to have been well done, and town committees are warned to be on their guard against the fraud.

Great Fire in Portland.

Fire broke out in Belknap & Co.'s building on Union wharf, Portland, Monday morning; it was filled with oil, guano, fish, etc., and was soon destroyed. The fire spread to the stores of J. F. Randall & Co., corn and flour, Harper Brothers, flour and grain brokers, A. E. Stevens & Co., hardware dealers, and Curtis & Davis, fish dealers, all of which were burned. The Boston & Maine wharf, and many buildings far from Union wharf, took fire from cinders, but were saved. The tide was fortunately high, which enabled several vessels to be towed from Long wharf to a place of safety. The total loss reached about $90,000, with $70,000 insurance.

The Boston Fish Monopoly.

The Fresh Fish Association organized by the principal fresh fish dealers of Boston does not seem to find the carrying out of the schemes all plain sailing. Many of the fishermen "kick" at the plan for forcing them to dispose of their fares at a price fixed by the association, and declare that they will abandon fresh-fishing for the Boston market altogether rather than submit to it; and Gloucester, Rockport, Portsmouth and Portland, will probably profit by the movement, unless it is much modified from the provisions first announced.

An agent of the association says it "has been thoroughly organized, and is now in working order. Its rules and regulations are not so stringent as at first proposed, and although not satisfactory to all the the members, will, it is believed, work advantageously for the trade generally. All the leading dealers on Commercial wharf are anxious to give the association a fair trial. Something of the kind they say is absolutely necessary to place the fish business in a respectable position. They do not intend to invade the rights of any person, but simply to protect themselves. No 'giant monopoly' can exist under their arrangements, they contend, because the fishermen will be free to sell their fish to outsiders, if they please. [As one of the regulations first made public provided that the association would not under any circumstances buy of any fisherman who sold a fare to anybody outside the association, the fishermen may be excused for regarding the movement as being intended to establish a 'giant monopoly.'] The association will regulate from day to day the price that it is willing to pay, so as to have some uniformity, which will be better for retailers and consumers. From a small peddling business some years ago the fresh fish trade of Boston has grown to immense proportions, and represents several millions of dollars. With the improved facilities for transportation in refrigerator cars all parts of the United States can be supplied with fresh salt-water fish in a few days, and the position of Boston enables her to control the trade. But if her dealers were disposed to build up a monopoly which would enhance the cost of fresh fish, dealers in other places would soon take the trade away from her. If properly managed we believe the association will prove a benefit to all concerned. No reliable statistics can now be obtained in regard to the quantity of fresh fish that arrives, nor its value. But with a clearing house as is proposed, or a bureau such as the salt fish dealers have, reports could be compiled daily which would show the magnitude of this important branch of New England industry, and give it the standing which we think it deserves."

News and Notes.

The public debt was reduced $15,629,180.55 in October.

Henry W. Haskell, an elderly man of Cambridge, Mass., dropped dead in Boston on Saturday afternoon while paying for a ticket to the Nilsson concert at Music hall.

The Topeka, Salina & Western railroad will control one hundred and eighty miles, from Topeka to Delhi, in Osborne county. The business on the line promises to be very large, and their six per cent. bonds are worthy the attention of capitalists.

Nineteen cows died on the night of Nov. 2d at Secaucus, N. Y., out of a herd of ninety-two; the rest of the herd was quarantined. The disease was said to be typhoid fever.

Philip Matthews, a young man of Belleville, Ill., who murdered his sweetheart, Annie Geir, last May, because she would not renew an engagement with him which she had broken off on account of his dissipated habits, has been convicted of murder in the first degree. The case was on trial for several days, and attracted a good deal of local interest. The defence was insanity.

William B. Simpson, for twenty-two years editor and proprietor of the *Journal* of Belfast, Me, died in that city Nov. 3d, at the age of fifty-seven years. He was a journalist of more than ordinary ability.

A thirteen-years-old daughter of John Simmons of Westfield, Vt., was burned to death a few days ago by her dress taking fire. She ran out of doors and could not be caught until she had received fatal injuries.

The wife of Daniel Glassett, a Pennsylvania miner, in a fit of insanity left home on Thursday, Nov. 2d, taking with her her babe and two small children. She returned Friday, with the two older children, having been in the mountains all the previous night in a heavy snow storm, explaining that the babe had annoyed her by crying, and she had to cut its head off with a hatchet. The statement proved true. Officers found the body with the head severed. The woman was locked up, insane.

A family of five persons at North Adams, Mass., named Parrow, were taken very ill last week after drinking brandy, purchased at a saloon. Two of them are dangerously ill. Physicians think the brandy was poisoned.

Cornelius Dempsey had his skull fractured at the Pacific mills in Lawrence, Mass., Saturday, by the bursting of a pulley, and died on Sunday. His relatives intend to institute legal proceedings against the Pacific corporation, alleging that the accident was due to defective machinery.

A girl eighteen or nineteen years old, a servant in the family of Lincoln Fearing at Hingham Centre, Mass., was feloneously assaulted by three men on Hersey street in that town on Friday night after ten o'clock. She had been out to call on her relatives. A young man who was escorting her home was silenced by a revolver placed at his head. Two young men have been arrested for the crime, the evidence being very strong against them.

Mrs. William Fritag, a respectable German woman of Oyster bay, L. I., about sixty years of age, was gagged, bound and brutally assaulted Friday afternoon, in the absence of her husband, by a man who called for a drink of water. She is likely to die. Straighton Verity is suspected of being the assailant.

At Bellevue, Ohio, last week, John Radford of Fremont shot his wife dead, because she had applied for a divorce. The murderer was arrested.

The Egyptian ministry have decided to employ English counsel to act for the government in the trial of the rebel leaders. For this purpose Mr. Grosjean, an English barrister residing in Alexandria, has been summoned to Cairo.

In a speech at a meeting in Inverness, Scotland, last Saturday, Mr. Davitt denounced the manner in which the depopulation of the highlands was going on. This, he said, was an instance of the inquity of the land laws, and he advocated the nationalization of land as a remedy.

Those desiring to make the household bright and cheery during the long winter evenings which are about coming on, should visit Jones, McDuffee & Stratton, Boston, and purchase a Duplex or Moderateur lamp from their fine stock, which has been gleaned from the potteries of Japan, China, England, France, etc. For bridal gifts Duplex lamps are in the list of correct things.

LIFE INSURAN E!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

THE WEATHER.

U. S. SIGNAL OFFICE,
WASHINGTON, D. C.
November 7, 12:00 A. M.

Probabilities for New England:—Partly cloudy weather, followed by light rains; easterly, shifting to warmer southerly winds; lower pressure.

The Thermometer at the CHRONICLE Office, at 4:00 o'clock this morning, indicated 35 degrees above zero.

Cloudy.

ELECTION DAY.

To-day elections are to be held in thirty-three states and territories, for members and delegates in Congress; and in many of these states legislatures and state officers will also be chosen. The complexion of the next national house of representatives will be determined to-day; but the republicans of Portsmouth are only responsible for the vote of their own city, and if they poll their full strength will have nothing to reproach themselves with, however the elections—state and national—may go.

The inspectors of checklists will be in session at the city rooms from eight to ten o'clock this forenoon, and from one to two o'clock this afternoon, for the purpose of furnishing certificates to persons whose names have been wrongfully omitted from the lists.

The polls close at six o'clock this evening; if you don't vote before that hour, you will not vote at all this year.

If the clerks of the several wards will furnish us with the return of votes in their respective wards as soon as convenient after the closing of the polls, we shall appreciate the favor.

POLICE COURT.

Stephen Murphy, drunk, fine $3, costs $5.76. Brentwood for another.

AN APPEAL FOR AID.

Mr. William Sewall, a well known colored teamster, last week lost his horse, and makes appeal as follows for assistance to enable him to get another:

I valued my horse at $30 when he died. If the Society for the Prevention of Cruelty makes up that sum to me, I will be able to get another horse, with outside help. I would be very glad if the people would aid me in getting another; as a horse is the main support of my family I cannot get along without one, the way I am situated. I took the best care of him possible while I had him, and desired to take care of him better if I was able. The Lord loves a cheerful giver, and I hope the people will aid me willingly. All who assist me will be so much nearer heaven. Every day I am destitute of a horse my family loses so much. It will be soon time for hauling ice now, and a horse I must have. All those who will be kind enough to assist me, may leave their offerings with Mr. Amos S. Foster at the post-office, who will give it to me. If I had had steady work I would not have asked for aid.

WILLIAM SEWALL.

PORTSMOUTH VESSEL LOST.

The signal service department at Washington on the 3d inst. received notice from the station at Portsmouth, N. C., that a two-masted schooner was ashore on a reef abreast of Whalebone inlet, and a number of men could be seen on board. A subsequent despatch said: "The schooner Mary J. Adams, bound from Bucksville, S. C., to Bath, Me., before reported ashore, has been driven over the reef on the beach, and is a total wreck." Nothing was said as to the crew, so it is probable that all were saved, as otherwise the fact would have been stated by the signal service observer. The Mary J. Adams registered 231.45 tons, was built at this port in 1866, and was owned here. She was at one time a brig, but her rig was changed to that of a schooner several years ago.

The schooner Mary Willey, Williams master, arrived on Monday from Bangor with a cargo of lumber for John H. Broughton—her 10th trip this season. She sailed from Bangor at noon on Sunday, and arrived in the lower harbor at four o'clock Monday morning, making the run in sixteen hours.

On Wednesday evening of last week a man so nearly paralyzed as to be unable to sit up or feed himself, arrived in Dover from the westward by train, and having managed to get to the police station, requested to be sent to the county farm, as he was unable to take care of himself. The unfortunate being said he arrived at Newmarket the previous day, and the selectmen of that town put him on the train and paid his fare to Dover; he was kindly cared for during the night, and on Thursday morning was shipped back to Newmarket by rail.

Mr. Adolph Nelson of New York, formerly of this city, owner of the champion Irish setter dog Elcho 3d, in company with Mr. John S. Sides on Monday shot seventeen handsome woodcock.

Mr. Henry M. Carr, formerly of this city, has been appointed general western manager of the Detroit, Grand Haven & Milwaukee fast freight line, of which he has been for some years the resident agent in Milwaukee, Wis. Mr. Carr is a son of James M. Carr, Esq., of this city.

Mr. Gilbert Adams, of Newburyport, Mass., has bought the buildings and land of Mr. Thomas McCue in Newington, and will remove to that town to live. Mr. McCue has hired the set of new buildings belonging to Mr. Amos B. Carkin, situated at the "four corners" on the Newington road, near the Portsmouth line, Mr. Carkin having moved to Amesbury, Mass.

The steamer Kanawha, Greenwood master, sailed from this port for Newport News, Va., Monday evening, to load coal again for Portsmouth. She will probably make four or five trips from Newport News to this port in quick succession, bringing coal to J. Albert Walker, to be landed at the Eastern railroad wharf.

Mr. James W. Coleman will represent Newington in the next legislature, having been nominated by the democrats on Saturday evening last.

The schooner Henrietta, of Winterport, Me., lumber laden and bound from Bangor for Boston, was towed into the lower harbor on Monday by the tug Clara Bateman, with sails blown away and in distress otherwise, having experienced very heavy weather. She registers about seventy-six tons.

Mr. James F. Hartshorn and wife on the 4th inst. completed their 50th year of married life, and the golden wedding was celebrated next day by a family reunion at the home of the pair on Summer street. All their children were present at the dinner, all but three of their grandchildren, Mr. Hartshorn's sister and her husband, and others, making a large and happy party.

J. D. P. Wingate, Esq., of the Exeter *Gazette*, has resigned the position of superintendent of the Exeter, Dover & Portsmouth division of the Boston & Northern Telephone Co., and will devote all his time to the improvement of his paper.

A house owned by Edwin Lamprey, situated in North Hampton near the Greenland line, known as the Haines place, was burned Saturday evening; the building was of little value, the loss not exceeding a few hundred dollars.

Mr. W. I. Trafton, who nearly four years ago introduced the telephone into this city, has made application for a patent upon some new device in a telephone and transmitter. The improvement he claims is a very valuable one, he having tested it upon his private line for several weeks, and proved its value. From the time he introduced the telephone into Portsmouth up to the present date he has made the mechanism of telephones and transmitters a careful study, and is now as familiar with that as with his regular business of watch repairing. We hope his invention may fully realize his expectations.

The usual election dance in the town hall at Newington will be held this year; these dances are generally largely patronized by the people of the neighboring towns, and an immense time is anticipated.

RAILROAD NOTES.

The report that Jay Gould had sold his interest in the New York & New England railroad, and resigned his place as director, is denied. This is good news. What is wanted in the N. Y. & N. E. R. R. is a man of power like Mr. Gould, who can develope the property. It is the shortest all-rail route between Boston and New York, and should connect with the Eastern road by means of a ferry to East Boston, so that passengers to and from Maine and southern New Hampshire could go through Boston with as little delay as passengers from Boston for Philadelphia now go around New York. The ancient mode of going across in hacks, and taking the chance of connecting with the Boston & Albany road, for example, which detains its eastern-bound passengers at Springfield to wait for its train from Albany, so that they reach Boston oftimes too late to connect with the Eastern road, ought to be succeeded by some new departure, which should accommodate travel east of Boston. The Boston & Albany road, with its stock at $175, and liberal dividends, does not care for this business; and the N. Y. & N. E. R. R. should exert itself to obtain it. The latter road is the only line which runs Pullman cars between Boston and New York. We think Mr. Gould will yet see that the great opportunities of the New York & New England line are not neglected.

A new car-heater is to be tried on the Eastern railroad. The cars will be heated by steam from the locomotive, and the steam will be under control of the engineer, the same as with the air-brake. Independent valves are also to regulate the heat in each car.

NAVY YARD ITEMS.

The U. S. S. Plymouth it is now stated will be hauled up into shiphouse No. 5 at the navy yard on the 20th inst.

Mr. Timothy Furbish, of York, has been awarded the contract for furnishing twenty-five tons of hay for the department of yards and docks at the navy yard.

A young man named Alfred Danielson was stabbed in the calf of the leg on Monday at the navy yard, by an elderly man named Wilson, in a quarrel. Both the men belong in this city.

A farmer's wife in the Brixham district, York, and a hired man, recently threshed out twenty-two bushels of barley in two days, with flails; the lady was quite fresh when the task was ended, but the man has been sick ever since.

No fragrant wild flower of the heath
Is sweeter than my Julia's sigh;
No pearl is whiter than her teeth,
While her soft lips the roses dye.
For SOZODONT is her delight,
It keeps those charms so pure and bright.

A Cough, Cold or Sore Throat
Should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption 'Brown's Bronchial Troches" do not disorder the stomach like cough syrups and balsams, but act directly on the inflamed parts, allaying irritation, give relief in Asthma, Bronchitis, Cough, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years "Brown's Bronchial Troches" have been recommended by physicians, and have always given perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25 cts a box everywhere. eod&wtjan82

For You, Madam,

Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.

It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

MRS. VAN BUREN'S

LADIES' TONIC.

A Positive Cure for all Female Complaints.

Ladies' Tonic is prepared by the Women's Medical Institute of Buffalo, N. Y., and has been used successfully by ladies for years. It is a sure cure for all Female Complaints, Sick and Nervous Headache, Dyspepsia, and all weaknesses caused by those irregularities which are so common to womankind. This is no *Patent Nostrum*, but is prepared by a lady of experience, and recommended, knowing that it will give new life to any broken-down, worn out or over-worked member of the sex.

If you have tried other remedies without success, do not be discouraged, but try "LADIES' TONIC." It *will* relieve at once, and in most cases cure the worst form of female complaint. It *never fails* to give quick and permanent relief.

If you are troubled with any weakness or complaint common to our sex, lay aside the doctor's prescription for once, and try "Ladies' Tonic," which is Nature's own remedy, and will positively cure you. One Bottle is Sufficient.

Women's Medical Institute is an Association of Women and Mothers of years' experience, who give advice and advice free to all who address them.

Advice will be given for any case of Female Weakness or Inability which "Ladies' Tonic" will not cure. This is no idle talk, but we have testimonials in ladies who know from experience what "LADIES' TONIC" can do. Send stamp for circular.

Sold by Druggists. Price, $1.00

The great superiority of DR. BULL'S COUGH SYRUP over all other cough remedies is attested by the immense popular demand for that old established remedy.

Edward Barnes of Lynn, Mass., states that for over two years he was troubled with frequent spitting of blood, severe cold and cough, night sweats, and general debility, so that I was given up by my friends and my doctor to die. Finally I was advised to try your Remedies, which I did for three months, using the Lung Balsam for my lungs, the Swedish Botanic Compound to build up my constitution and restore my appetite, and the Swedish Pepsin Pills to regulate the bowels. The result is that to-day I am entirely cured, and feel as well as ever in my life.

LYNN, March 8, 1882.

DR. F. W. A. BERGENGREN: Dear Sir—I have been using your Swedish Botanic Compound for Kidney Complaint and Scrofula Humor, and have derived great benefit from it. This is saying a good deal, as before I commenced to use the Compound I was the great part of the time not able to work, and I have tried medical advice and all kinds of medicine, but without avail until I used your Remedy. I am now taking it I have been feeling like a new man, and been able to attend to my work. You are at perfect liberty to publish this letter.

TOPEKA, SALINA & WESTERN

RAILROAD CO., OF KANSAS.

This Company was organized for the purpose of giving railroad facilities to the people of Shawnee, Wabaunsee, Morris, Dickinson, Saline, Lincoln and Osborne counties, and is to run from Topeka southwesterly and westerly, as above indicated, to Delhi, near the eastern line of Osborne county, a distance of 1st miles, passing through that remarkable territory known as the "Great Wheat Belt of Kansas." This particular territory has been, and now is, without adequate railroad conveniences, there being from 15 to 30 miles on each side of this proposed line unincumbered by any railroad, notwithstanding the population of the eight counties through which the road passes numbered in 1881 one hundred and twenty-five thousand souls, and every acre of land susceptible of the highest cultivation.

This Company will issue six per cent. forty-year bonds, **principal and interest payable in gold**, in the city of Boston, at the rate of $20,000 per mile, and will issue its stock at the rate of $25,000 per mile; these said securities to be delivered to the contractor on the completion of the road in sections of ten miles each; said completion, according to specified requirements, to be certified to by the Chief Engineer of the Company before the delivery of the bonds and stock for such ten miles.

The work of construction is progressing rapidly, and it is estimated that by the 1st of December the road beds will be completed 40 miles west of the city of Topeka, to the town of Alma.

Subscriptions to these bonds may be made at the office of the contractor on the following terms:

For $800, twelve shares of stock (par value $50 each) and a $1000 bond will be given, the latter bearing interest at six per cent. *from the date of sale.*

This price will be advanced from time to time as the building of the road progresses, or within the discretion of the contractor.

Full particulars will be cheerfully given to those who may call at the office, or any inquiry by mail will be promptly answered.

No Whiskey!

BROWN'S IRON BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

BROWN'S IRON BITTERS is guaranteed to be a non-intoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the *American Christian Review*, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881.
Gents:—The foolish wasting of vital force in business, pleasure, and vicious indulgence of our people, makes your preparation a necessity; and if applied, will save hundreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.

An Interesting Libel Suit.

An important libel suit terminated in the court at Detroit, Michigan, Nov. 6th, after two weeks trial. Two years ago Hugh S. Peoples was charged by the *Post and Tribune* of Detroit with having guilty knowledge of the murder of a girl with whom her own and other evidence showed that he had been on very intimate, if not actually criminal, terms. The charge was made in a long article giving details of evidence then being accumulated by the police authorities, and endeavoring to ascertain who was guilty of the murder of the girl, whose body was found tied up in a sack and floating in the Detroit river in March, 1879. The defence claimed that the article was a privileged one, being written in the public interest, for the purpose of ferreting out the authors of the murder. Peoples was subsequently arrested and tried, but acquitted, the charge of murder not being proved beyond a reasonable doubt. He then brought a suit of libel, claiming $50,000 damages. The jury after an hour's absence returned a verdict in favor of the defendants, holding, first, that the article complained of was a privileged one; second, that the preponderance of testimony submitted by the defence sustained the charge that Peoples had guilty knowledge of the taking off of the unfortunate girl. The case excited great interest in that community.

The "Jersey Lily."

Mrs. Langtry made her debut at Wallack's theatre in New York Monday evening, Nov. 6th, before one of the largest and most fashionable audiences which ever assembled in a New York theatre. The English beauty made a favorable impression, and her impersonation of Hester Grazebrook, in "An Unequal Match," is conceded by the critics to be a fine performance. The debutante was repeatedly called before the curtain, and was the recipient of any number of floral tributes. The applause upon her entree was deafening. A double line of carriages lined Broadway for two hours before the opening of the theatre.

The coming holidays will be more generally observed than any for many years, and we would remind our readers that a bottle of Dr. Bull's Cough Syrup will prove a most acceptable holiday present.

A tenement house in North Andover, Mass., occupied by three families, was burned on the morning of Nov. 6th, and Patrick Welch perished in the flames. Loss on building $2000.

We are in receipt of a letter from our old friend S. Sherson, Esq., at present a resident of the town of Rawlings, in the far-off territory of Wyoming. "Dr. Graves' Heart Regulator has helped me right along," says Mr. Sherson. Glad to hear it, old fellow. Yours was an aggravated case of heart disease. The remedy you mention does the same thing in this section too; and better still, it always cures heart disease.—*Nast's Weekly Letter-File.*

Jennie Rigney, a girl ninnteen years old, is under arrest in New York for stealing jewelry, money and costly clothing to the amount of over $3000. Her plan was to engage at service as a domestic, and leave as soon as she got a chance to carry the valuables away with her.

Lydia E. Pinkham's Vegetable Compound is a positive cure for all those weaknesses so common to our best female population.

By a collision of trains near Unionville, Conn., on Friday, Mr. Humphrey, of the firm of Humphrey & Searl of Plainville, was dangerously, if not fatally, injured. One leg is so jammed that amputation must take place near the thigh, and the other foot is crushed almost to a jelly and must be cut off at the ankle.

"Skill and patience succeed where force fails." The quiet skill and patient research which brought forth Kidney-Wort illustrates the truth of the fable. Its grand success everywhere is admitted. Disease never comes to us without a cause. Ask any good physician the reason and he will tell you something interferes with the working of the great organs. Kidney-Wort enables them to overcome all obstructions, and preserves perfect health. Try a box or bottle at once.

Samuel Knap, a well-to-do farmer of North Andover, Mass., and his wife, were arrested Nov. 6th as common drunkards; both were drunk when the officers took them into custody, and it is said they have been constantly drunk for several months. Their house was found in a sickening condition, and two little children in a shockingly neglected state. On the person of the woman were found a gold watch, valuable jewelry, and $150 in money.

Spring Medicine.

As a remedy to carry off the accumulation of thick bile from the liver and viscid secretion from the other glands of the system, the Swedish Botanic Compound is invaluable. It will arouse all the functions of the body to healthy action, purify the blood, restore the appetite, and carry off those symptoms of languor and heaviness everybody feels more or less as the warm season approaches.—*Adv.*

1831 The Cultivator 1883 AND Country Gentleman.

THE BEST OF THE

AGRICULTURAL WEEKLIES,

THE COUNTRY GENTLEMAN is the LEADING JOURNAL of American Agriculture. In amount and practical value of contents, in extent and ability of correspondence, in quality of paper and style of publication, it occupies the FIRST RANK. It is believed to have no superior in either of the three chief divisions of

Farm Crops and Processes,
Horticulture & Fruit-Growing,
Live Stock and Dairying,

while it also includes all minor departments of rural interest, such as the Poultry Yard, Entomology, Bee-Keeping, Greenhouse and Grapery, Veterinary Replies, Farm Questions and Answers, Fireside Reading, Domestic Economy, and a summary of the News of the Week. Its MARKET REPORTS are unusually complete, and no attention is paid to the Prospects of the Crops, as throwing light upon one of the most important of all questions—*When to Buy and When to Sell.* It is liberally illustrated, and is intended to supply, in a continually increasing degree, such as the best sense of the term, a

LIVE AGRICULTURAL NEWSPAPER.

The Volumes of THE COUNTRY GENTLEMAN for 1882 was GREATLY ENLARGED by increasing its size from 16 to 20 pages weekly, but the terms still continue as follows, when paid strictly in advance: ONE COPY, one year, **$2.50**; FOUR COPIES, **$10**, *and an additional copy for the year free to the sender of the Club*; TEN COPIES, **$20**, *and an additional copy for the year free to the sender of the Club.*

☞ *All NEW Subscribers for* **1883**, *paying in advance now*, WILL RECEIVE THE PAPER WEEKLY *from receipt of remittance to January 1st*, 1883, WITHOUT CHARGE.

Marvelous Cure of Stone in the Bladder—Large Stones Removed by "Kennedy's Favorite Remedy."

From the Pittsfield, (Mass.,) Eagle.

Stone in the Bladder is at once a most annoying and very dangerous ailment; but many most remarkable cures have of late been wrought by "Kennedy's Favorite Remedy"—the invention of Dr. Kennedy, of Rondout, N. Y. Another striking case is now added to the list. Mr. Peter Lawler, of Dalton, Mass., states in a letter to Dr. Kennedy that he had been troubled with bladder complaint for 14 years, and had consulted at different times seven physicians; but nothing beyond temporary allayment of the pain had been worked for him. Towards the end of last January Mr. Lawler called on Dr. Kennedy. Sounding him the doctor "struck stone." He decided that Mr. Lawler should first try the "Favorite Remedy," so as, if possible, to avoid an operation. And here is the remarkable result: "Dear Dr. Kennedy—The day after I came home I passed two gravel stones, and am doing nicely now. If you would like to see the stones I will send them to you." This letter bears date "Dalton, Mass., Feb. 6," and is signed "Peter Lawler." The stones, which are so large as to warrant for "Kennedy's Favorite Remedy" the claim that it is the most successful specific for stone yet discovered, are now in Dr. Kennedy's possession. Incidentally Mr. Lawler also states that the "Favorite Remedy" at the same time cured him of a stubborn case of rheumatism; and it is a fact that in all affections arising out of disorders of the liver or urinary organs it is a searching remedy and works marvelous benefits. It is in itself almost a medicine chest. Order it of your druggist. Price $1 a bottle.

"Inventors cannot employ a person more trustworthy or more capable of securing for them as early and favorable consideration at the Patent Office." EDMUND BURKE, Late Commissioner of Patents.

BOSTON, October 16, 1879.

R. H. EDDY, Esq.,—*Dear Sir:* You procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have, occasionally, employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business, in your line, and advise others to employ you. Yours truly, GEORGE DRAPER.

Perhaps no medicine is so universally required as a good catharic. Swayne's Pills are prepared expressly to meet this necessity, being composed of purely vegetable ingredients, of which Podophyllin or Mandrake, Sarsaparilla, Yellow Dock and other concentrated juices enter largely into their composition; the whole strength of which is extracted on an entirely new principle. They are mild in their operation, and are truly a valuable aperient and anti-bilious medicine. They stimulate the liver to healthy action, cleanse the stomach and bowels of all impurities. Curing sick and nervous headache, dyspepsia or indigestion, biliousness, fevers, drowsiness, colds, aching pains, slight chills with flashes of heat, and female irregularities. For a bilious and costive habit, no medicine is so prompt and effectual. Mailed on receipt of price [in postage stamps,] 25 cents, or five boxes for $1. Address Dr. Swayne & Son, Philadelphia, Pa. Ask your Druggist for them.

I recommend it above all others. Yours truly, S. CHICHESTER, 357 Myrtle Ave., Brooklyn, N. Y.

Portsmouth Chronicle.

WEDNESDAY, NOV. 8, 1882.

[Entered at the Post-Office at Portsmouth, N. H. as second-class matter.]

New Hampshire.

CONCORD, Nov. 7th, 10 P. M.

One hundred and fourteen towns and wards give a republican gain of 78 votes over 1880; this includes a portion of Cheshire county, and one ward in Manchester. Hale is undoubtedly elected by the people.

CONCORD, Nov. 7th, midnight.

One hundred and forty towns give Hale 23,304, Edgerly 22,350; same places in 1880 gave Bell 26,913, Jones 24,905. Republican net loss, 1154.

CONCORD, 8th, 1:00 A. M.

Returns indicate Hale's election by a small majority; two republican congressmen chosen; legislature largely republican.

Massachusetts.

BOSTON, Nov. 7th, 11:30 P. M.

Two hundred and nineteen cities and towns give Butler 114,630, Bishop 98,809; Butler's plurality 15,721, a net democratic gain of 22,229. Butler is now addressing thousands from Revere house balcony.

BOSTON, Nov. 8th, 12:20 A. M.

Butler is to be the next governor of Massachusetts; plurality of 15,000 to 20,000. Four democratic congressmen elected; possibly five. Morse has 3000 majority in the 5th district; Lovering has 800 plurality over Converse; Collins, in the 4th district, has 6634 majority.

Connecticut.

HARTFORD, Nov. 7th; 9:30 P. M.

One hundred and twenty towns give Bulkley, republican, for governor, 31,458; Waller, dem., 30,702; a net republican loss of 4375.

HARTFORD, midnight.

Waller elected governor, and three democratic congressmen.

New York.

NEW YORK, 10:00 P. M.

New York gives 70,000 democratic majority, and Brooklyn 30,000. Cleveland's majority in the state will reach 125,000. Tammany has elected mayor of this city. Fourteen democratic and twenty republican congressmen elected. [Delegates in present Congress, thirteen democrats and twenty republicans.]

NEW YORK, 11:00 P. M.

The republican state committee concede Cleveland's election by 150,000 majority.

Missouri.

ST. LOUIS, Mo., midnight.

Democratic state ticket elected; also fourteen democratic congressmen, a gain of four. [As there is but one republican among the thirteen congressmen from Missouri in the present Congress, it is hard to see how the democrats have gained four.]

Iowa.

The democrats have gained one congressman, and possibly more.

Illinois.

The democrats have certainly gained four congressmen, and probably five.

Pennsylvania.

All the returns received up to midnight showed heavy democratic gains. Patterson, democrat, is probably elected governor; large democratic gains of congressmen.

Wisconsin.

The democrats have gained two congressmen in this state.

AROUND HOME.

Our correspondent at Kittery Point, under date of Tuesday, the 7th inst., informed us that the number of vessels in the lower harbor was much less than is usually the case after a severe easterly blow. The weather has been so heavy for several days that but few coasters have gone out of port; the sea on Tuesday was quite lively, and at high water broke over the lantern of Whalesback lighthouse.

Mr. William A. Plaisted, the corn and flour dealer at No. 124 Market street, leaves the city this (Wednesday) morning for Chicago on business connected with his trade in this city. He will be absent a week or ten days.

The fall term of the Newington school closed on Friday of last week, with fifty-eight pupils. Miss Ida M. Nutter being the teacher; in the evening a fine exhibition was given, and was attended by a large audience. The wish is very generally expressed by the parents of the pupils that the services of Miss Nutter may be secured for the summer and fall terms of the school next year, she having proved a kind and efficient teacher, and shown an active and intelligent interest in the welfare of the school.

Mr. Manuel Silver this season raised on the Jackson farm, situated on the North road, about 7000 cabbages, which he sold at $1.75, $1.50 and latterly $1.00 per dozen, at wholesale; most of them were of the stonemason variety, they being much easier to raise than the savoys. Mr. Cyrus L. Brown this year raised about 6000 cabbages on the Martine farm at Sagamore creek, now owned by Rev. Father Canovan.

There was a brisk snow-squall on Tuesday morning about four o'clock.

The roar of the surf on the beaches at Gerrish's island and Rye, Monday night, sounded to a listener in this city like a train of cars going over a bridge. This music was varied at frequent intervals by a magnificent bellow from the "Jersey bull."

Mr. T. A. Whittle of York has in his possession two pairs of handcuffs picked up on the beach at York immediately after the wreck of the barque William Fales in February, 1842, near Bald Head cliff, when Capt. Thomas, his first and second mates, and four seamen, lost their lives, and the vessel was totally destroyed in a few hours after striking. The steward and several of the seamen were saved, but the handcuffs mentioned were the only relics of the ill-fated craft found on the beach next day. If any relatives of the lost seamen would like to obtain these mementoes of the disaster, Mr. Whittle would be pleased to communicate with them at once, as he is about to remove to a far western state.

The cases of Williams vs. the Western Union Telegraph company and Hatch vs. the Western Union Telegraph company have been decided. Among the opinions handed down by the general term in New York on the 6th inst. were decisions in the two above-entitled causes, in which the judgments rendered by Judge Truax, sustaining the action of the Western Union company in swallowing the American Union and the Atlantic & Pacific, and in issuing a stock dividend of $15,000,000, are reversed, and the whole scheme branded as illegal and as against public policy. The opinion is *per curiam*, and covers thirty pages, in which the illegality of the whole proceeding is discussed.

LIFE INSURANCE!

The Semi-Endowment Policy of the Mutual Life Insurance Company of New York is believed to be the most desirable plan of insurance ever offered.

Among its advantages are: A definitely guaranteed cash value at a specified time. A paid-up policy for full value in case of discontinuance. Its period (20 years) covers the productive years of life, when insurance is mostly needed. It provides for old age. Above the age of 40 the rates are less than for life policies in other companies, while below 40 they are but little in excess of ordinary life premiums.

Parties insured in Co-operative Societies are requested to compare the net cost of these policies with that of assessment insurance.

FRENCH AND GERMAN.

PROF. OSCAR FAULHABER, of Phillips Academy, Exeter, by special request will organize in the Portsmouth High School building two classes, one in FRENCH and one in GERMAN, the course to consist of twenty lessons for each class, to begin on Wednesday evening, Oct. 25th, at 7 o'clock.

The "natural method," as interpreted by Prof. Heness and Dr. Sauveur will be employed, no *English* being spoken in this system, which is remarkably fascinating to students of all ages, and yields the most gratifying results.

Terms, $10 for the course *in one language*, one-half payable in advance.

The public are invited to witness the work, there being no charge for visitors.

A RELIABLE VETERAN.

Mr. James B. Pray threw his fifty-seventh annual vote on Tuesday, Nov. 7th. He began by voting with the party which elected John Q. Adams, voted with the whig party through its entire existence, and has been a live republican ever since the formation of that party; and *has always spent election day at the polls.* And we have no doubt that could a purer and better party be found, he would be one of its most active members. But he never took and never will take to the democratic party or its tactics.

REPRESENTATIVES ELECT.

William E. Hadley, Thomas J. Mitchell, Willard J. Sampson, William H. Sise, Joseph D. Ackerman, Joseph H. Gardiner, six republicans; Jeremiah Sanborn, David Urch, two democrats.

WARD OFFICERS ELECT.

Moderators — Robert E. Rich, ward one; Charles E. Batchelder, ward two, two republicans. Edward D. Coffin, ward three; Charles W. Norton, ward four,—two democrats.

Clerks—James A. N. Rugg, ward one; Samuel H. Kingsbury, ward two—two republicans. Ira G. Eastman, ward three; William S. Hazel, ward four—two democrats.

Inspectors of Checklists—Richard H. Waldron, James A. Waterhouse, ward one; Wm. H. Dunn, Horace A. Martin, ward two—four republicans. Daniel J. Ayers, ward three; George S. Leach, ward four—two democrats.

Selectmen—William H. Lovell, John P. Tibbetts, Ira W. Brock, ward one; Benjamin F. Winn, John W. Prior, Thomas Kennedy, ward two—six republicans. James G. Locke, Harry J. Freeman, William Hughes, ward three; Jas. Janvrin, Horace Mudge, Joseph R. Holmes,—six democrats.

The county ticket is probably elected by at least a thousand majority. Sheriff Kent leads the ticket in the county and in this city, his majority in the city being 285. Newton Johnston, for county commissioner, is next to Sheriff Kent.

Stratham and Candia have been redeemed; in the former George A. Wiggin, and in the latter Charles H. French, both republicans, were elected to the legislature. Epping made a good republican gain. North Hampton did well for the republican ticket, for all candidates except solicitor; Page, democratic candidate for that office, is a native of that town.

PREVIOUS VOTES OF PORTSMOUTH.

In 1876 this city gave 1206 votes for Hayes for president, and 1116 for Tilden. In 1878 the vote for governor was 1115 for Natt Head, republican, 866 for Frank A. McKean, democrat, and 139 scattering—that being a greenback year; Head's plurality, 249; Head's majority, 110.

The vote of the city in 1880 was as follows: For the Garfield electors, 1121; for the Hancock electors, 1257. For governor, Frank Jones, democrat, had 1327 votes; Bell, republican, 1058; scattering, 13; Jones' plurality, 269; Jones' majority, 256.

In 1881, on the mayor vote, the city gave a republican majority of sixty-five in a total of only 1747; and in August of the present year the democratic candidate for mayor was elected by a plurality of 111, and a majority of ninety-nine, with a total of but 1745 votes—653 less than were thrown in the Jones-Bell contest of 1880.

Pooh! It's only a shower.

NEIGHBORING TOWNS.

NEWCASTLE. Moderator democratic. Edgerly 85, Hale 76; Chandler 85, Haynes 76; Sleeper 85, Chase 76; Hall 84, Smith 77. Representative, Tarlton, democrat, eight majority.

DOVER. Hall 1163, Edgerly 927; in 1880, repub. 1381, dem. 1184, scattering 33.

SOUTH NEWMARKET. Hale 174, Edgerly 56; Haynes 174, Chandler 59; railroad commissioners, republican ticket 174, democratic 59; Chase 174, Sleeper 59; Kent 173, Wendell 58; Foster 169, Page 59; Dow 174, Pillsbury 59; Durgin 172, Brown 59; county commissioners—Johnston 171, Underhill 98, Burley 97; Noyes 58, Haley 114, Brown 114. Senatorial vote, Smith (rep.) 152, Hall 75. Representative, Daniel Langlands, republican.

FREMONT. Hale 91, Edgerly 82, scattering four. Republican representative chosen.

THE PATENT-VALVE SUITS.

In the suits of Norton against Dover, Portsmouth and other cities, Norton's counsel filed amendment to the writs on Monday last, and gave the defendants' counsel in Boston notice that he should ask for a jury trial at this (October) term of the circuit court of the United States. The motion is to be heard this week before Judge Lowell. The petit jurors were dismissed by Judge Clark, and if the case is heard this month, as Norton asks, new jurors will have to be summoned.

City Solicitor Hackett, on behalf of the city of Portsmouth, on Tuesday filed exceptions to the rulings and decision of the court in this case, and asked that the exceptions be saved for the purpose of a writ of error to the supreme court of the United States. Similar exceptions will doubtless be filed in the other cases.

One man—voter, we mean—in ward four, demanded an ulster and a horse as the price of his vote on Tuesday. We don't know whether he voted or not.

The steamer Hercules, one of the smaller vessels of the Philadelphia & Reading Co.'s fleet, arrived off Newburyport on Sunday morning with a cargo of coal from Philadelphia, but the bar was too heavy for her to take, and she bore up for this port, anchoring in the lower harbor.

Hague's British Operatic Minstrels will appear in Music hall on Saturday evening, Nov. 18th.

The gross earnings of the Eastern railroad, as officially made up for the eleven months ending August 31st, were $3,060,440.72, against $2,770,920.74 for the same time last year, an increase of $289,519.88. The estimated earnings for September were $345,900, making a total gain for the year ending on the 30th of that month, of $312,066.38; and the gross earnings $3,406,340.62. The earnings for September were $22,547 in excess of September, 1881. The gross earnings during the last six years have increased from $2,508,107.51 in 1876–77 to $3,406,340.62 the present year.

In the *Chronicle* of Nov. 7th, in an "appeal for aid," the name of Mr. Amos S. Foster was used without his knowledge or approval. [We knew nothing of the "appeal" in question, other than that we were requested to publish it as a matter of charity, and did so, of course supposing the use of Mr. Foster's name was authorized.—*Ed. Chronicle.*]

There was a very general "return of the sons" on Monday evening, the 6th inst., most of them having their railroad fares paid by the political parties with which they affiliate. The daughters did not come with them, being not yet allowed to vote.

Mr. A. K. Brown's teams were engaged in sprinkling some of the principal streets of the city on Monday, Oct. 6th; last year there was no street sprinkling done after the 12th of October.

A deer was captured in Stratham recently, having strayed into a barn. It is supposed to be the one belonging to Mr. Howell C. Russell of this city, which escaped from the Dow farm in Rye some months ago.

The Newington people are considering the advisability of putting a light at the turn-off of the road leading to the Dover bridge from the Newington road. The guide-board at that point is not easily seen even in the daytime, being on a tree, and at night it is wholly invisible, in consequence of which persons bound to Dover often drive a long way past the turn-off. A lantern with "Dover" and "Newington" painted on it, and two "fists," would be a good mark for both night and day.

A freight train from the eastward over the Eastern railroad, Sunday, consisted of forty-nine loaded cars and two engines. The "Conway shifter," Monday, bound east, was so long that when the two engines drawing it were at the Kittery end of Portsmouth bridge the caboose was only "two cars" clear of the gates at the Portsmouth end, and the shifting engine from the yard had to help the train start and get around the curve. A westward bound freight train on Monday comprised thirty-nine loaded cars.

Vote of Portsmouth.
